

WELCOME TO CARLSON HALL!

“What is Carlson Hall?”

Carlson Hall is our home! It is the residence hall that will serve as our home base this semester, but it is much more than just a building...

Carlson Hall is a place to live life to its fullest! Here you can share memorable experiences, make meaningful and lasting relationships, learn lessons of all varieties, deepen your connection with Christ, transform increasingly into His likeness, and discover your place in His Kingdom.

All this is Carlson Hall — and all this is now yours! You are a vital member of this community! Carlson Hall is what we make it, so let's dare one another to make it great! Welcome home!

“How can I set up and decorate my room?”

- Residents may use only sticky tack on the painted walls of their room. Sticky tack or “3M Command Strips” may be used only on laminated doors or paneled walls. Push pins/thumb tacks may be used only in the grooves of the paneling. Nails, screws, or other fasteners are not permitted on any surfaces. Tape or other adhesive materials are not permitted on any walls, doors, ceiling, or carpeting.
- Residents may hang lightweight items from the ceiling tile grid in their room, however, any damage to the ceiling will be the financial responsibility of the residents. Ceiling tiles may not be removed or rearranged to store items or open up additional ceiling space.
- Residents may stack the furniture in their room, but protective material should be used between pieces to avoid damage to furniture surfaces. Cinder blocks are not allowed nor is the construction of homemade lofts permitted. However, residents may request NCU-issued furniture components from their Resident Advisor to safely loft their bed. Residents should ensure a dresser placed under their bed is not scraped or damaged by bedsprings while the bed is in use.
- Room doors should not be propped open with materials that may damage the door's surface or hardware. Door closers must remain connected and operational at all times.
- Residents of Carlson Hall should be cautious of sprinkler heads when arranging and using their room. Any damage resulting from an accidentally discharged sprinkler is the financial responsibility of the individual(s) who set it off.
- Disconnecting or otherwise tampering with smoke detectors is not permitted.

“How do I report a concern about my room?”

- If any repairs are needed throughout the school year a maintenance request may be submitted online at:
