MISSION, VISION, & STUDENT OUTCOMES

MISSION STATEMENT
North Central University is a Christ-centered, Bible-based, Pentecostal school with a commitment to academic excellence that prepares students to fulfill biblical models of leadership and ministry throughout the world.

VISION STATEMENT
North Central University will be recognized as a globally influential university that prepares exemplary Pentecostal leaders and ministers.

INSTITUTIONAL STUDENT OUTCOMES
Our students will be:
2. Lifelong learners in the highest tradition of Christian scholarship.
3. Leaders serving and empowering others in the church and throughout the world.
4. Ministers communicating Christ’s love and the Holy Spirit’s power through word and action.

In order to accomplish this task, NCU is committed to the requirement of a minimum of 27 credits of Bible/Theology for most majors, including the 21 credit Bible Core. It also requires daily chapel attendance and other meaningful methods of spiritual formation. NCU is church-focused and there are practical ministry requirements which are fulfilled with service in the church and community. The University seeks to develop a robust Christianity based on a Christian worldview developed through a meaningful, integrated general education core program. It offers various majors which are designed to develop leaders who are functioning Pentecostals and who know how to interact evangelistically with their world.

All majors are designed to be ministry-focused, training students to serve God in a variety of ways according to their calling and gifts. Program focus at North Central is particularly centered upon urban and international settings, utilizing the urban context of the campus as a laboratory for effective ministry and providing a full array of creative international learning opportunities.

THE HERITAGE
Located in the heart of Minneapolis, North Central University is a coeducational, undergraduate, primarily residential college owned and operated by 11 Assemblies of God districts of the upper Midwest. Founded in 1930 as North Central Bible Institute, program offerings were expanded in 1955 to include a four-year degree.

In 1957, the institution’s name was changed to North Central Bible College and in 1964, North Central was accredited by the American Association of Bible Colleges. Recognizing its commitment to the needs of its constituents, North Central continued expanding its offerings and was accredited in 1986 by the Higher Learning Commission of the North Central Association of Colleges and Schools (NCA). At the spring 1998 meeting of the Board of Regents, the college’s name was changed to North Central University.

In keeping with the vital and growing character of the school, enrollment has more than tripled from 401 students in 1975 to a present enrollment of approximately 1,300 in the residence, PSEO and graduate programs in 2014. The stability and strength of North Central has produced more than 26,000 alumni, and of
its graduates, 75 percent are presently in ministry positions throughout the United States and around the world.

THE CURRICULUM

Each academic department is charged with the responsibility to maintain high academic and professional standards for students pursuing majors within that department. In order to fulfill this responsibility, departments may require students to participate in non-credit, co-curricular activities. Examples of such activities include ensembles, ministry credits, research, etc. Students' status within their chosen major may depend on participation in these activities. For more details on these requirements, students may contact their advisors or department chairs.

Philosophy and Purpose

The curriculum at North Central University is designed to provide learning experiences which promote the University’s mission and vision. North Central is pleased to offer a curriculum which builds upon the strong foundational base of our Pentecostal heritage and ministry focus. North Central takes many of its educational experiences into the learning lab of the city and world around us. Various courses incorporate evangelists, youth pastors and specialists who bring their expertise and modeling to the classroom.

Since society is in a state of flux and has changed significantly over the last few years, North Central has developed curriculum which is flexible and adaptable. As Christians, it is important to understand society so we truly can be salt and light, finding effective ways of leading people to Christ.

At North Central University, we believe that in order to accomplish this successfully, students need to have three components in their baccalaureate degree: 1) a strong general education program, 2) a solid Bible/theology program, and 3) a selected major with a complementary content core such as North Central offers through its supporting programs.

The base of the University’s degree programs is a general education core whose prime task is to provide a cohesive Christian worldview. As knowledge increases and disciplines become increasingly fragmented and segmented, North Central seeks to provide coherence and meaning through the development of an even more holistic, integrated general education
curriculum which gains its meaning because of the God we serve. We seek ways of teaching students to be better thinkers, to have the skills to be lifelong learners, to know where and how to gather information and to be able to synthesize that knowledge.

General education at North Central has seven strands which are woven into and emphasized throughout the student’s course of study: 1) servant leadership, 2) spiritual formation, 3) writing and speech, 4) thinking skills and processes, 5) information literacy, 6) technological competence, and 7) global and cultural sensitivity. These include knowledge, skills and attitudes which North Central desires all students to gain in order to be effective in the church and in the world both today and tomorrow.

North Central believes that it is important for students to be involved in general education courses because they so clearly relate to our central evangelistic focus. For example, we can’t very well engage people in effective dialogue about the gospel if we cannot speak well and articulate our thoughts. We cannot discuss life with someone whose basic philosophy we cannot understand. If we want to engage people effectually, we must know how they think. Furthermore, in order to minister, counsel, pastor, and teach people, we need to understand their psychological and emotional needs. NCU believes that a strong base of general education provides a foundation for effective ministry and work.

No matter what major students select at North Central, we trust they will develop and maintain a heart for ministry and evangelization. Therefore, NCU requires its students to complete a Bible and theology program of at least 27 credit hours. We believe all students in every major should be required to yield at the same altar, make the same sacrifice and sense the call of God to sold-out Christianity.

Every major at North Central University has recently been revised. The curricular structure of the majors has been changed to provide flexibility for the students to take courses reflecting their specific interests, skills and calling. If students desire to go on to graduate school, for example, then they have the opportunity to select a preparatory track that provides a solid base for further study.

If, on the other hand, a student desires to specialize, this is also an option. For example, a student can take a music major program or go on to specialize in music performance or become a Music Pastor. Additionally, students may major in a particular program and then select a supporting program in an entirely different, yet complementary discipline. This option will provide for future job flexibility and the honing of other skills.

We believe that God is helping us to raise a mighty army in these last days. With faculty joining students to learn and minister together, we seek to produce on-fire, sold-out, well-disciplined Christians who are passionate for Jesus and for His service. We are not just theorizing or dreaming. We believe that we are purposefully designing a new, effective curriculum and that a vital, spiritual campus environment can be maintained as God moves across our land.
At North Central, we are designing ever more effective ways to develop spiritually astute, thoroughly Pentecostal men and women, who are personally changed and whole and who can bring others to that same wholeness through salvation and discipleship. We’re grappling with what it means in this day and age to place Bible and theology, chapel, and prayer meetings and the sold-out, cross-bearing, martyr-ready, give-it-all-up lifestyle right up front and center on an ongoing basis. We know we need to do everything we can to keep this place and ourselves on fire and fervent.

INTERNATIONAL FOCUS

Our students have numerous opportunities to live out the University vision statement which describes North Central as preparing students for leadership and ministry “throughout the world.”

North Central has been the recipient of several large grants from places like the Pew Charitable Trusts and the Bethesda Foundation for curriculum and programming in urban ministries. Students are involved in our urban setting in numerous ways, and there are many opportunities for service.

Many students volunteer at the local Ubah School to teach English to Somalian refugees and to build bridges of friendship to our Muslim neighbors. North Central has developed a major, a supporting program and a certificate in TEFL (Teaching English as a Foreign Language).

Typically, about 10 percent of our student body and 50 percent of our faculty go overseas each year. We are building a global learning environment which provides for missions trips, international learning experiences, Connections trips, international internships and semester abroad opportunities. Student teaching can partially be accomplished overseas in Saipan or Kenya for elementary education students. We enjoy a diverse faculty with much overseas experience.

North Central University offers a comprehensive Study Abroad program ranging from 3 week programs offered each May through the Center for Holy Land Studies in Israel and Jordan to semester long programs located in 5 international sites listed below. A full listing of programs can be found online at [http://www.northcentral.edu/academics/study-abroad-and-other-campus-studies](http://www.northcentral.edu/academics/study-abroad-and-other-campus-studies).

Biblical Studies Core

DESCRIPTION

27 Credit Hours

This component is designed to give the student a foundation of biblical content and theology for lifelong spiritual maturation. The Bible and Theology program is required of every graduate in the Bachelor of Arts and Bachelor of Science degree programs. A minimum of 27 credits of Bible/theology is required for most majors.

When the Biblical Studies core has been completed, it should be possible for the student:

- To grasp the historical background and biblical content of both the Old and New Testament.
- To interpret properly the biblical content.
- To understand and build a firm, orthodox and evangelical theological base, especially in those areas that are distinctive to our Pentecostal and charismatic tradition.
- To research specific Old and New Testament books in depth.
- To launch a lifelong learning strategy for biblical research applicable to self-study and/or graduate training.

Biblical and Theological Studies

DESCRIPTION

124 Credit Hours
Institute for Biblical & Theological Studies
Glen Menzies, Dean

The Biblical and Theological Studies major is designed for the student who may go on to pursue graduate work in biblical studies, in theology, or in practical ministry. For some, this will mean attending seminary, perhaps followed by pastoral ministry. For others, it may mean pursuing an M.A. and a Ph.D. in preparation for teaching at the collegiate level. For still others, the ultimate goal may involve Bible translation or chaplaincy. An additional value of this program is that it meets the basic educational requirement of the Assemblies of God for all levels of ministerial credentialing through ordination.

Biblical and Theological Studies majors will choose one of three tracks: Biblical Studies; Biblical Languages; or Theology. Although there is some overlap between the tracks, the Biblical Studies track will place the most emphasis on biblical content; the Biblical Languages track will place a greater emphasis on developing skills in Greek and Hebrew; and the Theology track will place a greater emphasis on theology and philosophy. In addition, students in any of the three tracks who desire to incorporate a practical ministry component (sermon construction, preaching, and a church internship) into their program may want to select the “Ministerial Prep Option.”

As a result of completing the Biblical and Theological Studies major, the student should develop a deeper and broader knowledge of the Bible and the intellectual contours of the Christian tradition. Graduates should be able to demonstrate knowledge of the following:

- Bible Content
- Biblical Studies
- Theological Studies
- Method, topics and distinctive eras of biblical and theological scholarship
- Histories of Israel and the Church
- Ancient Languages

Business Administration

DESCRIPTION

124 Credit Hours
School of Business
Bill Tibbetts, Director

The mission of North Central University’s Business Administration department is three-fold: 1) provide students with a relevant business education emphasizing the importance of values, ethics, and character; 2) develop the administrative skills and abilities of future business leaders; and 3) prepare professional leaders for a life of ministry either as marketplace missionaries or in traditional ministry vocations. In practice, this means that a NCU Business Administration education is built on a foundation of management theory, economics and finance. In addition, students receive the opportunity to combine theoretical knowledge with the practical training needed to succeed in today’s competitive business market.

All students in the North Central business program also receive 27 credits of Bible and theology training. We believe this enhances their spiritual preparation for a life of serving God in secular or Christian employment.

The Twin Cities metropolitan area is home to 14 Fortune 500 companies, including Target, 3M and U.S. Bancorp. Our location in the heart of Minneapolis offers students many opportunities for jobs, internships and on-site training. Upon graduation, Business Administration students will be prepared for careers in business, finances, banking, church administration and international business.

• Understand and apply the research base for, and the best practices of middle school and high school education;

• Understand and apply a general understanding of federal and state rules and statutes as they relate to general and special needs populations;

• Demonstrate the servant-leadership model of concern and service toward others;

*Department of English*

*Dr. Leslie Crabtree, Chair*

The English department offers two tracks of study leading to a major in English: a literature track and a writing track. As reading and writing are both self-reflexive acts, it is the department’s intention that students completing either track for the degree in English will develop a Christian philosophy of the English language, its literature, and ministry at the same time that they complete the following outcomes:

• Articulate their worldview as it applies to the study of English
• Demonstrate the ability to find, select, assess, and analyze information sources, both print and electronic, and to credit, integrate, and synthesize those sources in their own work.
• Demonstrate in written and oral communication integrative and independent thinking, originality imagination, experimentation, problem solving or risk taking in thought, expression, or intellectual engagement.
• Construct clear, grammatical sentences and produce well-organized texts that exhibit an attention to audience, genre, and purpose and that follow the conventions of logical argumentation.
• Compete successfully for professional careers and/or pursue graduate studies using their strong analytical, research, speaking, and writing skills and engage in life-long learning for continued personal satisfaction.
• Engage in life-long learning for continued personal satisfaction.
• Demonstrate social awareness of diversity issues by interpreting, analyzing, and writing about various cultural perspectives in literature.

Students who chose the writing track will complete the following outcomes:

• Read with interpretive and analytical proficiency one or more creative literary forms (poetry, fiction, non-fiction, script).
• Write with proficiency in one or more creative literary forms (poetry, fiction, creative non-fiction, script).
• Respond to peers’ work in one or more creative literary forms (poetry, fiction, creative non-fiction, script).
• Practice the process-oriented approach to writing (i.e., discovering one’s material; crafting that material into the most suitable form according to the intended emotional effect upon target audience; revising as often as necessary.)
• Incorporate useful critical responses to their work into subsequent revisions.
• Demonstrate practical awareness of classic, contemporary, and avant-garde models of one or more creative literary form (poetry, fiction, creative non-fiction, script).
• Embrace the constant creative challenge of working through failure.

Students completing the literature track will meet the following outcomes:

• Demonstrate knowledge of traditional and nontraditional canons of literature in their social, cultural and historical context
• Analyze literary forms closely in terms of style, figurative language, and convention
• Use source material in the interpretation of literary texts, as well as discover and/or explore directions for new scholarship
• Apply and explain concepts from literary theory and criticism in the analysis and interpretation of texts, filtering through a Christian worldview

Interdisciplinary Studies

DESCRIPTION

124 Credit Hours

Department of Mathematics & General Studies
John Davenport, Chair

An Interdisciplinary Studies major allows a student to meet his or her career goals, or plans for graduate school or seminary, by selecting two complementary "fields" of study. These two fields together provide a broad, unique, integrated background to learning.

When the Interdisciplinary Studies major has been completed, the student will:

• Present employers with a unique, integrated, interdisciplinary basis for career development;
• Have developed a sound basis for graduate seminary study, in courses tailored to their interests;
• Naturally develop a leadership style based in multiple disciplines;
• Meet the academic standards for an Army or Air Force ROTC commission, if desired;
• Have the opportunity to combine ministry, through a field of study such as Intercultural or Pastoral Studies, with a "tent-making" career track such as Deaf Culture Studies or Communications;

Music Business

DESCRIPTION

124 Credit Hours
School of Music and Theatre
Larry Bach, Director

The entertainment industry is growing and changing, which is creating career opportunities for a new type of professional who is strong both artistically and administratively. With this in mind, North Central University’s College of Fine Arts and Business Administration Departments have designed a curriculum that will prepare the next generation of leaders in the musical area of the entertainment industry. Consistent with the University’s focus on training scholar saints, the Music Business program provides individuals with the artistic expertise to influence their respective industries and a thorough knowledge of God’s word through 30 credit hours of Bible and theology study. This equips students to live out their calls to be light and salt within the entertainment industry. Students majoring in Music Business/Management will learn the skills, concepts and methodologies necessary to manage the legal, financial, artistic and ethical issues that face the contemporary music business professional. This will be accomplished through completion of a rigorous curriculum from both the Fine Arts and Business Administration Departments. The curriculum includes an internship, senior project, case studies and exposure to industry leaders. These elements are combined with group projects, time in the recording studio and discussions focusing on leadership and ethics, which together give the student a firm understanding of how career success will be measured within the industry.

Urban Studies - Development Track

DESCRIPTION

124 Credit Hours

Center for Youth & Leadership
Brian Pingel, Director

The urban landscape has dramatically changed in the last twenty years. The urban core has become diverse. Modern, postmodern and pre-modern thinkers occupy the same neighborhood space. Ethnicity is no longer the litmus to determine like groups as the nations of the world have mixed while finding a home in the cities of the world. There is also a notable trend in socioeconomic diversity as gentrification takes hold: lower and upper class dwelling together in close proximity. This diversity calls for an expanded response: traditional church-centered, relief-oriented ministry has grown to include church-based, Not for Profit (NFP) and For Profit (FP) organizations as vehicles of ministry. These expanded ministries require legal, fiscal and administrative acumen outside that of traditional pastoral ministry. Service in the urban core requires more content and skills than are currently offered by traditional ‘urban ministry’ programs. In order to be well-poised, competent and agile practitioners in the urban context, our graduates develop the skills necessary to lead urban congregations and also to establish and administrate church-based nonprofit ministries, as the needs grow greater and the resources more meager. Our graduates will move at ease in the cross-cultural ethos of the World Class City.

The Urban Studies major has been developed based upon two key components: the Urban Studies Core and a specialty track: Urban Ministry or Urban Development. The Urban Studies
Core provides foundational concepts and experiences for a lifetime of service in a World Class City. Additionally, the structure of the Urban Studies Core seeks to develop an atmosphere of collegiality between the specialty tracks that enhances the opportunity to deploy robust, multidimensional ministries. The tracks allow the student to specialize in the type of service pursued.

Urban Ministry Track: The Urban Ministry track prepares the student for traditional church-based forms of service such as leading a congregation in a pastoral role. The student who completes this track will attain the academic requirements to pursue a License to Preach in the Assemblies of God.

Urban Development Track: The Urban Development track seeks to lift the relief and development burden from the shoulders of the generalist pastor and place it upon an individual specifically trained to lead these types of ministries. This track will equip the students with the knowledge, skills, and experiences to develop and lead Not for Profit (NFP) and For Profit (FP) relief and development ministries in World Class Cities.

Program Goals:

Urban Studies - Ministries Track

DESCRIPTION

124 Credit Hours

Center for Youth & Leadership

Brian Pingel, Director

The urban landscape has dramatically changed in the last twenty years. The urban core has become diverse. Modern, postmodern and premodern thinkers occupy the same neighborhood space. Ethnicity is no longer the litmus to determine like groups as the nations of the world have mixed while finding a home in the cities of the world. There is also a notable trend in socioeconomic diversity as gentrification takes hold: lower and upper class dwelling together in close proximity. This diversity calls for an expanded response: traditional church-centered, relief-oriented ministry has grown to include church-based, Not for Profit (NFP) and For Profit (FP) organizations as vehicles of ministry. These expanded ministries require legal, fiscal and administrative acumen outside that of traditional pastoral ministry. Service in the urban core requires more content and skills than are currently offered by traditional ‘urban ministry’
programs. In order to be well-poised, competent and agile practitioners in the urban context, our graduates develop the skills necessary to lead urban congregations and also to establish and administrate church-based nonprofit ministries, as the needs grow greater and the resources more meager. Our graduates will move at ease in the cross-cultural ethos of the World Class City.

The Urban Studies major is based upon two key components: the Urban Studies Core and a specialty track: Urban Ministry or Urban Development. The Urban Studies Core provides foundational concepts and experiences for a lifetime of service in a World Class City. Additionally, the structure of the Urban Studies Core seeks to develop an atmosphere of collegiality between the specialty tracks that enhances the opportunity to deploy robust, multidimensional ministries. The tracks allow the student to specialize in the type of service pursued.

Urban Ministry Track: The Urban Ministry track prepares the student for traditional church-based forms of service such as leading a congregation in a pastoral role. The student who completes this track will attain the academic requirements to pursue a License to Preach in the Assemblies of God.

Urban Development Track: The Urban Development track seeks to lift the relief and development burden from the shoulders of the generalist pastor and place it upon an individual specifically trained to lead these types of ministries. This track will equip the students with the knowledge, skills, and experiences to develop and lead Not for Profit (NFP) and For Profit (FP) relief and development ministries in World Class Cities.

Program Goals:

- Graduates will develop an understanding of themselves and others, communicating effectively, serving others and growing spiritually.
- Graduates will be able to identify prevalent attitudes that have greatly affected marginalized people such as racism, sexism, ethnocentrism and classism throughout history.
- Graduates will develop a comprehensive theology that addresses the presentation of the Gospel in a multi-ethnic context and application of that Gospel in contemporary issues of injustice such as human trafficking, homelessness and poverty.
- Graduates will view the city as a system while developing an understanding of the dynamics and process of World Class Cities in general and U.S. cities in particular.
- Graduates will identify critical issues that urban dwellers around the world deal with on a daily basis that make urban living a challenge.
- Graduates will develop the skills and strategies necessary to lead both church and parachurch organizations that focus upon asset based empowerment while still providing traditional relief type services.

The beginning of all creative nonfiction is writers who have been given permission to allow their experiences in the world to creatively shape their writing, allowing personality and flavor to come back into the often dry world of nonfiction. Online courses will be six weeks in length starting on the Monday after spring commencement. Specialized courses such as internships and Sr. Projects may extend the full summer semester. It may be possible to complete a total of 15 credits during the summer sessions. Summer sessions are optional. Courses are offered at the discretion of each academic department. All credits are computed on a semester basis, including the summer session courses.

FINAL EXAMINATIONS
Final examinations must be taken at the designated times, except in the case of a life-threatening family emergency with documentation or a personal medical problem documented by a physician or health care professional. One week is provided for final examinations at the close of each semester. Two hours are allotted for each course exam.

The dates for summer sessions are indicated on the university calendar. Classes with fewer than six students in summer sessions may be cancelled at the discretion of the professor. North Central University reserves the right to cancel any course for which enrollment is considered insufficient.

Academic Advising

ADVISORS
Each student will be assigned an academic advisor who is a faculty member within the appropriate major. The advisor will assist in orientation to campus life, establishing educational goals and scheduling classes during registration. In addition, all faculty members hold regular office hours at which time students are encouraged to seek counsel.

While North Central University will provide as much help as possible in planning academic programs, each student is responsible for the proper completion of a program and, therefore, should be familiar with the requirements listed in this catalog.
DEGREE AUDIT SHEETS
The Registrar’s Office provides each student with a Degree Audit sheet via UNET, indicating courses required and completed. The official copy is kept in the Registrar’s Office. Student and advisor copies can be obtained at any time through the UNET registration system. It is the responsibility of the student, with the assistance of the advisor, to see that all program requirements are accounted for before applying for graduation.

CLASS STANDING
A student’s class status is based on the number of credit hours successfully completed toward graduation (HG):

The curriculum is built around an expected program length of 4 years for a bachelor’s degree, 2 years for an associate’s degree, and 1 year for the various certifications offered at NCU.
COURSE LOAD

A student must be enrolled for a minimum of 12 credit hours per regular semester to be considered full-time. A minimum class load of 15.5 hours per semester is necessary to complete most bachelor’s degrees in a four-year period. A student enrolled in less than 12 credits is classified as part-time.

CREDIT HOURS

North Central University (NCU) operates on a traditional semester system and offers academic credit in terms of the semester credit hour.

The standard for 3-credit courses that meet during the fall and spring semesters is as follows:

- Monday – Wednesday – Friday or “Hour” courses (50 minutes per day) will meet a minimum of 40 times per semester, not including final exam week.
- Tuesday – Thursday or “Block” courses (75 minutes per day) will meet a minimum of 27 times per semester, not including final exam week.
- Slot and Evening classes (160 minutes per week, with a break) will meet a minimum of 14 times per semester, including a final exam during the final meeting.
- Weekend classes (Friday: 6:30 pm – 9:10 pm and Saturday: 8 am – 4 pm, with breaks, or 580 minutes per weekend) will meet a minimum of 4 weekends per semester, including a final exam during the final weekend of classes.
The standard for summer courses, excluding Internships and Senior Projects is as follows:

- Summer courses start the Monday following spring commencement.
- Residential (face-to-face) courses meet for three hours, with breaks, Monday through Friday (5 times per week) for three weeks.
- Online courses will be six weeks in length starting on the Monday after spring commencement.

Each semester hour of one distance learning or hybrid course credit is defined as: an equivalent amount of instruction and student work leading to equivalent learning outcomes, as required for an on-campus class as defined above.

Departments, Schools, and Colleges follow this rule in establishing the number of credit hours awarded in nontraditional settings including Directed Research, Internships, Senior Projects, and accelerated courses. This standard is consistent with the credit hour definition found in Department of Education regulation 34 CFR §600.2.

The following credit-hour statement will be included in the syllabus of every North Central University course: "NCU Credit Hour Policy states that for every course credit hour, the typical student should expect to spend at least three clock hours per week of concentrated attention on course-related work, including but not limited to time in class, as well as out-of-class time spent reading, reviewing, organizing notes, preparing for upcoming quizzes/exams, problem solving, developing and completing projects, and other activities that enhance learning. Thus, for a three credit course, a typical student should expect to spend at least nine hours per week dedicated to the one course."

An internship is a requirement for graduation for most majors and may be involved in the curriculum of all majors. The internship is usually to be done on a full-time basis in the summer months between the student’s junior and senior years. Students may also do an internship for two full semesters on a part-time basis. Pastoral Ministry major has a 12 credit, one semester internship option.

Students should sign up for internships during their sophomore year with the director of the program in order for arrangements to be made to help them fulfill their program on time. Students in the Pastoral Studies major can take specific internships as practices elective credits, which give them opportunities to explore specialized ministries such as Teen Challenge, College Ministries, Youth Ministries and Children’s and Family Ministries. Students should seek guidance from their major departments regarding requirements for internship within their majors.

Students pursuing a double major must fulfill the internship requirements for each major. While this may be accomplished through one internship experience, this is only possible with the permission of the Department Chair of both majors. If permission is granted, a Course
Requirement Variance Petition must be submitted to the Registrar's Office for final approval and, if granted, recording on the Degree Audit Sheet. If either Department Chair is not in agreement that one internship experience will fulfill the educational objectives of each of the majors, then the student will need to register for and complete one internship per major.

TEACHING ASSISTANTS

North Central University is committed to training individuals for all disciplines of ministry. Therefore, to promote interest in post-secondary academic teaching ministry, select students who demonstrate excellence within the college academic environment are provided the opportunity for involvement as a teaching assistant under the following guidelines:
1. With the approval of the department chair, students with at least 60 credits toward graduation may have the option of registering for a course as a Teaching Assistant.
2. Students may register as a Teaching Assistant for 0 credit, pay no tuition and receive a final grade of Pass/Fail.
   Alternatively, students may register as a Teaching Assistant for up to 3 credits per section, pay tuition for those credits, earn a letter grade and receive elective credit for the same.
3. No Teaching Assistant credits may substitute for a program course requirement. The only exception to this will be if a student with Junior or Senior level class standing is taking a 100 or 200 level course as both a Teaching Assistant and as a program requirement. In this case, the Teaching Assistant class may substitute as a program course requirement.
4. Students registering as a Teaching Assistant must complete FERPA training. Failure to complete FERPA training by the deadline to add classes for each semester will result in the loss of the Teaching Assistant appointment. For further information see the appropriate department chair.

SENIOR PROJECTS

A senior Project is a requirement for most majors, but the type of project differs. For example, for music majors, it is a recital, education students complete their student teaching, and psychology students do a research paper which has an oral defense.

Many majors require synthesizing papers, and those majors with a global focus emphasize particular countries.
This challenging capstone course is a wonderful opportunity to utilize the many skills students have gained during their college career to produce a culminating project.

DIRECTED RESEARCH

This independent study program is designed to enable seniors in residency with schedule conflicts to complete degree requirements. Students are limited to a maximum of 12 credit hours in their total program. The combination of directed research and correspondence credits cannot exceed 15 credits in a student’s program. Juniors participating in NCU-sponsored Study Abroad programs may be permitted to complete courses via Directed Research while overseas, provided that on-site or online alternatives are not available to them.
The registration becomes official once the Directed Research application form, with all necessary signatures, is submitted to the Registrar’s Office. Payment of the entire amount of tuition plus Directed Research fees of $100 per credit is required before beginning course work. All course work must be completed within the time frame of the semester in which it is initiated. Directed Research fees are non-refundable.

CORRESPONDENCE COURSES

NCU students are prohibited from enrolling in Global University correspondence courses without prior approval. The following exception may be granted upon written request submitted to the Registrar’s Office:

The student has achieved sophomore status and is unable to advance in their major or complete all graduation requirements through the residence program due to circumstances beyond the student's control. The student may be permitted to enroll in a Global University course if the course is not available through the fall/spring program course offerings and the student cannot complete the course through Directed Research.

NCU residential students wishing to take a Global University course in lieu of an NCU residential course must fulfill the following steps listed on the Global University petition form found in the Registrar’s Office:

1. Petition the Department Chair of their major for permission to take a course outside the normal NCU scheduled courses.
2. If the course is not offered by the department of the student's major (a course with a course designator that is offered by another academic department), the student must also receive permission from the Department Chair of the department offering the course.
3. If approved, request approval from the Registrar’s Office, who will determine if all university transfer credit policies are met.
4. If all approvals have been granted, the student may enroll in that course by contacting Global University. Correspondence, distance education or Advanced Standing course work taken through Global University during enrollment at NCU will not count as a part of the full-time course load. During a student’s final 33 credits of a degree program, 27 credits must be taken in residence. Correspondence credits will not be accepted as residence credits. Credits that violate this policy will not be accepted for transfer. The combined total of Directed Research and correspondence work cannot exceed 15 credits in a student’s program.
Course Policies

PREREQUISITE COURSES

Course prerequisites must be completed. Prerequisites are listed with each course description in this catalog. See course descriptions for additional details.

REPEATED COURSES

Students who wish to retake any NCU course may do so under the following provisions:

1. Courses that were previously failed—or for which an acceptable passing grade was not earned—may be repeated and will count toward the determination of the student’s financial aid enrollment status and will be eligible for financial aid;
2. Any other course that is voluntarily repeated will not count toward the determination of the student’s financial aid enrollment status and will not be eligible for financial aid, regardless of the grade received previously;
3. Refunds for previously attempted courses will not be awarded or credited on retake attempts;
4. The most recent grade for a course voluntarily retaken will be the transcript grade used to factor the GPA; earlier attempts will “show” but will not “count” toward factoring the GPA. This will be an automated process. Once a course is voluntarily retaken, the credits for earlier attempts of the same (regardless of the grade earned previously) will be adjusted on the transcript as follows:
   - Hours Registered (HR) (same as HA)...will “accumulate”
   - Hours Earned (HE)...credits will “zero out”
   - Hours Toward Graduation (HG)...credits will “zero out”.
   - Students may request in writing to have a previously failed class replaced with an “x” on their transcript.
5. Graduation credits for any course will count only once;
6. This provision does not apply to transfer credits or to those courses which are designed to be repeated periodically within certain departments or programs; for example, Music Lessons. Such coursework is designated as being “repeatable.”

ONLINE COURSES

An NCU student may register for a maximum of 3 credits of online courses in any one semester and no more than 9 credits of online courses in any one academic year; i.e. fall, spring, and summer (including May session).

An NCU student may not take more than 36 online course credits from North Central during a typical baccalaureate program. This provision does not alter or influence any current transfer credit policies.

All online courses offered during the fall and spring semesters will be in a 15 week format. All online courses offered during the summer semester will be at least 6 weeks in length.

Normal tuition rates (Block pricing) apply for “Online” online courses as described above.
An online course fee of $80 (technical & program enhancement) will be assessed for every course offered “Fully Online” (as described above) as part of the registration process. Normal technology fees and all other course fees apply to registering students as is the current practice.

SCHEDULE CHANGES

All adjustments of academic schedules must be made in the Registrar’s Office. There will be a $10 fee for each schedule change form submitted after the student has completed academic registration.

Only students who have properly dropped a class within the tuition refund period are entitled to a refund, if eligible. (See Tuition Refund Schedule in the Financial Registration section.) Proper withdrawal from a course also ensures the appropriate grade notation on the student’s record. An individual course dropped during the four-week tuition refund period will not appear on the student’s final transcript (See Withdrawal section for transcript policies if a student drops all courses, i.e. withdrawing completely from NCU for the semester). A grade of “W” will be assigned for a class dropped during the fifth through ninth weeks of the semester. Any course which is dropped during or after the 10th week of classes for any reason will receive a letter grade of ‘WF’. Classes may not be changed from credit to audit or from audit to credit after the first full week of classes.

REINSTATEMENT POLICY

Late registration is not permitted after the first full week of classes during the fall and spring semesters or after the first full day of classes during the summer semester. However, if circumstances justify it, a student may file a petition with the Registrar to receive special permission to register after the enrollment period is closed. A reinstatement fee of $100 per course will be charged to a student who contacts the Registrar’s Office after the enrollment period to register and pay for a course he or she is currently attending, or has completed one semester prior to the current semester. This fee will be charged in addition to the current tuition and any other applicable fees in effect at the time of registration, and is due at the time of reinstatement. All reinstated courses will be recorded on the transcript during the semester in which the student registers and pays.

AUDITING CLASSES

Courses not needed to complete degree requirements may be taken on an audit or self-enrichment basis. Attendance is not kept, work is not graded, examinations or grades are not given and credit is not recorded. All students attending or participating in any course must officially register with the University. One-third of the regular tuition rate will be charged for audit courses. Audit-only students may not utilize campus services such as the Computer Lab, the Student Success Center, Student Development, etc. Students may not accumulate greater than 30 hours of audit credit. Enrollment status on any class (for example, from audit to regular credit) will not change after the last day to add a class for that semester. Music lessons cannot be audited.
Transfer Credit Information

APPLICATION PROCESS FOR TRANSFER STUDENTS

In addition to the regular admissions requirements, transfer students applying to North Central should submit official college transcripts by completing their college’s Transcript Request Form to have transcripts sent to the Registrar’s Office at NCU.

TRANSFER CREDIT EVALUATION PROCESS

The Transfer Credit Specialist located in the Registrar’s Office will evaluate transcripts and communicate the results to accepted students within 14 business days. Questions regarding transcript evaluation should be directed to the Registrar’s Office at 612.343.4409. Upon completion of courses, official transcripts should be sent to:

North Central University
Attn: Registrar’s Office
910 Elliot Avenue
Minneapolis, MN 55404

RESIDENCY REQUIREMENTS

In order to graduate from North Central University, 27 of a student's final 33 credits must be taken in residence at NCU. This allows flexibility for students to transfer six of their last 33 credits if necessary.

In addition, NCU requires that students in all degree programs complete a minimum of 50% of major-specific credits in that program through North Central University. The 50% major-specific residency requirement will not apply to general elective or language credits.

CLARIFICATION OF TERMINOLOGY

The purpose of this notification is to promote a more standardized approach to the usage of these terms within our Institution by publishing the meanings that the Registrar’s Office is currently associating with this terminology. The terms under consideration are: "Exempt," "Variance," "Transfer," and "Advanced Standing." The distinguishing features of each term are as follows:

"Exempt"
Since Exempt or Exemption are not viable academic options, they should NOT be used in reference to our academic context. Exempt implies that one is "excused from the requirements of a given program" when, in fact, none of the credits of any prescribed program are considered optional.

Exempt is often confused with Variance, which is more accurately called a Substitution. All general education credits for all disciplinary components of a liberal arts degree must be accounted for in some way: by Course Grade, Variance, Transfer Credit or Advanced Standing.
To be considered *Exempt* from a course or program requirement is a misnomer; *Exempt* is not an accurate reference for anything that happens with Credits, Grades, Financial Aid, the Student software (QX) or the Degree Analysis sheet.

**"Variance"**

*Variance* implies "a substitution of coursework taken at North Central University" whereby permission is granted jointly by the Department Chair(s) and the Registrar for one course to equivocally take the place of another in one’s prescribed program.

"Course Requirement Variance Petitions" are available in the Registrar’s Office. Verbal agreements or promises to individuals are NOT sufficient to constitute a *Variance*. An approved Course Requirement Variance Petition must be on file in the student’s record in order for it to be considered valid.

Approval of a Course Requirement Variance Petition does not affect a student’s overall program credits, grades or financial status. It does, however, impact the student’s Degree Analysis sheet. Any approved variances are indicated as such on the student’s Degree Analysis sheet by the Registrar’s Office.

**"Transfer"**

To *transfer* credits means "to accept the qualified academic semester credits (Carnegie units) from another educational entity;" it also implies academic compatibility and equivalency of academic quality standards and competencies that are synonymous with at least "C-" (70%) at NCU. On the transcript, transfer credits appear as "TR" and do not affect GPA.

Transfer credits come from external academic sources such as: Qualified Colleges or Universities (most often, accredited);
- CLEP (College Level Examination Proficiency) test;
- AP (Advanced Placement) exam;
- IBE (International Baccalaureate Exams).

**"Advanced Standing"**

*Advanced Standing* implies that one is eligible to receive college credit for life experiences and competencies that "translate" into similar competencies gained through specific coursework at NCU. Thus, *Advanced Standing* means that the student does not have to take the class.

Advanced Standing credits, along with transfer credits, together, may not exceed 6 such credits of the last 33 in one’s program. Therefore, students interested in this sort of credit on their transcript are strongly advised to complete the petition process before their senior year, that is, prior to accumulating 90 credit hours towards graduation (HG).

On the transcript, Advanced Standing shows as an Institutional Grouping with "AS" for the grade. In essence, Advanced Standing recognizes life experience or competency that is being assessed and transliterated into academic credit.
• Credits earned under Advanced Standing do not impact GPA
• Advanced Standing fees do not qualify for Financial Aid

Degree Analysis sheets, like transcripts, show Advanced Standing coursework as "AS" only after the course has been paid in full at the current pro-rated tuition rate, determined at the time of payment. Advanced Standing is awarded whenever the Advanced Standing Petition is approved and upon receipt of that completed (fully paid) Petition in the Registrar’s Office.

If the student is currently enrolled in the same course for which he/she is seeking Advanced Standing, the student must submit a "Schedule Change Form" to drop the enrolled class. When dropping a course in conjunction with applying for Advanced Standing, any tuition refund for the enrolled course is subject to the normal timing of the pro-rated refund policy.

Advanced Standing eligibility allows for academic credit to be awarded through a (potentially) reduced tuition for the following: Demonstrated competency on an assessment by a Department Chair; (e.g., "in-house" competency exam or personal portfolio assessment); or an institutionally-approved program arrangement (e.g., Master’s Commission).

TRANSFER CREDIT POLICY
To view the following portions of North Central's Transfer Credit Policy, visit www.northcentral.edu/futurestudents/transfer/transfer-credit-policy:
• Domestic Taxonomy—Provides examples of and explains the different agreements NCU holds with various organizations, including the U.S. Military, Master's Commission, YWAM, ABHE accredited schools, AG endorsed schools, and others.
• International Transfer Credit— In order to have international transcripts evaluated, students must submit a request to the American Association of Collegiate Registrars and Admissions Officers (AACRAO). Students may download the Request Form for Foreign Education Credentials Service and send all the appropriate paperwork to AACRAO, who will send the final evaluations to North Central University. In addition to the AACRAO evaluation, students are required to send an official copy of the international transcript, with certified English translation if the original transcript is not in English, to the Registrar’s office at NCU.

COURSE TRANSFER GUIDELINES
The policies and procedures for transferring credits are as follows:
• Only grades of “C-“ or better are transferable.
• The course description must be equivalent to an NCU course.
• The course(s) must be required for the major of interest to count towards HG (hours earned for graduation).
• Unless otherwise specified by articulation agreement, degrees do not transfer; courses are evaluated individually.
• NCU does not participate in the Minnesota Transfer Curriculum (an agreement that states any A.A. degree is transferable to any 4-year public school in Minnesota and Wisconsin).
• Courses must be at the college level to transfer (usually with a course number “100” or higher); developmental courses will not transfer (usually with a course number “099”).
• An official evaluation is done after receiving an official transcript; faxed transcripts or unofficial transcripts can be evaluated, but the evaluation is unofficial until official transcripts are received.
• The transcript cannot be a grade report.
• Most official transcripts will have a seal & the signature of the Registrar.
• Courses cannot be transferred without grades (unless a "P" for "Pass" equals a C- or above); however, the grades do not transfer and therefore do not affect the student's GPA at North Central University.

Academic Placement

ACT AND SAT PLACEMENT EXAMS

Because the ACT and SAT examinations are used nationwide and have proved to be reliable and valid measures of ability, the University uses the results to determine placement in Math and English courses. (See Placement Exam chart below.)

PLACEMENT OPTIONS

To fulfill the math requirement, students are required to complete one of the following: MATH 115 Practical Mathematics, MATH 125 College Algebra I, MATH 126 Introduction to Logic, or MATH 250 College Algebra II & Trigonometry. Students also have the following options for meeting the MATH 125 course requirements:

• Take the math CLEP exam and earn a qualifying score;
• Transfer an equivalent course from another college or university.

All students are required to complete ENG 124 Rhetoric and Research or ENG 126 Honors Rhetoric and Research within their first year as a student. Students have the following options for meeting this requirement:

• Take the appropriate English CLEP exam and earn a qualifying score;
• Take ENG 126 Honors Rhetoric and Research if the student’s ACT score is 24 or above;
• Transfer an equivalent course from another college or university.

Placement Exam Chart

Math*

ACT under 18 or SAT under 420 Must take MATH 115 – Practical Mathematics
ACT 18-24 or SAT 420-550 May take MATH 125 – College Algebra I
ACT above 24 or SAT above 550 May take MATH 250 – College Algebra II and Trigonometry
ACT above 24 or SAT above 550  May take MATH 126 – Introduction to Logic

*Students who wish to take a math course outside of this rubric may take a university-administered mathematics placement exam. Please contact the Arts & Sciences administrative assistant to arrange for an exam.

English

ACT under 24 or SAT under 550  Must take ENG 124, Rhetoric and Research
ACT 24 - 30 or SAT 550 to 699  May take ENG 126, Honors Rhetoric and Research
ACT over 30 or SAT 700 or above  May take ENG 126*

*May either take ENG 126, the appropriate CLEP exam, or the appropriate transferable course.

CLEP EXAMS

The College Level Examination Program (CLEP) offers an opportunity to earn college-level credit for knowledge already acquired. North Central University accepts CLEP credits as transfer credits to meet the equivalent course requirements.

Any student may take a CLEP exam, but statistics indicate that chances of passing are diminished if the ACT individual score is lower than 23. Double credit may not be received by taking the course in addition to passing the CLEP test. CLEP credit will only be granted in areas where coursework has not been taken. The subject exams are recommended by NCU, but the general exams will also be accepted.

**CLEP Testing Dates, Fees and Deadlines**

The CLEP test is administered at more than 1,300 locations throughout the United States. The institution administering the exam establishes the testing dates and fees. To find out when and where a CLEP test will be administered, please contact:

College Level Examination Program
PO Box 6600
Princeton, NJ 08541-6600
609.771.7865
e-mail: clep@ets.org

When taking the exam, use CLEP code 6505 to have all scores forwarded to North Central University. Additional information about CLEP can be found at [www.collegeboard.org](http://www.collegeboard.org). Specific information regarding tests and course requirements can be found in the Registrar’s Office.

All CLEP exam scores must be sent to North Central within the initial 65 credits of a student’s program to be accepted toward degree requirements.
ENGLISH REQUIREMENT

All students are required to complete 9 credits of English in order to become eligible to receive a baccalaureate degree from NCU. ENG 124 Rhetoric and Research is considered the institution’s foundational level English course, the skills of which are necessary for success in most other NCU courses. Therefore, in an effort to ensure student success, baccalaureate degree-seeking students will be required to take ENG 124, ENG 126 (Honor’s Rhetoric and Research), or the transfer equivalent during their first or second semester of full-time enrollment as determined by their ACT or SAT scores. Students who have taken this course equivalency elsewhere (as determined by the English Department and the Registrar’s Office) may transfer this course into North Central upon matriculation. Student applicants who have taken the NCU-approved CLEP exam for this course, or who have an acceptable AP score, may also transfer these credits prior to attending North Central University. Before the start of each semester, the enrollment will be checked to see that all full time students have one of the following on their student records: a successfully completed ENG 124 or ENG 126 course from NCU, current registration for ENG 124 or 126 in the upcoming semester, or acceptable transfer credit from another school, CLEP, or AP exam. Any student who does not meet one of the above criteria within one (1) week prior to the start of semester two of full-time enrollment may have his/her schedule rebuilt around this academic requirement. Continual enrollment of this class is required of all full time students until it is successfully completed. Successful completion of ENG124 or ENG126 requires a grade of C or better.

Attendance Policies

CLASS ATTENDANCE

Class attendance is necessary for the ongoing process of education in the student’s life. There are no excused absences for any purpose. Absences will not be questioned nor will they affect the earned grade as long as they are not excessive. “Excessive absence” from a class means that a student has missed approximately 25 percent of the class period and, therefore, will be dropped from the class. Should this occur during the first 10 calendar weeks of the term, a grade of “W” will be placed on the student’s transcript, meaning that the student forfeits any grade or earned credit for the course. Should the excessive absence occur after the tenth calendar week of the semester, a grade of “WF” will be assigned, meaning that the earned credit will affect the student’s cumulative GPA. Being late for class on four occasions is equivalent to one absence.

For all 100 and 200 level courses, the following standards will apply:

For 300, 400 and graduate-level courses, the instructors shall have the right to set any policy they choose, as long as it is not more stringent than allowing one classroom hour of absence for each credit.

In order to maintain an atmosphere that is conducive to education and learning for all students, proper classroom etiquette must be observed. For this reason, infants or young children will not be allowed in the classrooms, and other disruptions such as cellular phones are also considered inappropriate for the classroom.

Upon arrival to a class where the professor is initially absent, students should not vacate the classroom until 10 minutes after the starting class time has elapsed – 15 minutes for those professors with doctorates. Professors shall notify the class if they anticipate being absent. No instructor shall use attendance in any way for bonus points, penalties or exemptions from exams.

Any appeals regarding class attendance must be made to the Registrar’s Office before the end of the following semester.

CLASS ATTENDANCE POLICY FOR ATHLETES

The NCAA requires each member institution to have a policy which insures a Student-Athlete will have the opportunity to compete at a high level athletically without sacrificing the opportunity to excel academically. The NCAA desires to protect the integrity and validate the lessons students receive in both arenas. The North Central University Athletic Attendance Policy will contain the following provisions:

1. The faculty member teaching the class will receive a schedule, including departure times, from each Student-Athlete at the earliest date possible. Student-Athletes must obtain the Professor’s signature on a form or schedule copy. This signature will aid the Athletic Department in tracking the responsibilities of each athlete.
2. The faculty member teaching the class must substitute an equal opportunity for the Student-Athlete who must miss a class due to athletic competition and an assignment for a grade or credit occurred (test, quiz, project, etc.).
3. Student-Athletes who must miss a class to represent NCU in an athletic event will not be penalized nor be in jeopardy of failing a class due to the absence or absences if all absences have been used for athletic events; however, an athlete is NOT entitled to any extra absences for a class beyond the written policy contained in the class syllabus.
4. Faculty members who encounter any difficulty with a Student-Athlete or have questions are encouraged to contact either the coach or athletics department. It is our desire to facilitate the complete education of the Student-Athlete and not create a sense of entitlement for athletes.
CHAPEL ATTENDANCE

Chapel services are regarded as central in the spiritual life of the school, and attendance is required. The complete chapel attendance policy is spelled out in detail in the Student Guide and Calendar. A satisfactory chapel attendance record is required for readmission.

Grades

The grades utilized by North Central, along with their point values, are as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4</td>
</tr>
<tr>
<td>B</td>
<td>3</td>
</tr>
<tr>
<td>C</td>
<td>2</td>
</tr>
<tr>
<td>D</td>
<td>1</td>
</tr>
<tr>
<td>F</td>
<td>0</td>
</tr>
</tbody>
</table>

Grade Point Average (GPA) is calculated by multiplying the appropriate grade value for grades earned by the number of credits for that class, and then dividing that number by the total number of credits earned (HE). This calculation appears on each transcript - both for the “term” and the “cumulative” enrollment periods. North Central University currently does not utilize pluses (+) or minuses (-) in the calculation of GPA. Only letter grades earned at NCU (including Carlson) influence academic grade point average. A GPA of at least 2.0 is required for graduation from North Central University, with the exception of the Education majors, which require an overall (cumulative) GPA of 2.2.

Grades are directly linked to “registration”. Unless a student is properly registered for a class, no credit or grade can be awarded. The last day to add any class in the Registrar’s Office is the end of the first full week of school for the fall and spring terms and by the end of the first full day of classes of the first session for the summer term. A student who attends a class and then officially drops it within the tuition refund period will also have the class removed from his/her transcript. (In such cases, a student’s financial aid package may be adjusted.)

INCOMPLETE GRADES

The grade of “I” (Incomplete) is a temporary grade awarded by the professor which indicates that, for justifiable reasons (i.e., serious illness, death in the family, etc.), the student was unable to complete the work by the end of the registration term. Any student receiving an “I” must work closely with his/her professor to successfully complete and submit to the Registrar’s Office a final grade posting for that class. This means that, together, a shared responsibility exists between student and professor for the fulfillment of course requirements and the submission of an appropriate earned grade within the following time-frame: a Fall “I” has until the grades due date of the Spring semester; a Spring “I” has until the day prior to the first day
of classes for the Fall semester; and a Summer “I” has until the grades due date of the Fall semester.

For summer and fall incompletes, students must submit all previously incomplete work to their professor by the last day of classes of the subsequent semester. For spring incompletes, students must submit all previously incomplete work to their professor at the date assigned by the professor. In all cases, professors may require an earlier completion time frame. By default, the grade of “I” will be changed to “IF” 30 days after the term (for financial aid calculation purposes). An “IF” is not subject to future grade changes after the following semester, at which time the “IF” is permanently changed to an “F”. No student with an “I” (or “IF”) for a given semester is eligible for school honors in that semester. Graduating seniors who end their last semester with an “I” must complete all course requirements within the given time-frame in order to receive a diploma.

PASS/FAIL GRADING BASIS

Student teaching, international fieldwork, selected internships, and other courses approved by the Academic Affairs committee may be graded on a Pass/Fail (P/F) basis. As of the fall 2012 semester, a grade of "P" is equivalent to a "C" or better. A "P" grade fulfills the degree requirement but does not carry grade points and is not included in GPA calculations.

GRADE CHANGES

Grade changes will be accepted by the Registrar’s Office only in the cases of documented clerical error, miscalculation or by appeal as a result of extenuating circumstances. A faculty member cannot reassess material and submit a new grade.

Re-evaluation of a student’s performance is not considered a legitimate reason for a change of grade. A student may appeal a grade with the faculty member involved through the end of the semester immediately following the one in question (i.e. a professor may only make a change for the preceding semester). A grade change form must be submitted to the Registrar’s Office and will include the reason for the change. This policy will be outlined in the Faculty Manual. In extreme cases of extenuating circumstances or information that arises after the grade has been submitted, the appropriate department chair, in conjunction with the faculty member, will review a petition for a change of grade.

Honors

DEAN’S LIST

Students with a minimum of 12 credit hours and a GPA of 3.5 or above are placed on the Dean’s List for that semester. A grade of Incomplete disqualifies students from the Dean’s List for that semester.
HONORABLE MENTION

Students who achieve a grade point average of 3.31 to 3.49 with a minimum course load of 12 credits are given honorable mention for that semester.

HONOR SOCIETIES

- Who’s Who Among Students in American Universities and Colleges is a national publication devoted to academically outstanding juniors and seniors. Approximately 40 students are nominated annually from North Central University. Election is based on scholarship, citizenship, participation and leadership in academic and extracurricular activities. Who’s Who is also recognized in the graduation program.
- Psi Chi, the national psychology honor society, is open to students majoring or minoring in psychology.
- Alpha Chi is a national honor society, which sponsors special projects and programming.
- Sigma Tau Delta is the International English Honor Society.

Graduation

GRADUATION REQUIREMENTS

The following are required for graduation:

- Satisfactory completion of 124 (or more) credits for a Bachelor’s Degree; 90 credits for a Diploma; 62 (or more) credits for an Associate of Arts Degree; and 31 credits for the One-Year Bible or Music Evangelism Certificate. Special requirements for each program are listed by the department offering the degree.
- A minimum overall grade point average of 2.0 ("C" average) is required for all degree, diploma or certificate candidates, except for the Education majors, who must earn a minimum 2.2 GPA.
- For a person to receive a diploma, degree or certificate, 27 of the final 33 credits must be taken in residency at North Central University.
- All students must meet faculty standards regarding Christian character and conduct. Conduct judged unworthy of the standards of Christian conduct at NCU will be deemed sufficient cause for removing a student’s name from the annual graduation list.
- All candidates for the One-Year Bible or Music Evangelism Certificate, Associate of Arts Degree, Diploma and Bachelor’s Degree must file an Application for Graduation with the Registrar’s Office the semester before their intended Commencement ceremony participation/last semester of attendance (See current NCU website for exact dates)
- Students must meet the prescribed standards of assessment as established by the faculty.
- All graduation requirements must be completed before a student may participate in commencement activities or a degree awarded.
• All Undergraduate students must successfully complete four semesters of required ministry involvement. See the Ministry and Volunteer Coordinator for specific information and for special rules for transfer and older students.

• A student will receive a December graduation date if course work is completed in the fall semester. The May graduation date exists for students completing their coursework in May. A student will receive a July or August graduation date if coursework is completed in the summer semester. All graduating students are encouraged to participate in the annual Commencement ceremonies.

• A student is subject to the academic requirements of the catalog for the year in which enrollment first occurred. If a student changes majors or leaves the University and is later readmitted, the academic requirements that are in effect at the time of the change or readmission must be met.

• Students may petition the Registrar’s Office to participate in a Commencement ceremony with up to 6 credits left to complete after participation. Student must provide their graduation application, petition, and proof that they are taking steps towards completing their final requirements the semester after participation.

GRADUATION HONORS

Graduating students who have completed no less than 45 credits of work in residence at North Central University will be awarded graduation honors based on cumulative grade point average as follows: 3.80-4.0, Summa Cum Laude; 3.65-3.79, Magna Cum Laude; 3.50-3.64, Cum Laude. Honors are based on the cumulative GPA after the semester preceding graduation. However, the final cumulative GPA will be used in the calculation of honors indicated on the diploma and permanent transcript.

A student must attend North Central full time five or more semesters to be eligible for valedictorian or salutatorian honors.

RESIDENCY REQUIREMENTS FOR FINAL 33 CREDITS

In order for a student to receive a diploma, degree or certificate, 27 of the final 33 credits of the program must be taken in residence at North Central University. Correspondence coursework through Carlson Institute does not meet residency requirements.

TRANSCRIPTS

Official transcripts are issued only upon the written authorization by the student, in accordance with the Family Educational Rights and Privacy Act (FERPA). Students can request their transcripts by following the step-by-step process found on the National Student Clearing House website below. The time frame for processing official transcript requests is five to seven business days.

https://www.studentclearinghouse.org/secure_area/Transcript/to_bridge.asp
A transcript will not be issued to or on behalf of any individual who has a past-due financial obligation (including federal loan programs) to the University. Remittances on past due balances should be made in cash, by certified check or money order to the Student Accounts Office.

**Academic Integrity and Plagiarism**

Paul says in Philippians 4:8, “Brethren, whatever is true, whatever is honorable, whatever is right, whatever is pure, whatever is lovely, whatever is of good repute, if there is any excellence and if anything worthy of praise, let your mind dwell on these things.” (NAS)

Academic integrity is a mandate given in the Word of God. It is not an opinion. As Pentecostal Christians, we must pursue holiness in all areas of our lives, and therefore consider academic integrity as primary importance in our walk with the Lord.

Academic dishonesty is defined as intentional plagiarism, cheating, fabricating or attempting to help others to be dishonest which includes, but not limited to, roster fraud and attendance deception. So that ethical standards are not unintentionally compromised, the following guidelines are offered for our student’s assistance. The guidelines are also offered to inform anyone who has cheated or been tempted to cheat that the consequences of academic dishonesty are grave.

**Plagiarism** is defined as “intentionally or knowingly representing the words or ideas of another person as one’s own in an academic exercise.” For example:

1. Direct quotations must be identified by quotation marks or appropriate indentation and must be cited in a footnote or endnote.
2. Prompt acknowledgement in the body of the exercise is required when material from another source is paraphrased or summarized, in whole or part, in one’s own words. Then conclude with a parenthetical documentation, footnote or endnote identifying the exact reference.

North Central University views plagiarism as a serious offense. In addition, it is against the broader rules of scholarship within the North American scholarly community (of which we are all members) to use the ideas or words of another person without giving the person credit. Whether the other source is a textbook, another book, an article, a friend, a web site, etc., the source must be clearly noted, and specifically which elements of the work turned in are drawn from it. Ignorance or lack of clarity about what precisely constitutes plagiarism is not an excuse. All work turned in, at any time during one’s studies at NCU, must be their own.

**Cheating** is defined as “intentionally using or attempting to use unauthorized materials, information or study aids in any academic exercise” therefore:
1. External aids (books, notes, calculators, conversation with others) are prohibited when taking an examination or completing assignments, unless specifically allowed by the instructor.
2. Students may not have others conduct research or prepare work for them without advance authorization from the instructor. This prohibition includes the work by any online research companies or research paper businesses.
3. Major portions of the same academic work may not be submitted more than once for credit or honors, without authorization. Example: one may not produce a single academic assignment (e.g. research paper, presentation, etc.) and submit it in more than one course without prior permission.

**Fabrication** is defined as “intentionally falsifying or inventing any information or citation on any academic exercise,” therefore:

1. “Invented” information may not be used in any laboratory experiment or classroom exercise.
2. One should acknowledge the actual source from which cited information is obtained. For example, a student should not take a quotation from a book review and then indicate that the quotation was obtained from the book itself.
3. Students must not change and resubmit previous academic work without prior permission from the instructor.

Roster fraud and attendance deception is defined as intentionally or knowingly signing or otherwise indicating another student’s presence in a class when he/she is, in fact, not present. This is a form of “fabrication” or lying and constitutes academic dishonesty.

Academic dishonesty also includes intentionally or knowingly helping, attempting to help or soliciting another to commit an act of academic dishonesty.

**Disciplinary Action**

“Come In.” In the case of a student who commits academic dishonesty and “comes in” to the professor and admits guilt, the faculty member should determine the degree of severity of discipline. All acts of academic dishonesty will be reported to the Registrar.

“Call In.” If a student commits academic dishonesty and is “called in” by the professor, the professor should take the following steps.

**First Offense Procedures**

Professor:

- Notify the student directly and inform him/her that academic dishonesty is a very serious breach of trust.
• Attempt to determine the cause and inform the student that a second offense will result in an automatic failure of the course with a hearing before the Academic Integrity Committee and stand the possibility of being dismissed from the University.
• If applicable, give the student(s) an “F” on the assignment and/or require that it be redone.
• Notify the Registrar’s Office of the offense and request that a notice be put in the student’s file for as long as student records are kept on file.

Note: More serious offenses may result in the failure of the course and extreme cases may result in dismissal from the University. Compounding the situation by lying, further dishonesty or other problems, may result in more serious consequences.

Registrar:

• The Registrar will send a memo to the student indicating that an incident report has been put in his/her file. Included in the memo will be notification that the student has the right to appeal through the established appeal “petition” process.
• Copies of all documents will be forwarded to the Student Development department from the Registrar.

Multiple Offense Procedures:

• If a student commits multiple offenses of academic dishonesty (same violations or combination), the Registrar’s Office notifies the professor, the Academic Integrity Committee and the Vice President of Academic Affairs that the student has violated the Academic Integrity Policy a second time. The student then meets with the Academic Integrity Committee and a decision is made concerning disciplinary measures.
• If it is determined a student violated the Academic Integrity Policy twice within a course, an “F” for the course will be given and a meeting of the Academic Integrity Committee is convened to determine possible further consequences. If a student commits academic dishonesty in a different course, he/she must meet with the Committee. Redemptive discipline for the student can vary from reinstatement to the issuing of warnings or dismissal from the University. The Vice President of Academic Affairs must approve the Committee’s decision before the University acts on it. If a student is dismissed, he/she is not able to return for one entire semester following the dismissal. The student has the right to appeal to the Academic Affairs Committee. Appeals will only be accepted if they are based on error(s) committed by the professor(s) and/or Academic Integrity Committee in the process or procedure outline in this policy.

Academic Probation

It is expected that a student will make satisfactory progress toward a degree, diploma or certificate. An Academic Warning, Academic Probation and Academic Provisional Continuance list is compiled each semester, based on the student’s academic achievement for the previous semester.

The following information states the required total cumulative grade point average (GPA) necessary for the student to remain in good academic standing based upon the total number of hours which the student has earned.

Minimum Requirement:

<table>
<thead>
<tr>
<th>Cumulative Credits Earned</th>
<th>Cumulative GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>0-29</td>
<td>1.6</td>
</tr>
<tr>
<td>30-59</td>
<td>1.8</td>
</tr>
<tr>
<td>60+</td>
<td>2.0</td>
</tr>
</tbody>
</table>

Students with a grade point average below 2.0 will be notified in writing by the Registrar's office and placed in one of the following categories:

- **Academic Warning**: When a full-time student’s cumulative GPA is lower than 2.0 but above the good standing requirement, the student will be placed on Academic Warning status for the following semester.
- **Academic Probation**: When a student’s cumulative GPA falls below the level of good standing, the student will be placed on Academic Probation status for the following semester. The maximum academic load for students on Academic Probation is 12 credit hours. Students on Academic Probation are limited to participation in one extra-curricular activity. It is suggested that students on Academic Probation enroll in the 2 credit course, GS 145 Strategies for Success.
- **Academic Provisional Continuance**: The student who does not attain a cumulative GPA above the level of good standing after being placed on Academic Probation (at any point in his or her academic career) will be placed on Academic Provisional Continuance. Academic Provisional Continuance is a heightened status meant to be more stringent than probation. A student on Academic Provisional Continuance will not be allowed to enroll in more than 12 credit hours or participate in extra-curricular activities such as campus leadership, organizations, ministry teams or athletics to name a few. Also, students will be force enrolled into a 0 credit, pass/fail section of GS 145 Strategies for Success.
- **Removal from Academic Warning/ Academic Probation/Academic Provisional Continuance**: A student will be removed from Academic Warning, Academic Probation or Academic Provisional Continuance at the end of any given semester when their cumulative GPA meets the requirements for good standing.
• **Academic Dismissal**: The student on Academic Provisional Continuance whose cumulative GPA at the end of the semester is lower than what is required for good standing can anticipate dismissal from the University. Appeals should be made in writing to the Registrar and may be considered by the Vice President of Academic Affairs, and others as needed. Individuals who have been terminated for academic reasons may reapply after they have attended another college and earned a total of 6 or more credits of at least “C” quality work. The Admissions Committee will, upon receipt of a transcript from that institution, consider the reaplication request.

**Withdrawal**

Voluntary: A student who finds it necessary to withdraw from the University after they have started attending classes should consult the Dean of Student Advocacy in person to complete a Withdrawal Form & Exit Survey. The date on which a student notifies the University of their intent to withdraw will be the date used to calculate any available refund. Refunds of tuition, general fee, technology fee and room charges will be calculated according to the University’s Refund Policy.

The student will receive a grade of ‘WF’ on his or her transcript for each class if a complete withdrawal is made during or after the tenth week of the semester. Prior to the tenth week, a grade of ‘W’ will be listed on the transcript.

Disciplinary Action: If a student is dismissed for disciplinary reasons, a grade of ‘W’ or ‘WF’ will be listed on the transcript based on the date of withdrawal. The regular refund policy applies for a student who is dismissed for disciplinary reasons.

**Academic Appeal Procedures**

Academic appeals for course grades, status in programs and academic dishonesty are handled in the following manner:

1. The faculty member is the main voice regarding course policies, expectations or grading. Students who believe they are treated unfairly in their academic experience should make every effort to resolve the issue with the faculty member. If students believe they have been treated improperly, they will seek to resolve the matter, first with the professor, then with the appropriate department chair.

2. If, after a discussion with the professor and the department chair, a student still thinks he or she is being treated unfairly or not in keeping with announced academic policies, that student may appeal in writing to the Registrar by filling out an Academic Petition, available from the Registrar’s Office. The written appeal must be received by the Registrar within three weeks after making the attempt to resolve the issue with the professor or department chair.

**Academic Support Services**

By providing a personalized one-on-one environment, the Student Success Center staff strives to build professional and personal relationships with students in order to carefully assess their
individual needs and offer appropriate academic support. Our services can help clarify and reinforce classroom learning, enhance specific skills (e.g., writing, test-taking, memory) or provide a network of support for academic aspirations.

Students with Disabilities
North Central University is committed to providing optimal educational opportunities for all students, including those enrolled or admitted who have disabilities under Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 (ADA).

College policy provides for reasonable accommodations to be made for students with disabilities on an individual and flexible basis. It is the responsibility of students with disabilities to seek available assistance and make their needs known to the Director of the Student Success Center. In order to determine accommodations for special needs, North Central University asks students to submit a recent (within the last three years) professional assessment that documents the disability.

For assistance with special services, students should contact the director or assistant director of the Student Success Center at 612.343.3513 or 612.343.3510. We work to ensure equal access for students with documented disabilities. Services provided include equal access, academic advising, assistance and support.

Assessment of Student Achievement and Development
The assessment of student learning is an integral part of the educational experience at North Central. The overarching University plan for assessment is related to the University’s mission and encompasses numerous measures of educational achievement and student development, including various tests and surveys.
The program is coordinated by the Assessment Committee, consisting of faculty, administrative staff, and support service staff. Recent assessment measures have been used to assess institutional effectiveness, general student characteristics and departmental effectiveness. Assessment measures are administered at regular intervals during a student’s education at North Central University. These are administered to a random group of freshmen, sophomores, juniors and seniors. By administering these exams throughout a four-year program, it is possible to tangibly note student progress. The scores are utilized by the University to monitor the quality of classroom instruction in order to maximize student learning, and to develop programs that best meet student needs.

All questions about institution-wide testing policies, procedures or results should be addressed to the Assessment Committee.

**Title II Reporting**

In accordance with Section 207 of Title II of the Higher Education Act, North Central is required to inform the public of the performance of completers of the teacher preparation program on teacher certification/licensure assessments used by the State of Minnesota.

Notice of Student Rights under FERPA

DISCLOSURE OF INFORMATION

North Central University complies with the Family Educational Rights and Privacy Act of 1974 (FERPA). This Act was designed to protect the privacy of education records, to establish the right of students to inspect and review their education records and to provide guidelines for the correction of inaccurate or misleading data through formal and informal hearings.

Family Educational Rights and Privacy Act Notice
The Family Educational Rights and Privacy Act of 1974 (FERPA), as amended, provides certain rights to students regarding their educational records. All students are protected under this act from the time they begin attending classes at North Central University, regardless of age or minor status. Each year North Central University is required to give notice of the various rights accorded to students pursuant to FERPA. In accordance with FERPA, all students are notified of the following:

• **Right to inspect and review educational records.** Students have the right to review and inspect substantially all of their education records maintained by or at North Central University within 45 days once the request for access has been received by the Registrar’s Office.
  o A student who wishes to inspect education records should submit a written request to the Registrar identifying the record(s) the student wishes to inspect. The Registrar or appropriate designee will make arrangements for access and notify the student of the time and place where the records may be inspected. If the requested records are not maintained by the Registrar's office, the Registrar shall advise the student of the correct University official to whom the request should be addressed.

• **Right to request amendment of education records.** Students have the right to seek to have corrected any parts of an education record that are believed to be inaccurate, misleading or otherwise in violation of the student’s right to privacy.
  o A student who wishes to ask the University to amend a record should submit a written request to the Registrar which clearly identifies the part of the record the student wants changed, and specifies why it should be changed. If the University decides not to amend the record as requested, the University will notify the student in writing of the decision and the student’s right to a hearing regarding the request for amendment. Additional information regarding the
hearing procedures will be provided to the student when notified of the right to a hearing. If, after a hearing, the University decides not to amend the record as requested, the student has the right to submit a personal statement in which they contest the accuracy of the record, which will become a part of the student’s academic file alongside the disputed record.

- **Right to give permission for disclosure of personally identifiable information.** Students have the right to provide written consent before the University discloses personally identifiable information from the student’s records, except to the extent that FERPA and the regulations regarding FERPA authorize disclosure without the student’s permission.

- **Right to withhold disclosure of “directory information”**. FERPA uses the term “directory information” to refer to those categories of personally identifiable information that may be released for any purpose at the discretion of North Central University without notification of the request or disclosure to the student.

Under FERPA, the student has the right to withhold the disclosure of the directory information listed below, called a Directory Block. Students should consider very carefully the consequences of any decision to withhold directory information. Should a student decide to inform North Central University not to release directory information, any further request for such information from persons or organizations outside of North Central University will be refused.

“Directory information” includes the following:

1. The student’s name
2. The student’s address
3. The student’s telephone number
4. The student’s institution-issued e-mail address
5. The student’s date and place of birth
6. The student’s class standing
7. The student’s course of study
8. The student’s participation in officially recognized activities and sports
9. The student’s degrees, honors, and awards received
10. The student’s dates of attendance
11. The student’s date and place of birth
12. The most recent previous educational agency or institution attended by the student
13. The student’s photograph

North Central University will honor the student’s request to withhold all directory information, but cannot assume responsibility to contact the student for subsequent permission to release it. North Central University assumes no liability for honoring the student’s instructions that such information be withheld. Forms for the directory block are available from the Mail Center. If the completed form is not received by the Mail Center prior to Sept. 15, it will be assumed that all directory information may be disclosed for the remainder of the current academic year. A new form for withholding disclosure must be completed each academic year.
North Central University discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. School officials at NCU include the following: any person employed by NCU in an administrative, supervisory, academic or research, or support staff position, or a volunteer serving in one of these positions, companies with whom NCU has contracted (e.g. attorney, auditor, collection agency), Board of Regents, or students serving on an official committee, such as a disciplinary or grievance committee or assisting another school official in performing his or her tasks. Information will only be disclosed to school officials if they have a legitimate educational interest to access the information. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the University.

Upon request, the University also discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

Release of Educational Information
No additional educational information will be released, except to the extent that FERPA authorizes disclosure without consent, without the explicit written consent of the student. Requests for the University to release student educational information must be in writing and must explicitly indicate what information is to be released and to whom.

Right to complain to FERPA Office
- Students have the right to file a complaint with the Family Educational Rights and Privacy Act Office, Department of Education, 600 Independence Ave S.W. Washington D.C., 20202, if the student believes that North Central University has violated the Federal Educational Rights and Privacy Act.
- Students have the right to obtain a copy of the written North Central University policy regarding FERPA. A copy may be obtained in person from the Registrar’s Office.

Notice of Possible Federal and State Government Data Collection and Use
As of January 3, 2012, the U.S. Department of Education's FERPA regulations expand the circumstances under which the student’s education records and personally identifiable information (PII) contained in such records — including the Social Security Number, grades, or other private information — may be accessed without the student’s consent. First, the U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or state and local education authorities ("Federal and State Authorities") may allow access to a student’s records and PII without the student’s consent to any third party designated by a Federal or State Authority to evaluate a federal- or state-supported education program. The evaluation may relate to any program that is "principally engaged in the provision of education," such as early childhood education and job training, as well as any program that is administered by an education agency or institution. Second, Federal and State Authorities may allow access to the student’s education records and PII without their consent to researchers performing certain types of studies, in certain cases even when the North Central objects to or does not request such research. Federal and State Authorities must obtain certain use-restriction and data...
security promises from the entities that they authorize to receive a student’s PII, but the Authorities need not maintain direct control over such entities. In addition, in connection with Statewide Longitudinal Data Systems, State Authorities may collect, compile, permanently retain, and share without the student’s consent PII from education records, and they may track participation in education and other programs by linking such PII to other personal information about the student that they obtain from other Federal or State data sources, including workforce development, unemployment insurance, child welfare, juvenile justice, military and migrant student records systems.
