The Mathematics Major Tuition Scholarship is a $2,500 annual tuition scholarship renewable for up to eight semesters. It is awarded to a first-time freshman student each year based on superior academic performance, a written essay, and two references. The above individual is applying for this Scholarship at North Central University. Serious consideration will be given to your comments; therefore, we ask that you complete this form carefully. This document will be kept confidential if the student has signed the waiver of access above. Please complete this form and mail to the Financial Aid office at the address at the end of this form prior to the January 1, 2018. It will be forwarded to the Mathematics Scholarship Award Committee for their review and selection. Thank you for your assistance.
