PAUL Pastor

North Central's online master's program is offering an **incredible education opportunity** to people called into the ministry, like myself. We're not exactly a wealthy bunch, but the Church Leadership Master's degree has been as affordable as it is edifying. The future of the church depends on having services like these that make for better pastors and better leadership. They have my full endorsement!

TIMOTHY Pastor of Outreach and Development

Get the gospel to the people. If we're not working towards that, growing towards that, what are we doing? **NCU's Strategic Leadership program is a toolbox I've gone back to again and again** towards this end, evolving the way I think about ministry and the calling to witness. These lessons, these people I've learned from and alongside, are a powerful force in my life. Thank you to NCU for all that you do and for this online program.

SEYOUM Head Pastor

My time in this online program has been very good. There has been a lot of learning and a lot of evident love for God and His people. And it has been affordable! I have time to do the homework and lessons in the evenings after I have finished with my work at the church for the day, which I could not do with regular classes. **I am very grateful to have had this experience** and I am telling my friend who wishes to be a pastor to sign up!
