MISSION, VISION, & STUDENT OUTCOMES

MISSION STATEMENT

North Central University is a Christ-centered, Bible-based, Pentecostal school with a commitment to academic excellence that prepares students to fulfill biblical models of leadership and ministry throughout the world.

VISION STATEMENT

North Central University will be recognized as a globally influential university that prepares exemplary Pentecostal leaders and ministers.

INSTITUTIONAL STUDENT OUTCOMES

Our students will be:

1. Christ followers guided and empowered by the Holy Spirit and God's Word.
2. Lifelong learners in the highest tradition of Christian scholarship.
3. Leaders serving and empowering others in the church and throughout the world.
4. Ministers communicating Christ's love and the Holy Spirit's power through word and action.

In order to accomplish this task, NCU is committed to the requirement of a minimum of 24 credits of Bible/Theology for most majors, including the 18 credit Christian Studies Core. It also requires daily chapel attendance and other meaningful methods of spiritual formation. NCU is church-focused and there are practical ministry requirements which are fulfilled with service in the church and community. The University seeks to develop a robust Christianity based on a Christian worldview developed through a meaningful, integrated general education core program. It offers various majors which are designed to develop leaders who are functioning Pentecostals and who know how to interact evangelistically with their world.

All majors are designed to be ministry-focused, training students to serve God in a variety of ways according to their calling and gifts. Program focus at North Central is particularly centered upon urban and international settings, utilizing the urban context of the campus as a laboratory for effective ministry and providing a full array of creative international learning opportunities.

THE HERITAGE

Located in the heart of Minneapolis, North Central University is a coeducational, undergraduate, primarily residential college owned and operated by 11 Assemblies of God districts of the upper Midwest. Founded in 1930 as North Central Bible Institute, program offerings were expanded in 1955 to include a four-year degree.

In 1957, the institution's name was changed to North Central Bible College and in 1964, North Central was accredited by the American Association of Bible Colleges. Recognizing its commitment to the needs of its constituents, North Central continued expanding its offerings and was accredited in 1986 by the Higher Learning Commission.

At the spring 1998 meeting of the Board of Regents, the college's name was changed to North Central University.

In keeping with the vital and growing character of the school, enrollment has more than tripled from 401 students in 1975 to a present enrollment of approximately 1,200 in the residence, PSEO and graduate programs in 2015. The stability and strength of North Central has produced more than 26,000 alumni, and of

its graduates, 75 percent are presently in ministry positions throughout the United States and around the world.

ACADEMIC AREAS

College of Arts & Sciences

The College of Arts & Sciences prepares students to lead and minister in the marketplace.

❖ APPLIED STUDIES

Applied Studies is a dual-degree program based on a partnership between North Central University and Minneapolis Community & Technical College. The student simultaneously earns a bachelor's degree from NCU and an associate's degree from MCTC.

❖ CARLSTROM ASL INTERPRETING DEPARTMENT

North Central University (NCU) is home to the Carlstrom American Sign Language Interpreting training department. NCU is the only Assemblies of God College to offer a major in interpreting and a minor in Deaf Cultural studies. The qualified faculty members enable students to be trained by experts in the field of interpreting, Deaf culture and American Sign Language (ASL).

The Carlstrom American Sign Language (ASL) Interpreting department will produce graduates who will ethically serve and lead by utilizing their skill and knowledge of languages, cultures, and a Christian worldview to facilitate communication and understanding between Deaf and non-deaf people.

❖ SCHOOL OF ENGLISH AND COMMUNICATION ARTS

○ DEPARTMENT OF COMMUNICATION ARTS

The Department of Communication Arts prepares graduates with a Christian worldview who dynamically engage culture and skillfully create digital and print media that enhance scholarly and public discourse.

○ DEPARTMENT OF ENGLISH

The English Department at North Central University is a Christ-Centered academic community of professors and students who are committed to innovative and analytical work in English, dedicated to developing the abilities to think critically, communicate effectively, and influence culture creatively.

❖ DEPARTMENT OF MATH, SCIENCE & TECHNOLOGY

The Department of Math, Science & Technology sponsors the Mathematics, Computer Science, and Computer Information Systems majors as well as general education courses in mathematics and the sciences.

❖ SCHOOL OF BUSINESS

The School of Business utilizes academic and experiential rigor to educate leaders in business knowledge, Christian virtues, and professional skills – our graduates are capable of leading organizations to innovate, grow, and deliver world-class results.

❖ SCHOOL OF EDUCATION

The School of Education is committed to producing teachers who are academically prepared for excellent teaching and who utilize the best pedagogical practices, model Christ-like character, and devote themselves to lifelong learning.

❖ SCHOOL OF SOCIAL & BEHAVIORAL SCIENCES

The School of Social and Behavioral Sciences exists to provide a broad, theologically enlightened educational foundation for students entering the behavioral sciences and prepare department graduates for further educational training and/or immediate employment in the field.

❖ MAGNUM OPUS PROGRAM

The Magnum Opus program provides a modified Great Books core curriculum in a unique cohort-based, academic degree track that focuses first on gaining wisdom through its foundations courses, followed by an interdisciplinary specialization.

The goal of the intensive, modular 16-month Magnum Opus Program is to forge mature Christian thinking, character and stewardship by engaging students with the greatest questions humanity has ever asked, alongside many of the greatest minds who have ever lived, all within the context of the greatest story ever told, the Bible, so that they live well—choose wisely, think critically, live honorably, respect culture, fulfill responsibilities, and serve generously.

College of Fine Arts

The College of Fine Arts exists to develop passionate, spiritual leaders, who, through skillful and creative use of their art, will impact the world for Christ.

❖ SCHOOL OF MUSIC AND THEATRE

The School of Music and Theatre offers degrees in Music, Music Business, Music Performance, Music Recording Artist, Theatre, and a degree in Education – Vocal Music (K-12).

❖ SCHOOL OF WORSHIP ARTS

The School of Worship Arts offers degrees in Recording Arts, Music Pastor, and Music: Live Production, Music: Studio Production and Worship Leading.

College of Ministry

The College of Ministry provides for continued growth and development of ministry programs as we embrace our responsibility to raise up and send out the next generation of leaders answering God's call to vocational ministry.

❖ CENTER FOR CHILDREN & FAMILY MINISTRIES

The Center for Children & Family Ministries exists to prepare pastors, evangelists, and missionaries to minister to children and their families.

❖ CENTER FOR PASTORAL MINISTRIES

The Center for Pastoral Ministries exists to provide comprehensive ministerial training for pastoral leaders.

❖ CENTER FOR YOUTH & LEADERSHIP

The Center for Youth and Leadership exists to prepare, serve, and connect emerging and existing leaders who want to make a difference in the lives of youth.

College of Missions

The North Central University College of Missions prepares students to love God and others, extending God's Kingdom incarnationally and cross-culturally by focusing on unreached, oppressed, and impoverished peoples.

Institute for Biblical & Theological Studies

The Institute for Biblical & Theological Studies provides a strong biblical and theological foundation for all NCU students and offers advanced biblical and theological training for those planning to pursue graduate study and/or vocational ministry.

THE CURRICULUM

Each academic department is charged with the responsibility to maintain high academic and professional standards for students pursuing majors within that department. In order to fulfill this responsibility, departments may require students to participate in non-credit, co-curricular activities. Examples of such activities include ensembles, ministry credits, and research. Students' status within their chosen major may depend on participation in these activities. For more details on these requirements, students may contact their advisors or department chairs.

Philosophy and Purpose

The curriculum at North Central University is designed to provide learning experiences which promote the University's mission and vision. North Central is pleased to offer a curriculum which builds upon the strong foundational base of our Pentecostal heritage and ministry focus. North Central takes many of its educational experiences into the learning lab of the city and world around us. Various courses incorporate evangelists, youth pastors and specialists who bring their expertise and modeling to the classroom.

Since society is in a state of flux and has changed significantly over the last few years, North Central has developed curriculum that is flexible and adaptable. As Christians, it is important to understand society so we truly can be salt and light, finding effective ways of leading people to Christ.

At North Central University, we believe that in order to accomplish this successfully, students need to have three components in their baccalaureate degree: 1) a strong general education program, 2) a solid Bible/theology program, and 3) a selected major with a complementary content core such as North Central offers through its supporting programs.

The base of the University's degree programs is a general education core whose prime task is to provide a cohesive Christian worldview. As knowledge increases and disciplines become increasingly fragmented and segmented, North Central seeks to provide coherence and meaning through the development of an even more holistic, integrated general education

curriculum which gains its meaning because of the God we serve. We seek ways of teaching students to be better thinkers, to have the skills to be lifelong learners, to know where and how to gather information and to be able to synthesize that knowledge.

General education at North Central has seven strands which are woven into and emphasized throughout the student's course of study: 1) servant leadership, 2) spiritual formation, 3) writing and speech, 4) thinking skills and processes, 5) information literacy, 6) technological competence, and 7) global and cultural sensitivity. These include knowledge, skills and attitudes which North Central desires all students to gain in order to be effective in the church and in the world both today and tomorrow.

North Central believes that it is important for students to be involved in general education courses because they so clearly relate to our central evangelistic focus. For example, we can't very well engage people in effective dialogue about the gospel if we cannot speak well and articulate our thoughts. We cannot discuss life with someone whose basic philosophy we cannot understand. If we want to engage people effectually, we must know how they think. Furthermore, in order to minister, counsel, pastor, and teach people, we need to understand their psychological and emotional needs. NCU believes that a strong base of general education provides a foundation for effective ministry and work.

No matter what major students select at North Central, we trust they will develop and maintain a heart for ministry and evangelization. Therefore, NCU requires its students to complete a Bible and theology program of at least 24 credit hours. We believe all students in every major should be required to yield at the same altar, make the same sacrifice and sense the call of God to sold-out Christianity.

Every major at North Central University is reviewed regularly. The curricular structure of the majors has been changed to provide flexibility for the students to take courses reflecting their specific interests, skills and calling. If students desire to go on to graduate school, for example, then they have the opportunity to select a preparatory track that provides a solid base for further study.

If, on the other hand, a student desires to specialize, this is also an option. For example, a student can take a music major program or go on to specialize in music performance or become a Music Pastor. Additionally, students may major in a particular program and then select a supporting program in an entirely different, yet complementary discipline. This option will provide for future job flexibility and the honing of other skills.

We believe that God is helping us to raise a mighty army in these last days. With faculty joining students to learn and minister together, we seek to produce on-fire, sold-out, well-disciplined Christians who are passionate for Jesus and for His service. We are not just theorizing or dreaming. We believe that we are purposefully designing a new, effective curriculum and that a vital, spiritual campus environment can be maintained as God moves across our land.

At North Central, we are designing ever more effective ways to develop spiritually astute, thoroughly Pentecostal men and women, who are personally changed and whole and who can bring others to that same wholeness through salvation and discipleship. We're grappling with what it means in this day and age to place Bible and theology, chapel, and prayer meetings and the sold-out, cross-bearing, martyr-ready, give-it-all-up lifestyle right up front and center on an ongoing basis. We know we need to do everything we can to keep this place and ourselves on fire and fervent.

INTERNATIONAL FOCUS

Our students have numerous opportunities to live out the University vision statement which describes North Central as preparing students for leadership and ministry "throughout the world."

North Central has been the recipient of several large grants from places like the Pew Charitable Trusts and the Bethesda Foundation for curriculum and programming in urban ministries. Students are involved in our urban setting in numerous ways, and there are many opportunities for service.

Many students volunteer at the local Ubah School to teach English to Somalian refugees and to build bridges of friendship to our Muslim neighbors. North Central has developed a major, supporting program and certificate in TEFL (Teaching English as a Foreign Language).

Typically, about 10 percent of our student body and 50 percent of our faculty go overseas each year. We are building a global learning environment which provides for missions trips, international learning experiences, International Fieldwork trips, international internships and semester abroad opportunities. Student teaching can partially be accomplished overseas in Saipan, China or Kenya for elementary education students. We enjoy a diverse faculty with much overseas experience.

North Central University offers a comprehensive Study Abroad program ranging from 3 week programs offered each May through the Center for Holy Land Studies in Israel and Jordan to semester long programs located in 5 international sites listed below. A full listing of programs can be found online at <http://www.northcentral.edu>.

NCU Semester-long Programs (must be a Junior or Senior):

- Asia Pacific Student Abroad Initiative in Bangkok, Thailand
- Cairo Studies Center in Cairo, Egypt
- Ridley Hall in Cambridge, England
- Xi'an Study Abroad Center in Xi'an, China
- Student Teaching Abroad for Education majors (seniors only)

Christian Studies Core

DESCRIPTION

18 Credit Hours

This component is designed to give the student a foundation of biblical content and theology for lifelong spiritual maturation. The Christian Studies core is required of every graduate in the Bachelor of Arts and Bachelor of Science degree programs. A minimum of 18 credits of Bible/theology is required for most majors.

When the Christian Studies core has been completed, it should be possible for the student:

- To grasp the historical background and biblical content of both the Old and New Testament.
- To interpret properly the biblical content.
- To understand and build a firm, orthodox and evangelical theological base, especially in those areas that are distinctive to our Pentecostal and charismatic tradition.
- To research specific Old and New Testament books in depth.
- To launch a lifelong learning strategy for biblical research applicable to self-study and/or graduate training.

General Education Core

DESCRIPTION

32-35 Credit Hours

This component is designed to give the student a broad-based education essential to any graduate regardless of vocational interests.

The General Education Core curriculum is required of every graduate in the Associate of Arts, Bachelor of Arts and Bachelor of Science degree programs. It represents a foundational course of study considered essential for an educated person regardless of profession or career. It is broad-based and is designed to give the student an awareness of the major elements of human existence and an appreciation of the different academic disciplines that study humanity. When the General Education core has been completed, it should be possible for the student:

- To communicate clearly and effectively.
- To relate the present to the past through an understanding of the historical process.
- To demonstrate expanded perceptions of life with refined aesthetic sensibilities.
- To develop and maintain a practical wellness model for living.
- To utilize a systematic approach to examine nature and solve quantitative problems.
- To apply analytical and critical thinking skills to problem solving in a disciplined and imaginative way.
- To observe and interpret human behavior within the milieu of social and cultural diversity.
- To acquire foundational knowledge of Bible content and develop a basic research methodology for biblical research.
- To integrate his or her faith in God with the information learned.
- To understand that all truth is God's truth.

Students should select one course in each section below, unless otherwise indicated.

ACADEMIC MAJORS

Accounting & Finance

Bachelor of Science Degree

DESCRIPTION

124 Credit Hours

School of Business

William Tibbetts, Chair

The Bachelor of Science in Accounting and Finance degree program at NCU is designed to prepare the student to sit for the Certified Public Accountant (CPA) exam. This major will prepare the student to leverage assets, manage budgets, achieve financial efficiencies, and maximize investments. With courses ranging from financial reporting and analysis to international business and microeconomics, this bachelor's degree program in finance and accounting management generates the skills required to enhance the student's analytical and quantitative capabilities – equipping the student to pursue a career in the field of finance or accounting.

Increasing globalization and economic growth are expected to drive demand for accountants and financial professionals. According to the U.S. Bureau of Labor Statistics, job prospects for accountants and auditors are outstanding, with faster-than-average growth expected over the next ten years. While job opportunities are expected to be favorable overall, individuals with professional certifications, especially certified public accountants (CPAs), are likely to enjoy the best opportunities in the finance and accounting field.

Applied Studies: Polysomnographic Technology

Bachelor of Arts or Science Degree

DESCRIPTION

124 Credit Hours

College of Arts & Sciences

Dr. Daniel Nelson, Dean

Students enrolled in this program will earn a BA/BS in Applied Studies: Polysomnographic Technology degree from North Central University. Plus, students will simultaneously earn an AAS from Minneapolis Community and Technical College.

The Polysomnographic (sleep) Technology program will give students the knowledge and skills necessary to perform professional clinical sleep studies. Program graduates will be qualified to take the Board of Registered Polysomnographic Technologists exam and work in independent and hospital-based sleep laboratories. An understanding of sleep disorders and the therapies used to help patients sleep is the basis of the field study. Polysomnographic Technologists perform diagnostic sleep studies and interventions with patients.

Biblical and Theological Studies

Bachelor of Arts Degree

DESCRIPTION

124 Credit Hours

Institute for Biblical & Theological Studies

Dr. Glen Menzies, Dean

The Biblical and Theological Studies major is designed for the student who may go on to pursue graduate work in biblical studies, in theology, or in practical ministry. For some, this will mean attending seminary, perhaps followed by pastoral ministry. For others, it may mean pursuing an M.A. and a Ph.D. in preparation for teaching at the collegiate level. For still others, the ultimate goal may involve Bible translation or chaplaincy. An additional value of this program is that it meets the basic educational requirement of the Assemblies of God for all levels of ministerial credentialing through ordination.

Biblical and Theological Studies majors will choose one of three tracks: Biblical Studies; Biblical Languages; or Theology. Although there is some overlap between the tracks, the Biblical Studies track will place the most emphasis on biblical content; the Biblical Languages track will place a greater emphasis on developing skills in Greek and Hebrew; and the Theology track will place a greater emphasis on theology and philosophy. In addition, students in any of the three tracks who desire to incorporate a practical ministry component (sermon construction, preaching, and a church internship) into their program may want to select the "Ministerial Prep Option."

As a result of completing the Biblical and Theological Studies major, the student should develop a deeper and broader knowledge of the Bible and the intellectual contours of the Christian tradition. Graduates should be able to demonstrate knowledge of the following:

- Bible Content
- Biblical Studies
- Theological Studies
- Method, topics and distinctive eras of biblical and theological scholarship
- Histories of Israel and the Church

- Ancient Languages

The Biblical and Theological Studies major reflects NCU's continuing commitment to excellence in biblical interpretation and the theology of the historic Christian faith as expressed in the Pentecostal tradition.

Campus Missions

Bachelor of Arts Degree

DESCRIPTION

124 Credit Hours

Center for Youth & Leadership

Brian Pingel, Director

Students who study Campus Missions at NCU will be trained for vocations as missionaries to American and/or foreign university students. This training has been strategically developed in cooperation with Chi Alpha, the university outreach of the Assemblies of God, in order to provide NCU students with a preparatory program which incorporates the strengths of NCU's Bible and theology training with the discipleship, leadership development, and visionary/strategic strengths of Chi Alpha.

Graduates in Campus Missions at North Central:

- Will meet the educational requirements for licensing and ordination in the Assemblies of God;
- Will meet the educational requirements for appointment as a Chi Alpha Home Missionary;
- Will have good theological training and Bible knowledge;
- Will have first-hand experience of their mission field—the university campus;
- Will have interacted for up to four years with ministry role models;
- Will have internalized the Chi Alpha philosophy and strategy of ministry;
- Will have been mentored and discipled according to the Chi Alpha strategy with the goal of building character, accountability and maturity;

- Will have gained skills in Bible study, counseling, leadership, evangelism and other pastoral/missionary areas.

Principle Outcomes in the Campus Missions major:

- Good grasp of the philosophy and strategy for reaching the university;
- Substantial hands-on experience in a local campus ministry;
- Significant growth in character, accountability, and maturity as a result of participation in discipleship;
- Well-developed communication skills for preaching, mentoring, counseling and team leadership;
- Creativity with integrity in applying the Pentecostal distinctives to the postmodern culture.

Communication Arts: Journalism

DESCRIPTION

124 Credit Hours

School of English & Communication Arts

Todd Wold, Director

The Communication Arts - Journalism major is designed to teach students skills in written, verbal and mediated communication that will provide a foundation on which to build a career in professional writing, journalism and communications. This program prepares journalists with a Christian worldview who dynamically engage culture and skillfully create digital and print media that enhance scholarly and public discourse.

Students will gain an understanding of communication theory and practice, technical skills in journalistic media and a critically autonomous and ethical worldview framework for creating content in their vocational endeavors as journalists. Graduates of the Journalism major:

Demonstrate a theoretical understanding of mediated communication that includes a broad knowledge of communication theory across all contexts;

Articulate the ongoing and expansive relationship between emerging communication technology and society and can engage in meaningful discourse and research;

Apply an analysis of mediated and unmediated communication in terms of audience, voice, rhetorical strategy and criticism;

Communication Arts: Media Communication

Bachelor of Arts or Science Degree

DESCRIPTION

124 Credit Hours

School of English & Communication Arts

Todd Wold, Director

The Media Communications major is designed to equip students with a broad range of technical skills and relevant theoretical knowledge so that they will be prepared to use media effectively. Students will acquire functional skills in print and visual media (video, photography, and web).

To accomplish this, students will gain an understanding of communication theory and practice, technical skills in digital media and filmmaking and a critically autonomous and ethical worldview framework for creating content in their vocational endeavors as production professionals. Graduates of the Media Communication major:

Demonstrate a theoretical understanding of mediated communication that includes a broad knowledge of communication theory across all contexts;

Articulate the ongoing and expansive relationship between emerging communication technology and society and can engage in meaningful discourse and research;

Apply an analysis of mediated and unmediated communication in terms of audience, voice, rhetorical strategy and criticism;

Articulate an understanding of how mediated communication operates both inside of their primary culture and cross-culturally in the broader global context;

Demonstrate proficient technical skills in visual media production and distribution, including:

- Storytelling abilities across media contexts including concepting, scripting, interviewing and storyboarding,
- Camera and sound production techniques for television and filmmaking,
- Post production and non-linear editing techniques and effects for television and filmmaking,
- Visual design and content publishing across media contexts,
- Leveraging dynamic and rapidly changing media distribution channels in individual, business and other organizational contexts;
- Practice of mediated communication articulates Christ-centered values and integrity with regard to content development and professional conduct;
- Demonstrate a critical autonomy that is Christ-informed and mission-oriented leading to moral and ethical decision-making and leadership within any communication context;
- Engage in life-long learning seeking ongoing opportunities to increase knowledge, grow their skills and deepen their Christ-centered values.

All students are required to complete the General Education core, the Christian Studies core, the Communication Studies core and the Media Communication Major core along with course from one of the supporting Communication Arts elective tracks. On top of these, the student may add a supporting program from another discipline, a minor degree and/or general electives. A total of 124 credits are needed for program completion

School of Education

Connie Gayle, Director

The School of Education at North Central University is committed to producing teachers who are academically prepared for excellent teaching and who utilize the best pedagogical practices, model Christ-like character, and devote themselves to lifelong learning. The School prepares students to be teachers in urban, international, public, and private schools in order to use teaching as a ministry to the church, to the city, and to the world.

The outcomes of the education program are based on the INTASC (Interstate New Teacher Assessment and Support Consortium) Standards and Minnesota's own Standards of Effective Practice. Upon successful completion of the communication arts & literature education licensure program, the student may be recommended for a Minnesota State Teaching License in communication arts & literature for grades 5-12.

Upon successful completion of the NCU Teacher Licensure Program the beginning teacher will:

- Demonstrate, by life-style and teaching, education as a life-long process;

- Understand the central concepts, tools of inquiry, and structures of the disciplines(s) he or she teaches and create learning experiences that make these aspects of subject matter meaningful for students;
- Understand how children and adolescents learn and develop and provide learning opportunities that support their intellectual, social, and personal development;
- Understand how learners differ in their approaches to learning and create instructional opportunities that are adapted to learners from diverse cultural or economic backgrounds or children with exceptionalities;
- Understand and use a variety of instructional strategies to encourage the students' development of critical thinking, problem solving, and performance skills;
- Use an understanding of individual and group motivation and behavior to create a learning environment that encourages positive social interaction, active engagement, and self-motivation;
- Use knowledge of effective verbal, non-verbal, and media communication techniques to foster active inquiry, collaboration and supportive interaction in the classroom;
- Plan and manage instruction based upon knowledge of subject matter, students, the community and curriculum guides;
- Understand and use formal and informal assessment strategies to evaluate and ensure the continuous intellectual, social and physical development of his/her learners;
- Develop as a reflective practitioner who continually evaluates the effects of his/her choices and actions on the learning community and who actively seeks out opportunities to grow professionally;
- Understand the importance of communicating and interacting with parents/guardians, families, school colleagues, and the community to support the students' learning and well-being;
- Understand and apply the research base for, and the best practices of middle school and high school education;
- Understand and apply a general understanding of federal and state rules and statutes as they relate to general and special needs populations;
- Demonstrate the servant-leadership model of concern and service toward others;
- Create and be able to express a personal philosophy of education that is established upon a synthesis of one's Christian worldview, knowledge of the teaching/learning process, knowledge of the established traditional philosophies of education, research in the disciplines and practical experience.

NOTE: Student Teaching Experience: During student teaching, both employment and additional coursework are strongly discouraged and are subject to Education department approval. (See Education Department website for additional information.)

School of Education

Connie Gayle, Director

The School of Education at North Central University is committed to producing teachers who are academically prepared for excellent teaching and who utilize the best pedagogical practices, model Christ-like character, and devote themselves to lifelong learning. The School prepares students to be teachers in urban, international, public, and private schools in order to use teaching as a ministry to the church, to the city, and to the world.

The outcomes of the education program are based on the INTASC (Interstate New Teacher Assessment and Support Consortium) Standards and Minnesota's own Standards of Effective Practice. Upon successful completion of the elementary education licensure program, the student may be recommended for a Minnesota State Teaching License in grades K-6 with a middle school endorsement in Mathematics (Grades 5-8).

Upon successful completion of the NCU Teacher Licensure Program the beginning teacher will:

- Demonstrate, by life-style and teaching, education as a life-long process;
- Understand the central concepts, tools of inquiry, and structures of the disciplines(s) he or she teaches and create learning experiences that make these aspects of subject matter meaningful for students;

- Understand how children and adolescents learn and develop and provide learning opportunities that support their intellectual, social, and personal development;
- Understand how learners differ in their approaches to learning and create instructional opportunities that are adapted to learners from diverse cultural or economic backgrounds or children with exceptionalities;
- Understand and use a variety of instructional strategies to encourage the students' development of critical thinking, problem solving, and performance skills;
- Use an understanding of individual and group motivation and behavior to create a learning environment that encourages positive social interaction, active engagement, and self-motivation;
- Use knowledge of effective verbal, non-verbal, and media communication techniques to foster active inquiry, collaboration and supportive interaction in the classroom;
- Plan and manage instruction based upon knowledge of subject matter, students, the community and curriculum guides;
- Understand and use formal and informal assessment strategies to evaluate and ensure the continuous intellectual, social and physical development of his/her learners;
- Develop as a reflective practitioner who continually evaluates the effects of his/her choices and actions on the learning community and who actively seeks out opportunities to grow professionally;
- Understand the importance of communicating and interacting with parents/guardians, families, school colleagues, and the community to support the students' learning and well-being;
- Understand and apply the research base for, and the best practices of, kindergarten, elementary and middle school education;
- Understand and apply a general understanding of federal and state rules and statutes as they relate to general and special needs populations;
- Demonstrate the servant-leadership model of concern and service toward others;
- Create and be able to express a personal philosophy of education that is established upon a synthesis of one's Christian worldview, knowledge of the teaching/learning process, knowledge of the established traditional philosophies of education, research in the disciplines and practical experience.

NOTE: Student Teaching Experience: During student teaching, both employment and additional coursework are strongly discouraged and are subject to Education department approval. (See Education Department website for additional information.)

English

Bachelor of Arts or Science Degree

DESCRIPTION

124 Credit Hours

School of English & Communication Arts

Todd Wold, Director

The English department offers three tracks of study leading to a major in English: a literature track, a creative writing track, and a professional-technical writing track. As reading and writing are both self-reflexive acts, it is the department's intention that students completing any track

for the degree in English will develop a Christian philosophy of the English language, its literature, and ministry at the same time that they complete the following outcomes:

- Articulate their worldview as it applies to the study of English.
- Demonstrate the ability to find, select, assess, and analyze information sources, both print and electronic, and to credit, integrate, and synthesize those sources in their own work.
- Demonstrate in written and oral communication integrative and independent thinking, originality imagination, experimentation, problem solving or risk taking in thought, expression, or intellectual engagement.
- Construct clear, grammatical sentences and produce well-organized texts that exhibit an attention to audience, genre, and purpose and that follow the conventions of logical argumentation.
- Pursue professional careers and/or graduate studies using their strong analytical, research, speaking, and writing skills.
- Demonstrate social awareness of diversity issues by interpreting, analyzing, and writing about various cultural perspectives in literature.

Students completing the creative writing track will complete the following outcomes:

- Read with interpretive and analytical proficiency one or more creative literary forms (poetry, fiction, non-fiction, script).
- Write with proficiency in one or more creative literary forms (poetry, fiction, creative non-fiction, script).
- Respond to peers' work in one or more creative literary forms (poetry, fiction, creative non-fiction, script).
- Practice the process-oriented approach to writing (i.e., discovering one's material; crafting that material into the most suitable form according to the intended emotional effect upon target audience; revising as often as necessary.)
- Incorporate useful critical responses to their work into subsequent revisions.
- Demonstrate practical awareness of classic, contemporary, and avant-garde models of one or more creative literary form (poetry, fiction, creative non-fiction, script).
- Embrace the constant creative challenge of working through failure.

Students completing the professional-technical writing track will meet the following outcomes:

- Read with interpretive and analytical proficiency one or more nonfiction and technical forms.
- Write with proficiency in one or more nonfiction and technical forms.
- Respond to peers' work in one or more nonfiction and technical forms.
- Practice the process-oriented approach to writing (i.e., discovering one's material; crafting that material into the most suitable form according to the intended emotional effect upon target audience; revising as often as necessary.
- Incorporate useful critical responses to their work into subsequent revisions.

- Demonstrate practical awareness of models of nonfiction and technical forms.
- Embrace the constant creative challenge of working through failure.

Students completing the literature track will meet the following outcomes:

- Demonstrate knowledge of traditional and nontraditional canons of literature in their social, cultural and historical context
- Analyze literary forms closely in terms of style, figurative language, and convention
- Use source material in the interpretation of literary texts, as well as discover and/or explore directions for new scholarship
- Apply and explain concepts from literary theory and criticism in the analysis and interpretation of texts, filtering through a Christian worldview

Entrepreneurship

Bachelor of Science Degree

DESCRIPTION

124 Credit Hours

School of Business

Bill Tibbetts, Director

The Bachelor of Science in Entrepreneurship degree at NCU is designed to champion the development of students' business ideas by the time of graduation. Students will have the opportunity to pitch their business ideas before venture capitalists to obtain start-up capital. Part of the student's time is spent in a business incubator located in downtown Minneapolis where they will experience one-on-one mentorship from other entrepreneurs. Students will have the option to develop their business in the for-profit, non-profit, or social sector; we cater the student's education to their career goals. This program would also be beneficial for students wanting to focus on innovation within a large corporation.

According to the Global Entrepreneur Indicator now is the time to start a business, citing that 86 percent of current entrepreneurs are willing to develop a new business in the current economic environment. 73 percent of those same entrepreneurs reported an increase in revenue over the last six months. According to the U.S. Bureau of Labor Statistics, entrepreneurial survival rates between 2000 and 2010 differed according to the industry.

Evangelism & Church Planting

Bachelor of Arts Degree

DESCRIPTION

124 Credit Hours

Center for Pastoral Ministries

Dr. Tracy Paino, Dean

Students who complete the Evangelism and Church Planting major will be prepared to lead people in personal evangelism, crusade evangelism and church planting. Students can choose their own “area of ministry,” selecting an emphasis from the following areas:

- Child evangelism;
- Youth evangelism;
- Minister of evangelism with a local church;
- Crusade evangelism;
- Church planting;
- Campus evangelism.

Students will be trained in the following:

- Effective evangelization and follow-up;
- Principles of effective communication;
- Discipleship;
- Mentoring and leadership development;
- Leading practical evangelistic outreach;
- Principles of church planting.

The following elements will aid graduates of the Evangelism and Church Planting major in carrying out their leadership role. They will:

- Understand historic and contemporary theology;
- Study the Bible and effectively practice and communicate its truths in today’s world;
- Be familiar with the history, practices and beliefs of the Assemblies of God;
- Understand the operation, administration and organization of the local church, including the unique role of the lead pastor;
- Know and practice the mission of the Church;
- Be aware of the legal aspects of pastoral ministry;
- Practice personal spiritual formation in regards to character and responsibility.

Gain pastoral skills including:

- Preaching and teaching;
- People skills and interpersonal relationships;
- A sincere desire and the ability to help and minister to all people of any age, socioeconomic background, cultural or ethnic group;
- Evangelism and discipleship;
- Pastoral counseling;
- Leading the comprehensive program of a local church community;
- Conducting special services in the context of their biblical background including communion, baptism, funerals, weddings, baby dedications and installation of officers;
- Developing a meaningful devotional life;
- Maintaining a healthy personal and family life;
- Serving as a model of consistent Christian character and lifestyle;
- Possessing financial, administrative and other leadership skills.

Through classes common to all majors in the department, students will:

- Proclaim God’s Word accurately and effectively;

- Actualize their God-given gifts;
- Prepare for practical ministry in the local church;
- Broaden their perspective of missions at home and abroad.

All students must complete the General Education Core and Christian Studies Core. In addition, all Evangelism and Church Planting majors are required to complete the Church Ministries Core and Evangelism and Church Planting Core. A student may add general electives or select an optional minor may be selected. Total credits hours to complete the Evangelism major must equal at least 124 credit hours.

Intercultural Studies

DESCRIPTION

124 Credit Hours

College of Missions

Dr. Gary Denbow Sr., Dean

The mission of the College of Missions is to prepare students to love God and others, extending God's Kingdom incarnationally and cross-culturally by focusing on unreached, oppressed, and impoverished peoples.

College of Missions students gain self-understanding, global awareness, missional passion and strategy, effective research, communication, and teaching skills through integration of theory and practice learning as they serve in local and international ethnic communities.

ICS alumni work in a wide range of careers: as international and national missionaries, international educators, local church leaders, urban ministry leaders, not-for-profit organizational leaders, leaders in child welfare ministries, and international relief development workers. Graduate study for ICS alumni has successfully included: intercultural studies, TEFL,

theology, linguistics, social work, organizational leadership, education, public health, marriage and family counseling, and individual counseling.

The College of Missions presents students with curricular programs designed to accomplish the following objectives:

- Students will gain a greater understanding and love for God, others, and themselves;
- Students will gain a broader understanding of the world, becoming successful language and culture learners through integrating theory and real world experience in intercultural service learning settings;
- Students will gain a biblical, theological, historical, strategic, and practical understanding of world missions, developing the ability to share the Good News, disciple, and mentor others;
- Students will become skilled communicators in their own culture and be able to effectively live, research, and communicate interculturally.

Tracks in the Intercultural Studies major: Intercultural Studies (ICS) majors may select one of the six tracks below as part of their ICS program:

- Business as Mission Track
- Children and Youth in Crisis Track

Interdisciplinary Studies

Bachelor of Arts or Science Degree

DESCRIPTION

124 Credit Hours

An Interdisciplinary Studies major allows a student to meet his or her career goals, or plans for graduate school or seminary, by selecting two complementary "fields" of study. These two fields together provide a broad, unique, integrated background to learning. Students will be advised by a faculty member from the department sponsoring their Field 1 program.

When the Interdisciplinary Studies major has been completed, the student will:

- Present employers with a unique, integrated, interdisciplinary basis for career development;
- Have developed a sound basis for graduate seminary study, in courses tailored to their interests;
- Naturally develop a leadership style based in multiple disciplines;
- Meet the academic standards for an Army or Air Force ROTC commission, if desired;
- Have the opportunity to combine ministry, through a field of study such as Intercultural or Pastoral Studies, with a "tent-making" career track such as Deaf Culture Studies or Communications;

Marketing

Bachelor of Science Degree

DESCRIPTION

124 Credit Hours

School of Business

Williams Tibbetts, Chair

The Bachelor of Science in Marketing degree at NCU is designed to prepare the student for a successful marketing career across a wide range of businesses. In this program, the student will work with real clients, developing real marketing initiatives, to solve real problems. Our program is designed to help the student gain relevant marketing skills and experience employers seek, including: building marketing campaigns, public relations and advertising, product management, and social media marketing. A marketing student at NCU will gain valuable hands-on experiential learning to further help them prepare for a successful career

According to the U.S. Bureau of Labor Statistics, employment of advertising, promotions, and marketing managers is projected to grow significantly in the next ten years, far above most other occupations. About a quarter of advertising and promotions managers worked for advertising agencies. About 16 percent of marketing managers worked in the management of companies and enterprises industry. Both of these statistics suggest studying marketing at NCU in the Twin Cities is a fantastic opportunity.

Psychology

Bachelor of Arts or Science Degree

DESCRIPTION

124 Credit Hours

School of Social & Behavioral Sciences

Dr. Daniel Nelson, Dean

The School of Social & Behavioral Sciences has adopted the following goals and outcomes that are intended to result from participation in the Psychology program. These goals and outcomes represent the knowledge, skills and values consistent with the science and application of psychology in Christian higher education.

Goal 1: Knowledge Base in Psychology

Students should demonstrate fundamental knowledge and comprehension of the major concepts, theoretical perspectives, historical trends, and empirical findings to discuss how psychological principles apply to behavioral problems. Students should show depth in their knowledge and application of psychological concepts and frameworks to problems of greater complexity.

- Describe key concepts, principles, and overarching themes in psychology
- Develop a working knowledge of psychology's content domains
- Describe applications of psychology

Goal 2: Scientific Inquiry and Critical Thinking

The skills in this domain involve the development of scientific reasoning and problem solving, including effective research methods. Students should focus on theory use as well as designing and executing research plans.

- Use scientific reasoning to interpret psychological phenomena
- Demonstrate psychology information literacy
- Engage in innovative and integrative thinking and problem solving
- Interpret, design, and conduct basic psychological research

Goal 3: Ethical and Social Responsibility in a Diverse World

The skills in this domain involve the development of ethically and socially responsible behaviors for professional and personal settings in a landscape that involves increasing diversity. Students should have direct opportunities to demonstrate adherence to professional values that will help them optimize their contributions and work effectively, even with those who don't share their heritage and traditions. This domain also promotes the adoption of personal and professional values that can strengthen community relationships and contributions.

- Apply ethical standards to evaluate psychological science and practice
- Build and enhance interpersonal relationships
- Adopt values that build community at local, state, national, and global levels.

Goal 4: Communication

Students should demonstrate competence in writing, oral, and interpersonal communication skills. Students should produce a research study or other psychological project, explain scientific results, and present information to a professional audience. They should also develop flexible interpersonal approaches that optimize information exchange and relationship development.

- Demonstrate effective writing for different purposes
- Exhibit effective presentation skills for different purposes
- Interact effectively with others

Goal 5: Professional Development

The emphasis in this goal is on application of psychology-specific content and skills, effective self-reflection, project management skills, teamwork skills, and career preparation. The skills in this goal refer to abilities that sharpen student readiness for post-baccalaureate employment, graduate school, or professional school.

- Apply psychological content and skills to career goals
- Exhibit self-efficacy and self-regulation
- Refine project management skills
- Enhance teamwork capacity

- Develop meaningful professional direction for life after graduation

Goal 6: Integration of Psychology and Theology

The emphasis in this goal is to become psychologically-informed individuals who are Christ-followers, guided by Scripture, and empowered by the Holy Spirit. Students should show their knowledge, application, and personal views of the interaction between science and Christianity which can make a unique contribution to the field.

- Describe various approaches to the relationship between psychology (science) and Christianity (theology)
- Articulate a Christian worldview
- Critique issues in psychology from a theologically-informed perspective
- Demonstrate commitment to psychology as a form of ministry

- Practice personal reflection and self-correction to assure continual professional development
- Attend to professional roles and boundaries
- Demonstrate professional demeanor in behavior, appearance, and communication
- Engage in career-long learning
- Use supervision and consultation

Goal 2: Apply social work ethical principles to guide professional practice

- Recognize and manage personal values in a way that allows professional values to guide practice
- Make ethical decisions by applying standards of the National Association of Social Workers Code of Ethics and, as applicable, the International Federation of Social

Workers/International Association of Schools of Social Work Ethics in Social Work, Statement of Principles

- Tolerate ambiguity in resolving ethical conflicts
- Apply strategies of ethical reasoning to arrive at principled decisions

Goal 3: Apply critical thinking to inform and communicate professional judgments

- Distinguish, appraise, and integrate multiple sources of knowledge, including research-based knowledge, and practice wisdom
- Analyze models of assessment, intervention, and evaluation
- Demonstrate effective oral and written communication in working with individuals, families, groups, organizations, communities, and colleagues

Goal 4: Engage diversity and difference in practice

- Recognize the extent to which a culture's structures and values may oppress, marginalize, alienate, or create or enhance privilege and power
- Gain sufficient self-awareness to eliminate the influence of personal biases and values in working with diverse groups
- View themselves as learners and engage those with whom they work as informants

Goal 5: Advance human rights and social and economic justice

- Understand the forms and mechanisms of oppression and discrimination
- Advocate for human rights and social and economic justice
- Engage in practices that advance social and economic justice

Goal 6: Engage in research-informed practice and practice-informed research

- Use practice experience to inform scientific inquiry
- Use research evidence to inform practice

Goal 7: Apply knowledge of human behavior and the social environment

- Utilize conceptual frameworks to guide the processes of assessment, intervention, and evaluation
- Critique and apply knowledge to understand person and environment

Goal 8: Engage in policy practice to advance social and economic well-being and to deliver effective social work services

- Analyze, formulate, and advocate for policies that advance social well-being
- Collaborate with colleagues and clients for effective policy action

Goal 9: Respond to contexts that shape practice

- Continuously discover, appraise, and attend to changing locales, populations, scientific and technological developments, and emerging social trends to provide relevant services

- Provide leadership in promoting sustainable changes in service delivery and practice to improve the quality of social services

Goal 10: Engage, assess, intervene, and evaluate with individuals, families, groups, organizations, and communities

- Substantively and effectively prepare for action with individuals, families, groups, organizations, and communities
- Use empathy and other interpersonal skills
- Develop a mutually agreed-on focus of work and desired outcomes
- Collect, organize, and interpret data
- Assess client strengths and limitations
- Develop mutually agreed-on intervention goals and objectives
- Select appropriate intervention strategies
- Initiate actions to achieve organizational goals
- Implement prevention interventions that enhance client capacities
- Help clients resolve problems
- Negotiate, mediate, and advocate for clients
- Facilitate transitions and endings
- Critically analyze, monitor, and evaluate interventions

Goal 11: Ethically integrate social work and Christian theology

- Describe various approaches to the relationship between social work (science) and Christianity (theology)
- Articulate a Christian worldview
- Critique issues in social work from a theologically-informed perspective
- Demonstrate commitment to social work as a form of ministry

Sports Management

Bachelor of Arts or Science Degree

DESCRIPTION

124 Credit Hours

School of Business

Bill Tibbetts, Director

The Sports Management major is designed to prepare graduates to become leaders in this exciting and varied field. Preparation for this field will include an emphasis on studies in both relationship principles and business practices, in addition to sports management practices and procedures. All students in this major field of study will also complete 18 credits of Bible & theology training. We believe that this training is essential in the support of NCU's institutional mission of "preparing students to fulfill Biblical models of leadership & ministry throughout the

world.” The knowledge and insights from this field of study are meant to enhance the student’s spiritual preparation for a life of serving God whether that be in a secular or Christian environment. Students will benefit from North Central’s location as the Twins Cities has nine professional sport teams, numerous colleges, a strong park & recreation district and many private fitness clubs to enhance the classroom experience with practical experience and on the job training.

Urban Development Studies

Bachelor of Science Degree

DESCRIPTION

124 Credit Hours

Center for Youth & Leadership

Brian Pingel, Director

The urban landscape has dramatically changed in the last twenty years. The urban core has become diverse. Modern, postmodern and pre-modern thinkers occupy the same neighborhood space. Ethnicity is no longer the litmus to determine like groups as the nations of the world have mixed while finding a home in the cities of the world. There is also a notable trend in socioeconomic diversity as gentrification takes hold: lower and upper class dwelling together in close proximity. This diversity calls for an expanded response: traditional church-centered, relief-oriented ministry has grown to include church-based, Not for Profit (NFP) and For Profit (FP) organizations as vehicles of ministry. These expanded ministries require legal, fiscal and administrative acumen outside that of traditional pastoral ministry. Service in the urban core requires more content and skills than are currently offered by traditional 'urban ministry' programs. In order to be well-poised, competent and agile practitioners in the urban context, our graduates develop the skills necessary to lead urban congregations and also to establish and administrate church-based nonprofit ministries, as the needs grow greater and the resources more meager. Our graduates will move at ease in the cross-cultural ethos of the World Class City.

The Urban Studies major has been developed based upon two key components: the Urban Studies Core and a specialty track: Urban Ministry or Urban Development. The Urban Studies Core provides foundational concepts and experiences for a lifetime of service in a World Class City. Additionally, the structure of the Urban Studies Core seeks to develop an atmosphere of collegiality between the specialty tracks that enhances the opportunity to deploy robust, multidimensional ministries. The tracks allow the student to specialize in the type of service pursued.

Urban Ministry Track: The Urban Ministry track prepares the student for traditional church-based forms of service such as leading a congregation in a pastoral role. The student who completes this track will attain the academic requirements to pursue a License to Preach in the Assemblies of God.

Urban Development Track: The Urban Development track seeks to lift the relief and development burden from the shoulders of the generalist pastor and place it upon an individual specifically trained to lead these types of ministries. This track will equip the students with the knowledge, skills, and experiences to develop and lead Not for Profit (NFP) and For Profit (FP) relief and development ministries in World Class Cities.

Program Goals:

- Graduates will develop an understanding of themselves and others, communicating effectively, serving others and growing spiritually.
- Graduates will be able to identify prevalent attitudes that have greatly affected marginalized people such as racism, sexism, ethnocentrism and classism throughout history.
- Graduates will develop a comprehensive theology that addresses the presentation of the Gospel in a multi-ethnic context and application of that Gospel in contemporary issues of injustice such as human trafficking, homelessness and poverty.
- Graduates will view the city as a system while developing an understanding of the dynamics and process of World Class Cities in general and U.S. cities in particular.
- Graduates will identify critical issues that urban dwellers around the world deal with on a daily basis that make urban living a challenge.
- Graduates will develop the skills and strategies necessary to lead both church and parachurch organizations that focus upon asset based empowerment while still providing traditional relief type services.

All students must complete the General Education and Christian Studies Cores in addition to the Urban Studies core. Students may add general electives or an optional minor. Total credit hours to complete the degree must equal at least 124 credits.

Youth Development Studies

Bachelor of Science Degree

DESCRIPTION

124 Credit Hours

Center for Youth & Leadership

Brian Pingel, Director

Students who complete the Youth Development Studies major will earn a Bachelor of Science degree providing a broad range of specific studies in the crucial areas of Youth and Adolescent education and ministry. This program is designed for students who desire ministry to adolescents in a wide range of vocations such as counseling, athletics, recreation, social work, missions, mass communications, music, etc. Effective student ministry is done through the development of real relationships between believers and non-churched students by addressing both their felt and real needs. Youth ministry is broad and consists of elements that consider a student's cognitive, emotional, affective, moral, spiritual and social development. Some students feel called to youth ministry but desire to reach youth in more non-pastoral areas. Graduates who complete the Youth Development Studies degree should be able to develop, implement and lead a total youth education program in the chosen area of emphasis with understanding in the following areas:

- Theology
- Practical Ministry
- Adolescent development
- Curriculum options for various ministry contexts

Graduates of this program will be trained to develop, implement and lead a total youth education program through:

- Utilizing leadership skills and gift assessment principles to work effectively with staff and volunteers
- Being able to select and train effective staff and volunteers
- Being able to evaluate the strengths and weaknesses of a program
- Using effective motivational techniques
- Developing a philosophy of ministry
- Developing an appropriate purpose statement and professional vision
- Planning and implementing an education and /or helping program for adolescents
- Creating new and exciting program formats that are tailored to the needs and interests of adolescents
- Being a mentor to adolescents
- Using effective evangelism and discipleship
- Assisting adolescents with their emotional, social, family and other personal needs
- Developing personal and professional accountability
- Maintaining a healthy personal and family life
- Serving as a model of consistent Christian character and lifestyle
- Being a steward of God-given resources through practicing good management skills
- Having excellent public speaking skills

Graduates of the Youth Development Studies program will understand adolescent educational and developmental issues for the various programs in a specific area by:

- Knowing the various types of literature and curriculum available
- Understanding the historical and sociological contexts and addressing issues and concerns with a Christian perspective
- Being aware of and able to use the technological resources available
- Being able to evaluate curriculum options and relate to the needs of adolescents
- Being able to select curricula appropriate to the various levels of adolescent development
- Understanding the developmental and spiritual stages of personal growth, individual learning styles, educational methodologies and group dynamics
- Having a sincere desire and the ability to help and care for adolescents from all socioeconomic, cultural and ethnic backgrounds
- Effectively communicating Bible and theology, along with Assemblies of God doctrine
- Be able to demonstrate and teach Pentecostal Distinctives

Through classes common to all majors in the department, students should be able to:

- Proclaim God's Word accurately and effectively

- Actualize their God-given gifts
- Prepare for practical ministry within the local church, in para-church organizations and through community institutions
- Broaden their perspective of missions at home and abroad
- Teach and implement a program concerned with adolescent developmental issues

All students must complete the General Education Core and Christian Studies Core. In addition, all Youth Development Studies majors are required to complete the Youth Development Studies Core program and select the minor of their choice as an area of emphasis. Total credit hours to complete the Youth Development Studies major must equal at least 124 credit hours.

MAGNUM OPUS

Interdisciplinary Studies in Liberal Arts

Bachelor of Science Degree

DESCRIPTION

126 Credit Hours

College of Arts & Sciences

Dr. Daniel Nelson, Dean

The Bachelor of Science in Interdisciplinary Studies in Liberal Arts degree program at NCU introduces the Magnum Opus Program—a unique cohort-based, academic degree track that focuses students first on gaining wisdom through a modified great books curriculum in its foundations courses, followed by an interdisciplinary specialization.

Modified Great Books. A Socratic Classroom

This exceptional college core program enables students to study modularly—one subject at a time, in an order that follows the flow of the biblical narrative. This approach builds an overarching unity of knowledge as the core subjects connect together to create a unique lens through which to better understand the nature and character of God.

The Bachelor of Science in Interdisciplinary Studies offers students an accelerated degree that trains students to be creative and resilient problem solvers. After completing the 16-month Magnum Opus Program, students have the opportunity to complete their interdisciplinary studies degree. In this way, students are trained for their mission, not only their major, giving them tools to operate as effective multidimensional problem solvers in an ever-changing global economy.

Semester 1

Theos (God)

- Focus: Rhetorical, Metaphysical and Epistemological Foundations
- Purpose: To equip students with the analytical, theological and philosophical tools to think critically about the essential nature of the Good Life.
- Outcomes: Demonstrate qualitative reasoning competencies through the construction and deconstruction of textually/non-textually based arguments and claims.

Semester 2

Cosmos (World)

- Focus: Mathematical, Cosmological and Biological Foundations
- Purpose: To equip students with the mathematical, observational and experimental skills to think scientifically about the natural context(s) of the Good Life.
- Outcomes: Demonstrate quantitative reasoning competencies by pursuing (real-world) computational proficiencies, (hands-on) scientific projects and (lab-based) experimental proofs.

Semester 3

Anthropos (Humanity)

- Focus: Anthropological, Cultural and Social Foundations
- Purpose: To equip students with the personal, relational and aesthetic competencies to think creatively about the cultural tasks of the Good Life.
- Outcomes: Demonstrate social reasoning competencies through the observation, interpretation and evaluation of the historically and geographically diverse forms of human rationality.

Semester 4

Ethnos (Nation)

- Focus: Political, Legal and Economic Foundations
- Purpose: To equip students with the historical, theoretical and practical expertise to think justly about the public order of the Good Life.
- Outcomes: Demonstrate practical reasoning competencies through responsible, personal participation in the political processes and financial institutions of Western (i.e., American) society.

Latin

DESCRIPTION

18 Credit Hours

Institute for Biblical & Theological Studies

Dr. Glen Menzies, Dean

The impact of the Latin language in the West has been profound, and detailed study of most of the history of the West requires familiarity with Latin. Until about 200 years ago, familiarity with Latin was a prerequisite for Western college or university education. Moreover, Latin still is an important language in Theological Studies and it serves as the foundation of “classical education,” a pedagogical approach that is both popular and effective. Completion of the Latin minor, will give the student access to many important texts that remain valuable in academic study.

Air Force ROTC

Through an agreement, North Central University students may enroll in aerospace studies at the University of St. Thomas. Air Force ROTC is an educational and leadership program designed to prepare students for commissioning as second lieutenants in the United States Air Force. Courses include AERO 111 Air Force Today—U.S. Air Force Mission and Organization, AERO 211 Development of Air Power—Air Power/Military History, AERO 311 Leadership and Management—Learning to be a Leader and AERO 411 National Security—Its Policy and Officer Responsibilities. Students may enroll in the four-year program any time up to fall semester of their sophomore year, with freshman and sophomore classes adding two hours of coursework each week. No obligation is incurred by enrolling in the undergraduate courses and credit is earned. To enroll in the two-year program, students must preregister in spring semester of their sophomore year. Scholarships are also available. For more information, contact the Department of Aerospace Studies, University of St. Thomas at 651.962.6320.

Army ROTC

The department of Military Science at the University of Minnesota conducts the Army ROTC program to prepare men and women as officers for the Regular Army, National Guard and Army Reserve. In addition to instruction in military fundamentals, this program develops the leadership skills essential to serving as an officer and civilian leader. Military Science courses are offered in two and four-year sequences that students complete concurrently with coursework required for earning a North Central University degree. Students register and earn academic credits for Army ROTC classes through University of Minnesota College of Continuing Education. Students in any academic major may enroll in Military Science. Students may either enroll in a two-year or four-year program. Two, three and four-year scholarships are available. For further information contact the Army ROTC:

English: General

DESCRIPTION

24 Credit Hours

School of English & Communication Arts

Todd Wold, Director

Those who study English believe that an intense concern for words, ideas, and images helps people understand who they are and who they can become. Writing helps all of us clarify and share our thoughts. Literature helps us contemplate the pains and joys of human existence. Through the study of English, we see life's complexity, experience life as others do, and understand better the world in which we live and work. It is not an exaggeration to state that one of the surest marks of an educated person is the ability to handle the English language with grace and precision. The English supporting program develops these skills and it offers these rewards.

Description:

This study will include a chapter-by-chapter analysis of the prophet Jeremiah's oracles, detailing both his messages of doom and hope. The use of these prophecies by both Judaism and Christianity will be examined.

The relation between Jeremiah and Baruch and the manner of the book's composition will also be considered.

BIBLE GEOGRAPHY

BIBL 239

Credits: 3

Description:

This is a study of the physical and historical geography of Palestine. Topography and geopolitical aspects of the environments of the Old and New Testaments are examined.

ACTS

BIBL 242

Credits: 3

Prerequisite(s): BIBL 127

Description:

Recent scholarship has emphasized that the book of Acts is more than just an historical account of the early church. Like its companion volume, the gospel of Luke, Acts presents a distinctive theology, particularly with respect to the empowering work of the Holy Spirit. This class will focus particularly on the rise of Messianic Judaism, the success of the Pauline mission in the Gentile world and the theological concerns presented in Luke-Acts.

THE JOHANNINE LITERATURE

BIBL 245

Credits: 3

Prerequisite(s): BIBL 127

Description:

This study of the Gospel and Epistles of John is designed to assist the student in appreciating John's unique witness to Jesus, in exploring the situation in which this literature was written, and in becoming familiar with the character and spirit of John's theology.

HISTORY OF ANCIENT ISRAEL

BIBL 248

Credits: 3

Prerequisite(s): BIBL 126

Description:

Studies will follow the historical sequence of the period from the conquest of Canaan through the unification, division, dissolution, exile and the era of restoration for the nation of Israel. The books of Joshua through Esther are examined.

Credits: 3

Prerequisite(s): BIBL 127 and either BIBL 220, 229 or 359

Description:

The interdependence of the gospels of Matthew, Mark, and Luke (the Synoptic problem) will be examined, along with each gospel's particular emphases and themes. On a rotating basis one of the gospels will be the primary foundation around which the class will be structured.

HERMENEUTICS: THE ART OF INTERPRETATION

BIBL 359

Credits: 3

Prerequisite(s): BIBL 126 and BIBL 127

Description:

Hermeneutics is the art and science of interpreting the Bible. It guides the reader in understanding and applying the biblical message today, even though the books of the Bible were written at times, and often in places and cultures far removed from the contemporary interpreter. The course provides interpretative tools and techniques, as well as a foundation of methodology and theory. Special consideration is given to how the Old Testament relates to the New Testament, dealing with apparent tensions between different passages of scripture, and the problems of historical, linguistic, and cultural distances.

TOPICS IN HISTORY, CULTURE AND METHOD

BIBL 366

Credits: 3

Prerequisite(s): BIBL 126 and BIBL 127

Description:

Through examination of focused topics, this course will expose students to major issues and methods of study used in Biblical Studies. Intended for advanced students, the specific topic examined in this course will vary from semester to semester. This course may be repeated for credit.

REVELATION

BIBL 370

Credits: 3

Prerequisite(s): BIBL 127 and either BIBL 220, 229 or 359

Description:

This course will focus on study of the Apocalypse of John and the Old Testament images it evokes. As the distinctive characteristics of apocalyptic literature are highlighted, extra-biblical apocalyptic literature may also be examined. Particular attention will be given to the relationship between prophecy and apocalyptic.

HEBREWS

BIBL 440

Credits: 3

Prerequisite(s): BIBL 127 and either BIBL 220, 229 or 359

Using Microsoft FrontPage, students will learn web site creation, web site management, incorporating Java applets, sound and video on the web. Extra lab work may be required.

PRINCIPLES OF MANAGEMENT

BUS 250

Credits: 3

Description:

Principles of Management is an introductory course examining the role of the manager in modern business. This course will survey the history of management and management theory, in addition to applying contemporary management principles of planning, organizing and controlling in real-world business scenarios. There is an emphasis on understanding through application; therefore, much of the content is taught through mini-projects. This class would be of value for students who intend on being in any leadership position, regardless if in the secular marketplace, nonprofit sector or church.

PRINCIPLES OF MICROECONOMICS

ECON 251

Credits: 3

Description:

This course examines how individuals make consumption decisions (demand) and how firms make production decisions (supply). These decisions are affected by factors such as market structure, level of economic efficiency, market failures, and government policies.

ENTREPRENEURSHIP & SMALL BUSINESS MANAGEMENT

BUS 255

Credits: 3

Prerequisite Note(s): Requires Junior status or instructor approval.

Description:

This class addresses the unique experience of conceiving, evaluation, creating, managing and potentially selling a business, a process called entrepreneurship. The goal is to provide a solid background with practical application of important concepts applicable to the entrepreneurial environment. Entrepreneurial discussions will focus on the key business areas of finance, accounting, marketing and management and will include the creative aspects of entrepreneurship. The course relies on classroom discussion, participation, guest speakers, case analysis, the creation of a feasibility plan, and building a business plan to develop a comprehensive strategy for launching and managing a business. Students will need to draw upon their business education and experience, and apply it to the task of launching a new venture. Students are expected to interact with the business community and advisors, be able to work effectively in teams, and be active participants in classroom discussions and exercises.

PRINCIPLES OF MACROECONOMICS

ECON 256

Credits: 3

Description:

Current:

This course examines the U.S. economy from the big picture or “macro” perspective. Specifically, we learn how the economy grows and shrinks and we examine the interactive effects of economic phenomena such as inflation, unemployment, and interest rates on that growth and shrinkage. We also examine fiscal and monetary policies that are used to influence the economy and how those policies impact individuals.

STATISTICS & DECISION MAKING

ADVANCED PRINCIPLES OF MARKETING

BUS 350

Credits: 3

Prerequisite(s): BUS 265

Description:

Advanced marketing builds on the principles and concepts taught in Marketing Principles. One of the most effective tools to hedge against market risk and distance similar products or services from competitors is an organization's underlying brand identity. The course provides insights into how to create profitable brand strategies by building, measuring, and managing brand equity. Social media marketing will be introduced as it relates to brand development and management. Throughout the course, a biblical and ethical perspective of branding will be addressed.

SOCIAL ENTREPRENEURSHIP & ECONOMIC DEVELOPMENT

BUS 355

Credits: 3

Prerequisite(s): BUS 161

Description:

Social entrepreneurship is a rapidly developing field of business in which entrepreneurs are using business methods to help solve social and environmental challenges otherwise ignored or missed by commerce and addressed predominately with often unsustainable donor-driven models by the nonprofit sector. This field includes "social entrepreneurship," where employees in existing companies similarly are developing new income opportunities for their firms by addressing social and environmental challenges in a profitable, scalable manner. Using the social enterprise concept, it is now increasingly possible for major companies to move social responsibility from a cost center to a profit center. In this evolving landscape, social entrepreneurs are at the vanguard of creating new business models for neglected markets that corporations can emulate, partner with or acquire to take to scale. As the traditional lines blur among nonprofits, government and business, it is critical that business students understand the opportunities and challenges in

this new landscape. Through guest speakers, case discussion, lecture and student presentations this course will explore this emerging field. Students will learn what a social enterprise is and how it is the same as well as different from other types of business. Students will be expected to develop a business plan summary and investment 'pitch' to scale a social enterprise.

Topics addressed are Deaf and hearing perceptions/misconceptions, organizations established by Deaf individuals, and the history of the Deaf community up to modern times.

INTERPRETING THEORY

CDS 371

Credits: 3

Prerequisite(s): MLAN 251

Description:

The focus of this course is on the theoretical models of interpretation, text analysis through intralingual/interlingual translation exercises, and an historical overview of the profession of ASL/English interpretation. Fundamental information related to interpreting including the linguistic register, role and responsibilities of the interpreter, the Code of Professional Conduct, and message management techniques. Students will gain an understanding of Demand Control Schema, dropping/retaining form and depersonalized commentary.

INTRODUCTION TO INTERPRETING

CDS 372

Credits: 3 (Fee Required)

Prerequisite(s): CDS 371

Description:

This course emphasizes the language skills necessary to develop and render a quality interpretation. Attention will be given to the analysis of American Sign Language and the development of self-analysis skills. The students will learn the skill of discourse analysis to gain a better understanding of the component parts of a message (English to ASL). Students will learn consecutive sign language interpreting and role shifting.

INTERPRETING CLINICAL

CDS 451

Credits: 3 (Fee Required)

Prerequisite(s): CDS 371

Description:

The Interpreting Clinical course is designed to introduce students to the profession of sign language interpreting through observation and dialogue with seasoned interpreters. This practicum course is often facilitated through interpreting agencies, video relay services and networking with the interpreting community; this course must be completed with certified interpreters. The interpreting clinical requires students to complete 100 hours.

BUSINESS PRACTICES AND CERTIFICATION PREPARATION

CDS 452

Credits: 3 (Fee Required)

Prerequisite(s): CDS 471

Description:

The primary focus of this course is on preparing students to be working interpreters. Students will learn how to make ethical decisions, prepare for certification exams and other assessments, and market themselves in a professional and judicious manner. They will develop a portfolio, secure references, obtain letters of recommendation and build partnerships. Various interpreting settings will be addressed: private practice, referral agent, staff, contract, video relay (VRI) and educational positions.

ETHICS & DECISION MAKING

CDS 470

Credits: 3 (Fee Required)

Prerequisite(s): MLAN 251

Description:

This course is an examination of personal and professional ethics and the role of decision making in the field of interpreting. Consideration will be given to ethical behavior based on contextual principles or goals (teleological) rather than adherence to a strict set of strategies, rules or laws (deontological). Personal integrity and behavior which often guides individual decisions in the interpreting profession will be discussed. The RID Code of Professional Conduct (CPC) will be studied.

INTERPRETING THEORY & PRACTICE I

CDS 471

Credits: 3 (Fee Required)

Prerequisite(s): CDS 371

Description:

This course will focus on building linguistic and interpreting awareness to achieve message equivalency. Emphasis will be on the ability to provide a professional presentation with a focus on individual expression, register, vocabulary, message delivery and demeanor. Additional consideration will be given to practice interpreting and coding (transliterating), expansion techniques, as well as team interpreting approaches.

NOTE: The class will utilize half of the weekly class hours to practice, develop, and hone interpreting skills.

INTERPRETING THEORY & PRACTICE II

CDS 472

Credits: 3 (Fee Required)

Prerequisite(s): CDS 471

Description:

This course will focus on identifying and developing linguistic and interpreting skills necessary to be competent in the art of interpreting. Student will complete an Interpreter Skills Inventory identifying areas of growth and areas of strength. Students will discuss the merits of deliberate practice and possible implications; they will set SMART goals and implement their personalized Professional Development Plan. Emphasis will be given to religious, educational settings, working with Deaf interpreters, as well as simultaneous and consecutive interpreting.

NOTE: The class will utilize half of the weekly class hours to practice, develop, and hone interpreting skills.

INTERPRETING IN ADVANCED SETTINGS

CDS 475

Credits: 3

Prerequisite(s): CDS 471

Description:

This course covers the various advanced settings of interpreting. This includes specialties such as medical, dental, deaf-blind, extended voice interpreting and mental health interpreting. Students will examine their lexicons and linguistic fluency in both English and American Sign Language concerning each of these arenas. The students will practice sight translation and interpret linguistically dense material while learning their individual capacity to modulate, modify or control linguistic production for each setting.

INTERPRETING INTERNSHIP

CDS 488

Credits: 3-6

Description:

Interpreting students must build partnerships with interpreter referral agencies, public schools, service providers and other entities to begin the internship process. It is expected that interns will work with experienced interpreters who are nationally certified. The interpreting internship requires students to complete 400 hours.

SENIOR PROJECT

CDS 495

Credits: 3

Description:

The Senior Project is a culmination of the student's learning experience. Students are expected to apply the learning gained in the General Education Core, the Christian Studies Core and their major into a project that is related to interpreting. The Senior Project is designed to encourage students to explore areas of interest in their major. The class project is flexible as long as the format is deemed appropriate. Students may conduct a research project, forum, group study, presentation or combination of the above.

Children & Family Ministries

INTRODUCTION TO CHILDREN & FAMILY MINISTRIES

CHMN 150

Credits: 3 (Fee Required)

Description:

This course is an overview of planning and presentation of illustrative methods available for communicating biblical truths to children. The class will include demonstrations and hands-on experience in the use of object lessons, costume presentations, media/technology, and more. Students create and participate in programming for children.

FOUNDATIONS FOR CHILDREN'S AND FAMILY MINISTRY

CHMN 261

Credits: 3

Prerequisite(s): CHMN 150

Description:

This class provides students with the foundations necessary for leading an effective children and family ministry program. An emphasis is placed on developing, administering and evaluating the various aspects of children's and family ministries.

CHILDREN'S MINISTRY MISSIONS TRIP

CHMN 392

Credits: 1

Description:

This course will help prepare students for a cross-cultural summer ministry experience in Children's Ministry. The class will help the students enlarge their vision and will aid in the development of an active, biblical world view. Students will develop special skills and develop team building and team unity before the ministry experience occurs. The course is immediately followed by a cross-cultural experience helping to relate the academics of the program with real life.

CHILDREN'S MINISTRY HOMILETICS

CHMN 450

Credits: 3

Prerequisite(s): CHMN 150 and PRAC 252

Course Fee: \$10

Description:

Provides a broad historical context for media regulation and explores existing media law and policy to enable students to critique and analyze future laws and policies, identify legal issues arising from media trends in today's culture, and articulate the ethical issues relevant to media conduct.

CREATIVE NONFICTION WRITING

COMM342

Credits: 3

Prerequisite(s): ENG 124 or ENG 126

Description:

Creative Nonfiction is a new name for an old game—belles letters, literary nonfiction, New Journalism, and the 4th genre are all just alternate nomenclature for this growing body of writing which positions itself in the grey world between fiction and nonfiction, refusing to accept the determined label of either. The beginning of all creative nonfiction is writers who have been given permission to allow their experiences in the world to creatively shape their writing, allowing personality and flavor to come back into the often dry world of nonfiction. As a result of the relatively recent emphasis on creative nonfiction (as its own genre), new angles of perception have arisen in the role of the voice, the use of research, the value of story, the need for point of view, and range of form and language possibilities. Naturally an emphasis in this course will be placed on memoir, personal essay, travel writing, literary journalism, nature writing, history writing, autobiography writing and more.

[Cross-listed as ENG 342]

ADVANCED PRESENTATIONS AND PERSUASION

COMM 344

Credits: 3

Note(s): Students may not DR this course.

Description:

Students become proficient in organizing, researching and delivering public speeches. COMM 462

Credits: 4 (Fee Required)

Pre-requisite(s): COMM 360

Description:

Students study advanced video production techniques. Further attention is given to editing, primarily to non-linear editing and audio. Students are encouraged to utilize creativity as well as develop technical skills for video production.

PRO TOOLS I

COMM 464

Credits: 3 (Fee Required)

Description:

Pro Tools will equip a student with the basic skills needed to operate Pro Tools LE in a personal or professional studio environment. The student will learn the basic skills needed to run a recording studio, develop basic engineering techniques, and the necessary skills to work with musicians, artists, songwriters, and producers in a studio environment.

[Cross-listed as MUS 381]

ADVANCED VIDEO POST-PRODUCTION

COMM 470

Credits: 3 (Fee Required)

Prerequisite(s): COMM 360 and COMM 462

Description:

This course provides an intensive seminar with hands-on training in a specific discipline of video post-production technology. Students are exposed to specific skills in the concepts and techniques of a chosen technical application(s), such as Apple Motion and Adobe After Effects, for use in the overall video post-production editing process. These advanced skills intended to benefit students preparing for video-related Senior Projects.

SENIOR SEMINAR IN COMMUNICATION STUDIES

COMM 492

Credits: 3

Prerequisite(s): ENG 124 or ENG 126

Description:

This course is the capstone course for Communications majors. Students will engage in the critical understanding of mediated communication, integrating theory and emerging forms of media and media delivery channels. It will evaluate student's progress towards a career in communications, emphasizing building a good portfolio and resume. Seminar discussion and assignments focus on the integration of critical thought and faith into the study and praxis of mediated communication.

SENIOR PROJECT - COMMUNICATION ARTS

COMM 495

Credits: 3

Description:

The senior project is an apex endeavor, reflecting four years of academic and practical training. At the discretion of the professor, students prepare a final paper and/or complete a project. Student consultation with the NCU advisor is essential during the project's formative and developmental stages. All coursework must arrive at the Communication Arts Department office two weeks prior to graduation.

COMMUNICATIONS INTERNSHIP

COMM 496

Credits: 3

Description:

Students are assigned to a professional setting where they are given opportunities to work in a communications environment. Students are expected to spend a minimum of 20 hours a week "on-the-job." Course descriptions are tailored to the student's interests and the institution's specifications.

Computer Science

CAREER PREPARATION

CSCI 110

Credits: 2

Description:

This course is designed for career orientation and evaluation in computer science. A major component of the class includes presentation of various careers in the fields of computer science and computer information systems.

INTRODUCTION TO SOFTWARE & COMPUTING

CSCI 160

Credits: 3

Description:

This course introduces object-oriented programming through a study of problem solving, recursion, algorithms, and data structures, using simple but real programming projects.

PROGRAMMING I

CSCI 210

Credits: 4

Prerequisite(s): CSCI 160

Description:

This course introduces topics such as Algorithms and Data Structures, Databases, Operating Systems, Formal Languages, Regular Expressions, Programming Languages, "the cloud" (SaaS, IaaS, PaaS), Networking and the Internet, Security, Functional programming, Object-oriented programming/SOLID, and many others.

PROGRAMMING II

CSCI 260

Credits: 4

Prerequisite(s): CSCI 210

Description:

This course continues with the topics of Algorithms and Data Structures, Databases, Operating Systems, Formal Languages, Regular Expressions, Programming Languages, "the cloud" (SaaS, IaaS, PaaS), Networking and the Internet, Security, Functional programming, Object-oriented programming/SOLID, and many others.

DATABASE THEORY & PROGRAMMING

CSCI 310

Credits: 3

Prerequisite(s): CSCI 260

Description:

This course emphasizes the use of the computer as a tool to manipulate data and produce information using databases. Students will learn how to create tables, forms, queries, reports and macros using a small-scale database management system.

ALGORITHMS & DATA STRUCTURE

CSCI 320

Credits: 3

Prerequisite(s): CSCI 260

Description:

This course presents the fundamental suite of data structures and the algorithms used to implement them. Topics include: abstract data types, algorithm development and representation, searching, sorting, stacks, queues, lists, trees, measuring algorithm complexity, object-oriented design and implementation of moderately large and complex systems.

APPLICATION ARCHITECTURE

CSCI 360

Credits: 3

Prerequisite(s): CSCI 260

Description:

This course presents computer organization, structure of operating systems, memory management, process management, resource allocation, and operating system monitors. Alternative approaches to operating system design.

SOFTWARE ENGINEERING

CSCI 370

Credits: 3

Prerequisite(s): CSCI 320

Description:

This is a survey course covering software engineering concepts, techniques, and methodologies. Topics covered include software engineering; software process and its difficulties; software life-cycle models; project planning including cost estimation; design methodologies including structured design, data-structure oriented design, object-oriented design; and software testing.

SYSTEMS ADMINISTRATION

CSCI 410

Credits: 3

Prerequisite(s): CSCI 320

Description:

This course is an in-depth systems development lifecycle practicum and system level programming course. Topics include: Integration of hardware, software and operational practice, machine architecture/organization, complex technology issues, e.g., designing for scalability, configuring systems, architecting storage systems, monitoring/testing performance, executing recovery processes, managing software licenses.

DATABASE ADMINISTRATION

CSCI 420

Credits: 3

Prerequisite(s): CSCI 310

Description:

This course presents techniques in commercial/research-oriented database systems. Catalogs. Physical storage techniques. Query processing/optimization. Transaction management. Mechanisms for concurrency control, disaster recovery, distribution, security, integrity, extended data types, triggers, and rules.

SYSTEMS ANALYSIS & DESIGN

CSCI 430

Credits: 3

Prerequisite(s): CSCI 320

Description:

This course presents requirements management, analysis, and design of computer system solutions targeting business objectives. System development life cycle. Development methodologies. Analysis/design tools/techniques; communication strategies. System architecture as business strategy.

NETWORK ADMINISTRATION

CSCI 450

Credits: 3

Prerequisite(s): CSCI 260

Description:

This course is an introduction to computer networking. Topics include: network architecture, switching, routing, algorithms, protocols, infrastructure hardware, cable plant, security, network management. Lecture, expert guest speakers, labs.

DATA COMMUNICATION & NETWORKING

CSCI 460

Credits: 3

Prerequisite(s): CSCI 260

Description:

This course includes concepts, principles, protocols, and applications of computer networks. Layered network architectures, data link protocols, local area networks, routing, transport, network programming interfaces, and networked applications. Examples from Ethernet, Token Ring, TCP/IP, HTTP, WWW.

COMPUTER & INFO SECURITY

CSCI 470

Credits: 3

Prerequisite(s): CSCI 260

Description:

This course covers an introduction to the concepts of security. These concepts are applied to areas such as programming, databases, networks, systems, and applications. The course covers general concepts and specific instances of security related threats.

MOBILE DEVELOPMENT

CSCI 480

Credits: 3

Prerequisite(s): CSCI 260

Description:

This course focuses on the development of applications on mobile platforms. Emphasis is placed on the development of applications for current and emerging mobile computing devices. Students include the following factors into their development projects: platform capabilities, user characteristics, and networking infrastructure.

INTERNSHIP

CSCI 490

Credits: 3

Prerequisite(s): Instructor Permission

Description:

This course involves a field experience in computer science. The emphasis is tailored to the needs and interests of the student.

SENIOR PROJECT

CSCI 495

Credits: 3

Prerequisite(s): Instructor Permission

Description:

A capstone experience for computer science majors in their senior year. Each student works on an in-depth, guided project, culminating in both a written report and an oral presentation.

Critical Thought

HISTORY OF WESTERN PHILOSOPHY

CT 210

Credits: 3

Description:

This course surveys the major philosophers and philosophies in the history of Western thought that have had a significant formative effect on the development of theories of law and state, epistemology, religion, theology and ethics. Having studied these theories and systems of thought, students should be prepared to deal with the wide range of issues encountered in other disciplines where this basic knowledge of philosophy is foundational.

ANCIENT PHILOSOPHY

CT 211

Credits: 3

Description:

This course examines important ancient and medieval philosophers and their ideas in the great tradition of Western philosophy. The course spans from the pre-Socratics up to, but not including, Descartes. In addition, reading of primary materials allows the student to encounter philosophical thought firsthand.

MODERN PHILOSOPHY

CT 212

Credits: 3

Description:

The major topics of philosophical thought are studied to give an understanding of both the nature of the problems involved in each topic and the particular theories developed by significant modern philosophers beginning with Descartes. In addition, reading of primary materials along with general studies allows the student to encounter philosophical thought firsthand.

VISIONS OF THE GOOD: ETHICS AND WORLDVIEW

CT 213

Credits: 3

Description:

Designed to develop an ability to identify and critique the basic criteria of various ethical systems, the course surveys the major schools of ethical theory, examines the writings of significant theorists and applies this knowledge to current ethical problems.

CURRENT PHILOSOPHICAL ISSUES

CT 215

Credits: 3

Description:

This course examines current issues in society to discover both the philosophical underpinnings on which they are based, as well as the effects they have in the course of daily life. All positions on practical issues are based on philosophical theories. To uncover these traditional theories, the writings of various current thinkers are analyzed. With the philosophical system exposed, an evaluation of the reasons for holding the position is made.

EXPLORING FAITH AND REASON

CT 220

Credits: 3

Description:

This course examines the role reason should play in the Christian life by focusing on the major historical and contemporary writings that address the tension between faith and rationality and related issues. Special attention will also be given to the relationship between Christian faith and public life by discussing the sacred-secular dichotomy and reflecting on how it prevents Christians from loving God with all their minds.

CHRISTIAN APOLOGETICS

CT 246

Credits: 3

Prerequisite(s): Either THEO 114 or THEO 210

Description:

Christian Apologetics resembles the philosophy of religion, except that it is always conducted from a stance of faith. While traditionally the term apologetics signifies "a defense of the faith," it has a positive as well as a defensive side. Proofs for the existence of God, explanations of the human condition, and the problem(s) of evil fall under the purview of apologetics, as do the defense of miracles and belief in an afterlife.

[Cross-listed as THEO 246]

Economics

PRINCIPLES OF MICROECONOMICS

ECON 251

Credits: 3

Description:

This course examines how individuals make consumption decisions (demand) and how firms make production decisions (supply). These decisions are affected by factors such as market structure, level of economic efficiency, market failures, and government policies.

PRINCIPLES OF MACROECONOMICS

ECON 256

Credits: 3

Description:

This course examines the U.S. economy from the big picture or "macro" perspective. Specifically, we learn how the economy grows and shrinks and we examine the interactive effects of economic phenomena such as inflation, unemployment, and interest rates on that growth and shrinkage. We also examine fiscal and monetary policies that are used to influence the economy and how those policies impact individuals.

Education

FOUNDATIONS OF TEACHER EDUCATION

EDUC 150

Credits: 3 (Fee Required)

Description:

Education majors must take this course with EDUC 151 Foundations Field Experience. This course is an introduction to the historical, philosophical and sociological foundations of education. The progression of education from the past to contemporary crucial issues in education will be examined.

FOUNDATIONS FIELD EXPERIENCE

EDUC 151

Credit: 0.5

Description:

In this course the student will be assigned to a classroom teacher in order to perform various classroom duties. The student will be given an opportunity to observe and interact with children in a classroom setting. This course is taken in conjunction with EDUC 150 Foundations of Teacher Education.

HUMAN RELATIONS

EDUC 222

CREATIVE NONFICTION WRITING

ENG 342

Credits: 3

Prerequisite(s): ENG 124 or ENG 126

Description:

Creative Nonfiction is a new name for an old game—belles lettres, literary nonfiction, New Journalism, and the 4th genre are all just alternate nomenclature for this growing body of writing which positions itself in the grey world between fiction and nonfiction, refusing to accept the determined label of either. The beginning of all creative nonfiction is writers who have been given permission to allow their experiences in the world to creatively shape their writing, allowing personality and flavor to come back into the often dry world of nonfiction. As a result of the relatively recent emphasis on creative nonfiction (as its own genre), new angles of perception have arisen in the role of the voice, the use of research, the value of story, the need for point of view, and range of form and language possibilities. Naturally an emphasis in this course will be placed on memoir, personal essay, travel writing, literary journalism, nature writing, history writing, autobiography writing and more.

[Cross-listed as COMM 342]

Government

INTRO TO GOVERNMENT

GOVT 224

Credits: 3

Description:

This is an introductory course focusing on the basics of American state and national Government, with occasional reference to other government systems. Topics covered include the constitution; the federal system; political participation; the role of media, interest groups, and political parties; federal government structure; and policymaking.

INTRODUCTION TO POLITICAL SCIENCE

GOVT 370

Credits: 3

Description:

In the course of our secondary educations, most of us are taught something about the political history of the Western world. However, much less time is spent on the ideas that inform major political movements or how contemporary societies organize for government. This course will attempt to address that lack by examining political philosophy in its historical and contemporary contexts. Although this course will examine the differing types of governments around the world, a special emphasis will be placed on American government and political philosophy and how this nation contributes to both conflict and cooperation with other nations. This course, while designed to meet the social studies endorsement for elementary education students and the 5-12 social studies licensure for secondary education students, may also be taken as a general elective.

Graduate Studies

PERSONAL LEADERSHIP DEVELOPMENT

GLE 500

Credits: 3

Description:

There are many different concepts concerning leadership. This introductory course explores the principles of spiritual leadership that are revealed in the Bible and exemplified in the lives of Jesus Christ and subsequent spiritual leaders. The course materials review selected writings from both sacred and secular authors to give the student a broad perspective of leadership, with primary emphasis placed on spiritual models.

*For Undergrads, this course can be taken with permission of the Dean of Graduate Studies as a general elective to meet degree requirements.

LEADERSHIP STRATEGIES & CHANGE

GLE 550

Credits: 3

Description:

This course investigates the analytical process that enables leaders to make effective and efficient (strategic) organizational decisions for sustainable impact, with emphasis on the manner in which leaders can persuade members to bring about successful organizational change. It is a study of the methods and nature of strategic planning, including the internal and external environments and opportunities leaders face in strategic planning, the leader's task in responding to the variables within these environments, and the impact of these variables on strategic choices. Topics include how to assess critical variables impacting organizations, key factors in the change process, and communicating essential observations and recommendations.

*For Undergrads, this course is cross-listed with BUS465 and can be taken with permission of the Dean of Graduate Studies in place of that course to meet degree requirements.

PROJECT MANAGEMENT

GLE 625

Credits: 3

Description:

Effective project management knowledge, skills, and values are critical to leading successfully in corporate project environments and to accomplish organizational objectives. This course will equip learners with knowledge, skills and values— by explaining core project management concepts and techniques. During the course, project management knowledge is enhanced through project management skill development that uses case study examples to demonstrate how project management best practices are applied within the context of the real world.

The course is intended for students as well as for working professionals. The course is designed to present the essential skills students need to make effective contributions and to have an immediate impact on the accomplishment of projects in which they are involved. It prepares students with marketable and transferable proficiencies and sends them into the workforce ready to apply project management knowledge and skills.

While professional certification is optional for participants in the course, the course is intentionally structured to encourage certification through the Project Management Institute. For students, the course will prepare them to take the Certified Associate in Project Management (CAPM) examination. For working professionals with requisite project management experience, the course will prepare them to apply for and take the Project Management Professional (PMP) examination.

*For Undergrads, this course can be taken with permission of the Dean of Graduate Studies in place of that course to meet degree requirements.

Credits: 3

Prerequisite(s): ICS 352, ICS 485, and students must be of senior standing.

Description:

This course is a culminating learning experience for the advanced intercultural student, which concludes their ICS degree with a synthesis project that applies anthropological, Biblical, qualitative, and library research to their desired area. Original research from their cross cultural internship may be supplemented by a literature review focusing on: history, politics, religion, worldview, economics, social needs, and current ministry approaches and strategies among their chosen ethnic group. This class takes the form of individualized, directed research projects that are professionally and publically presented to prepare the student both for ongoing educational endeavors as well as life within a specific field or type of cross cultural ministry.

SENIOR PROJECT

INDS 495

Credits: 3

Description:

This course is required of Interdisciplinary majors in the following fields: History and Social Sciences. All other Interdisciplinary programs require the Senior Project specific to their Field 1 of study. This course constitutes the capstone course for the interdisciplinary major. The course methodology and content will vary depending on the student's needs. Successful senior projects in the past have included both major scholarly papers and supervised experiential learning projects with a follow-up paper.

Internship – Ministerial

INTERNSHIP PREPARATION

ITRN 299

Credits: 0

Description:

This course prepares the ministerial student for their required academic program's internship experience. Because an internship is the application of the student's coursework in a professional setting, this course will provide the instruction, direction, and groundwork necessary for successful completion of the student's internship.

[Cross-listed as PRAC 399]

MINISTERIAL INTERNSHIP

ITRN 480

Credits: 1.5/3

Prerequisite(s): ITRN 299 or PRAC 399

Prerequisite Note(s): Junior status and Internship Student Application approval

Description:

Ministerial Internship is an off-campus, local church ministry experience. Students are placed with mature and responsible pastors for on-site training in the local church. This internship program is required for all Pastoral Studies majors. The emphasis of the program is tailored to the particular major and interest of the student. At the same time, the student is exposed to the entire range of ministries in the local church. This helps the student understand the nature of the relationship of his ministry to the church at large.

[Cross-listed as PRAC 488]

CAMPUS MISSIONS INTERNSHIP

ITRN 481

Credits: 3

Prerequisite(s): ITRN 299

Prerequisite Note(s): Junior status & Internship Student Application approval required.

Description:

The internship will require ongoing participation in a local Chi Alpha or college ministry, including training events which Chi Alpha student leaders on the secular campuses experience as a normal part of their leadership development. In addition, the practicum will expose the student to the national structure and personnel of Chi Alpha. See the Campus Missions major and/or your advisor for more details.

Credits: 3

Prerequisite(s): ITRN 299

Prerequisite Note(s): Junior status & Internship Student Application approval required.

Description:

The Urban Development Internship is an off-campus, professional experience in a ministry, program or organization in an urban context. Students who display expertise in their area of interest are placed with qualified professionals. Involvement in this internship program is required for all students with the Urban Studies: Development major. The emphasis of the program is tailored to the particular specialized area of study and interest of the student. Specific requirements are designed by the program director in conjunction with the student's academic program.

[Cross-listed as PRAC 494]

YOUTH DEVELOPMENT INTERNSHIP

ITRN 484

Credits: 3

Prerequisite(s): ITRN 299

Prerequisite Note(s): Junior status & Internship Student Application approval required.

Description:

The Youth Development Leadership Internship is an off-campus, professional experience in a ministry, program or organization that reflects the student's area of specialization. Students who display expertise in their area of interest are placed with qualified professionals. Involvement in this internship program is required for all students with the Youth Development Studies major. The emphasis of the program is tailored to the particular specialized area of study and interest of the student. Specific requirements are designed by the program director in conjunction with the student's approved academic program.

COLLEGE OF MINISTRY INTERNSHIP: PART ONE

ITRN 491

Credits: 3

Prerequisite(s): ITRN 299

Prerequisite Note(s): Junior status & Internship Student Application approval required.

Description:

The first part of four 3-credit courses that make up the College of Ministry Internship requirement. An internship is an experiential learning opportunity. The College of Ministry student is required to complete a total of 12 credits of internship experience. The 12 credits are divided into four 3-credit courses which may be taken concurrently in one semester (Fall, Spring, or Summer), grouped equally as two 6-credit semesters,

or taken over four consecutive semesters. The student will commit to participate with an experienced professional or organization in their chosen field of church ministry, service, or community leadership. The internship church, ministry, or organization shall provide the student with the experience and application of theories, ideas, and expertise accumulated through textbooks, classroom learning, and observation during their undergraduate studies.

COLLEGE OF MINISTRY INTERNSHIP: PART TWO

ITRN 492

Credits: 3

Prerequisite(s): ITRN 491 or

Co-prerequisite(s): ITRN 491

Description:

The second part of four 3-credit courses that make up the College of Ministry Internship requirement. An internship is an experiential learning opportunity. Mathematics

LIBERAL ARTS MATH

MATH 115

Credits: 3

Prerequisite Note(s): Students scoring under 18 on the Math portion of the ACT or under 420 on the SAT must take MATH 115

Description:

This course emphasizes modern, accessible, and applied mathematics. Topics include critical thinking, growth, shape and form, probability and statistics, personal finance, and social choice. The course is intended for students in programs that do not require College Algebra.

COLLEGE ALGEBRA I

MATH 125

Credits: 3

Description:

This course studies basic ideas and concepts in algebra and geometry necessary to understand statement problems, statistics and the basic laws of science. Topics include the real number system, exponents and polynomials, linear equations, inequalities, factoring, rational expressions, radical expressions and quadratic equations.

COLLEGE ALGEBRA II & TRIGONOMETRY

MATH 250

Credits: 3

Prerequisite(s): MATH 125

Prerequisite Note(s): Students scoring over 24 on the Math portion of the ACT or over 550 on the SAT may take MATH 250

Description:

This course studies more advanced ideas and concepts in algebra and trigonometry. Topics include functions, graphing linear and polynomial functions, mathematical modeling, trigonometric functions, matrices, determinants, sequences and series.

STATISTICS

MATH 260

Credits: 3

Prerequisite(s): MATH 115 or MATH 125

Description:

This statistics class includes a study in descriptive and inferential statistics, emphasizing measures of central tendency, probability, correlation and non-parametric statistics essential for research and interpreting professional studies.

CALCULUS I

MATH 280

Credits: 4

Prerequisite(s): MATH 250

Prerequisite(s) Note: or instructor's permission.

Description:

This course studies basic ideas of differential calculus and its applications and an introduction to integral calculus. Topics to be covered include limits and continuity, derivatives of various functions, definite integrals, fundamental theorem of calculus, indefinite integrals, and applications.

CALCULUS II

MATH 290

Credits: 4

Prerequisite(s): MATH 280

Description:

This course will help students develop an understanding of the concepts of integral calculus. Students will also learn how to model situations with integrals. Topics to be covered include techniques of integration, area, volume, and polar coordinates. Minimum Prerequisite: MATH 280.

LINEAR ALGEBRA

MATH 300

Credits: 3

Prerequisite(s): MATH 280

Description:

This is an introductory course in linear algebra. Topics covered in the course will include: matrix algebra, determinants, vectors and vector spaces, transformations, orthogonality, eigenvalues and eigenvectors and applications.

GEOMETRY

MATH 320

Credits: 3

Prerequisite(s): MATH 280

Description:

This is a comprehensive geometry course that covers geometric terms and processes, geometric proofs, problem solving, and the use of geometric learning tools and models. The course will enable the student to understand geometry from both abstract and concrete perspectives.

PROBABILITY AND STATISTICS

MATH 330

Credits: 4

Prerequisite(s): MATH 290

Prerequisite Note(s): or Instructor's permission

Description:

This is a basic probability and statistics course that covers empirical and theoretical probabilities and a study of descriptive and inferential statistics. The course will present students with the fundamental ideas in probability and statistics and will show them the extensive everyday applications of both disciplines. Students will use the computer as a mathematical tool to simulate and analyze problems. Minimum Prerequisite: MATH 290 Calculus II or consent of instructor.

DISCRETE MATHEMATICS

MATH 340

Credits: 3

Prerequisite(s): MATH 280

Description:

This is an introductory course in discrete mathematics. The course will survey discrete mathematical concepts such as: logic, set theory, proof writing, basic number theory, relations and functions, fundamentals of counting, basic graph theory, trees and algorithms.

DIFFERENTIAL EQUATIONS

MATH 350

Credits: 3

Prerequisite(s): MATH 290

Description:

The course will focus on solving problems and making predictions. The process of mathematical modeling with examples drawn from a wide variety of disciplines will be utilized. Topics covered will include ordinary differential equations and models, analytical solution methods for first and second order equations, transformation methods, numerical methods, and systems of differential equations.

MULTIVARIABLE CALCULUS

MATH 360

Credits: 4

Prerequisite(s): MATH 290 and MATH 340

Description:

This course is primarily concerned with the calculus of real and vector-valued functions of several variables. Topics include lines and planes, differentiation and integration of functions of several variables, optimization, line integrals and Green's theorem.

NUMBER THEORY

MATH 370

Credits: 3

Prerequisite(s): MATH 360

Description:

This course will focus on questions about numbers. Topics will include divisibility, GCD and LCM, arithmetic functions, modular arithmetic, Binomial coefficients, order of an element, quadratic residues, and primitive roots.

ABSTRACT ALGEBRA

MATH 410

Credits: 3

Prerequisite(s): MATH 360

Description:

Algebraic structures will be studied in this course. Topics will include groups, rings, fields, modules, vector spaces, and algebras.

REAL ANALYSIS

MATH 420

Credits: 3

Prerequisite(s): MATH 360

Description:

This course will include topics such as elementary set theory, real sequences and their limits, series, functions of real variables, continuity, differentiability, integrability, topology, and power series.

HISTORY OF MATHEMATICS

MATH 430

Credits: 3

Prerequisite(s): MATH 320

Description:

This course is designed to provide an overview of the history of mathematics. The evolution of some fundamental mathematical concepts will also be discussed.

FOUNDATIONS OF ADVANCED MATHEMATICS

MATH 440

Credits: 3

Prerequisite(s): MATH 340

Description:

This course will focus on the conceptual unity of mathematics and at the same time will endeavor to show the application of mathematical concepts in a variety of fields. A wide variety of topics will be covered.

APPLIED STATISTICS

MATH 450

Credits: 2

Prerequisite(s): MATH 330

Description:

This course is a broad treatment of statistics, concentrating on specific statistical techniques used in science and industry. Topics include: hypothesis testing and estimation, confidence intervals, nonparametric statistics, analysis of variance, correlation, and regression.

SENIOR PROJECT - MATHEMATICS

MATH 495

Credits: 3

Prerequisite Note(s): Consent of Instructor

Description:

This course must be arranged with the instructor. The topic of the project will be selected by the student and approved by the instructor.

Modern Languages

SOMALI IA

MLAN 121

Credits: 4

Description:

This course will teach the student beginning conversational Somali, focusing on speaking and listening. Students will learn to use Somali for communication in real, meaningful situations while also developing a

beginning understanding of basic grammatical concepts and an appreciation of Somali culture in the US and around the world.

SOMALI IB

MLAN 122

Credits: 4

Prerequisite(s): MLAN 121

Description:

This course will teach the student conversational Somali, focusing on speaking and listening. Students will learn to improve their use of Somali for communication in real, meaningful situations while also developing a deeper understanding of grammatical concepts and an appreciation of Somali culture in the US and around the world.

FRENCH IA

MLAN 131

Credits: 4

Description:

This course will cover beginning speaking, listening, reading, and writing to develop communication skills in elementary French language.

FRENCH IB

MLAN 132

Credits: 4

Prerequisite(s): MLAN 131

Description:

This course will cover beginning speaking, listening, reading, and writing to develop communication skills in elementary French language.

SPANISH IA

MLAN 141

Credits: 4

Description:

This course will cover beginning speaking, listening, reading and writing to develop elementary communication skills in the Spanish language. The focus will be on using Spanish for communication in real, meaningful situations, while at the same time developing an understanding of basic grammatical concepts along with an appreciation to the variety of cultures and the basic geography of the Spanish-speaking world.

SPANISH IB

MLAN 142

Credits: 4

Prerequisite(s): MLAN 141

Prerequisite Note(s): Instructor's permission or Spanish Placement Exam result

Description:

This course will cover beginning speaking, listening, reading and writing to develop communication skills in elementary Spanish language. The focus will be on using Spanish for communication in real, meaningful situations, while at the same time developing an understanding of basic grammatical concepts along with an appreciation to the variety of cultures and the basic geography of the Spanish-speaking world. It is a continuation of Spanish 1A.

AMERICAN SIGN LANGUAGE I

MLAN 150

Credits: 4 (Fee Required)

Description:

This course is an introduction to American Sign Language. Students will be introduced to the American Deaf community through various interactions and events with the Deaf community are to aid in the acquisition of conversational skills. Topics addressed include basic sign vocabulary, structure, and grammar, Deaf culture. [Each class has a lab and community based component]

AMERICAN SIGN LANGUAGE II

MLAN 151

Credits: 4 (Fee Required)

Prerequisite(s): MLAN 150

Description:

This course is a continuation of American Sign Language I. Students will learn the conversational and cultural behaviors necessary to carry on a natural entry-level conversation. Deaf culture will also be presented to provide students with a broad picture of language and culture. Additional topics addressed are: Behavioral rules of Deaf community, receptive/expressive skills, sign vocabulary, and grammar/structure. [Each class has a lab and community based component].

MANDARIN IA

MLAN 161

Credits: 4

Description:

This course is an introductory course for Mandarin (Chinese). It intends to teach students the basic skills for communicating in Chinese. It also covers how to read simple Chinese stories using pinyin.

MANDARIN IB

MLAN 162

Credits: 4

Prerequisite(s): MLAN 161

Description:

ARABIC IA

MLAN 171

Credits: 4

Description:

This course will introduce the students to the basics of the Arabic language. The focus will be on learning the fundamentals of classical Arabic and on practicing conversational Arabic.

ARABIC IB

MLAN 172

Credits: 4

Prerequisite(s): MLAN 171

Description:

Arabic I B is a continuation of Arabic I A. It is designed to further develop language proficiency in modern standard Arabic in the four language skills. In speaking, the focus is on the use of everyday expressions through discussion and presentations. In reading, the focus is on reading authentic text material. Writing is emphasized especially through writing homework assignments. Listening exercises and drills are utilized in class and at home to practice the interactive Arabic drills. In addition, students will further develop and enhance their knowledge of the culture of the Arab world.

THAI IA

MLAN 183

Credits: 4

Description:

This course introduces the student to spoken Thai, using the International Phonetic Code as an easy to understand written equivalent to Thai script. The course is modeled after a Module 1 component of a traditional six-module Thai-language instruction program. Instruction for this course takes place in two-hour increments, with two classes scheduled each week over a 13-week semester.

This course is taught at the Asia Pacific Student Abroad Initiative in Bangkok, Thailand, during the study abroad semester.

THAI IB

MLAN 184

Credits: 4

Prerequisite(s): MLAN 183

Description:

This course provides students with opportunities for practical application of Thai language learning that the students accomplish each week in their Thai language course, plus a five-part cultural and historic survey of Thailand. This course is taught at the Asia Pacific Student Abroad Initiative in Bangkok, Thailand, during the study abroad semester.

HMONG IA

MLAN 191

Credits: 4

Description:

This course will teach the student beginning conversational Hmong, focusing on speaking and listening. Students will learn to use Hmong for communication in real, meaningful situations while also developing a beginning understanding of basic grammatical concepts and an appreciation of Hmong culture in the US and around the world.

HMONG IB

MLAN 192

Credits: 4

Prerequisite(s): MLAN 191

Description:

This course will teach the student conversational Hmong, focusing on speaking and listening. Students will learn to improve their use of Hmong for communication in real, meaningful situations while also developing a deeper understanding of grammatical concepts and an appreciation of Hmong culture in the US and around the world.

HINDI 1A

MLAN 193

Credits: 4

Description:

This course introduces the student to spoken Hindi. Instruction for this course takes place in two-hour increments, with two classes scheduled each week over a 7-week semester.

This course is taught at the Indian Cultural Studies Initiative in New Delhi, India, during the study abroad semester.

HINDI 1B

MLAN 194

Credits: 4

Description:

This course introduces the student to spoken Hindi. Instruction for this course takes place in two-hour increments, with two classes scheduled each week over a 7-week semester.

This course is taught at the Indian Cultural Studies Initiative in New Delhi, India, during the study abroad semester.

SPANISH IIA

MLAN 241

Credits: 4

Prerequisite(s): MLAN 142

Prerequisite Note(s): Instructor's permission or Spanish Placement Exam result

Description:

This course will cover intermediate speaking, listening, reading and writing to develop communication skills in advanced elementary Spanish language. Students will learn to use Spanish for communication in real, meaningful situations. COMMUNITY OF WORSHIP & PRAYER

PTHE 241

Credits: 3

Course Fee: \$132 (Required for the Weekend Retreat Experience)

Description:

Chi Alpha is distinctive among nationwide campus ministries for its Pentecostal/charismatic emphasis and experience. This openness to the gifting and leading of the Holy Spirit in worship and prayer provides a powerful and persuasive witness of the presence of God, which is particularly effective in reaching postmodern individuals and internationals. However, students are often lacking understanding and/or hands-on experience in facilitating Spirit-led worship and prayer. This class will focus on strategy and a large amount of actual experience in leading worship and spiritual warfare in the gatherings of God's people. The course contents will be valuable for any pastoral or lay ministry.

BRIDGING CHILDREN AND YOUTH MINISTRIES

P THE 310

Credit: 1

Components of this course will include: lesson planning, teaching, peer observation and reflective exercises on teaching performance.

Theology

SYSTEMATIC THEOLOGY I

THEO 114

Credits: 3

Description:

This course is an introduction to Systematic Theology with a general overview of the various theological concepts. The lectures and discussion will provide an overview of the Statement of Fundamental Truths of the Assemblies of God. In a more limited way it will also deal with Pentecostal history and spirituality.

GOD & THE GOSPEL

THEO 210

Credits: 3

Description:

This course will explore the gospel as the foundation and primary concern of Christian theology. The central themes of this course are the nature of God, the person of Jesus, and the meaning of salvation. This course is designed to prepare students for the theological curriculum of North Central University.

SYSTEMATIC THEOLOGY II

THEO 233

Credits: 3

Prerequisite(s): THEO 114

Description:

This course will deal with the doctrine of God and the relationship of this doctrine to Christian teachings on divine revelation, creation, humanity and evil.

RELIGIONS WITHIN THE UNITED STATES

THEO 239

Credits: 3

Prerequisite(s): THEO 210

Description:

This course is designed to cover the history, beliefs and practices of the religions of the United States, including Christian denominations, and sects. Non-Christian religions and offshoots from traditional Christianity will also be studied.

PENTECOSTAL DISTINCTIVES

THEO 240

Credits: 3

Prerequisite(s): THEO 210

Description:

This course explores what it means to be Pentecostal. This is explored historically through an examination of the Azusa Street Revival, its antecedents, and the subsequent development of fellowships such as the Assemblies of God. It is explored biblically through an examination of key pneumatological texts in Acts and 1 Corinthians and the hermeneutical debate they have provoked. It is explored morally and sympathetically through an examination of the values, goals, and spirituality of Pentecostals past and present.

CHRISTIAN APOLOGETICS

THEO 246

Credits: 3

Prerequisite(s): THEO 210

Description:

Christian Apologetics resembles the philosophy of religion, except that it is always conducted from a stance of faith. While traditionally the term apologetics signifies "a defense of the faith," it has a positive as well as a defensive side. Proofs for the existence of God, explanations of the human condition, and the problem(s) of evil fall under the purview of apologetics, as do the defense of miracles and belief in an afterlife.

[Cross-listed as CT 246]

THEOLOGY OF CHRISTIAN WORSHIP

THEO 339

Credits: 3

Prerequisite(s): THEO 210

NEW TESTAMENT THEOLOGY

THEO 344

Credits: 3

Prerequisite(s): THEO 210 and BIBL 127

Description:

This course considers the great themes of the New Testament and the distinctive theological contributions of its various authors. Key biblical terms (e.g., the kingdom of God, the son of man, regeneration) will be examined, and special attention will be paid to identifying which issues and concepts animated the thinking of the New Testament authors.

REVIVALS

THEO 345

Credits: 3

Prerequisite(s): THEO 210

Description:

Evangelical revivals and spiritual awakenings within Christianity from the first century to the present are surveyed, especially noting their distinctive character, causes and effects, theological concepts and the unique role of the Holy Spirit in promoting revival.

SYSTEMATIC THEOLOGY III

THEO 355

Credits: 3

Prerequisite(s): THEO 233

Description:

The person and work of Christ is discussed with special emphasis on the christological controversies of the early church, theories of the atonement, justification, conversion, sanctification and views of Jesus by other world religions.

THE SPIRIT & THE CHURCH

THEO 360

Credits: 3

Prerequisite(s): THEO 210

Description:

Theologians have often noted that the doctrine of the Spirit is closely linked to the doctrine of the church. Consequently, this course will examine church structure and practice along with theological reflection on the work of the Holy Spirit. The distinctive theology and practices of Pentecostalism will be explored, compared and contrasted with the theologies and practices of other branches of Christianity.

TOPICS IN THEOLOGY

THEO 366

Credits: 3

Prerequisite: Instructor permission required.

Description:

Through examination of focused topics, this course will expose students to major issues and methods of study used in theological studies. Intended for advanced students, the specific topic examined in this course will vary from semester to semester.

INTRODUCTION TO ROMAN CATHOLICISM & EASTERN ORTHODOXY THEO

THEO 368

Credits: 3

Prerequisite(s): THEO 210

Prerequisite Notes: Recommended prerequisites: HIST 221 or HIST 311

Description:

This course focuses on the history, theology and culture of the two ancient liturgical-sacramental branches of the Church, Roman Catholicism and Eastern Orthodoxy. Some attention also is given the "Oriental Orthodox" and Eastern Catholic Churches. Areas of particular sensitivity for those undertaking missionary work in nations with a significant Catholic or Orthodox presence will be emphasized.

TOPICS IN BIBLICAL JUSTICE

THEO 370

Credits: 3

Description:

The notion of biblical justice is examined through a series of readings from Scripture and secondary sources. Specific topics are investigated by the student, who will engage in a participant/observer model of research and learning experience germane to justice issues. This course emphasizes the importance of application, not just understanding, biblical principles. Students explore biblical teaching on evil, sin and injustice. Topics vary from year to year with attention given to such justice issues as poverty, human trafficking, homelessness, HIV/ AIDS, and child labor.

SYSTEMATIC THEOLOGY IV (ECCLESIOLOGY, PNEUMATOLOGY & ESCHATOLOGY)

THEO 436

Credits: 3

Prerequisite(s): THEO 355

Description:

Theologians have often noted that the doctrine of the Spirit is closely linked to the doctrine of the church. Consequently, this course will examine church structure and practice along with theological reflection on the work of the Holy Spirit. The distinctive theology and practices of Pentecostalism will be explored, compared and contrasted with the theologies and practices of other branches of Christianity. Various perspectives on how God's redemptive work will bring human history to a climax will also be discussed.

OLD TESTAMENT THEOLOGY

THEO 447

Credits: 3

Prerequisite(s): THEO 210 and BIBL 126

Description:

This course considers the great themes of the Old Testament and the distinctive theological contributions of its various authors. Key biblical terms (e.g., covenants, law, election, holiness, exile and return) will be examined, and special attention will be paid to identifying which issues and concepts animate differing types of Old Testament literature.

PROTESTANT THEOLOGY

THEO 469

Credits: 3

Prerequisite(s): THEO 114 or THEO 210

Description:

This course reviews the development of Protestant theology in the West since two major periods of transition, the Protestant Reformation and the Enlightenment, after which the church was never the same. The study of Protestant theology will focus on four significant traditions, Lutheranism, Reformed, Anglicanism and Anabaptism, and, since the Enlightenment, the creation of new theological movements within these traditions both in Europe and the United States, including Protestant Liberalism, Neo-Orthodoxy, Fundamentalism, Evangelicalism, and the Charismatic movement. Finally recent contributions to Protestant theology from outside the West will also be discussed.

All course work must be completed for departmental assessment one month prior to graduation.

INTERNSHIP - THEATRE

THTR 496

Credits: 3

Description:

Students are assigned to a professional and/or church setting where they are exposed to real-world applications of drama ministry or theatre production. Students are expected to spend a minimum of 20 hours per week on-the-job. Course descriptions are tailored to the students' interests and the institution's specifications. Students generally should plan on completing the internship during the summer before their senior year.

Urban Studies

INTRODUCTION TO URBAN STUDIES

URBN 133

Credits: 3

Description:

This course will provide an overview and orientation to the elements that form the complex background of the urban context: people and their relationships, city systems, unique challenges for life, and some successful solutions that have been implemented locally. The course will take an 'on the ground' approach, touring diverse areas of the city in order to develop understanding of the unique development and challenges of that area while appreciating that area's connection to the city system as a whole.

URBAN STUDIES SEMINAR

URBN 275

Credit: 1 (Fee Required)

Prerequisite(s): URBN 133

Description:

This course is conducted at the Christian Community Development Association (CCDA) Conference. During the five-day experience students will meet urban practitioners from various disciplines who are impacting the city both nationally and internationally. The students will attend Bible studies, seminars, and ministry tours conducted by urban leaders. The focus of this experience is to broaden perspective, deepen passion, and develop ministry networks of like-minded individuals.

URBAN SOCIOLOGY

URBN 286

Credits: 3

Prerequisite(s): URBN 133

Description:

Students will study the sociological dimensions of the urban setting including problems in family structure, neighborhood and community, gangs, political and economic structures, racial and cultural inter-relationships and the impact of the church and community services within this multidimensional and complex need.

COUNSELING IN THE URBAN SETTING

URBN 300

Credits: 3

Prerequisite(s): PSYC 125 and URBN 133

Description:

This skills course is designed to help the urban minister provide comfort, encouragement and instruction in an urban setting through brief, bible-centered encounters. It will help maximize their effectiveness when working with a culturally diverse population. Special emphasis will be given to learning how and when to refer to other helping professionals.

URBAN STUDIES PRACTICUM

URBN 375

Credits: 3 (Fee Required)

Description:

Students will be involved on-site in a local, regional, or national urban community organization, parachurch ministry, or church. Experienced practitioners in the urban context will model, train, and supervise ministry experience over the course of several days. Student will meet with urban leaders and hear their personal philosophy of ministry, their leadership styles, and insights into the urban landscape. Classroom lectures will be enhanced by practical application in these urban contexts. The Urban Studies Practicum will take advantage of an extended immersion into an urban area.

CRITICAL ISSUES IN URBAN STUDIES

URBN 380

Credits: 3

Prerequisite(s): URBN 133 and URBN 286

Description:

This course will provide an orientation to the critical issues that confront those who work or live in an urban context. Many of these issues arise from “sick systems,” that is, improperly operating human interactive networks through which the life of the city is carried out: political, justice (including crime and judicial reform), housing, education, health care (including topics in mental illness and chemical dependency), economic, and immigration. Specific challenges such as individual and corporate racism, family fragmentation, gangs, HIV/AIDS and others will be addressed as they relate to each of these systems. Particular attention will be paid to research methodology, global trends, and the application of holistic theology.

[Cross-listed with SWK 380]

SENIOR PROJECT: URBAN STUDIES

URBN 475

Credits: 3

Prerequisite(s): URBN 133 and URBN 286

Prerequisite Note(s): Must be a Senior Urban Studies major.

Description:

The Urban Studies Senior Project is a culminating, synthetic learning experience in which students apply the learning gained in the General Education Core, the Christian Studies Core and the major program core to a study project in their major. The Senior Project is designed to meet the unique and particular needs of the student’s experiences, education, and areas of interest. The class can take the form of a research project, forum, group study, or any other format considered appropriate. Specific requirements are listed in the course syllabus.

TRANSFORMING URBAN SYSTEMS

URBN 495

Credits: 3

Prerequisite(s): URBN 133 and URBN 286

Description:

To build effective ministry organizations, urban practitioners need to develop skill in negotiating urban systems as well as a range of practical, professional, leadership, and managerial skills. The foundation of any successful work in the city is the ability to build and maintain relationships and partnerships. This course will explore how to correctly interpret the life of contemporary world class cities in order to make your service

more effective. It will also identify some of the most important skills in three professional areas: Organizational Development, Organizational Leadership, and Relational Development.

Worldview Theology

GOD & RELIGION

WTHE 220

Credits: 3

Prerequisite(s): THEO 210

Description:

This course is designed to help students faithfully represent Christian beliefs and values in a religiously diverse world. Varying belief systems, including major world religions as well as secular and scientific worldviews will be respectfully explored in dialogue with Christianity. A discussion of the Christian's role and responsibility in a democratic society will conclude the course.

GOD & HUMANITY

WTHE 230

Credits: 3

Prerequisite(s): THEO 210

Description:

This course explores what it means to be human from a theological perspective. Topics shaping the course will include the debate over human origins, the nature of the soul, human sexuality, physical disability, human rights, free will and sinfulness.

GOD & CULTURE

WTHE 240

Credits: 3

Prerequisite(s): THEO 210

Description:

This course considers the Christian's role and responsibility as both a contributor and a consumer within culture. A theology of creation and sanctification will guide this consideration as we explore the nature of human community, the role of the church, and the power of the arts and entertainment within culture.

GOD & VOCATION

WTHE 250

Credits: 3

Prerequisite(s): THEO 210

Description:

This course explores what it means to work meaningfully. It will give students an appreciation of their Christian calling in the workplace from both a pneumatological and eschatological perspective. Students will understand how the promise of spiritual empowerment extends beyond vocational ministry and how the plan of God shapes the end to which all Christians work within their chosen profession.

Youth Development

INTRODUCTION TO YOUTH STUDIES

YDEV 136

Credits: 3

Description:

This introductory course is designed to acquaint students with the need for character and personal integrity in the youth minister as well as the need for biblically founded philosophy of youth ministry. This will include an emphasis on person-centered rather than event-centered ministries. An overview of youth ministry and instruction in the concerns and crises of teenagers will be addressed. Instruction in various ministry techniques will be applied inside and outside the classroom in practical settings.

SOCIOLOGY OF AMERICAN YOUTH

YDEV 137

Credits: 3

Description:

This class focuses on the present state of youth in America and on the numerous sociological subcultures resident on American middle school, secondary, and post-secondary school campuses. Students will develop their own surveys to sample the various sociological groups represented in local youth settings, identifying needs and devising approaches to reach and development the constituents of these subcultures. Emphasis will also be placed on developing the student's personal approach to reaching teenagers.

EDUCATION AND DISCIPLESHIP OF YOUTH

YDEV 262

Credits: 3

Prerequisite Note(s): Sophomore status (Minimum of 30 credits)

Field experience is required.

Description:

This course presents education and discipleship principles, methods, and resources which have been designed specifically for the various characteristics, needs, and developmental stages of adolescents. The focus of the course will be to help the student develop a praxis for measuring the fruit of spiritual growth that can be transplanted into local ministry settings.

YOUTH EVANGELISM

YDEV 265

Credits: 3

Prerequisite Note(s): Sophomore status (minimum of 30 credits). Field experience is required.

Description:

This course will examine the biblical foundations for evangelism and the presentation of the Christian Gospel message. The practical aspects of sharing faith with non-believers, seeker-sensitivity and handling objections will be discussed alongside aspects of program implementation. The nature of the course (practics) presupposes weekly involvement in a local youth ministry setting.

YOUTH STUDIES IN PRACTICE

YDEV 270

Credits: 3

Prerequisite Note(s): Sophomore status (minimum of 30 credits).

Description:

This course is required for Youth Development Studies students. This is an introductory course that provides information and practical application in the field of Youth Development Studies. The student will be provided with an overview of adolescent development. Additionally, they will be introduced and have opportunity to study, experience, and assess various youth serving organizations and ministries. Particular emphasis will be given to vocabulary, definition, and research focused on the fields of youth development.

ADOLESCENT PSYCHOLOGY & COUNSELING

YDEV 338

Credits: 3 (Fee Required)

Prerequisite(s): PSYC 125

Description:

In this course special emphasis will be placed on the many psychological needs of adolescents and practical methods of ministering to them through pastoral counseling and spiritual guidance. This course will explore preventative, therapeutic, and supportive approaches to providing teenagers with pastoral care and will focus on a generalist approach to adolescent care and development.

DEVELOPING MENTORS & QUALITY PROGRAMMING

YDEV 350

Credits: 3 (Fee Required)

Prerequisite(s): YDEV 270

Description:

This course is designed to assist in the development of quality youth programming that utilizes effective volunteer mentors. Emphasis is placed upon measurable outcomes and effective evaluation. Training is focused upon learning theory, social emotional competency, cultural competency and experiential environments.

YOUTH DEVELOPMENT LEADERSHIP & ADMINISTRATION

YDEV 410

Credits: 3

Prerequisite(s):

Description:

This course focuses upon leadership development and organizational leadership of non-profit based youth focused organizations. It considers such items as the following: the executive director as manager; working with a policy board; volunteer/staff relations; personnel administration; budgeting and financial management; fund raising and sources of revenue; long-range planning; and community organization.

YOUTH PROGRAMMING

YDEV 416

Credits: 3

Prerequisite(s): YDEV 262 and PTHE 373

Description:

This course is designed to help the prospective youth pastor properly design a comprehensive youth ministry program. The fundamentals of preparing a mission statement, instructional objectives, goal setting, troubleshooting instructional problems, and measuring instructional intent will be taught side-by-side with the practical aspects of church calendar and planning logistics.

YOUTH STUDIES SENIOR SEMINAR: RESEARCH METHODS

YDEV 470

Credits: 3 (Fee Required)

Prerequisite(s): YDEV 270

Description:

Required for Youth Development Studies students: This course is designed to give the Youth Development student career and or graduate study orientation, preparation, and evaluation in their area of specialization. A major component of the class includes research methodology in the area of youth development.

ACADEMIC POLICIES

Academic Calendar

CALENDAR

The academic year consists of two semesters; a fall semester of approximately 15 weeks and a spring semester of about the same length ending in early May. Summer courses start the Monday following spring commencement. The residential, face-to-face classes will be three weeks in length. Online courses will be six weeks in length starting on the Monday after spring commencement. Specialized courses such as internships and senior projects may extend the full summer semester. A maximum of 15 credits may be taken during the summer sessions. Summer sessions are optional. Courses are offered at the discretion of each academic department. All credits are computed on a semester basis, including the summer session courses.

FINAL EXAMINATIONS

Final examinations must be taken at the designated times, except in the case of a life-threatening family emergency with documentation or a personal medical problem documented by a physician or health care professional. One week is provided for final examinations at the close of each semester. Two hours are allotted for each course exam.

SUMMER SESSIONS

The dates for summer sessions are indicated on the university calendar. Classes with fewer than six students in summer sessions may be cancelled at the discretion of the professor. North Central University reserves the right to cancel any course for which enrollment is considered insufficient.

Academic Advising

ADVISORS

Each student will be assigned an academic advisor who is a faculty member within the appropriate major. The advisor will assist in orientation to campus life, establishing educational goals and scheduling classes during registration. In addition, all faculty members hold regular office hours at which time students are encouraged to seek counsel.

While North Central University will provide as much help as possible in planning academic programs, each student is responsible for the proper completion of a program and, therefore, should be familiar with the requirements listed in this catalog.

DEGREE AUDIT SHEETS

The Registrar's Office provides each student with a Degree Audit sheet via UNET, indicating courses required and completed. The official copy is kept in the Registrar's Office. Student and advisor copies can be obtained at any time through the UNET registration system. It is the responsibility of the student, with the assistance of the advisor, to see that all program requirements are accounted for before applying for graduation.

CLASS STANDING

A student's class status is based on the number of credit hours successfully completed toward graduation (HG):

Freshman	0–29 Credits
Sophomore	30–59 Credits
Junior	60–89 Credits
Senior	90 or more Credits

Students enrolled in the third year of a three-year diploma course are classified as seniors and are eligible to participate in senior class activities, have voting privileges and hold office in the senior class and may participate in senior registration.

REGISTRATION

Students are expected to register during the scheduled registration periods designated on the school calendar. The registration process is complete only after all classes have been scheduled, tuition and fees have been paid and registration forms have been submitted to the appropriate offices.

All freshmen, transfer students and returning students who have not been enrolled at North Central University for more than one semester are required to participate in the new student orientation for the semester in which they wish to re-enroll. Students failing to begin course registration during the scheduled registration periods will be assessed a late registration fee of \$25. Courses may be added and dropped without penalty up until the Late Registration Period begins 5 weeks prior to the start of classes. Once the Late Registration Period begins, a \$10 fee will be charged for all course changes made within a 24 hour period.

Program Length, Load, & Hours

PROGRAM LENGTH

The university requires a minimum of 60 undergraduate credits for the associate degree, 124 undergraduate credits for the bachelor's degree, and a minimum of 30 graduate credits for the master's degree. However, the degree requirements of some individual programs may demand more than the minimum number of credits. The curriculum is built around an expected

program length of 4 years for a bachelor’s degree, 2 years for an associate’s degree, and 1 year for the various certifications offered at NCU.

COURSE LOAD

A student must be enrolled for a minimum of 12 credit hours per regular semester to be considered full-time. A minimum class load of 15.5 hours per semester is necessary to complete most bachelor’s degrees in a four-year period. A student enrolled in less than 12 credits is classified as part-time.

A student may not enroll for more than 18 credit hours during enrollment at NCU in a semester unless he or she has maintained a 3.0 GPA during the previous semester and has permission from the Registrar by submitting an Academic Petition for approval.

The maximum academic load possible to register for during a summer session is 15 credit hours for the undergraduate program.

Students who receive veteran’s benefits or Pell Grants must take a minimum of 12 credits each semester to receive their maximum award. Full-time status for Minnesota State Grant is 15 credits.

Students are encouraged to work in order to meet their financial needs and commitments. North Central also desires to assist students in anticipating the demands that they will be experiencing in college life. Therefore, to maximize the probability that all students will succeed in their college courses, the following employment workloads have been suggested based upon the number of credits taken:

Number of Credits Per Semester	Maximum Number of Hours Per Week
9-12	20-29
13-16	15-24
17-18	10-19
Student Teaching (education majors)	0

CREDIT HOURS

North Central University (NCU) operates on a traditional semester system and offers academic credit in terms of the semester credit hour.

The standard for 3-credit courses that meet during the fall and spring semesters is as follows:

- Monday – Wednesday – Friday or “Hour” courses (50 minutes per day) will meet a minimum of 40 times per semester, not including final exam week.
- Tuesday – Thursday or “Block” courses (75 minutes per day) will meet a minimum of 27 times per semester, not including final exam week.
- Slot and Evening classes (160 minutes per week, with a break) will meet a minimum of 14 times per semester, including a final exam during the final meeting.

- Weekend classes (Friday: 6:30 pm – 9:10 pm and Saturday: 8 am – 4 pm, with breaks, or 580 minutes per weekend) will meet a minimum of 4 weekends per semester, including a final exam during the final weekend of classes.

The standard for summer courses, excluding internships and senior projects is as follows:

- Summer courses start the Monday following spring commencement.
- Residential (face-to-face) courses meet for three hours, with breaks, Monday through Friday (5 times per week) for three weeks.
- Online courses will be six weeks in length starting on the Monday after spring commencement.

Each semester hour of one distance learning or hybrid course credit is defined as: an equivalent amount of instruction and student work leading to equivalent learning outcomes, as required for an on-campus class as defined above.

Departments, Schools, and Colleges follow this rule in establishing the number of credit hours awarded in nontraditional settings including Directed Research, Internships, Senior Projects, and accelerated courses. This standard is consistent with the credit hour definition found in Department of Education regulation 34 CFR §600.2.

The following credit-hour statement will be included in the syllabus of every North Central University course: "NCU Credit Hour Policy states that for every course credit hour, the typical student should expect to spend at least three clock hours per week of concentrated attention on course-related work, including but not limited to time in class, as well as out-of-class time spent reading, reviewing, organizing notes, preparing for upcoming quizzes/exams, problem solving, developing and completing projects, and other activities that enhance learning. Thus, for a three credit course, a typical student should expect to spend at least nine hours per week dedicated to the one course."

Course Structure

COURSE NUMBERING SYSTEM

Class listings in this catalog give all the information needed for completing the registration forms. The course descriptions give the full title and course number.

INTERNSHIPS

An internship is a requirement for graduation for most majors and may be involved in the curriculum of all majors. The internship is usually to be done on a full-time basis in the summer months between the student's junior and senior years. Students may also do an internship for two full semesters on a part-time basis.

Students should sign up for internships during their sophomore year with the director of the program in order for arrangements to be made to help them fulfill their program on time. Students in the Pastoral Studies major can take specific internships as practics elective credits, which give them opportunities to explore specialized ministries such as Teen Challenge, College Ministries, Youth Ministries and Children's and Family Ministries. Students should seek guidance from their major departments regarding requirements for internship within their majors.

Students pursuing a double major must fulfill the internship requirements for each major. While this may be accomplished through one internship experience, this is only possible with the permission of the Department Chair of both majors. If permission is granted, a Course Requirement Variance Petition must be submitted to the Registrar's Office for final approval and, if granted, recorded on the Degree Audit Sheet. If either Department Chair is not in agreement that one internship experience will fulfill the educational objectives of each of the majors, then the student will need to register for and complete one internship per major.

TEACHING ASSISTANTS

North Central University is committed to training individuals for all disciplines of ministry. Therefore, to promote interest in post-secondary academic teaching ministry, select students who demonstrate excellence within the college academic environment are provided the opportunity for involvement as a teaching assistant under the following guidelines:

1. With the approval of the department chair, students with at least 60 credits toward graduation may have the option of registering for a course as a Teaching Assistant.
2. Students may register as a Teaching Assistant for 0 credit, pay no tuition and receive a final grade of Pass/Fail. Alternatively, students may register as a Teaching Assistant for up to 3 credits per section, pay tuition for those credits, earn a letter grade and receive elective credit for the same.
3. No Teaching Assistant credits may substitute for a program course requirement. The only exception to this will be if a student with Junior or Senior level class standing is taking a 100 or 200 level course as both a Teaching Assistant and as a program requirement. In this case, the Teaching Assistant class may substitute as a program course requirement.

4. Students registering as a Teaching Assistant must complete FERPA training. Failure to complete FERPA training by the deadline to add classes for each semester will result in the loss of the Teaching Assistant appointment. For further information see the appropriate department chair.

SENIOR PROJECTS

A Senior Project is a requirement for most majors, but the type of project differs. For example, for music majors, it is a recital, education students complete their student teaching, and psychology students do a research paper which has an oral defense. Many majors require synthesizing papers, and those majors with a global focus emphasize particular countries.

This challenging capstone course is a wonderful opportunity to utilize the many skills students have gained during their college career to produce a culminating project.

DIRECTED RESEARCH

This independent study program is designed to enable seniors (more than 90 credits) in residency with schedule conflicts to complete degree requirements. Students must be in excellent Academic Standing with a minimum cumulative GPA of 3.0 in order to be eligible for this independent study option. Students should work with their advisor and the Registrar's Office to find an alternate course substitution if the required course will not be offered again prior to graduation.

Students are limited to a maximum of 12 credit hours in their total program, and 6 credits in any single term. The combination of directed research and correspondence credits (see next section) cannot exceed 15 credits in a student's program. Juniors participating in NCU-sponsored Study Abroad programs may be permitted to complete courses via Directed Research while overseas, provided that on-site or online alternatives are not available to them.

The registration becomes official once the Directed Research application form, with all necessary signatures, is submitted to the Registrar's Office. Payment of the entire amount of tuition plus Directed Research fees of \$100 per credit is required before beginning course work. All course work must be completed within the time frame of the semester in which it is initiated. Directed Research fees are non-refundable.

CORRESPONDENCE COURSES

A currently enrolled student may transfer a maximum of 15 credits of correspondence courses to a degree program at NCU. The combined total of directed research and correspondence education courses cannot exceed 15 credits in a student's program.

The student must obtain permission from the Registrar's office to enroll in correspondence and directed research courses. For all correspondence courses, the student must submit a Transfer Credit Request from listing the courses with their NCU course equivalent. All courses must be

approved by the Registrar, and courses within the major must also be approved by the Department Chair. The official transcript must be received by the Registrar's Office within one semester of the term indicated on the form for the credits to be accepted. If the approved course has to be retaken during a different term, a new request must be submitted. For all directed research requests, the Department chairperson's signature and the signature of the faculty member overseeing the course are required. The Dean, Director or Department chairperson's signature is required for correspondence transfer requests to the major core.

During a student's final 33 credits of a degree program, 27 credits must be taken in residence. Correspondence credits will not be accepted as residence credits. Credits that violate this policy will not be accepted for transfer. Coursework transferred in prior to matriculation is not subject to this 15-credit limit.

Course Policies

PREREQUISITE COURSES

Course prerequisites must be completed. Prerequisites are listed with each course description in the catalog. See course descriptions for additional details.

REPEATED COURSES AND REPLACEMENT CREDITS

Students who wish to retake any NCU course may do so under the following provisions:

1. Courses that were previously failed—or for which an acceptable passing grade was not earned—may be repeated and will count toward the determination of the student's financial aid enrollment status and will be eligible for financial aid;
2. Any other course that is voluntarily repeated will not count toward the determination of the student's financial aid enrollment status and will not be eligible for financial aid, regardless of the grade received previously;
3. Refunds for previously attempted courses will not be awarded or credited on retake attempts;
4. In the case where a course has been repeatedly failed, only one failed grade for a course can be replaced in the cumulative GPA;
5. The most recent grade for a course voluntarily retaken will be the transcript grade used to factor the GPA; the earlier attempt will "show" but will not "count" toward factoring the GPA. This will be an automated process. Once a course is voluntarily retaken, the credits for one earlier attempt of the same course (regardless of the grade earned previously) will be adjusted on the transcript as follows:
 - Hours Registered (HR) (same as HA)...will "accumulate"
 - Hours Earned (HE)...credits will "zero out"
 - Hours Toward Graduation (HG)...credits will "zero out".
 - Students may request in writing to have a previously failed class replaced with an "X" on their transcript.
6. Graduation credits for any course will count only once;

7. This provision does not apply to transfer credits or to those courses which are designed to be repeated periodically within certain departments or programs; for example, Music Lessons. Such coursework is designated as being “repeatable.”

ONLINE COURSES

A course is designated “online” when 100% of the course is taught through an internet based Learning Management System (LMS) and no portion of the course requires attendance in a classroom setting.

A course is designated “blended” when 10 to 50% of the course is taught through an internet based Learning Management System (LMS) and a portion of the course requires attendance in a classroom as well as other designated distance education methods.

An NCU student may register for a maximum of 6 credits of online courses in any one semester and no more than 12 credits of online courses in any one academic year; i.e. fall, spring, and summer (including the summer session).

PSEO students may register for a maximum of 9 credits of online courses in any one semester and no more than 18 credits of online courses in any one academic year; i.e. Fall and Spring. PSEO students are not allowed to take courses during the summer session.

All online courses offered during the fall and spring semesters will be in a 15 week format. All online undergraduate courses offered during the summer semester will be at least 6 weeks in length.

An NCU student must be in good academic standing in order to enroll in online courses. Students who are currently on a Provisional Admit, Probation or Provisional Continuance academic standing are ineligible to enroll in online courses. Once a student has raised their cumulative GPA to the level required for good academic standing, they may take online courses once again.

Normal tuition rates (Block pricing) apply for “Online” online courses as described above.

A course designated as “online” (as described above) will be assessed a fee of \$80 for technical & program enhancement as part of the registration process. A course designated as “blended” (as described above) will be assessed a fee of \$40 for technical & program enhancement as part of the registration process. Normal technology fees and all other course fees apply to registering students as is the current practice.

Attendance for an online course is recorded by student interaction with the course utilizing the designated online platform. In most cases, this will be the current learning management system (LMS) hosted by NCU. Each student enrolled in an online course must log in and interact with the LMS by the second Friday after the semester start date. Each student login is

evidence of attendance and thus can be used for financial aid regulations and federal/state required reporting. The last date of attendance will be the student's last log in for the course.

SCHEDULE CHANGES

Course registration can be adjusted online thru Unet for all currently enrolled students without penalty until the commencement of the Late Registration Period which begins 5 weeks prior to the start of class. During the Late Registration Period, there will be a \$10 fee for each calendar day on which changes are made.

All adjustments of academic schedules must be made in the Registrar's Office once classes begin.

Only students who have properly dropped a class within the tuition refund period are entitled to a refund, if eligible. (See Tuition Refund Schedule in the Financial Registration section.) Proper withdrawal from a course also ensures the appropriate grade notation on the student's record. An individual course dropped during the four-week tuition refund period will not appear on the student's final transcript (See Withdrawal section for transcript policies if a student drops all courses, i.e. withdrawing completely from NCU for the semester). A grade of "W" will be assigned for a class dropped during the fifth through ninth weeks of the semester. Any course which is dropped during or after the 10th week of classes for any reason will receive a letter grade of 'WF'. Classes may not be changed from credit to audit or from audit to credit after the first full week of classes.

REINSTATEMENT POLICY

Late registration is not permitted after the first full week of classes during the fall and spring semesters or after the first full day of classes during the summer semester. However, if circumstances justify it, a student may file a petition with the Registrar to receive special permission to register after the enrollment period is closed. A reinstatement fee of \$100 per course will be charged to a student who contacts the Registrar's Office after the enrollment period to register and pay for a course he or she is currently attending, or has completed one semester prior to the current semester. This fee will be charged in addition to the current tuition and any other applicable fees in effect at the time of registration, and is due at the time of reinstatement. All reinstated courses will be recorded on the transcript during the semester in which the student registers and pays.

AUDITING CLASSES

Courses not needed to complete degree requirements may be taken on an audit or self-enrichment basis. Attendance is not kept, work is not graded, examinations or grades are not given and credit is not recorded. All students attending or participating in any course must officially register with the University. One-third of the regular tuition rate will be charged for

audit courses, and will not be included in Block pricing. Audit-only students may not utilize campus services such as the Computer Lab, the Student Success Center, Student Development, etc. Students may not accumulate greater than 30 hours of audit credit. Enrollment status on any class (for example, from audit to regular credit) will not change after the last day to add a class for that semester. Music lessons cannot be audited.

Transfer Credit Information

APPLICATION PROCESS FOR TRANSFER STUDENTS

In addition to the regular admissions requirements, transfer students applying to North Central should submit official college transcripts by completing their college's Transcript Request Form to have transcripts sent to the Registrar's Office at NCU.

TRANSFER CREDIT EVALUATION PROCESS

The Transfer Credit Specialist located in the Registrar's Office will evaluate transcripts and communicate the results to accepted students within 14 business days. Questions regarding transcript evaluation should be directed to the Registrar's Office at 612.343.4409. Upon completion of courses, official transcripts should be sent to:

North Central University
Attn: Registrar's Office
910 Elliot Avenue
Minneapolis, MN 55404

RESIDENCY REQUIREMENTS

In order to graduate from North Central University, 27 of a student's final 33 credits must be taken in residence at NCU. This allows flexibility for students to transfer six of their last 33 credits if necessary.

In addition, NCU requires that students in all degree programs complete a minimum of 50% of major-specific credits in that program through North Central University. The 50% major-specific residency requirement will not apply to general elective or language credits.

Credits will be transferred to NCU in the order that the official transcripts are received in the Registrar's Office. Credits will not be transferred in violation of Residency Requirements. Approval of transfer requests on the Transfer Credit Request Form does not guarantee acceptance of credits.

CLARIFICATION OF TERMINOLOGY

The purpose of this notification is to promote a more standardized approach to the usage of these terms within our Institution by publishing the meanings that the Registrar's Office is currently associating with this terminology. The terms under consideration are: "Exempt," "Variance," "Transfer," and "Advanced Standing." The distinguishing features of each term are as follows:

"Exempt"

Since *Exempt* or *Exemption* are not viable academic options, they should NOT be used in reference to our academic context. *Exempt* implies that one is "excused from the requirements of a given program" when, in fact, none of the credits of any prescribed program are considered optional.

Exempt is often confused with *Variance*, which is more accurately called a *Substitution*. All general education credits for all disciplinary components of a liberal arts degree must be accounted for in some way: by Course Grade, Variance, Transfer Credit or Advanced Standing.

To be considered *Exempt* from a course or program requirement is a misnomer; *Exempt* is not an accurate reference for anything that happens with Credits, Grades, Financial Aid, the Student software (QX) or the Degree Audit sheet.

"Variance"

Variance implies "a substitution of coursework taken at North Central University" whereby permission is granted jointly by the Department Chair(s) and the Registrar for one course to equivocally take the place of another in one's prescribed program.

"Course Requirement Variance Petitions" are available in the Registrar's Office. Verbal agreements or promises to individuals are NOT sufficient to constitute a *Variance*. An approved Course Requirement Variance Petition must be on file in the student's record in order for it to be considered valid.

Approval of a Course Requirement Variance Petition does not affect a student's overall program credits, grades or financial status. It does, however, impact the student's Degree Audit sheet. Any approved variances are indicated as such on the student's Degree Audit sheet by the Registrar's Office.

"Transfer"

To *transfer* credits means "to accept the qualified academic semester credits (Carnegie units) from another educational entity;" it also implies academic compatibility and equivalency of academic quality standards and competencies that are synonymous with at least "C-" (70%) at NCU. On the transcript, transfer credits appear as "TR" and do not affect GPA.

Transfer credits come from external academic sources such as:

- Qualified Colleges or Universities (most often accredited)
- CLEP (College Level Examination Proficiency) test
- AP (Advanced Placement) exam
- IBE (International Baccalaureate Exams)

"Advanced Standing"

Advanced Standing implies that one is eligible to receive college credit for life experiences and professional competencies that "translate" into similar competencies gained through specific coursework at NCU. Thus, *Advanced Standing* means that the student does not have to take the class.

Advanced Standing credits, along with transfer credits, together, may not exceed 6 such credits of the last 33 in one's program. Therefore, students interested in this sort of credit on their transcript are strongly advised to complete the petition process before their senior year, that is, prior to accumulating 90 credit hours towards graduation (HG).

On the transcript, Advanced Standing shows as an Institutional Grouping with "AS" for the grade. In essence, Advanced Standing recognizes life experience or professional competency that is being assessed and transliterated into academic credit.

- Credits earned under Advanced Standing do not impact GPA
- Advanced Standing fees do not qualify for Financial Aid

Degree Audit sheets, like transcripts, show Advanced Standing coursework as "AS" only after the course has been paid in full at the current pro-rated tuition rate, determined at the time of payment. *Advanced Standing* is awarded whenever the Advanced Standing Petition is approved and upon receipt of that completed (fully paid) Petition in the Registrar's Office.

If the student is currently enrolled in the same course for which he/she is seeking Advanced Standing, the student must submit a "Schedule Change Form" to drop the enrolled class. When dropping a course in conjunction with applying for Advanced Standing, any tuition refund for the enrolled course is subject to the normal timing of the pro-rated refund policy.

Advanced Standing eligibility allows for academic credit to be awarded through a (potentially) reduced tuition for the following: Demonstrated competency on an assessment by a Department Chair; (e.g., "in-house" competency exam or personal portfolio assessment); or an institutionally-approved program arrangement (e.g., Master's Commission).

TRANSFER CREDIT POLICY

To view the following portions of North Central's Transfer Credit Policy, visit www.northcentral.edu/futurestudents/transfer/transfer-credit-policy:

- Domestic Taxonomy—Provides examples of and explains the different agreements NCU holds with various organizations, including the U.S. Military, Master's Commission, YWAM, ABHE accredited schools, AG endorsed schools, and others.

- International Transfer Credit— In order to have international transcripts evaluated, students must submit a request to the American Association of Collegiate Registrars and Admissions Officers (AACRAO). Students may download the Request Form for Foreign Education Credentials Service and send all the appropriate paperwork to AACRAO, who will send the final evaluations to North Central University. In addition to the AACRAO evaluation, students are required to send an official copy of the international transcript, with certified English translation if the original transcript is not in English, to the Registrar's office at NCU.

COURSE TRANSFER GUIDELINES

The policies and procedures for transferring credits are as follows:

- Only grades of “C-” or better are transferable.
- The course description must be equivalent to an NCU course.
- The course(s) must be required for the student’s declared major to count towards HG (hours earned for graduation).
- Unless otherwise specified by articulation agreement, degrees do not transfer; courses are evaluated individually.
- NCU does not participate in the Minnesota Transfer Curriculum (an agreement that states any A.A. degree is transferable to any 4-year public school in Minnesota and Wisconsin).
- Courses must be at the college level to transfer (usually with a course number “100” or higher); developmental courses will not transfer (usually with a course number “099”).
- An official evaluation is done and credits are applied after receiving an official transcript; faxed transcripts or unofficial transcripts can be evaluated, but no credits will be applied until official transcripts are received.
- The transcript cannot be a grade report.
- Most official transcripts will have a seal & the signature of the Registrar on secure paper.
- Courses cannot be transferred without grades (unless a "P" for "Pass" equals a C- or above); however, the grades do not transfer and therefore do not affect the student's GPA at North Central University.

Academic Placement

ACT AND SAT PLACEMENT

Because the ACT and SAT examinations are used nationwide and have proved to be reliable and valid measures of ability, the University uses the results to determine placement in Math and English courses. (See Placement Charts below.)

MATH REQUIREMENT

To fulfill the math requirement, students are required to complete at least one of the following: MATH 115 Liberal Arts Math, MATH 125 College Algebra I, or MATH 250 College Algebra II &

Trigonometry. Students also have the following options for meeting the math course requirements:

- Take the math CLEP exam and earn a qualifying score;
- Transfer an equivalent course from another college or university.

*Math Placement Chart**

ACT under 16 *or* SAT under 440 Must take MATH 115 – Liberal Arts Math
ACT 16-23 *or* SAT 440-580 May take MATH 125 – College Algebra I
ACT above 23 *or* SAT above 580 May take MATH 250 – College Algebra II and Trigonometry

*Students may enroll in Calculus I if their Math ACT is at least 20 and have successfully completed high school Precalculus with a grade of “B-” or better.

ENGLISH REQUIREMENT

All students are required to complete 6 credits of English in order to become eligible to receive a baccalaureate degree from NCU. ENG 124 Rhetoric and Research is considered the institution’s foundational level English course, the skills of which are necessary for success in most other NCU courses. Therefore, in an effort to ensure student success, baccalaureate degree-seeking students will be required to take ENG 124, ENG 126 (Honor’s Rhetoric and Research), or the transfer equivalent during their first or second semester of full-time enrollment. Before the start of each semester, the enrollment will be checked to see that all full time students have one of the following on their student records: a successfully completed ENG 124 or ENG 126 course from NCU, current registration for ENG 124 or 126 in the upcoming semester, or acceptable transfer credit from another school, CLEP, or AP exam. Any student who does not meet one of the above criteria within one (1) week prior to the start of semester two of full-time enrollment may have his/her schedule rebuilt around this academic requirement. Continual enrollment of this class is required of all full time students until it is successfully completed.

Successful completion of ENG124 or ENG126 requires a grade of C or better. Students have the following options for meeting the English requirement:

- Take the appropriate English CLEP exam and earn a qualifying score;*
- Take ENG 126 Honors Rhetoric and Research if the student’s ACT score is 24 or above;
- Transfer an equivalent course from another college or university.

*To complete the CLEP College Composition Modular with Essay, please contact the testing center directly to request the essay portion of the exam.

English Placement Chart

ACT under 24 *or* SAT under 550 Must take ENG 124, Rhetoric and Research
ACT over 24 *or* SAT over 550 May take ENG 126, Honors Rhetoric and Research

CLEP EXAM POLICY

The College Level Examination Program (CLEP) offers an opportunity to earn college-level credit for knowledge already acquired. North Central University accepts CLEP credits as transfer credits to meet the equivalent course requirements.

All official transcripts with CLEP exam scores must be received by North Central within the initial 65 credits of a student's program to be accepted toward degree requirements. Approval of a Transfer Credit Request does not guarantee acceptance of the CLEP exam score if the transcript is not received within this credit limit.

Any student may take a CLEP exam, but statistics indicate that chances of passing are lower if the student's ACT score is lower than 23. Double credit may not be received by taking the course in addition to passing the CLEP test. CLEP credit will only be granted in areas where coursework has not been taken. The subject exams are recommended by NCU, but the general exams will also be accepted.

CLEP Testing Dates, Fees and Deadlines

The CLEP test is administered at more than 1,300 locations throughout the United States. The institution administering the exam establishes the testing dates and fees. To find out when and where a CLEP test will be administered, please contact:

College Level Examination Program
PO Box 6600
Princeton, NJ 08541-6600
609.771.7865
E-mail: clep@ets.org

When taking the exam, use CLEP code 6505 to have all scores forwarded to North Central University. Additional information about CLEP can be found at www.collegeboard.org. Specific information regarding tests and course requirements can be found in the Registrar's Office.

Policies

CLASS ATTENDANCE

Class attendance is necessary for the ongoing process of education in the student's life. There are no excused absences for any purpose. Absences will not be questioned nor will they affect the earned grade as long as they are not excessive. "Excessive absence" from a class means that a student has missed approximately 25 percent of the class period and, therefore, will be dropped from the class. Should this occur during the first 10 calendar weeks of the term, a grade of "W" will be placed on the student's transcript, meaning that the student forfeits any grade or earned credit for the course. Should the excessive absence occur after the tenth calendar week of the semester, a grade of "WF" will be assigned, meaning that the earned credit will affect the student's cumulative GPA. Being late for class on four occasions is equivalent to one absence.

For all 100 and 200 level courses, the following standards will apply:

<u>Class Meets</u>	<u>Credit Value</u>	<u>Absences Allowed</u>
M-F	4	15
M, W, F	3-4	9
M, W, F	2	6
M, W, F	1	2
T, Th	3-4	6
T, Th	2	4
Evening/Slot	3	3
Weekend	1	1

For 300, 400 and graduate-level courses, the instructors shall have the right to set any policy they choose, as long as it is not more stringent than allowing one classroom hour of absence for each credit.

In order to maintain an atmosphere that is conducive to education and learning for all students, proper classroom etiquette must be observed. For this reason, infants or young children will not be allowed in the classrooms, and other disruptions such as cellular phones are also considered inappropriate for the classroom.

Upon arrival to a class where the professor is initially absent, students should not vacate the classroom until 10 minutes after the starting class time has elapsed – 15 minutes for those professors with doctorates. Professors shall notify the class if they anticipate being absent. No instructor shall use attendance in any way for bonus points, penalties or exemptions from exams.

Any appeals regarding class attendance must be made to the Registrar's Office before the end of the following semester.

CLASS ATTENDANCE POLICY FOR ATHLETES

The NCAA requires each member institution to have a policy which insures a Student-Athlete will have the opportunity to compete at a high level athletically without sacrificing the opportunity to excel academically. The NCAA desires to protect the integrity and validate the lessons students receive in both arenas. The North Central University Athletic Attendance Policy will contain the following provisions:

1. The faculty member teaching the class will receive a schedule, including departure times, from each Student-Athlete at the earliest date possible. Student-Athletes must obtain the Professor's signature on a form or schedule copy. This signature will aid the Athletic Department in tracking the responsibilities of each athlete.
2. The faculty member teaching the class must substitute an equal opportunity for the Student-Athlete who must miss a class due to athletic competition and an assignment for a grade or credit occurred (test, quiz, project, etc.).
3. Student-Athletes who must miss a class to represent NCU in an athletic event will not be penalized nor be in jeopardy of failing a class due to the absence or absences if all

absences have been used for athletic events; however, an athlete is NOT entitled to any extra absences for a class beyond the written policy contained in the class syllabus.

4. Faculty members who encounter any difficulty with a Student-Athlete or have questions are encouraged to contact either the coach or athletics department. It is our desire to facilitate the complete education of the Student-Athlete and not create a sense of entitlement for athletes.

CHAPEL ATTENDANCE

Chapel services are regarded as central in the spiritual life of the school, and attendance is required. The complete chapel attendance policy is spelled out in detail in the Student Guide and Calendar. A satisfactory chapel attendance record is required for readmission.

Grades

The grades utilized by North Central, along with their point values, are as follows:

Grade	Value
A	4
B	3
C	2
D	1
F	0

Grade Point Average (GPA) is calculated by multiplying the appropriate grade value for grades earned by the number of credits for that class, and then dividing that number by the total number of credits earned (HE). This calculation appears on each transcript - both for the "term" and the "cumulative" enrollment periods. North Central University currently does not utilize pluses (+) or minuses (-) in the calculation of GPA. Only letter grades earned at NCU influence academic grade point average. A GPA of at least 2.0 is required for graduation from North Central University, with the exception of the Education majors, which require an overall (cumulative) GPA of 2.2.

Grades are directly linked to "registration". Unless a student is properly registered for a class, no credit or grade can be awarded. The last day to add any class in the Registrar's Office is the end of the first full week of school for the fall and spring terms and by the end of the first full day of classes of the first session for the summer term.

A student who attends a class and then officially drops it within the tuition refund period (week 1 thru week 5) will also have the class removed from his/her transcript. (In such cases, a student's financial aid package may be adjusted.) However, if a student drops a class after the 5th week of class, a grade of "W" or "WF" will be issued. A grade of "W" will not impact a student's GPA, however a grade of "WF", issued after week 10, will have the equivalent impact of an "F" in the GPA calculations.

INCOMPLETE GRADES

The grade of "I" (Incomplete) is a temporary grade awarded by the professor which indicates that, for justifiable reasons (i.e., serious illness, death in the family, etc.), the student was unable to complete the work by the end of the registration term. Any student receiving an "I" must work closely with his/her professor to successfully complete and submit to the Registrar's Office a final grade posting for that class. This means that, together, a shared responsibility exists between student and professor for the fulfillment of course requirements and the submission of an appropriate earned grade within the following time-frame: a Fall "I" has until the grades due date of the Spring semester; a Spring "I" has until the day prior to the first day of classes for the Fall semester; and a Summer "I" has until the grades due date of the Fall semester.

For summer and fall incompletes, students must submit all previously incomplete work to their professor by the last day of classes of the subsequent semester. For spring incompletes, students must submit all previously incomplete work to their professor at the date assigned by the professor. In all cases, professors may require an earlier completion time frame. By default, the grade of "I" will be changed to "IF" 30 days after the term (for financial aid calculation purposes). An "IF" is not subject to future grade changes after the following semester, at which time the "IF" is permanently changed to an "F". No student with an "I" (or "IF") for a given semester is eligible for school honors in that semester. Graduating seniors who end their last semester with an "I" must complete all course requirements within the given time-frame in order to receive a diploma.

PASS/FAIL GRADING BASIS

Student teaching, international fieldwork, selected internships, and other courses approved by the Deans' Council may be graded on a Pass/Fail (P/F) basis. As of the fall 2012 semester, a grade of "P" is equivalent to a "C" or better. A "P" grade fulfills the degree requirement but does not carry grade points and is not included in GPA calculations.

GRADE CHANGES

Grade changes will be accepted by the Registrar's Office only in the cases of documented clerical error, miscalculation or by appeal as a result of extenuating circumstances. A faculty member cannot reassess previously submitted material and submit a new grade.

Re-evaluation of a student's performance is not considered a legitimate reason for a change of grade. A student may appeal a grade with the faculty member involved through the end of the semester immediately following the one in question (i.e. a professor may only make a change for the preceding semester). A grade change form must be submitted to the Registrar's Office and will include the reason for the change. This policy will be outlined in the Faculty Manual. In extreme cases of extenuating circumstances or information that arises after the grade has been submitted, the appropriate department chair, in conjunction with the faculty member, will review a petition for a change of grade.

Honors

DEAN'S LIST

Students with a minimum of 12 credit hours and a GPA of 3.5 or above are placed on the Dean's List for that semester. A grade of Incomplete disqualifies students from the Dean's List for that semester.

HONORABLE MENTION

Students who achieve a grade point average of 3.31 to 3.49 with a minimum course load of 12 credits are given honorable mention for that semester. A grade of Incomplete disqualifies students from the Honor's List for that semester.

HONOR SOCIETIES

- Who's Who Among Students in American Universities and Colleges is a national publication devoted to academically outstanding juniors and seniors. Approximately 40 students are nominated annually from North Central University. Election is based on scholarship, citizenship, participation and leadership in academic and extracurricular activities. Who's Who is also recognized in the graduation program.
- Psi Chi, the national psychology honor society, is open to students majoring or minoring in Social & Behavioral Sciences.
- Sigma Tau Delta is the International English Honor Society.
- Kappa Delta Pi, the International Honor Society in Education, is open to education majors who have at least a sophomore status and a GPA of 3.0 or higher.

Graduation

GRADUATION REQUIREMENTS

The following are required for graduation:

- Satisfactory completion of 124 (or more) credits for a Bachelor's Degree; 90 credits for a Diploma; 62 (or more) credits for an Associate of Arts Degree; and 31 credits for the Music Evangelism Certificate. Special requirements for each program are listed by the department offering the degree.
- A minimum overall grade point average of 2.0 ("C" average) is required for all degree, diploma or certificate candidates, except for the Education majors, who must earn a minimum 2.2 GPA.
- For a person to receive a diploma, degree or certificate, 27 of the final 33 credits must be taken in residency at North Central University.

- All students must meet faculty standards regarding Christian character and conduct. Conduct judged unworthy of the standards of Christian conduct at NCU will be deemed sufficient cause for removing a student's name from the annual graduation list.
- All candidates for the Music Evangelism Certificate, Associate of Arts Degree, Diploma and Bachelor's Degree must file an Application for Graduation with the Registrar's Office the semester before their intended Commencement ceremony participation/last semester of attendance (See current NCU website for exact dates).
- Students must meet the prescribed standards of assessment as established by the faculty.
- All graduation requirements must be completed before a student may participate in Commencement activities or a degree awarded.
- All Undergraduate students must successfully complete four semesters of required ministry involvement. See the Ministry and Volunteer Coordinator for specific information and for special rules for transfer and older students.
- A student will receive a December graduation date if course work is completed in the fall semester. The May graduation date exists for students completing their coursework in May. A student will receive a July or August graduation date if coursework is completed in the summer semester. All graduating students are encouraged to participate in the annual Commencement ceremonies.
- A student is subject to the academic requirements of the catalog for the year in which enrollment first occurred. If a student changes majors or leaves the University and is later readmitted, the academic requirements that are in effect at the time of the change or readmission must be met.
- Students may petition the Registrar's Office to participate in a Commencement ceremony with up to 6 credits left to complete after participation. Student must provide their graduation application, petition, and proof that they are taking steps towards completing their final requirements within the semester following participation.

GRADUATION HONORS

Graduating students who have completed no less than 45 credits of work in residence at North Central University will be awarded graduation honors based on cumulative grade point average as follows: 3.80-4.0, Summa Cum Laude; 3.65-3.79, Magna Cum Laude; 3.50-3.64, Cum Laude. Honors are based on the cumulative GPA after the semester preceding graduation. However, the final cumulative GPA will be used in the calculation of honors indicated on the diploma and permanent transcript.

A student must attend North Central full time for five or more semesters to be eligible for valedictorian or salutatorian honors.

RESIDENCY REQUIREMENTS FOR FINAL 33 CREDITS

In order for a student to receive a diploma, degree or certificate, 27 of the final 33 credits of the program must be taken in residence at North Central University.

TRANSCRIPTS

Official transcripts are issued only upon the written authorization by the student, in accordance with the Family Educational Rights and Privacy Act (FERPA). Students can request their transcripts by following the step-by-step process found on the National Student Clearing House website below. The time frame for processing official transcript requests is five to seven business days.

https://www.studentclearinghouse.org/secure_area/Transcript/to_bridge.asp

A transcript will not be issued to or on behalf of any individual who has a past-due financial obligation (including federal loan programs) to the University. Remittances on past due balances should be made in cash, by certified check or money order to the Student Accounts Office.

Academic Integrity and Plagiarism

Paul says in Philippians 4:8, “Brethren, whatever is true, whatever is honorable, whatever is right, whatever is pure, whatever is lovely, whatever is of good repute, if there is any excellence and if anything worthy of praise, let your mind dwell on these things.” (NAS)

Academic integrity is a mandate given in the Word of God. It is not an opinion. As Pentecostal Christians, we must pursue holiness in all areas of our lives, and therefore consider academic integrity as primary importance in our walk with the Lord.

Academic dishonesty is defined as intentional plagiarism, cheating, fabricating or attempting to help others to be dishonest which includes, but not limited to, roster fraud and attendance deception. So that ethical standards are not unintentionally compromised, the following guidelines are offered for our student’s assistance. The guidelines are also offered to inform anyone who has cheated or been tempted to cheat that the consequences of academic dishonesty are grave.

Plagiarism is defined as “intentionally or knowingly representing the words or ideas of another person as one’s own in an academic exercise.” For example:

1. Direct quotations must be identified by quotation marks or appropriate indentation and must be cited in a footnote or endnote.
2. Prompt acknowledgement in the body of the exercise is required when material from another source is paraphrased or summarized, in whole or part, in one’s own words. Then conclude with a parenthetical documentation, footnote or endnote identifying the exact reference.

North Central University views plagiarism as a serious offense. In addition, it is against the broader rules of scholarship within the North American scholarly community (of which we are

all members) to use the ideas or words of another person without giving the person credit. Whether the other source is a textbook, another book, an article, a friend, a web site, etc., the source must be clearly noted, and specifically which elements of the work turned in are drawn from it. Ignorance or lack of clarity about what precisely constitutes plagiarism is not an excuse. All work turned in, at any time during one's studies at NCU, must be their own.

Cheating is defined as "intentionally using or attempting to use unauthorized materials, information or study aids in any academic exercise" therefore:

1. External aids (books, notes, calculators, conversation with others) are prohibited when taking an examination or completing assignments, unless specifically allowed by the instructor.
2. Students may not have others conduct research or prepare work for them without advance authorization from the instructor. This prohibition includes the work by any online research companies or research paper businesses.
3. Major portions of the same academic work may not be submitted more than once for credit or honors, without authorization. Example: one may not produce a single academic assignment (e.g. research paper, presentation, etc.) and submit it in more than one course without prior permission.

Fabrication is defined as "intentionally falsifying or inventing any information or citation on any academic exercise," therefore:

1. "Invented" information may not be used in any laboratory experiment or classroom exercise.
2. One should acknowledge the actual source from which cited information is obtained. For example, a student should not take a quotation from a book review and then indicate that the quotation was obtained from the book itself.
3. Students must not change and resubmit previous academic work without prior permission from the instructor.

Roster fraud and attendance deception is defined as intentionally or knowingly signing or otherwise indicating another student's presence in a class when he/she is, in fact, not present. This is a form of "fabrication" or lying and constitutes academic dishonesty.

Academic dishonesty also includes intentionally or knowingly helping, attempting to help or soliciting another to commit an act of academic dishonesty.

Disciplinary Action

"Come In": In the case of a student who commits academic dishonesty and "comes in" to the professor and admits guilt, the faculty member should determine the degree of severity of discipline. All acts of academic dishonesty will be reported to the Registrar.

“Call In”: If a student commits academic dishonesty and is “called in” by the professor, the professor should take the following steps.

First Offense Procedures

Professor:

- Notify the student directly and inform him/her that academic dishonesty is a very serious breach of trust.
- Attempt to determine the cause and inform the student that a second offense will result in an automatic failure of the course with a hearing before the Academic Integrity Committee and stand the possibility of being dismissed from the University.
- If applicable, give the student(s) an “F” on the assignment and/or require that it be redone.
- Notify the Registrar’s Office of the offense and request that a notice be put in the student’s file for as long as student records are kept on file.

Note: More serious offenses may result in the failure of the course and extreme cases may result in dismissal from the University. Compounding the situation by lying, further dishonesty or other problems, may result in more serious consequences.

Registrar:

- The Registrar will send a memo to the student indicating that an incident report has been put in his/her file. Included in the memo will be notification that the student has the right to appeal through the established appeal “petition” process.
- Copies of all documents will be forwarded to the Student Development department from the Registrar.

Multiple Offense Procedures:

- If a student commits multiple offenses of academic dishonesty (same violations or combination), the Registrar’s Office notifies the professor, the Academic Integrity Committee and the Vice President of Academic Affairs that the student has violated the Academic Integrity Policy a second time. The student then meets with the Academic Integrity Committee and a decision is made concerning disciplinary measures.
- If it is determined a student violated the Academic Integrity Policy twice within a course, an “F” for the course will be given and a meeting of the Academic Integrity Committee is convened to determine possible further consequences. If a student commits academic dishonesty in a different course, he/she must meet with the Committee. Redemptive discipline for the student can vary from reinstatement to the issuing of warnings or dismissal from the University. The Vice President of Academic Affairs must approve the Committee’s decision before the University acts on it. If a student is dismissed, he/she is not able to return for one entire semester following the dismissal. The student has the right to appeal to the Academic Affairs Committee. Appeals will only be accepted if they are based on error(s) committed by the professor(s) and/or Academic Integrity Committee in the process or procedure outline in this policy.

Satisfactory Academic Progress

It is expected that a student will make satisfactory progress toward a degree, diploma or certificate. An Academic Warning, Academic Probation and Academic Provisional Continuance list is compiled each semester, based on the student's academic achievement for the previous semester.

The following information states the required total cumulative grade point average (GPA) necessary for the student to remain in good academic standing based upon the total number of credit hours which the student has earned.

Minimum Requirement:

<u>Cumulative Credits Earned</u>	<u>Cumulative GPA</u>
0-29	1.6
30-59	1.8
60+	2.0

Students with a grade point average below 2.0 will be notified in writing by the Registrar's office and placed in one of the following categories:

- Academic Warning: When a full-time student's cumulative GPA is lower than 2.0 but above the good standing requirement, the student will be placed on Academic Warning status for the following semester.
- Academic Probation: When a student's cumulative GPA falls below the level of good standing, the student will be placed on Academic Probation status for the following semester. The maximum academic load for students on Academic Probation is 15 credit hours. Students on Academic Probation are excluded from taking any online courses and limited to participation in one extra-curricular activity. In addition, students are required to make an appointment within their first two weeks of class in the Student Success Center with the Academic Specialist.
- Academic Provisional Continuance: The student who does not attain a cumulative GPA above the level of good standing after being placed on Academic Probation (at any point in his or her academic career) will be placed on Academic Provisional Continuance. Academic Provisional Continuance is a heightened status meant to be more stringent than probation. A student on Academic Provisional Continuance will not be allowed to enroll in more than 15 credit hours or enroll in any online courses or participate in extra-curricular activities such as campus leadership, organizations, ministry teams or athletics to name a few. Also, students will be force enrolled into a 0 credit, pass/fail section of GS 145 Strategies for Success.

- Removal from Academic Warning/ Academic Probation/Academic Provisional Continuance: A student will be removed from Academic Warning, Academic Probation or Academic Provisional Continuance at the end of any given semester when their cumulative GPA meets the requirements for good standing.
- Academic Dismissal: The student on Academic Provisional Continuance whose cumulative GPA at the end of the semester is lower than what is required for good standing can anticipate dismissal from the University. Appeals should be made in writing to the Registrar and may be considered by the Vice President of Academic Affairs, and others as needed. Individuals who have been terminated for academic reasons may reapply after they have attended another college and earned at least 6 credits of “C” quality work. The Admissions Committee will, upon receipt of a transcript from that institution, consider the reapplication request.

Provisional Admittance

Students who do not meet the minimum GPA (2.2) and ACT (18) requirements are accepted provisionally. All students accepted provisionally must meet the following conditions during their first year at North Central [Admissions Policy Manual p. 18 section 3.1.1]:

- Enroll and pass the required Strategies for Success course or seminar during their first semester at North Central. This course is designed to help a student develop and improve the study skills he or she will need for college-level work.
- The student will be limited to 15 credits per semester and excluded from taking any online courses during their first two semesters.
- If a student taking the Strategies for Success Seminar (GS143) does not maintain a 2.0 GPA their first semester, he or she will be required to enroll and pass the 2-credit Strategies for Success course (GS144) during their second semester at North Central.
- The student must obtain a minimum cumulative GPA of 2.0 at the time of completion of two semesters or face Academic Dismissal.
- Must be cleared to register with the New Student Academic Advisor in the Registrar’s Office.

All registration restrictions will be lifted after a student has completed two semesters with a cumulative GPA of 2.0 or better. In addition, students are required to successfully complete a minimum of 20 credits during their first two semesters.

Withdrawal

Voluntary: A student who finds it necessary to withdraw from the University after they have started attending classes must meet with the Dean of Student Advocacy in person to complete a Withdrawal Form & Exit Survey. The date on which a student notifies the University of their intent to withdraw will be the date used to calculate any available refund. Refunds of tuition, general fee, technology fee and room charges will be calculated according to the University’s Refund Policy.

The student will receive a grade of 'WF' on his or her transcript for each class if a complete withdrawal is made during or after the tenth week of the semester. Prior to the tenth week, a grade of 'W' will be listed on the transcript.

Disciplinary Action: If a student is dismissed for disciplinary reasons, a grade of 'W' or 'WF' will be listed on the transcript based on the date of withdrawal. The regular refund policy applies for a student who is dismissed for disciplinary reasons.

Academic Appeal Procedures

Academic appeals for course grades, status in programs and academic dishonesty are handled in the following manner:

1. The faculty member is the main voice regarding course policies, expectations or grading. Students who believe they are treated unfairly in their academic experience should make every effort to resolve the issue with the faculty member. If students believe they have been treated improperly, they will seek to resolve the matter, first with the professor, then with the appropriate department chair or dean.
2. If, after a discussion with the professor and the department chair, a student still thinks he or she is being treated unfairly or not in keeping with announced academic policies, that student may appeal in writing to the Registrar by filling out an Academic Petition, available from the Registrar's Office. The written appeal must be received by the Registrar within three weeks after making the attempt to resolve the issue with the professor or department chair.
3. Appeals received by the Registrar will be reviewed by the Academic Progress Committee, and the student will be notified of their decision in writing. The V.P. of Academic Affairs is the final authority in deciding all Academic Appeals.

Academic Support Services

By providing a personalized one-on-one environment, the Student Success Center (SSC) staff strives to build professional and personal relationships with students in order to carefully assess their individual needs and offer appropriate academic support. Our services can help clarify and reinforce classroom learning, enhance specific skills (e.g., writing, test-taking, memory) or provide a network of support for academic aspirations.

Academic Services Include:

- One-on-one consultation to assess how the SSC can meet the student's needs
- Tutoring in general education subjects
- Academic Coaching a performance improvement program
- Writing consultations, support and feedback for class papers
- Assistance in breaking through writer's block when facing a paper

- Assistance to students who are studying with a learning disorder
- Study skills courses
- Study groups and test preparation strategies
- Workshops
- Exam proctoring

Students with Disabilities

North Central University is committed to providing optimal educational opportunities for all students, including those enrolled or admitted who have disabilities under Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 (ADA).

College policy provides for reasonable accommodations to be made for students with disabilities on an individual and flexible basis. It is the responsibility of students with disabilities to seek available assistance and make their needs known to the Director of the Student Success Center. In order to determine accommodations for special needs, North Central University asks students to submit a recent (within the last three years) professional assessment that documents the disability.

For assistance with special services, students should contact the director or assistant director of the Student Success Center at 612.343.3513 or 612.343.3510. We work to ensure equal access for students with documented disabilities. Services provided include equal access, academic advising, assistance and support.

Assessment of Student Achievement and Development

The assessment of student learning is an integral part of the educational experience at North Central University. The overarching plan for assessment is related to the University's mission and encompasses numerous measures of educational achievement and student development, including various tests and surveys.

The program is coordinated by the Assessment Committee, consisting of faculty, administrative staff, and support service staff. Recent assessment measures have been used to assess institutional effectiveness, general student characteristics and departmental effectiveness. Assessment measures are administered at regular intervals during a student's education at North Central University. These are administered to a random group of freshmen, sophomores, juniors and seniors. By administering these exams throughout a four-year program, it is possible to tangibly note student progress. The scores are utilized by the University to monitor the quality of classroom instruction in order to maximize student learning, and to develop programs that best meet student needs.

All questions about institution-wide testing policies, procedures or results should be addressed to the Assessment Committee.

Title II Reporting

In accordance with Section 207 of Title II of the Higher Education Act, North Central is required to inform the public of the performance of completers of the teacher preparation program on teacher certification/licensure assessments used by the State of Minnesota.

For academic year 2013-2014, the most recent year for which reporting is available, the pass rate for those taking the MTLE exams were as follows:

Total Number of Program Completers: 17

<u>Type of Assessment:</u>	<u>#Taking</u>	<u>#Passing</u>	<u>NCU Pass Rate</u>	<u>State Pass Rate</u>
Aggregate - Basic Skills	17	17	100%	94%
Aggregate - Professional Knowledge	12	11	96%	97%
Aggregate - Academic Content Areas	11	10	97%	95%
Summary Totals	13	13	98%	95%

For the academic year 2013–2014 the pass rate for those taking the exams were as follows:

Total Number of Completers: 10

<u>Type of Assessment:</u>	<u>#Taking</u>	<u>#Passing</u>	<u>NCU Pass Rate</u>	<u>State Pass Rate</u>
Basic Reading Skills	17	17	100%	94%
Basic Writing Skills	17	17	100%	93%
Basic Mathematics Skills	17	16	94%	92%
Pedagogy: Elementary Subtest 1	12	12	100%	98%
Pedagogy: Elementary Subtest 2	12	11	92%	97%
Elementary Education Subtest 1	11	10	91%	96%
Elementary Education Subtest 2	11	11	100%	98%
Elementary Education Subtest 3	10	10	100%	92%

The NCU Education 2013-2014 program statistics:

- 43 students formally admitted to the Education Program
- NCU's Education program requires 696 hours of supervised practice teaching
- The average student-faculty ratio for supervised practice teaching is 12:1
- Placement rate for NCU Education graduates into a full-time teaching or education related field is 88%.
- 2 alumni of the NCU Education program have been named the Minnesota Teacher of the Year since 2000.

Notice of Student Rights under FERPA

DISCLOSURE OF INFORMATION

North Central University complies with the Family Educational Rights and Privacy Act of 1974 (FERPA). This Act was designed to protect the privacy of education records, to establish the right of students to inspect and review their education records and to provide guidelines for the correction of inaccurate or misleading data through formal and informal hearings.

Family Educational Rights and Privacy Act Notice

The Family Educational Rights and Privacy Act of 1974 (FERPA), as amended, provides certain rights to students regarding their educational records. All students are protected under this act from the time they begin attending classes at North Central University, regardless of age or minor status. Each year North Central University is required to give notice of the various rights accorded to students pursuant to FERPA. In accordance with FERPA, all students are notified of the following:

- **Right to inspect and review educational records.** Students have the right to review and inspect substantially all of their education records maintained by or at North Central University within 45 days once the request for access has been received by the Registrar's Office.
 - A student who wishes to inspect education records should submit a written request to the Registrar identifying the record(s) the student wishes to inspect. The Registrar or appropriate designee will make arrangements for access and notify the student of the time and place where the records may be inspected. If the requested records are not maintained by the Registrar's office, the Registrar shall advise the student of the correct University official to whom the request should be addressed.
- **Right to request amendment of education records.** Students have the right to seek to have corrected any parts of an education record that are believed to be inaccurate, misleading or otherwise in violation of the student's right to privacy.
 - A student who wishes to ask the University to amend a record should submit a written request to the Registrar which clearly identifies the part of the record the student wants changed, and specifies why it should be changed. If the University decides not to amend the record as requested, the University will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing. If, after a hearing, the University decides not to amend the record as requested, the student has the right to submit a personal statement in which they contest the accuracy of the record, which will become a part of the student's academic file alongside the disputed record.
- **Right to give permission for disclosure of personally identifiable information.** Students have the right to provide written consent before the University discloses personally

identifiable information from the student's records, except to the extent that FERPA and the regulations regarding FERPA authorize disclosure without the student's permission.

- **Right to withhold disclosure of "directory information".** FERPA uses the term "directory information" to refer to those categories of personally identifiable information that may be released for any purpose at the discretion of North Central University without notification of the request or disclosure to the student.

Under FERPA, the student has the right to withhold the disclosure of the directory information listed below, called a Directory Block. Students should consider very carefully the consequences of any decision to withhold directory information. Should a student decide to inform North Central University not to release directory information, any further request for such information from persons or organizations outside of North Central University will be refused.

"Directory information" includes the following:

1. The student's name
2. The student's address
3. The student's telephone number
4. The student's institution-issued e-mail address
5. The student's date and place of birth
6. The student's class standing
7. The student's course of study
8. The student's participation in officially recognized activities and sports
9. The student's degrees, honors, and awards received
10. The weight and height of members of athletic team
11. The student's dates of attendance
12. The most recent previous educational agency or institution attended by the student
13. The student's photograph

North Central University will honor the student's request to withhold all directory information, but cannot assume responsibility to contact the student for subsequent permission to release it. North Central University assumes no liability for honoring the student's instructions that such information be withheld. Forms for the directory block are available from the Mail Center. If the completed form is not received by the Mail Center prior to Sept. 15, it will be assumed that all directory information may be disclosed for the remainder of the current academic year. A new form for withholding disclosure must be completed each academic year.

North Central University discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. School officials at NCU include the following; any person employed by NCU in an administrative, supervisory, academic or research, or support staff position, or a volunteer serving in one of these positions, companies with whom NCU has contracted (e.g. attorney, auditor, collection agency), Board of Regents, or students serving on an official committee, such

as a disciplinary or grievance committee or assisting another school official in performing his or her tasks. Information will only be disclosed to school officials if they have a legitimate educational interest to access the information. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the University.

Upon request, the University also discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

Release of Educational Information

No additional educational information will be released, except to the extent that FERPA authorizes disclosure without consent, without the explicit written consent of the student. Requests for the University to release student educational information must be in writing and must explicitly indicate what information is to be released and to whom.

Right to complain to FERPA Office

- Students have the right to file a complaint with the Family Educational Rights and Privacy Act Office, Department of Education, 600 Independence Ave S.W. Washington D.C., 20202, if the student believes that North Central University has violated the Federal Educational Rights and Privacy Act.
- Students have the right to obtain a copy of the written North Central University policy regarding FERPA. A copy may be obtained in person from the Registrar's Office.

Notice of Possible Federal and State Government Data Collection and Use

As of January 3, 2012, the U.S. Department of Education's FERPA regulations expand the circumstances under which the student's education records and personally identifiable information (PII) contained in such records — including the Social Security Number, grades, or other private information — may be accessed without the student's consent. First, the U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or state and local education authorities ("Federal and State Authorities") may allow access to a student's records and PII without the student's consent to any third party designated by a Federal or State Authority to evaluate a federal- or state-supported education program. The evaluation may relate to any program that is "principally engaged in the provision of education," such as early childhood education and job training, as well as any program that is administered by an education agency or institution. Second, Federal and State Authorities may allow access to the student's education records and PII without their consent to researchers performing certain types of studies, in certain cases even when the North Central objects to or does not request such research. Federal and State Authorities must obtain certain use-restriction and data security promises from the entities that they authorize to receive a student's PII, but the Authorities need not maintain direct control over such entities. In addition, in connection with Statewide Longitudinal Data Systems, State Authorities may collect, compile, permanently retain, and share without the student's consent PII from education records, and they may track participation in education and other programs by linking such PII to other personal information about the student that they obtain from other Federal or State data sources, including

workforce development, unemployment insurance, child welfare, juvenile justice, military and migrant student records systems.
