DOMINGO Church Youth Leader

I came out of high school really on fire about my faith. I wanted to get right into some kind of service work even though I had no idea what I was doing or what to expect. My pastor had been involved with North Central and he offered me a part time job while I went to school online. **It was an incredible opportunity** and I was overwhelmed by the professors' investment in me and caring about my faith journey even as they educated my mind. These people have my full endorsement!

GRACE Church Plant Missions Director

I didn't know what I wanted to do when I grew up, other than I knew I wanted to serve God in some way. Very vague, I know. I ended up on NCU's website while googling degrees relating to the church, and I found the Church Leadership degree! I tentatively signed up for one semester — and I loved it! It was while doing that that a professor pushed me to look into helping administratively with church planting. It's been so rewarding and **I'm putting my education to use every day!** Thanks, NCU!

JOSEPH Seminary Student

Pursuing seminary has been something I've been thinking about since I came to my faith about eight years ago. It was intimidating at first — everyone would be much younger than me and more knowledgeable. But the Lord worked on my heart nonstop, so I started looking into the education I'd need. Enter North Central's online Church Leadership program. **It was the comfortable setting I needed where I could learn at my own pace** and it really filled in the gaps in my knowledge. It really helped me and I think it will help others, too.
