MISSION, VISION, & STUDENT OUTCOMES

MISSION STATEMENT

North Central University is a Christ-centered, Bible-based, Pentecostal school with a commitment to academic excellence that prepares students to fulfill biblical models of leadership and ministry throughout the world.

VISION STATEMENT

North Central University will be recognized as a globally influential university that prepares exemplary Pentecostal leaders and ministers.

INSTITUTIONAL STUDENT OUTCOMES

Our students will be:

1. Christ followers guided and empowered by the Holy Spirit and God's Word.
2. Lifelong learners in the highest tradition of Christian scholarship.
3. Leaders serving and empowering others in the church and throughout the world.
4. Ministers communicating Christ's love and the Holy Spirit's power through word and action.

In order to accomplish this task, NCU is committed to the requirement of a minimum of 24 credits of Bible/Theology for most majors, including the 18 credit Christian Studies Minor. It also requires daily chapel attendance and other meaningful methods of spiritual formation. NCU is church-focused and there are practical ministry requirements which are fulfilled with service in the church and community. The University seeks to develop a robust Christianity based on a Christian worldview developed through a meaningful, integrated general education core program. It offers various majors which are designed to develop leaders who are functioning Pentecostals and who know how to interact evangelistically with their world.

All majors are designed to be ministry-focused, training students to serve God in a variety of ways according to their calling and gifts. Program focus at North Central is particularly centered upon urban and international settings, utilizing the urban context of the campus as a laboratory for effective ministry and providing a full array of creative international learning opportunities.

THE HERITAGE

Located in the heart of Minneapolis, North Central University is a coeducational, undergraduate, primarily residential college owned and operated by 11 Assemblies of God districts of the upper Midwest. Founded in 1930 as North Central Bible Institute, program offerings were expanded in 1955 to include a four-year degree.

In 1957, the institution's name was changed to North Central Bible College and in 1964, North Central was accredited by the American Association of Bible Colleges. Recognizing its commitment to the needs of its constituents, North Central continued expanding its offerings and was accredited in 1986 by the Higher Learning Commission.

At the spring 1998 meeting of the Board of Regents, the college's name was changed to North Central University.

In keeping with the vital and growing character of the school, enrollment has more than tripled from 401 students in 1975 to a present enrollment of approximately 1,100 in the residence, online, PSEO and graduate programs this year. The stability and strength of North Central has produced more than 26,000 alumni, and of its graduates, 75 percent are presently in ministry positions throughout the United States and around the world.

ACADEMIC AREAS

College of Arts & Sciences

The College of Arts & Sciences prepares students to lead and minister in the marketplace.

❖ SCHOOL OF COMMUNICATIONS

- *Communication Arts*

The Department of Communication Arts prepares graduates with a Christian worldview who dynamically engage culture and skillfully create digital and print media that enhance scholarly and public discourse.

- *English*

The English Department at North Central University is a Christ-Centered analytical work in English, dedicated to developing the abilities to think critically, communicate effectively, and influence culture creatively.

- *Carlstrom ASL Interpreting*

North Central University is home to the Carlstrom American Sign Language Interpreting training program. NCU is the only Assemblies of God College to offer a major in interpreting and a minor in Deaf Cultural studies. The qualified faculty members enable students to be trained by experts in the field of interpreting, Deaf culture and American Sign Language (ASL).

The Carlstrom American Sign Language (ASL) Interpreting department will produce graduates who will ethically serve and lead by utilizing their skill and knowledge of languages, cultures, and a Christian worldview to facilitate communication and understanding between Deaf and non-deaf people.

❖ SCHOOL OF EDUCATION

The School of Education is committed to producing teachers who are academically prepared for excellent teaching and who utilize the best pedagogical practices, model Christ-like character, and devote themselves to lifelong learning. The School of Education also incorporates the Mathematics majors as well as general education courses in mathematics and the sciences.

❖ SCHOOL OF SOCIAL & BEHAVIORAL SCIENCES

The School of Social and Behavioral Sciences exists to provide a broad, theologically enlightened educational foundation for students entering the behavioral sciences and prepare department graduates for further educational training and/or immediate employment in the field. The School of Social & Behavioral Sciences also incorporates the general education courses in history and government.

College of Business & Technology

The College of Business & Technology utilizes academic and experiential rigor to educate leaders in business knowledge, Christian virtues, and professional skills – our graduates are capable of leading organizations to innovate, grow, and deliver world-class results.

❖ SCHOOL OF BUSINESS

The School of Business offers a distinctive educational experience to prepare global business leaders through a portfolio of relevant programs that emphasizes academic rigor, learning outcomes, and teaching excellence in both delivery and content. Your educational journey in the School of Business will be built on tested theoretical frameworks and real-world learning experiences. Our graduates will possess the multidisciplinary knowledge, critical-thinking skills, and Christian virtues to make a positive impact on economies and societies.

❖ SCHOOL OF TECHNOLOGY

Through a unique blend of curricular, experiential, and research programs delivered within a student-centric culture, the School of Technology prepares its students for successful careers in a global society. Your educational environment in the School of Technology is one where the professors are by your side as you program, innovate, and research solutions to real-world challenges. Our graduates cultivate a well-balanced portfolio of work of the highest quality with a wide range of interests.

College of Church Leadership

The College of Church Leadership provides for continued growth and development of ministry programs as we embrace our responsibility to raise up and send out the next generation of leaders answering God's call to vocational ministry.

❖ SCHOOL OF PASTORAL STUDIES

The School of Pastoral Studies exists to provide comprehensive ministerial training for pastors in the areas of Youth, Children & Family ministry and Pastoral Leadership, as well as evangelism and church planting.

❖ SCHOOL OF GLOBAL STUDIES

The School of Global Studies prepares students to love God and others, extending God's Kingdom incarnationally and cross-culturally by focusing on unreached, oppressed, and impoverished peoples.

❖ SCHOOL OF BIBLICAL & THEOLOGICAL STUDIES

The School of Biblical & Theological Studies provides a strong biblical and theological foundation for all NCU students and offers advanced biblical and theological training for those planning to pursue graduate study and/or vocational ministry.

College of Graduate and Professional Education

The College of Graduate and Professional Education creates and administers innovative educational programming to meet the needs of graduate, professional, adult, online, traditional, and non-traditional students, enabling them to grow in their calling to exemplify biblical models of leadership and ministry.

❖ SCHOOL OF PROFESSIONAL EDUCATION

The School of Professional Studies provides innovative opportunities for degree-completion, vocational learning, and online education for both traditional and non-traditional students, preparing them to excel as leaders in the church and the world.

❖ SCHOOL OF GRADUATE STUDIES

The School of Graduate Studies provides graduate-level educational programming that serves to develop effective Christian leaders for vital roles in businesses, churches, and other organizations through a theologically-informed, theoretically-grounded, and practically-applied curriculum.

ACADEMIC POLICIES

Academic Calendar

CALENDAR

The standard academic year consists of two semesters; a fall semester of approximately 16 weeks and a spring semester of about the same length ending in early May. All credits are computed on a semester basis, including the summer session courses.

SUMMER SESSIONS

The dates for summer sessions are indicated on the university calendar with courses typically starting the Monday following spring commencement. The summer online classes will be 8 weeks in length. Other courses such as internships and senior projects extend the full 16 week summer semester. A maximum of 15 credits may be taken during the summer sessions, including a limit of 2 online classes per session. Classes with fewer than six students in summer sessions may be cancelled at the discretion of the professor. North Central University reserves the right to cancel any course for which enrollment is considered insufficient.

FINAL EXAMINATIONS

One week is provided for final examinations at the close of each semester. Two hours are allotted for each course exam. Final examinations must be taken at the designated times, except in the case of a life-threatening family emergency with documentation or a personal medical problem documented by a physician or health care professional. These exceptions must be approved by the Provost's Office. A student with 3 or more final exams scheduled for the same day may request an accommodation from the Provost's Office.

Please note that all coursework must be submitted for grading no later than the end of Finals Week. The only exceptions would be for students with an approved Incomplete Grade Request. In the event of an emergency during Finals Week, please contact the Registrar's Office directly for assistance. Any coursework submitted after the end of last day of the scheduled final exam will not be accepted by the instructor.

Academic Advising

ADVISORS

Each student will be assigned an academic advisor who is a faculty member within the appropriate major. The advisor will assist in orientation to campus life, establishing educational goals and scheduling classes during registration. In addition, all faculty members hold regular office hours at which time students are encouraged to seek counsel.

While North Central University will provide as much help as possible in planning academic programs, each student is responsible for the proper completion of a program and, therefore, should be familiar with the requirements listed in this catalog, as well as all Academic Policies.

EXPLORATORY STUDIES

Students have the option to spend their first two semesters exploring the different majors at North Central (30 credit limit). Students who select the Exploratory Studies Major will be assigned an advisor who specializes in career guidance to help them stay on track for graduation while they discover their strengths and explore their interests.

DEGREE AUDIT SHEETS

The Registrar's Office provides each student with a Degree Audit sheet, indicating courses required and completed. The official record is kept in the Registrar's Office. Student and advisor can access the degree requirements at any time through Colleague Self Service. It is the responsibility of the student, with the assistance of the advisor, to see that all program requirements are accounted for before applying for graduation.

CLASS STANDING

A student's class status is based on the number of credit hours successfully completed toward graduation (HG):

Freshman	0–29 Credits
Sophomore	30–59 Credits
Junior	60–89 Credits
Senior	90 or more Credits

REGISTRATION- ADD/DROP PERIODS

Students are expected to register during the scheduled registration periods designated on the school calendar. The registration process is complete only after all classes have been scheduled, tuition and fees have been paid and registration forms have been submitted to the appropriate offices.

All freshmen, transfer students and returning students who have not been enrolled at North Central University for more than one semester are required to participate in the new student orientation for the semester in which they wish to re-enroll. Students may register online for courses through the Add Period during the first 2 weeks of the term, ending on Census. Students may drop classes through the first 4 weeks of the term without penalty. Courses may only be dropped online through Self Service up until Census. All registration changes after that time must be processed through the Registrar's Office.

Online classes may be added only during the first 3 days of each session. Students must contact the Registrar's Office for assistance in adding or dropping a Session B online class.

Program Length, Load, & Hours

PROGRAM LENGTH

The university requires a minimum of 60 undergraduate credits for the associate degree, a minimum of 120 undergraduate credits for the bachelor's degree, and a minimum of 30 graduate credits for the master's degree. However, the degree requirements of some individual programs may demand more than the minimum number of credits. The curriculum is built around an expected program length of 4 years for a bachelor's degree and 2 years for an associate's degree.

CREDIT HOURS

North Central University (NCU) operates on a traditional semester system and offers academic credit in terms of the semester credit hour.

The standard for 3-credit courses is as follows:

- "Hour" courses (50 minutes per day) will meet a minimum of 40 times per semester, not including final exam week.
- "Block" courses (75 minutes per day) will meet a minimum of 27 times per semester, not including final exam week.
- Slot and Evening classes (160 minutes per week, with a break) will meet a minimum of 14 times per semester, including a final exam during the final meeting.
- Weekend classes (Friday: 6:30 pm – 9:10 pm and Saturday: 8 am – 4 pm, with breaks, or 580 minutes per weekend) will meet a minimum of 4 weekends per semester, including a final exam during the final weekend of classes.

Each semester hour of one distance learning or hybrid course credit is defined as: an equivalent amount of instruction and student work leading to equivalent learning outcomes, as required for an on-campus class as defined above.

Departments, Schools, and Colleges follow this rule in establishing the number of credit hours awarded in nontraditional settings including Directed Research, Internships, Senior Projects, and accelerated courses. This standard is consistent with the credit hour definition found in Department of Education regulation 34 CFR §600.2.

NCU Credit Hour Policy states that for every course credit hour, the typical student should expect to spend at least three clock hours per week of concentrated attention on course-related work, including but not limited to time in class, as well as out-of-class time spent reading, reviewing, organizing notes, preparing for upcoming quizzes/exams, problem solving, developing and completing projects, and other activities that enhance learning. Thus, for a three credit course, a typical student should expect to spend at least nine hours per week dedicated to the one course.

Over the 16 week term, a student should expect to complete at least 45 hours of concentrated attention on course-related work for each credit enrolled. This includes, but is not limited to, in-class time (class attendance with associated learning activities) and out-of-class time (reading, reviewing/organizing notes, preparing for upcoming quizzes/exams, problem solving, developing and completing projects, etc.). Common examples of course types and related approximate workload structure include:

Course Type	"In-class" hours per course per week	"Out-of-class" hours per course per week	Total hours per week
Face-to-face, 3 credits, 16 weeks	3	6	9
Face-to-face, 2 credits, 16 weeks	2	4	6
Online, 3 credits, 8 weeks*	0	17	17
Online, 2 credits, 8 weeks*	0	11.25	11.25

The above examples are only representative, and the in-class/out-of-class ratio might differ depending on the nature of the specific course, as allowed under federal guidelines. Each course syllabus will outline specific expectations.

*It is important to note that while online students may not necessarily meet at a specific time or geographical location, they will be expected to academically attend their courses on a weekly basis. Please see the Online Course Attendance section of this document for further details.

SEMESTER COURSE LOAD

A student must be enrolled for a minimum of 12 credit hours per regular semester to be considered full-time. A minimum class load of 15 hours per semester is necessary to complete most bachelor's degrees in a four-year period.

A student may not enroll for more than 18 credit hours during enrollment at NCU in a semester unless he or she has maintained a cumulative GPA of 3.0 GPA or higher and has permission from the Registrar by submitting an Academic Petition for approval.

The maximum academic load possible to register for during a summer session is 15 credit hours for the undergraduate program, including a limit of 2 online classes per session.

Students who receive veteran’s benefits or Pell Grants must take a minimum of 12 credits each semester to receive their maximum award. Full-time status for Minnesota State Grant eligibility is 15 credits.

Students are encouraged to work in order to meet their financial needs and commitments. North Central also desires to assist students in anticipating the demands that they will be experiencing in college life. Therefore, to maximize the probability that all students will succeed in their college courses, the following employment workloads have been suggested based upon the number of credits taken:

Number of Credits Per Semester	Maximum Number of Hours Per Week
9-12	20-29
13-16	15-24
17-18	10-19
Student Teaching (education majors)	0

INTERNSHIPS

An internship is a requirement for graduation for most majors and may be involved in the curriculum of all majors. The internship is usually done on a full-time basis during the student's junior or senior years. Many students are able to take their internship during the summer before their senior year.

Students pursuing a double major must fulfill the internship requirements for each major. While this may be accomplished through one internship experience, this is only possible with the permission of the Department Director of both majors. If permission is granted, a Course Requirement Variance Petition must be submitted to the Registrar's Office for final approval and, if granted, recorded on the Degree Audit Sheet. If either Department Director is not in agreement that one internship experience will fulfill the educational objectives of each of the majors, then the student will need to register for and complete one internship per major.

FACULTY ASSISTANTS

To promote interest in post-secondary academic teaching ministry, select students who demonstrate excellence within the college academic environment are provided the opportunity for involvement as a faculty assistant under the following guidelines:

1. With the approval of the department director, students in good academic standing (2.0 cum GPA) with at least 60 credits (HG) toward graduation may have the option of registering for a course as a Faculty Assistant.
2. Students may take GS-460 as a Faculty Assistant as often as they would like. This 0 credit course is graded on a Pass/Fail basis.
3. Students may petition to register as a Faculty Assistant for a maximum of 1-2 credits (GS-461) once during their time at NCU. They will pay tuition for those credits, and earn a letter grade.
3. Any credits earned will be applied only toward General Electives. These credits may not be used to meet a degree requirement in either the General Education or the Major Core.
4. Students registering as a Faculty Assistant must complete FERPA training. If they have not previously completed this training, students will be administratively enrolled in GS-220 FERPA Training for 0 credits. Any student who fails to earn a passing grade in GS-220 prior to the last day to add classes for the semester will be not be allowed to register for GS-460 or GS-461.

SENIOR PROJECTS

A Senior Project is a requirement for most majors, but the type of project differs. For example, for music majors, it is a recital, education students complete their student teaching, and psychology students do a research paper which has an oral defense. Many majors require synthesizing papers, and those majors with a global focus emphasize particular countries.

This challenging capstone course is a wonderful opportunity to utilize the many skills students have gained during their college career to produce a culminating project.

DIRECTED RESEARCH

This independent study program is designed to enable seniors (more than 90 credits) in residency to complete major core degree requirements when suitable alternatives cannot be found. General education core and minor requirements are not eligible for directed research. Students must be in excellent Academic Standing with a minimum cumulative GPA of 3.0 in order to be eligible for this independent study option. Students should work with their advisor and the Registrar's Office to find an alternate course substitution if the required course will not be offered again prior to graduation. Directed Research is intended only for circumstances when a course variance is not a viable option. For all directed research requests, the Dean's approval is required.

Students are limited to a maximum of 12 DR credit hours in their total program, and 6 DR credits in any single term. Juniors participating in NCU-sponsored Study Abroad programs may be permitted to complete courses via Directed Research while overseas, provided that on-site or online alternatives are not available to them.

Registration becomes official once the Directed Research application form, with all necessary approvals, is approved by the Registrar. The form must be submitted no later than the last day of the Add Period. Tuition charges plus Directed Research fees of \$100 per credit will be added to the student's account at the time of registration. All course work must be completed within the time frame of the semester in which it is initiated. Directed Research fees are non-refundable.

Course Policies

PREREQUISITE COURSES

Course prerequisites must be completed. Prerequisites are listed with each course description in the catalog. See course descriptions for additional details. Prerequisite waivers require Dean approval.

COURSE VARIANCES

Variance implies "a substitution of coursework taken at North Central University" whereby permission is granted by the Dean for one course to equivocally take the place of another in one's prescribed program. To be eligible, the course taken must meet the following requirements:

- The course taken must meet the minimum course level of the required courses. Only upper level courses (300-400) can be variances for upper level degree requirements, such as BIBL 335 for BIBL 472. Lower level courses (100-200) can be variances by any level course (100-400).

- Course variances within the General Education Core or Christian Studies Core require approval from the Dean of the required course. This is to ensure that North Central complies with all accreditation and Department of Education regulations.

"Course Variance Forms" are available in the Registrar's Office. Verbal agreements or promises to individuals are NOT sufficient to constitute a *Variance*. An approved Course Variance Form must be on file in the student's record in order for it to be considered valid.

Approved Variance Forms will be held on file in the Registrar's Office as part of the student's permanent record. Only courses with passing grades will be processed as variances. They will be indicated as such on the student's Degree Audit sheet by the Registrar's Office.

A Course Variance Form is valid for no more than one term past the approval date. If for any reason, a student is unable to register for the approved class within one term, the form will be shredded and a new form will have to be submitted to the Registrar's Office.

REPEATED COURSES AND REPLACEMENT CREDITS

Students who wish to retake any NCU course may do so under the following provisions:

1. Courses that were previously failed may be repeated until a passing grade is earned and will count toward the determination of the student's financial aid enrollment status and will be eligible for financial aid;
2. Any course with a passing grade that is voluntarily repeated will not be eligible for financial aid;
3. Refunds for previously attempted courses will not be awarded or credited on retake attempts;
4. The most recent grade for a course voluntarily retaken will be the transcript grade used to factor the GPA; any earlier attempts will "show" but will not "count" toward factoring the GPA. This will be an automated process. Once a course is voluntarily retaken, the credits for the prior attempt of the same course (regardless of the grade earned previously) will be adjusted on the transcript as follows:
 - Hours Registered (HR) (same as HA)...will "accumulate"
 - Hours Earned (HE)...credits will "zero out"
 - Hours Toward Graduation (HG)...credits will "zero out".
5. Graduation credits (HG) for any course will count only once toward the required 124 credits.
6. This provision does not apply to those courses which are designed to be repeated; for example, Music Lessons, Choirs and Ensembles. Such coursework is designated as being "repeatable" and failing grades cannot be replaced.

ONLINE COURSES

In compliance with the governing federal definitions ([34 CFR §600.2](#)) and the policy of the Higher Learning Commission (HLC)

<https://www.hlcommission.org/Monitoring/distance-delivery.html>), North Central University defines an online course as one in which 75% or more of course instruction and interaction occurs via some form of electronic communication, most typically via the university's internet-based learning management system, where the students and faculty are physically separated from each other. No course with this designation will require attendance in a traditional classroom.

HYBRID COURSES

A course is designated "hybrid" when it is intentionally designed in such a way that a portion of the face-to-face, instructional time and interaction is replaced by online activities facilitated through an internet-based learning management system (LMS) or other designated distance education method. To fit this definition, the course must also require attendance in a traditional classroom, where more than 25% of the instructional time and interaction occurs. The university's approved course workload calculator metrics will help in making this determination.

ONLINE PROGRAM

Pursuant to the above federal and HLC guidelines, North Central University defines an online program as one in which 50% or more of the courses required are taken as online courses.

ONLINE COURSE POLICIES

A residential NCU student may register for a maximum of 6 credits of online courses in any fall or spring semester, with a limit of one online class per 8 week session. There is a limit of 18 credits of online courses in any one academic year; i.e. fall, spring, and summer. During the summer term, a student may take a maximum of 18 credits, with a limit of 12 online credits. There is no limit on the number of online courses per 8 week session in the summer term.

A residential NCU student may not exceed 48 credits of online coursework taken through NCU in a typical baccalaureate program. Special permission is required from the Provost for a residential student to be enrolled exclusively in online classes.

Students accepted to take the majority of her/his coursework through NCU's distance education platform will follow the policies set forth in the "Policies and Guidelines for Online Learning" approved by Academic Affairs and published separately.

After demonstrating success at NCU in one online course, a PSEO student can then take up to 12 credits in online courses per semester in subsequent semesters with permission from the PSEO Coordinator. PSEO students are not allowed to take courses during the summer session.

Online courses offered during the fall and spring semesters may be in either an 8 week or 15 week format. All online undergraduate courses offered during the summer semester will be 8 weeks in length.

An NCU student should be in good academic standing in order to enroll in online courses. Students who are currently on Probation should only register for online courses with the approval of their Student Success Center advisor. Any student on a Provisional Admit or Provisional Continuance academic standing are ineligible to enroll in online courses. Once a student has raised their cumulative GPA to the level required for good academic standing, they may take online courses once again. Any residential student who has previously failed a course may not retake that course in an online format without permission from the Student Success Center and the Registrar's Office.

Normal tuition rates (Block pricing) apply for "Online" online courses as described above.

A course designated as "online" will be assessed a fee of \$80 for technical & program enhancement as part of the registration process. A course designated as "hybrid" (as described above) will be assessed a fee of \$40 for technical & program enhancement as part of the registration process. Normal technology fees and all other course fees apply to registering students as is the current practice.

Attendance for an online course is recorded by student interaction with the course utilizing the designated online platform. In most cases, this will be the current learning management system (LMS) hosted by NCU. Each student enrolled in an online course *must log in and interact* with the LMS within 3 days of the start of the 8 week session. Each student login is evidence of attendance and thus can be used for financial aid regulations and federal/state required reporting. The last date of attendance will be the student's last log in for the course.

SCHEDULE CHANGES

Course registration changes can be requested for all currently enrolled students through the Add/Drop period by submitting the online Change of Schedule Request Form. Changes cannot be made by the student directly in Self Service after the first day of class.

Only students who have properly dropped a class within the tuition refund period are entitled to a refund, if eligible. See the Tuition Refund Schedule online under the Student Financial Services webpages. Proper withdrawal from a course also ensures the appropriate grade notation on the student's record. An individual course dropped during the four-week tuition refund period will not appear on the student's final transcript (See Withdrawal section for transcript policies if a student drops all courses, i.e. withdrawing completely from NCU for the semester). A grade of "W" will be assigned for a class dropped during the fifth through ninth weeks of the semester. Any course which is dropped after the beginning of 10th week of classes for any reason will receive a letter grade of 'WF'. Classes may not be changed from credit to audit or from audit to credit after the first day of the term.

REINSTATEMENT POLICY

Late registration is not permitted after the end of the Add Period of each term. However, if circumstances justify it, a student may file a petition with the Registrar to receive special permission to register after the enrollment period is closed. Late registration for courses during the current term that exceed block pricing or have course fees will result in additional charges.

A student may petition for Prior Term Course Reinstatement for courses completed in the previous term. Tuition for prior term course reinstatement will not be covered under block pricing, and will be charged at the rate of \$600/credit and will include any other applicable fees in effect at the time of registration. Tuition must be paid in full at the time of reinstatement or registration will be voided. Courses completed prior to this reinstatement period will not be considered for enrollment.

AUDITING CLASSES

Courses not needed to complete degree requirements may be taken on an audit or self-enrichment basis. Attendance is not kept, work is not graded, examinations or grades are not given and credit is not recorded. All students attending or participating in any course must officially register with the University. One-third of the regular tuition rate will be charged for audit courses, and will not be included in Block pricing. Audit-only students may not utilize campus services such as the Computer Lab, the Student Success Center, Student Development, etc. Students may not accumulate greater than 30 hours of audit credit. Enrollment status on any class (for example, from audit to regular credit) will not change after the last day to add a class for that semester. Online courses, music lessons, choirs, ensembles, languages and courses with a lab (science, and music theory) also cannot be audited.

Program Policies

PROGRAM FEES

In place of most individual course fees, students will be assessed a Program Fee each semester. Charges will be assessed based on programs declared at the time of Census and are not subject to refunds for changes of major requested after that time. Interdisciplinary Majors will be assessed a Program Fee based on their declared Field 1.

Students pursuing double majors will be assessed the program fee (if applicable) for each major. Charges are assessed for declared programs and are never based on current term enrollment in classes that may only apply to one major or progress towards completion in either major.

DOUBLE MAJORS

For students pursuing a double major, accreditation requires completion of 30 unique credits in order for both majors to be awarded upon graduation. . Likewise, a minor of 18 credits must include 9 unique credits not counted towards the major in order to be awarded, or 50% of the credits if a minor exceeds 18 credits. There are some majors and minors that cannot be combined due to these requirements (e.g. Music Major and a Music Minor).

In order to declare a second major, students must have completed a minimum of 30 credits, earning a 3.0 cum GPA or higher. Any student who drops below the 2.0 cum GPA required for graduation will need to drop their second major until they improve their GPA. This will help ensure academic success and reduce the term workload until the student returns to Good Academic Standing.

Policies

CLASS ATTENDANCE

Class attendance is necessary for the ongoing process of education in the student's life. For Financial Aid purposes, attendance in a course will be established during the first two weeks of the semester. Any student who has not attended class during that time will be administratively dropped from that class.

There are no excused absences for any purpose. Absences will not be questioned nor will they affect the earned grade as long as they are not excessive. "Excessive absence" from a class means that a student has missed approximately 25 percent of the class period and, therefore, will be dropped from the class. Should the last date of attendance occur during the first 9 calendar weeks of the term, a grade of "W" will be placed on the student's transcript, meaning that the student forfeits any grade or earned credit for the course. Should the last date of attendance occur after the beginning 10th calendar week of the semester, a grade of "WF" will be assigned, meaning that the earned credit will affect the student's cumulative GPA. Being late for class on three occasions is equivalent to one absence.

For all 100 and 200 level courses, the following standards will apply:

<u>Class Meets</u>	<u>Credit Value</u>	<u>Absences Allowed</u>
3x/Week	4	9
2x/Week	3-4	6
2x/Week	2	4
1x/Week	2-3	3
1x/Week	1	2
Weekends	3-4	1

For 300, 400 and graduate-level courses, the instructors shall have the right to set any policy they choose, as long as it is not more stringent than allowing one classroom hour of absence for each credit.

In order to maintain an atmosphere that is conducive to education and learning for all students, proper classroom etiquette must be observed. For this reason, infants and children will not be allowed in the classroom, and other disruptions such as cellular phones are also considered inappropriate for the classroom.

Upon arrival to a class where the professor is initially absent, students should not vacate the classroom for at least 15 minutes. Professors shall notify the class if they anticipate being absent. No instructor shall use attendance in any way for bonus points, penalties or exemptions from exams.

Any appeals regarding class attendance must be made to the Registrar's Office within one week of notification of withdrawal, and should include all required documentation at the time of submission. These will be routed to the academic dean for review. Appeal forms submitted on the last day of class will not be considered as this does not allow the Academic Dean time to review the request prior to finals week. Students must continue to attend class and submit all required work until the committee has issued a determination of the case. A student cannot continue to attend class once their appeal has been denied.

CLASS ATTENDANCE POLICY FOR EDUCATION MAJORS

Education Clinicals will be scheduled during the semester for 8 concurrent school days in order to meet state licensure requirements. In order to facilitate this for our Education students, an exception to the Attendance Policy will be granted for all students enrolled in EDUC-350, EDUC-351 and EDUC-450). The Education Majors Attendance Policy will contain the following provisions:

1. Students will be excused from attending daytime classes during established clinical days, with the exception of evening and online classes.
2. Students are responsible for completing all make up work in a timely manner and should not be penalized for missed due dates. Students should maintain their workload in evening and online classes during this period with no extensions on due dates.
3. The faculty member teaching the class will receive an Education Attendance Exception Form from each Education major currently enrolled in a clinical at the earliest date possible. Students must obtain the Professor's signature on a form and turn this in to the Education Office.

CLASS ATTENDANCE POLICY FOR ATHLETES

The NCAA requires each member institution to have a policy which insures a Student-Athlete will have the opportunity to compete at a high level athletically without sacrificing the opportunity to excel academically. The NCAA desires to protect the integrity and validate the lessons students receive in both arenas. The North Central University Athletic Attendance Policy will contain the following provisions:

4. The faculty member teaching the class will receive a schedule, including departure times, from each Student-Athlete at the earliest date possible. Student-Athletes must obtain the Professor's signature on a form or schedule copy. This signature will aid the Athletic Department in tracking the responsibilities of each athlete.
5. The faculty member teaching the class must substitute an equal opportunity for the Student-Athlete who must miss a class due to athletic competition and an assignment for a grade or credit occurred (test, quiz, project, etc.).
6. Student-Athletes who must miss a class to represent NCU in an athletic event will not be penalized nor be in jeopardy of failing a class due to the absence or absences if all absences have been used for athletic events; however, an athlete is NOT entitled to any extra absences for a class beyond the written policy contained in the class syllabus.
7. Faculty members who encounter any difficulty with a Student-Athlete or have questions are encouraged to contact either the coach or athletics department. It is our desire to facilitate the complete education of the Student-Athlete and not create a sense of entitlement for athletes.

ONLINE COURSE POLICIES

AUTHORITY

In compliance with the definitions provided by 34 CFR §668.22 (l)(7), academic attendance and attendance of an academically-related activity in an online course at North Central University is assessed by student interaction utilizing the designated online platform. In most cases, this platform will be the university's current learning management system (LMS).

Academic attendance in online courses is defined in the section below. Student logins and electronic activity are used to measure this attendance. Consequently, the university utilizes records of this electronic activity to calculate student billing and financial aid, and for federal and state regulatory reporting. The last date of attendance for financial and reporting purposes will be the date of the student's last documented academic attendance to the course.

PURPOSE

Student attendance must be tracked to ensure accurate student billing and to facilitate proper financial aid and other regulatory reporting. Student attendance is also tracked to assist with

student success and retention initiatives. It is the responsibility of both the student and faculty member to ensure attendance is recorded accurately.

DEFINITION OF ATTENDANCE

Students meeting any one of these three criteria in a given calendar week,* will be deemed as having academically attended the course for that week if the student:

- a. submits an academic writing assignment due that week
- b. completes a required quiz or exam scheduled to be taken that week
- c. makes a meaningful discussion post that meets all of the following conditions:
- d. addresses the topic of the discussion for that week
- e. adds an additional academic aspect to the discussion by responding to another student or makes an original post relevant to the topic, and
- f. is submitted in the week for that week

*Calendar weeks are counted from Monday to Sunday and include holidays.

Unless the student has been directed as such by the course syllabus, the student should assume the course is not self-paced, and that various activities and assignments will be required throughout the duration of the course.

Non-Attendance

Students who have not academically attended the course by midnight of day three of the course will be dropped administratively from the course.

Excessive Absence

Students whose absence from online activity totals more than two calendar weeks will be subject to mandatory withdrawal from the course, in accordance with university policies governing excessive absences.

If the excess absence determination occurs within the first four weeks of the semester, the grade assigned will be a W, which does not affect GPA calculations. For excessive absence determinations beginning at week 5 and beyond, a grade of "WF" will be assigned. A "WF" has the same impact as an "F" in GPA calculations.

Academic Attendance Petitions for Reinstatement

Students who have been administratively withdrawn from a course and have an extenuating circumstance must make a petition through the registrar's office within 48 hours of having been notified of their withdrawal.

ADD/DROP PERIOD

For eight-week online courses:

Day 3: If students have not academically attended their course by the end of day 3, they will be administratively dropped from the course. They will be classified as never attended.

Day 3: This is the last day that a class may be added.

Day 10: This is the last day a class may be dropped.

Day 11 to the end of week 4: During this period, students electing to leave a course will receive a grade of "W," which does not affect GPA calculations.

Week 5: From the first day of week 5 and following, students choosing not to continue in a course will receive a "WF," which has the same impact as an "F" in GPA calculations.

For semester-long online courses:

In instances where online courses are offered over an entire standard semester, the add/drop and refund policies governing semester-long, face-to-face courses will be followed.

COMPLIANCE AND REPORTING

Student Responsibilities

Students should academically attend to their courses in a manner that will maximize their chances for academic success. If they choose to stop taking a course, students are responsible for communicating their decision to drop/withdraw to the registrar as soon as that decision has been made. In any case, they remain financially responsible for all costs and expenses associated with the course.

Institutional and Faculty Responsibilities

To assist with the execution of this policy and to ensure compliance with the relevant regulations, all online courses will be required to include a significant academic assignment within the first three days of the course commencement. In addition, all faculty will be required to monitor and report student absenteeism or lack of satisfactory meaningful participation to the registrar's office on a weekly basis.

Note:

- All student participation check-ins and attendance requirements must be clearly spelled out in every online syllabus.
- All instructors of online courses will be required to implement the attendance policies and practices established by the E-learning committee, to track student attendance in online courses according to those policies, and to submit any required documentation of student attendance to the Registrar's Office.

CHAPEL ATTENDANCE

Chapel services are regarded as central in the spiritual life of the school, and attendance is required. The complete chapel attendance policy is spelled out in detail in the Student Guide and Calendar. A satisfactory chapel attendance record is required for readmission.

Grades

Effective as of the Fall 2018 term, the grades utilized by North Central, along with their point values are shown below:

<i>Score</i>	<i>Grade</i>	<i>Value</i>
93-100	A	4.0
90-92.9	A-	3.7
87-89.9	B+	3.4
83-86.9	B	3.0
80-82.9	B-	2.7
77-79.9	C+	2.4
72-76.9	C	2.0
70-71.9	C-	1.7
67-69.9	D+	1.4
62-66.9	D	1.0
60-61.9	D-	0.7
<59.9	F	0.0

Grade Point Average (GPA) is calculated by multiplying the appropriate grade value for grades earned by the number of credits for that class, and then dividing that number by the total number of credits earned (HE). This calculation appears on each transcript - both for the “term” and the “cumulative” enrollment periods. Only letter grades earned at NCU influence academic grade point average. A GPA of at least 2.0 is required for graduation from North Central University, with the exception of the Education majors, which require an overall (cumulative) GPA of 2.5, and the Social Work majors, which require a cumulative GPA of 2.25.

Grades are directly linked to “registration”. Unless a student is properly registered for a class, no credit or grade can be awarded.

Any coursework submitted after the scheduled final exam cannot be included in the calculations of the final grade for that course, unless there is an approved Incomplete Grade Request on file with the Registrar’s Office.

A student who attends a class and then officially drops it within the tuition refund period (week 1 thru week 4) will also have the class removed from his/her transcript. (In such cases, a student’s financial aid package may be adjusted.) However, if a student drops a class after the end of the 4th week of class, a grade of “W” or “WF” will be issued. A grade of “W” will not impact a student’s GPA. A grade of “WF” will be issued after the end of the 9th week, and will have the equivalent impact of an “F” in the GPA calculations.

The last date for a student to voluntarily withdraw from a course is the last day of seated classes, prior to Finals Week.

INCOMPLETE GRADES

The grade of "I" (Incomplete) is a temporary grade which indicates that, for extenuating circumstances (i.e., serious illness, death in the family, etc.), the student was unable to complete the work by the end of the term. Any student requesting an extension must still be attending class through the end of the term and have completed a minimum of 60% of all coursework prior to finals week. The student must complete the Incomplete Grade Request prior to the end of the term. The form must be signed by the instructor and approved by the Dean and Registrar prior to the beginning of finals week.

Students may not submit course work for grading after the final exam for that class without an approved Incomplete Grade Request.

Any student receiving an "I" must work closely with his/her professor to successfully complete all outstanding work **within 6 weeks** of the last day of the term. This means that, together, a shared responsibility exists between student and professor for the fulfillment of course requirements and the submission of an appropriate earned grade within the 6 week period. In all cases, professors may require an earlier completion time frame. Requests to exceed the 6 week incomplete period will be reviewed and determined on a case-by-case basis.

Students will be assigned a due date within the 6 week period, and no work can be accepted for grading past that date. The instructor will be given a separate due date for the final grade to be submitted to the Registrar in order to allow sufficient time for grading all coursework. Access to the course in Moodle after the end of the semester must be requested on the Incomplete Grade Request Form as this requires additional technical support.

All unresolved incompletes will become a failing grade once the established due date has passed. No student with an "I" for a given semester is eligible for school honors in that semester. Graduating seniors who end their last semester with an "I" must complete all course requirements within the given time-frame in order to receive a diploma.

PASS/FAIL GRADING BASIS

Student teaching, international fieldwork, selected internships, and other courses approved by the Deans' Council may be graded on a Pass/Fail (P/F) basis. A grade of "P" is equivalent to a "C-" or better. A "P" grade fulfills the degree requirement but does not carry grade points and is not included in GPA calculations. Students may not request to take a regular course on a Pass/Fail basis.

GRADE CHANGES

Grade changes will be accepted by the Registrar's Office only in the cases of documented clerical error, miscalculation or by appeal to the Provost as a result of extenuating circumstances. A faculty member cannot reassess previously submitted material and submit a new grade. Students may not submit course work for grading after the final exam for a course.

Final Grades must be calculated based on work submitted through the Final Exam, and work submitted after the exam cannot be the basis for a grade change request unless an Incomplete Grade Request has been approved.

Re-evaluation of a student's performance is not considered a legitimate reason for a change of grade. A student may appeal a grade with the faculty member involved through the end of the semester immediately following the one in question (i.e. a professor may only make a change for the preceding semester). A grade change form must be submitted to the Registrar's Office and will include the reason for the change. This policy will be outlined in the Faculty Manual. In extreme cases of extenuating circumstances or information that arises after the grade has been submitted, the appropriate dean, in conjunction with the faculty member, will review a petition for a change of grade.

Academic Appeal Procedures

The faculty member is the main voice regarding individual course policies, course expectations, and the assignment of grades. Students who believe that a reported grade is in error or that they are treated unfairly in their academic experience should make every effort to resolve the issue first with the faculty member. If a student still feels that they have been treated improperly, they may then discuss the situation with the respective department director and, if necessary, the Dean of the College. Appeals to department directors or deans must be received within three weeks after making the attempt to resolve the issue with the faculty member.

For all other types of Academic Petitions, a student can submit a written appeal to the Registrar if they feel that there are new extenuating circumstances that should be taken into consideration regarding a denied petition. The Registrar will work with the Dean to resolve the issue or will take it to the VP of Academic Affairs for review. As a last course of action, the student may submit a written appeal directly to the VP of Academic Affairs for consideration.

Honors

DEAN'S LIST

Students with a minimum of 12 credit hours, a cumulative GPA greater than 2.0 and a term GPA of 3.5 or above are placed on the Dean's List for that semester. A grade of Incomplete disqualifies students from the Dean's List for that semester. PSEO students are eligible for the Dean's List so long as they are enrolled full-time.

HONOR SOCIETIES

- Kappa Delta Pi is the International Honor Society in Education for education majors who have at least a sophomore status and a GPA of 3.0 or higher.

- Psi Chi is the national psychology honor society for students majoring or minoring in Social & Behavioral Sciences.
- Sigma Beta Delta is the international honors society for business, management and administration students, who are at least junior status and rank in the upper 20 percent of their class.
- Sigma Tau Delta is the International English Honor Society.
- Theta Alpha Kappa is the honor society for Bible and Theology
- Who's Who Among Students in American Universities and Colleges is a national publication devoted to academically outstanding juniors and seniors. Approximately 25 students are nominated annually from North Central University. Election is based on scholarship, citizenship, participation and leadership in academic and extracurricular activities. Who's Who is also recognized in the graduation program.

Graduation

GRADUATION REQUIREMENTS

The following are required for graduation:

- Satisfactory completion of a minimum of 120 credits for a Bachelor's Degree and 60 credits for an Associate of Arts Degree. Special requirements and required credit totals for each program are listed by the department offering the degree.
- Completion of a minimum of 36 upper-level (300+) credits are required for conferral of a Bachelor's degree.
- A minimum overall grade point average of 2.0 ("C" average) is required for all degree or certificate candidates, with the following exceptions:
 - Education majors must earn a minimum cumulative GPA of 2.5.
 - Social Work majors must earn a minimum cumulative 2.25 GPA.
- To receive an Associate or Bachelor degree or a certificate, 27 of the final 33 credits must be taken in residency at North Central University.
- All students must meet faculty standards regarding Christian character and conduct. Conduct judged unworthy of the standards of Christian conduct at NCU will be deemed sufficient cause for removing a student's name from the annual graduation list.
- All candidates for Associate of Arts Degree and Bachelor's Degree must file an Application for Graduation with the Registrar's Office the semester before their intended Commencement ceremony participation/last semester of attendance (See current NCU website for exact dates).
- Students must meet the prescribed standards of assessment as established by the faculty.
- A student is subject to the academic requirements of the catalog for the year in which enrollment first occurred. If a student changes majors or leaves the University and is later readmitted, the academic requirements that are in effect at the time of the change or readmission must be met.
- All graduation requirements must be completed before a student may participate in Commencement activities or a degree is awarded.

- A student must earn a minimum of 125 credits towards graduation (HG) before any credits can be counted to meet a second degree requirement. Courses cannot be double-counted within the same requirement section (e.g. within the General Education Core or within the Major Core), nor can a single course be used to meet a third degree requirement. A Course Variance Form must be submitted and approved by the Dean in order for any course to be double- counted towards graduation.
- A student will receive a December graduation date if all course work is completed in the fall semester. The May graduation date exists for students completing their coursework in May. A student will receive a July or August graduation date if coursework is completed in the summer semester. All graduating students are encouraged to participate in Commencement ceremonies.
- Students may petition the Registrar's Office to participate in the May Commencement ceremony with up to 6 credits left to complete after participation. Student must provide their graduation application, petition, and proof that they are taking steps towards completing their final requirements within the semester following participation.
- Diplomas will be printed with the student's legal name as entered into the student record at the time the degree is conferred using the following format: first name, middle initial and last name. This will ensure that the name on the transcript and the diploma are identical.

DOUBLE MAJORS

For students pursuing a double major, accreditation requires completion of 30 unique credits in order for both majors to be awarded upon graduation. Likewise, a minor of 18 credits must include 9 unique credits not counted towards the major in order to be awarded, or 50% of the credits if a minor exceeds 18 credits. There are some majors and minors that cannot be combined due to these requirements (e.g. Music Major and a Music Minor).

In order to declare a second major, students must have completed a minimum of 30 credits, earning a 3.0 cum GPA or higher. Any student who drops below the 2.0 cum GPA required for graduation will need to drop their second major until they improve their GPA. This will help ensure academic success and reduce the term workload until the student returns to Good Academic Standing.

GRADUATION HONORS

Graduating students in bachelor programs who have completed no less than 45 credits in residence at North Central University will be awarded graduation honors based on cumulative grade point average as follows: 3.80-4.0, Summa Cum Laude; 3.65-3.79, Magna Cum Laude; 3.50-3.64, Cum Laude. Honors are based on the cumulative GPA after the semester preceding graduation. However, the final cumulative GPA will be used in the calculation of honors indicated on the diploma and permanent transcript. Full-time enrollment is required for consideration of graduation honors.

Students graduating with an Associates or Master's degree are not eligible for graduation honors.

RESIDENCY REQUIREMENTS FOR FINAL 33 CREDITS

In order for a student to receive a degree or certificate, 27 of the final 33 credits of the program must be taken in residence at North Central University. This applies to both the Associate and Bachelor degrees.

TRANSCRIPTS

Official transcripts are issued only upon the written authorization by the student, in accordance with the Family Educational Rights and Privacy Act (FERPA). Students can request their transcripts by following the step-by-step process found on the National Student Clearing House website listed below. The time frame for processing official transcript requests is five to seven business days.

National Student Clearinghouse website: www.GetMyTranscript.com

Official transcripts will not be issued to or on behalf of any individual who has a past-due financial obligation (including federal loan programs) to the University. Transcript holds will be lifted by the Student Financial Services Office once the past-due balance has been paid.

Unofficial transcripts can be printed directly from Self Service by the student at any time. Access will not be restricted due to financial holds on the student's account.

Academic Integrity

General Principles

As Christians we must pursue holiness in all areas of our lives and thus consider academic honesty and ethical intellectual pursuit of primary importance in our walk with the Lord and consistent with the core values of the University.

Definitions

Dishonesty in academic pursuits includes intentional plagiarism, cheating, or fabrication which includes, but is not limited to roster fraud and attendance deception. Academic dishonesty includes intentionally helping or soliciting another to commit an act of academic dishonesty.

Plagiarism is commonly defined as intentionally using the words, phrases, or ideas of another person as if they were your own. Direct quotations must be properly identified and cited. Standard protocols for acknowledgement of sources is required when material from another source is copied directly, paraphrased, or summarized in an academic assignment.

North Central University views plagiarism as a serious offense. It is against the broader rules of scholarship within the North American scholarly community to use the ideas or words of another person without giving that person credit. Whether the other source is a textbook, another book, an article, a friend, a blog, or a website, students should indicate clearly that

another source has been used and precisely what elements of the work being submitted are drawn from that source.

Inventing information or citations would be classified as fabrication, and may not be used in any laboratory experiment, assignment, or classroom exercise.

Roster Fraud and Attendance Deception is intentionally or knowingly signing or otherwise indicating another student's presence in a class when he or she is not present. This is a form of "fabrication" or lying and constitutes academic dishonesty.

Multiple Submissions

Students are prohibited from submitting parts or all of a paper in multiple classes. Students must not change and resubmit previous academic work without prior permission from the instructors over the course in which the work was previously submitted and the course in which the work, in whole or in part, will be submitted.

Violations and Response

Any verified violation of the academic integrity policy will result in action fitting the gravity of the offense and may range from grade reduction to failure on an individual assignment to failure for an entire course. Compounding the situation with multiple occurrences, further dishonesty, or other violations may result in more serious consequences. In extreme cases, violations of academic integrity may result in dismissal from the University. All documented violations of academic integrity will be kept on record in the Office of the Provost and in the student's conduct file.

First Offense Procedures

The Office of the Provost should be notified of any documented violation of academic integrity. Determination of appropriate sanction for an individual violation will be left with the instructor in consultation with the program director and/or dean. In most cases, a grade of F will be given on the individual assignment and/or a requirement that the assignment be resubmitted. Should a student challenge the sanction, the dean of the college may convene an ad hoc "academic integrity committee" consisting of at least two faculty members (not including the original instructor) who shall review the specifics of the incident.

Multiple or Repeated Offenses

If records kept by the Office of the Provost indicate that a student has committed multiple academic integrity violations within the same course or in multiple courses, the student's program director and/or dean of the college will be notified so that appropriate intervention and disciplinary measures can be implemented.

A violation of the academic integrity policy more than once within the same course may result in a failure for the course. If a student commits a violation of academic integrity in multiple courses, the Vice President of Academic Affairs, in consultation with the student's program director and/or dean may convene an ad hoc "academic integrity committee" of at least three faculty members to review the incidents and submit a recommended course of action.

Sanctions may vary from simple warning, to grade reductions, to dismissal. The VP of Academic Affairs must approve the Committee's decision before the University acts on it. If a student is dismissed, he/she is not able to return for one entire semester following the dismissal.

Satisfactory Academic Progress

It is expected that a student will make satisfactory progress toward a degree, diploma or certificate. An Academic Warning, Academic Probation and Academic Provisional Continuance list is compiled each semester, based on the student's academic achievement for the previous semester.

The following information states the required total cumulative grade point average (GPA) necessary for the student to remain in good academic standing based upon the total number of credit hours which the student has earned.

Minimum Requirement:

<u>Cumulative Credits Earned</u>	<u>Cumulative GPA</u>
0-59	1.8
60+	2.0

Students with a grade point average below 2.0 will be notified in writing by the Registrar's office and placed in one of the following categories:

- Academic Warning: When a student's term GPA is lower than 2.0 or the cumulative GPA is lower than 2.0 but above the good standing requirement, the student will be placed on Academic Warning status for the following semester. There are no sanctions associated with a warning status.
- Academic Probation: When a student's cumulative GPA falls below the level of good standing, as noted in the chart above, the student will be placed on Academic Probation status for the following semester. The maximum academic load for students on Academic Probation is 16 credit hours. Students on Academic Probation are limited to participation in one extra-curricular activity. In addition, students are required to take GS 160-Academic Skills Development.
- Academic Provisional Continuance: The student who does not attain a cumulative GPA above the level of good standing after being placed on Academic Probation (at any point in his or her academic career) will be placed on Academic Provisional Continuance. Any student with a cumulative GPA that is below 1.0 will be placed on Academic Provisional Continuance. This is a heightened status meant to be more stringent than probation. A student on Academic Provisional Continuance will not be allowed to enroll in more than 16 credit hours or participate in extra-curricular activities such as campus leadership, organizations, ministry teams or athletics to name a few. Enrollment in online courses is not recommended, and requires prior approval from the SSC. Students will be required to take one of the Keys to Academic Development courses, as determined by the SSC.

- Removal from Academic Warning/ Academic Probation/Academic Provisional Continuance: A student will be declared in Good Academic Standing at the end of any given semester when their cumulative GPA meets the requirements for good standing.
- Academic Dismissal: The student on Academic Provisional Continuance whose cumulative GPA at the end of the semester is lower than what is required for good standing can anticipate dismissal from the University. In addition, any student whose cumulative GPA is below 0.5 will be reviewed by committee and could face academic dismissal.

Academic Dismissal Appeals should be made in writing to the Registrar and will be reviewed by the Academic Progress Committee. They may also be considered by the Provost and others as needed. Individuals who have been dismissed for academic reasons may reapply after they have attended another college and earned at least 6 credits of "C" academic work that will transfer to NCU. The Admissions Committee will, upon receipt of a transcript from that institution, consider the reapplication request.

Academic Standing and Withdrawals from the University

Academic Standing Statuses remain in effect even if a student leaves North Central University. Upon readmission to the university, the student will be notified of the current requirements and restrictions of their academic standing in effect at the time of their last term of enrollment.

Any student who withdraws from North Central University during the "W" period will leave in Good Academic Standing. They will not be penalized for a "0" Term GPA. If a student leaves with any "WF" grades on their record and a 0 GPA, they will be placed on a Provisional Continuance status.

Provisional Admittance

Students who do not meet the minimum GPA (2.2) and ACT (18) requirements are accepted provisionally. All students accepted provisionally must meet the following conditions during their first semester at North Central:

- Enroll and pass the required Keys to College Success course (GS-150). This course is designed to help a student develop and improve the study skills he or she will need for college-level work.
- Registration is limited to 17 credits for the first semester and enrollment in online courses must be approved by the SSC.
- Any student who does not meet the GPA required for good academic standing at the end of their first term will be placed on Academic Probation and required to take Advanced College Success (GS-155).

Withdrawal

Voluntary: A student who finds it necessary to withdraw from the University after they have started attending classes must meet with the Dean of Student Advocacy in person to complete a Withdrawal Form & Exit Survey. The date on which a student notifies the University of their intent to withdraw will be the date used to calculate any available refund. Refunds of tuition, general fee, technology fee and room charges will be calculated according to the University's Refund Policy.

The student will receive a grade of 'WF' on his or her transcript for each class if a complete withdrawal is made after the beginning tenth week of the semester. Prior to the tenth week, a grade of 'W' will be listed on the transcript.

Disciplinary Action: If a student is dismissed for disciplinary reasons, a grade of 'W' or 'WF' will be listed on the transcript based on the date of withdrawal. The regular refund policy applies for a student who is dismissed for disciplinary reasons.

MEDICAL WITHDRAWAL

A student may request and be considered for a medical withdrawal when extraordinary circumstances, such as a serious illness (physical or psychological) or injury prevent the student from continuing classes. Students requesting to withdraw from all courses for medical reasons should complete the Medical Withdrawal Form, attach appropriate documentation, and submit the form and documentation to the Director of Student Success (MH 243). Requests will be evaluated by the Medical Withdrawal Committee.

Students who medically withdraw from the university do not have to re-apply, but they do need to be re-admitted by the Director of Student Success. Re-Admission is not guaranteed. Students considering withdrawal should consult with the Dean of Student Advocacy to be fully informed.

1. Students requesting a withdrawal are responsible to set up an appointment with the Director of Student Success in the Student Success Center in order to receive guidance to complete the process and appropriate forms.
2. A student may request consideration for **medical withdrawal** when extraordinary circumstances, such as a serious illness (physical or psychological) or injury prevent the student from continuing classes. Students requesting to withdraw from all courses for medical reasons should complete the Medical Withdrawal Application, attach appropriate documentation, and submit the form and documentation to the Director of Student Success (MH 243). Requests will be evaluated by the Medical Withdrawal Committee.
3. Acceptable documentation must include a physician's signature, a specific recommendation to withdraw due to medical reasons, and dates verifying that the medical condition corresponds to the

semester in which the medical withdrawal is requested. Last date of attendance will be confirmed through the Registrar's Office.

4. Requests for Medical Withdrawal must be submitted during the semester for which the student is withdrawing, they cannot be granted retroactively. Requests must be initiated within three weeks of the student's last day of attendance and be made prior to the last two weeks of class. Students who are required to discontinue for more than one academic year or for an undetermined amount of time will not be eligible for Medical Withdrawal.
5. Medical withdrawal documentation will be kept confidential and only shared with offices related to providing accommodations for the student: Housing, Student Success Center, Registrar and Student Financial Services.
6. In the event a student is incapacitated and unable to submit a timely request or provide advance notice, a family member or other authorized individual may make the written request and provide medical documentation to the Director of Student Success.
7. Students will need to indicate their intent to return to the Director of Student Success. Should a student be approved for medical withdrawal a hold will be placed on his/her account-limiting ability to register or apply for housing until the student communicates their intent to return to the Director of Student Success and submits supporting documentation from their physician indicating ability to return as a student. Once this hold is lifted students will have access to all university systems. Students are required to initiate their return process with the Director of Student Success.
8. Requests will be approved if all requirements are met and there is a reasonable expectation the student will return from their medical leave. If the medical withdrawal is not approved the student may appeal by submitting a written request to the Executive Director of Student Development. Once an appeal is submitted, the Director of Student Success will forward all supporting documentation, including the medical documentation submitted by the student, to the Executive Director for review.

Academic accommodations may include:

- a. Students who have completed 60% or more of their registered courses and are in good academic standing will receive Incompletes in all of their courses and will have until the end of the term following their withdrawal to complete their courses. Should a student fail to complete their course in the time allotted, a non-punitive grade of "W" will be issued.
- b. For students who have completed 60% or more of their registered courses but for whom completion is not likely due to the nature of their medical condition, they will receive the non-punitive grade of "W" for all of their courses.
- c. Students who have completed less than 60% of registered courses will be issued a non-punitive grade of "W". Students who have not completed 60% or more of their registered courses will not be eligible for incomplete grades.

Financial accommodations may include:

- a. For students who have completed less than 60% of their registered courses an extended refund schedule may be available, please attach a financial advisory petition.
- b. Students who have completed 60% or more of their registered courses will not receive any financial accommodation for tuition, as they will be permitted to complete their courses via incompletes.
- c. Student who receive no financial accommodation, but are later unable to complete their incomplete courses in the time allotted, are encouraged to utilize the Financial Advisory Petition process should they wish to seek financial accommodation.
- d. A Medical Withdrawal does not dismiss the student from the entire financial obligation to the university. Room and Board will be refunded according to withdrawal date.
- e. The US Department of Education does not recognize a "Medical Withdrawal" any different from a regular withdrawal. If a student who has received financial aid withdraws before completing 60% of the semester (whether for health reasons or not), the Department requires the financial aid office to

perform a "Return of Title IV Funds (R2T4)" calculation to determine what financial aid needs to be returned to the appropriate federal and state education entities.

Transfer Credit Information

APPLICATION PROCESS FOR TRANSFER STUDENTS

In addition to the regular admissions requirements, transfer students applying to North Central must submit official college transcripts by completing their college's Transcript Request Form to have transcripts sent to the Registrar's Office at NCU.

TRANSFER CREDIT EVALUATION PROCESS

The Transfer Credit Specialist located in the Registrar's Office will evaluate transcripts and communicate the results to accepted students within 14 business days. Questions regarding transcript evaluation should be directed to the Registrar's Office at 612.343.4409. Upon completion of courses, official transcripts should be sent to:

North Central University
Attn: Registrar's Office
910 Elliot Avenue
Minneapolis, MN 55404

RESIDENCY REQUIREMENTS

In order to graduate from North Central University, 27 of a student's final 33 credits must be taken in residence at NCU. This allows flexibility for students to transfer six of their last 33 credits if necessary. Advanced Standing credit is also included in this 6 credit limit if an exception to policy is approved and AS credit is processed after the first two semesters of enrollment at the university.

In addition, NCU requires that students in all degree programs complete a minimum of 50% of program-specific credits within that program through North Central University. The 50% program-specific residency requirement applies to credits within the major, minor, Interdisciplinary Field 1 and Field 2, as well as certificates.

The one exception to this policy is the Christian Studies Minor earned by all students at North Central University. Students can transfer in a maximum of 15 credits towards this minor, with the exception that at least one Worldview Theology elective must be taken at the university.

Credits will be transferred to NCU in the order that the official transcripts are received in the Registrar's Office. Credits that do not meet Residency Requirements will not be transferred to NCU. Approval of transfer requests on the Transfer Credit Request Form does not guarantee acceptance of credits.

CLARIFICATION OF TERMINOLOGY

The purpose of this notification is to promote a more standardized approach to the usage of these terms within our Institution by publishing the meanings that the Registrar's Office is currently associating with this terminology. The terms under consideration are: "Exempt," "Transfer," "Portfolio Review" and "Advanced Standing." The distinguishing features of each term are as follows:

"Exempt"

Exempt implies that one has met the requirements of a given program via placement exam or other criteria. Passing a placement exam (music theory or ASL language proficiency) allows a student to move into the next course, but does not earn credit towards a degree. Students must take major electives or general electives to make up for this credit deficiency, as approved by their advisor.

"Advanced Standing"

Advanced Standing implies that one is eligible to receive college credit for life experiences gained prior to matriculation as a new student through unaccredited educational programs (YWAM) that "translate" into similar competencies gained through specific coursework at NCU or from approved programs like CLEP, AP or IB. See the Transfer Credit Policy for a full explanation of Advanced Standing credit and approved exams.

"Portfolio Assessment"

Portfolio Assessment is reserved for students with professional competencies gained post-matriculation from career experience that "translate" into similar competencies for specific coursework at NCU. Examples include, but are not limited to certifications, work experience, and published works. Students must submit thorough portfolio documentation which will be subject to faculty review in order to determine the course equivalencies for demonstrated competencies. Portfolio Credits cannot exceed 21 credits towards a bachelor's degree.

"Transfer"

To *transfer* credit means "to accept the qualified academic semester credits (Carnegie units) from another educational entity;" it also implies academic compatibility and equivalency of academic quality standards and competencies that are synonymous with at least "C-" (70%) at NCU. On the transcript, transfer credits appear as "TR" and do not affect GPA.

Please note that once transfer credit has been granted, it will not be removed or waived by a request from the student. Transcripts will be reviewed upon request when a student changes majors to evaluate additional credits that could be transferred to NCU. At no time will any processed transfer credits be deleted or removed from the student record.

Transfer credits come from accredited academic sources such as:

- Qualified Colleges or Universities

- CLEP (College Level Examination Proficiency) exam*
- AP (Advanced Placement) exam*
- IBE (International Baccalaureate Exams)*
- DSST/DANTES Exams*

Please note that a maximum of **30 credits will be accepted for transfer from CLEP, AP, IB DANTES and Advanced Standing combined.*

TRANSFER CREDIT POLICY

- 1) Credit will be transferrable from institutions approved by one of the regional accrediting agencies recognized by the U.S. Department of Education and the Council on Higher Education Accreditation (CHEA). These are:
 - ❖ Higher Learning Commission (HLC);
 - ❖ Middle States Commission on Higher Education (MSCHE);
 - ❖ New England Association of Schools and Colleges, Commission on Institutions of Higher Education (NEASC-CIHE);
 - ❖ Northwest Commission on Colleges and Universities (NWCCU);
 - ❖ Southern Association of Colleges and Schools, Commission on Colleges (SACSCOC);
 - ❖ Accrediting Commission for Community and Junior Colleges (ACCJC) - Western Association of Schools and Colleges;
 - ❖ WASC Senior College and University Commission (WSCUC) - Western Association of Schools and Colleges.
- 2) CHEA (Council on Higher Education) recognized accrediting agencies will be accepted for transfer. All courses will be evaluated on a course-by-course basis.
- 3) Only courses with a grade of “C-“ or better will be accepted for transfer. Transfer credit will be not awarded for courses graded on a pass/fail (P/F) or satisfactory (S) basis unless the transcript documents that the “P” or “S” grade is the equivalent of a “C-“ or higher.
- 4) Transferable credits are accepted to North Central University to the extent that they apply to a student’s declared program of study. Some programs, like Applied Studies, Education and Social Work, have program specific limitations on transfer credits based on accreditation standards or licensure requirements. Evaluation is done by the Registrar’s Office- in collaboration with the Deans and School Directors, if necessary- and relevant credits are articulated upon payment of the enrollment deposit and declaration of a major. The relevancy of general education courses are determined by course content and will be accepted for transfer corresponding to the equivalency requirements for the General Education Courses document.
 - a. Transfer limitations for Applied Studies majors are set at a maximum of 30 credits of General Education and upper-level general elective credits. This is limited to ensure that Residency Policy is met and all accreditation standards for bachelor degrees are adhered to.

- 5) Current students must complete a Transfer Request Petition and submit the form to the Registrar's Office for evaluation prior to registration for those classes at another institution. Registrar's approval is required for transfer requests to the major core.
- 6) Residency requirements for an Associate of Arts degree requires a minimum of 30 credits taken at NCU. For a Bachelors degree, a minimum of 50% of the major core must be taken at NCU. Residency policy permits a maximum of 6 credits that can be transferred within the final 33 credits towards an Associate or Bachelor's degree, including both transfer and any advanced standing credit approved for acceptance outside of policy.
- 7) Advanced Standing credits are restricted to document learning prior to matriculation to NCU. Credits will be accepted for transfer so long as official scores are submitted to the Registrar's Office within the first two semesters of enrollment at North Central. A **maximum of 30 combined credits** will be accepted from the following sources:
 - a. CLEP (College Level Exam Proficiency) tests
 - b. AP (Advanced Placement) exams
 - c. IBE (International Baccalaureate Exams)
 - d. DSST/DANTES Exams
 - e. Advanced Standing Credit
- 8) Transfer credit accepted from another institution is reflected on the North Central transcript with a grade of "TR". Advanced Standing awarded for prior learning will be noted on the transcript with a grade of "AS". Neither TR or AS grades will be included in North Central GPA calculations.
- 9) Transfer implies the recognition of academic merit of a course or program of study. Advanced standing is not justified on the basis of the academic merit of a course or program, but rather the education achieved by the active, supervised participation of the individual in an applied or real-world setting. In some cases, advanced standing may be justified for education received in an unaccredited setting, where transfer credit would not be justified. Credits pre-approved for advanced standing from unaccredited discipleship programs will be awarded upon the successful completion of one semester at NCU where the student is in good academic standing (GPA 2.0 or higher).
- 10) All determinations regarding advanced standing will be made by North Central University. It should be understood that advanced standing credits from other institutions will not automatically be awarded or transferred to North Central University.
- 11) Continuing Education (CEU) Credits and StraighterLine exam scores are not accepted for transfer at NCU.
- 12) The Joint Services Transcript, which documents coursework taken in the military, is accepted as evidence equivalent to an academic transcript. The JST includes equivalent experience/ coursework from the Army, Navy, Coast Guard, and Marine Corps. Air Force

veterans must submit an official transcript from the Community College of the Air Force (CCFA) or Air Force University (AU). Military service records will not be accepted as evidence equivalent to academic transcripts from a college or university. The JST can be requested by visiting: <https://jst.doded.mil/official.html>. Air Force Veterans can request a transcript by visiting: <http://www.au.af.mil/au/ccaf/transcripts.asp>

- 13) The Deans' Council will provide oversight for all transfer credit policies, and will review as needed to ensure compliance with all accreditation standards and requirements.

INTERNATIONAL TRANSFER CREDIT

Because of the great variety of types of educational institutions that exist around the world, as well as how difficult it is to assess foreign equivalencies to American terminology and standards, North Central University requires academic credit earned from institutions located outside of the United States not only to be documented with transcripts or similar official reports, but also to be evaluated using an agency approved by the American Association of Collegiate Registrars and Admissions Officers (AACRAO) or the National Association of Credit Evaluation Services (NACES). Transfer credit will be assessed based on equivalency to collegiate work completed at regionally accredited institutions in the United States.

In addition, North Central University reserves the right to determine how such transfer credits might apply, or might not apply, to the specific requirements of a particular course of study. In other words, although NCU might recognize foreign academic coursework as being of acceptable academic quality, the University might also determine that the subject matter of this coursework is such that it will not meet any of the specific requirements of a particular academic program. International students must have their transcripts evaluated by an AACRAO or NACES-endorsed evaluation service and submitted directly to the admissions office.

Just as it is the responsibility of a student seeking transfer credit to provide NCU with relevant transcripts, it is also the responsibility of the student seeking foreign transfer credit to bear the cost of this evaluation.

Academic Placement

ACT AND SAT PLACEMENT

Because the ACT and SAT examinations are used nationwide and have proved to be reliable and valid measures of ability, the University uses the results to determine placement in Math and English courses. (See Placement Charts below.)

MATH REQUIREMENT

To fulfill the math requirement, students are required to complete at least one of the following: MATH 115 Liberal Arts Math, MATH 125 College Algebra I, or MATH 250 College Algebra II & Trigonometry. Students also have the following options for meeting the math course requirements:

- Take the math CLEP exam and earn a qualifying score;
- Transfer an equivalent course from another college or university.

*Math Placement Chart**

ACT under 16 *or* SAT under 415 Must take MATH 115 – Liberal Arts Math
ACT 16-23 *or* SAT 415-555 May take MATH 125 – College Algebra I
ACT above 23 *or* SAT above 555 May take MATH 250 – College Algebra II and Trigonometry

ENGLISH REQUIREMENT

All students are required to complete 6 credits of English in order to become eligible to receive a baccalaureate degree from NCU. ENG 124 Rhetoric and Research is considered the institution's foundational level English course, the skills of which are necessary for success in most other NCU courses. Therefore, in an effort to ensure student success, baccalaureate degree-seeking students will be required to take ENG 124 or the transfer equivalent during their first or second semester of enrollment. Before the start of each semester, the enrollment will be checked to see that all students have one of the following on their student records: a successfully completed ENG 124 course from NCU, current registration for ENG 124 in the upcoming semester, or acceptable transfer credit from another school, CLEP, or AP exam. Any student who does not meet one of the above criteria within one (1) week prior to the start of semester two of full-time enrollment may have his/her schedule rebuilt around this academic requirement. Continual enrollment of this class is required of all full time students until it is successfully completed.

Successful completion of ENG124 requires a grade of "C-" or better, and students must retake Rhetoric if they have earned less than a "C-". Students have the following options for meeting the English requirement:

- Take the appropriate English CLEP exam and earn a qualifying score;*
- Transfer an equivalent course from another college or university.

*To complete the CLEP College Composition Modular with Essay, please contact the testing center directly to request the essay portion of the exam.

CLEP EXAM POLICY

The College Level Examination Program (CLEP) offers an opportunity to earn college-level credit for knowledge already acquired. North Central University accepts CLEP credits as transfer credits to meet the equivalent course requirements. Only exams listed under the currently approved CLEP transfer guide will be accepted for transfer.

All official transcripts with CLEP exam scores must be received by North Central within the first two semesters of a student's enrollment at NCU to be accepted toward degree requirements. Approval of a Transfer Credit Request does not guarantee acceptance of the CLEP exam score if the transcript is not received within this credit limit.

Double credit may not be received by taking the course in addition to passing the CLEP test. CLEP credit will only be granted in areas where coursework has not been taken.

*Please note that a maximum of **30 credits** will be accepted for transfer from CLEP, AP, IB, DANES and Advanced Standing combined.*

CLEP Testing Dates, Fees and Deadlines

The CLEP test is administered at more than 1,300 locations throughout the United States. The institution administering the exam establishes the testing dates and fees. To find out when and where a CLEP test will be administered, please contact:

College Level Examination Program
PO Box 6600
Princeton, NJ 08541-6600

E-mail: clep@ets.org

When taking the exam, use CLEP code 6505 to have all scores forwarded to North Central University. Additional information about CLEP can be found at www.collegeboard.org. Specific information regarding tests and course requirements can be found in the Registrar's Office.

Academic Support Services

By providing a personalized one-on-one environment, the Student Success Center (SSC) staff strives to build professional and personal relationships with students in order to carefully assess their individual needs and offer appropriate academic support. Our services can help clarify and reinforce classroom learning, enhance specific skills (e.g., writing, test-taking, memory) or provide a network of support for academic aspirations.

Academic Services Include:

- One-on-one consultation to assess how the SSC can meet the student's needs
- Tutoring in general education subjects
- Academic Coaching a performance improvement program
- Writing consultations, support and feedback for class papers
- Assistance in breaking through writer's block when facing a paper
- Assistance to students who are studying with a learning disorder
- Study skills courses
- Study groups and test preparation strategies

- Workshops
- Exam proctoring

Students with Disabilities

North Central University is committed to providing optimal educational opportunities for all students, including those enrolled or admitted who have disabilities under Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 (ADA).

College policy provides for reasonable accommodations to be made for students with disabilities on an individual and flexible basis. It is the responsibility of students with disabilities to seek available assistance and make their needs known to the Director of the Student Success Center. In order to determine accommodations for special needs, North Central University asks students to submit a recent (within the last three years) professional assessment that documents the disability.

For assistance with special services, students should contact the director or assistant director of the Student Success Center at 612.343.3513 or 612.343.3510. We work to ensure equal access for students with documented disabilities. Services provided include equal access, academic advising, assistance and support.

Title II Reporting

In accordance with Section 207 of Title II of the Higher Education Act, North Central is required to inform the public of the performance of completers of the teacher preparation program on teacher certification/licensure assessments used by the State of Minnesota.

For academic year 2018-2019, the most recent year for which reporting is available, the pass rate for those taking the MTLE exams were as follows:

Total Number of Program Completers: 18

Summary Pass Rates

Group	Number taking tests	Number passing test	Pass Rate (%)
All program completers, 2018-19	19	15	79
All program completers, 2017-18	17	14	82
All program completers, 2016-17	20	17	85
All program completers, 2015-16	27	19	70

All program completers, 2014-15	23	19	83
---------------------------------	----	----	----

The NCU Education 2018-2019 program statistics:

- 47 students formally admitted to the Education Program
- NCU’s Education program requires 696 hours of supervised practice teaching
- The average student-faculty ratio for supervised practice teaching is 9:1
- Average placement rate for NCU Education graduates into a full-time teaching or education related field is 90%. *(Calculated based on those who completed our graduate survey and who actively sought a job in education.)*
- 2 NCU alumni have been named the Minnesota Teacher of the Year since 2000.

Notice of Student Rights under FERPA

DISCLOSURE OF INFORMATION

North Central University complies with the Family Educational Rights and Privacy Act of 1974 (FERPA). This Act was designed to protect the privacy of education records, to establish the right of students to inspect and review their education records and to provide guidelines for the correction of inaccurate or misleading data through formal and informal hearings.

Family Educational Rights and Privacy Act Notice

The Family Educational Rights and Privacy Act of 1974 (FERPA), as amended, provides certain rights to students regarding their educational records. All students are protected under this act from the time they begin attending classes at North Central University, regardless of age or minor status. Each year North Central University is required to give notice of the various rights accorded to students pursuant to FERPA. In accordance with FERPA, all students are notified of the following rights.

Right to give permission for disclosure of personally identifiable information. Students have the right to provide written consent before the University discloses personally identifiable information from the student’s records, except to the extent that FERPA and the regulations regarding FERPA authorize disclosure without the student’s permission.

FERPA Authorizations and the FERPA PIN

Students must complete the FERPA Authorization Form in order to notify the university in writing of their standing release to the university to disclose confidential student information from the Registrar’s Office, Student Financial Services, Housing or Student Development.

Students must present their North Central University photo ID when requesting information in person at various university offices. Written requests for information must come from the student's secure NCU Email account. In order to request information over the telephone, a FERPA Pin will be required from both the student and any individuals authorized on the student's account. Parents or legal guardians authorized on the account will be required to provide their student's name, their name and relationship to the student, along with the FERPA Pin.

Right to withhold disclosure of "Directory Information". FERPA uses the term "directory information" to refer to those categories of personally identifiable information that may be released for any purpose at the discretion of North Central University without notification of the request or disclosure to the student. "Directory information is . . . information contained in an educational record of a student which would not generally be considered harmful or an invasion of privacy if disclosed." (FERPA Regulations, Code of Federal Regulations, Title 34, Part 99.3).

Under FERPA, the student has the right to withhold the disclosure of the directory information listed below, called a Directory Block. Students should consider very carefully the consequences of any decision to withhold directory information. Should a student decide to inform North Central University not to release directory information, any further request for such information from persons or organizations outside of North Central University will be refused without a written release of information from the student.

The Directory Block remains in effect, even after graduation or withdrawal from North Central University, unless revoked by the student in writing. The Block can be revoked at any time simply by updating the Directory Block Form online, and requesting to revoke an existing block.

"Directory information" includes the following:

1. The student's name
2. The student's address and telephone number
3. The student's institution-issued e-mail address
4. The student's class standing (Freshman, Sophomore, Junior, Senior)
5. Current enrollment status (full-time or part-time)
6. The student's major
7. The student's participation in officially recognized activities and sports
8. The student's degrees, honors, and awards received
9. The weight and height of members of athletic team
10. The student's dates of attendance
11. The student's photograph

North Central University will honor the student's request to withhold all directory information, but cannot assume responsibility to contact the student for subsequent permission to release it. North Central University assumes no liability for honoring the student's instructions that such

information be withheld. Forms for the directory block are available online or from the Registrar, and will be effective based on the date they are entered into the system.

North Central University discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. School officials at NCU include the following; any person employed by NCU in an administrative, supervisory, academic or research, or support staff position, or a volunteer serving in one of these positions, companies with whom NCU has contracted (e.g. attorney, auditor, collection agency), Board of Regents, or students serving on an official committee, such as a disciplinary or grievance committee or assisting another school official in performing his or her tasks. Information will only be disclosed to school officials if they have a legitimate educational interest to access the information. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the University.

Upon request, the University also discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

Right to inspect and review educational records. Students have the right to review and inspect substantially all of their education records maintained by or at North Central University within 45 days once the request for access has been received by the Registrar's Office.

A student who wishes to inspect education records should submit a written request to the Registrar identifying the record(s) the student wishes to inspect. The Registrar or appropriate designee will make arrangements for access and notify the student of the time and place where the records may be inspected. If the requested records are not maintained by the Registrar's office, the Registrar shall advise the student of the correct University official to whom the request should be addressed.

Right to request amendment of education records. Students have the right to seek to have corrected any parts of an education record that are believed to be inaccurate, misleading or otherwise in violation of the student's right to privacy.

A student who wishes to ask the University to amend a record should submit a written request to the Registrar which clearly identifies the part of the record the student wants changed, and specifies why it should be changed. If the University decides not to amend the record as requested, the University will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing. If, after a hearing, the University decides not to amend the record as requested, the student has the right to submit a personal statement in which they contest the accuracy of the record, which will become a part of the student's academic file alongside the disputed record.

Release of Educational Information

No additional educational information will be released, except to the extent that FERPA authorizes disclosure without consent, without the explicit written consent of the student. Requests for the University to release student educational information must be in writing and must explicitly indicate what information is to be released and to whom.

Right to complain to FERPA Office

- Students have the right to file a complaint with the Family Educational Rights and Privacy Act Office, Department of Education, 600 Independence Ave S.W. Washington D.C., 20202, if the student believes that North Central University has violated the Federal Educational Rights and Privacy Act.
- Students have the right to obtain a copy of the written North Central University policy regarding FERPA. A copy may be obtained in person from the Registrar's Office.

Notice of Possible Federal and State Government Data Collection and Use

As of January 3, 2012, the U.S. Department of Education's FERPA regulations expand the circumstances under which the student's education records and personally identifiable information (PII) contained in such records — including the Social Security Number, grades, or other private information — may be accessed without the student's consent. First, the U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or state and local education authorities ("Federal and State Authorities") may allow access to a student's records and PII without the student's consent to any third party designated by a Federal or State Authority to evaluate a federal- or state-supported education program. The evaluation may relate to any program that is "principally engaged in the provision of education," such as early childhood education and job training, as well as any program that is administered by an education agency or institution. Second, Federal and State Authorities may allow access to the student's education records and PII without their consent to researchers performing certain types of studies, in certain cases even when the North Central objects to or does not request such research. Federal and State Authorities must obtain certain use-restriction and data security promises from the entities that they authorize to receive a student's PII, but the Authorities need not maintain direct control over such entities. In addition, in connection with Statewide Longitudinal Data Systems, State Authorities may collect, compile, permanently retain, and share without the student's consent PII from education records, and they may track participation in education and other programs by linking such PII to other personal information about the student that they obtain from other Federal or State data sources, including workforce development, unemployment insurance, child welfare, juvenile justice, military and migrant student records systems.

THE CURRICULUM

Each academic department is charged with the responsibility to maintain high academic and professional standards for students pursuing majors within that department. In order to fulfill this responsibility, departments may require students to participate in non-credit, co-curricular activities. Examples of such activities include ensembles, ministry credits, and research. Students' status within their chosen major may depend on participation in these activities. For more details on these requirements, students may contact their advisors or department directors.

Philosophy and Purpose

The curriculum at North Central University is designed to provide learning experiences which promote the University's mission and vision. North Central is pleased to offer a curriculum which builds upon the strong foundational base of our Pentecostal heritage and ministry focus. North Central takes many of its educational experiences into the learning lab of the city and world around us. Various courses incorporate evangelists, youth pastors and specialists who bring their expertise and modeling to the classroom.

Since society is in a state of flux and has changed significantly over the last few years, North Central has developed curriculum that is flexible and adaptable. As Christians, it is important to understand society so we truly can be salt and light, finding effective ways of leading people to Christ.

At North Central University, we believe that in order to accomplish this successfully, students need to have three components in their baccalaureate degree: 1) a strong general education program, 2) a solid Bible/theology program, and 3) a selected major with a complementary content core such as North Central offers through its supporting programs.

The base of the University's degree programs is a general education core whose prime task is to provide a cohesive Christian worldview. As knowledge increases and disciplines become increasingly fragmented and segmented, North Central seeks to provide coherence and meaning through the development of an even more holistic, integrated general education curriculum which gains its meaning because of the God we serve. We seek ways of teaching students to be better thinkers, to have the skills to be lifelong learners, to know where and how to gather information and to be able to synthesize that knowledge.

General education at North Central has seven strands which are woven into and emphasized throughout the student's course of study: 1) servant leadership, 2) spiritual formation, 3) writing and speech, 4) thinking skills and processes, 5) information literacy, 6) technological competence, and 7) global and cultural sensitivity. These include knowledge, skills and attitudes which North Central desires all students to gain in order to be effective in the church and in the world both today and tomorrow.

North Central believes that it is important for students to be involved in general education courses because they so clearly relate to our central evangelistic focus. For example, we can't very well engage people in effective dialogue about the gospel if we cannot speak well and articulate our thoughts. We cannot discuss life with someone whose basic philosophy we cannot understand. If we want to engage people effectually, we must know how they think. Furthermore, in order to minister, counsel, pastor, and teach people, we need to understand their psychological and emotional needs. NCU believes that a strong base of general education provides a foundation for effective ministry and work.

No matter what major students select at North Central, we trust they will develop and maintain a heart for ministry and evangelization. Therefore, NCU requires its students to complete a Bible and theology program of at least 24 credit hours. We believe all students in every major should be required to yield at the same altar, make the same sacrifice and sense the call of God to sold-out Christianity.

Every major at North Central University is reviewed regularly. The curricular structure of the majors has been changed to provide flexibility for the students to take courses reflecting their specific interests, skills and calling. If students desire to go on to graduate school, for example, then they have the opportunity to select a preparatory track that provides a solid base for further study.

If, on the other hand, a student desires to specialize, this is also an option. For example, a student can take a music major program or go on to specialize in music performance or become a music pastor. Additionally, students may major in a particular program and then select a minor in an entirely different, yet complementary discipline. This option will provide for future job flexibility and the honing of other skills.

INTERNATIONAL FOCUS

Our students have numerous opportunities to live out the University vision statement which describes North Central as preparing students for leadership and ministry "throughout the world."

North Central has been the recipient of several large grants from places like the Pew Charitable Trusts and the Bethesda Foundation for curriculum and programming in urban ministries. Students are involved in our urban setting in numerous ways, and there are many opportunities for service.

Many students volunteer at the local Ubah School to teach English to Somalian refugees and to build bridges of friendship to our Muslim neighbors. North Central has developed a certificate in TEFL (Teaching English as a Foreign Language).

Typically, about 10 percent of our student body and 50 percent of our faculty go overseas each year. We are building a global learning environment which provides for missions trips, international learning experiences, International Fieldwork trips, international internships and

semester abroad opportunities. Student teaching can be accomplished overseas in Saipan, China, Costa Rica, Dominican Republic and Kuwait for elementary education students. We enjoy a diverse faculty with much overseas experience.

North Central University offers a comprehensive Study Abroad program ranging from 3 week programs offered each May through the Center for Holy Land Studies in Israel and Jordan to semester long programs located in 5 international sites listed below. A full listing of programs and policies can be found online at <http://www.northcentral.edu>.

NCU Semester-long Programs (must be a Junior or Senior, with a minimum GPA of 2.5):

- Asia Pacific Student Abroad Initiative in Bangkok, Thailand
- Cairo Studies Center in Cairo, Egypt
- Ridley Hall in Cambridge, England
- Xi'an Study Abroad Center in Xi'an, China
- Istanbul Studies Center (ISC), Istanbul, Turkey
- Student Teaching Abroad for Education majors (seniors only)

General Education & Christian Studies Core

DESCRIPTION

32 Credit Hours

The General Education Core curriculum is required of every graduate in the Associate of Arts, Bachelor of Arts and Bachelor of Science degree programs. It represents a foundational course of study considered essential for an educated person regardless of profession or career. It is broad-based and is designed to give the student an awareness of the major elements of human existence and an appreciation of the different academic disciplines that study humanity.

The Christian Studies Core curriculum is designed to give the student a foundation of biblical content and theology for lifelong spiritual maturation. The Christian Studies core is required of every graduate in the Bachelor of Arts and Bachelor of Science degree programs. A minimum of 18 credits of Bible/theology is required for most majors and each student will earn a Christian Studies Minor.

Student Learning Outcomes for the Core Curriculum – comprising the Christian Studies Core and the General Education Core – are as follows:

1. Christian Worldview and Practice
 - Biblical and theological understanding
 - Faithful Christian living

2. Cultural Understanding
 - Understanding of historical, social, and psychological contexts
 - Intercultural and global understanding
3. Scientific and Mathematical Problem Solving
 - Scientific problem solving
 - Mathematical problem solving
4. Critical Thinking
 - Information literacy
 - Reasoning ability
5. Communication
 - Written communication
 - Oral communication

Students should select one course in each section below. Please note that many majors have specific requirements for General Education Courses. These are noted within the degree requirements for each major and are not included in the list below.

ACADEMIC MAJORS

Accounting & Finance

Bachelor of Science Degree

DESCRIPTION

124 Credit Hours

College of Business & Technology

School of Business

Bill Tibbetts, Dean

The Bachelor of Science in Accounting and Finance degree program at NCU is designed to prepare the student to sit for the Certified Public Accountant (CPA) exam. This major will prepare the student to leverage assets, manage budgets, achieve financial efficiencies, and maximize investments. With courses ranging from financial reporting and analysis to international business and microeconomics, this bachelor's degree program in finance and accounting management generates the skills required to enhance the student's analytical and quantitative capabilities – equipping the student to pursue a career in the field of finance or accounting.

Increasing globalization and economic growth are expected to drive demand for accountants and financial professionals. According to the U.S. Bureau of Labor Statistics, job prospects for accountants and auditors are outstanding, with faster-than-average growth expected over the next ten years. While job opportunities are expected to be favorable overall, individuals with professional certifications, especially certified public accountants (CPAs), are likely to enjoy the best opportunities in the finance and accounting field.

College of Graduate and Professional Studies

School of Professional Education

LaToya Burrell, Dean

Students enrolled in this program will earn a BS in Applied Studies: Cinema degree from North Central University. Plus, students will simultaneously earn an AS from Minneapolis Community and Technical College.

The Cinema Program teaches students how to develop, write, rewrite, analyze and “cover” screenplays of all kinds, including those for television, documentaries and advertising. Students will master the intricate art of combining powerful images and inspiring dialogue, and grow as an innovative screenwriter by telling exciting stories in their unique voice. By the time they complete the degree, students will be ready to address issues related to dramatic and nonfiction screenwriting, as well as underlying business and legal aspects. The program provides an interactive learning environment wherein students share their ideas and scripts and get feedback in a workshop setting. Students will collaborate with others majoring in

directing and producing to get their work produced. They will have the opportunity to meet and work with local writers, producers, and guest lecturers from around the country, as well as pitch finished scripts to professionals from Los Angeles to New York.

Potential work opportunities:

- Local and national film and video production houses
- Local and national independent producers
- Independent home video distribution companies
- In-house production departments within retail stores and corporations
- Local and national film studios
- Local and national television, cable stations and networks
- National and local advertising agencies
- As a freelancer

DESCRIPTION

124 Credit Hours

*College of Graduate and Professional Studies
School of Professional Education
LaToya Burrell, Dean*

Embark on a challenging and meaningful career in Community Development with MCTC's multifaceted and holistic program that intersects community development, community organizing, and indigenous cultures. Become a leader that makes a difference in people's lives, working to improve urban communities and affecting change through policymaking at local, state and federal levels.

You will gain an understanding of the evolving role of indigenous cultures in the broader community and in a changing global environment. You will learn the approaches, methods, and techniques used by community developers and indigenous cultural groups, especially Native Americans. You will learn about the interrelationships between community developers, community organizers and indigenous cultures.

You will develop a working knowledge of the roles and responsibilities of citizen leaders, citizen participants, community developers and organizers. You will learn how local action – and a community's finances, assessment and development - impact policymaking. You'll gain practical skills necessary to research community development issues. (Source: www.minneapolis.edu)

Biblical and Theological Studies

Bachelor of Arts Degree

DESCRIPTION

124 Credit Hours

College of Church Leadership

School of Biblical & Theological Studies

Dr. Allen Tennison, Dean

The Biblical and Theological Studies major is designed for the student who may go on to pursue graduate work in biblical studies, in theology, or in practical ministry. For some, this will mean attending seminary, perhaps followed by pastoral ministry. For others, it may mean pursuing an M.A. and a Ph.D. in preparation for teaching at the collegiate level. For still others, the ultimate goal may involve Bible translation or chaplaincy. An additional value of this program is that it meets the basic educational requirement of the Assemblies of God for all levels of ministerial credentialing through ordination.

Students who desire to incorporate a practical ministry component (sermon construction, preaching, and a church internship) into their program may want to select the "Ministerial Prep Option."

As a result of completing the Biblical and Theological Studies major, the student should develop a deeper and broader knowledge of the Bible and the intellectual contours of the Christian tradition. Graduates should be able to demonstrate knowledge of the following:

- Bible Content
- Biblical Studies

- Theological Studies
- Method, topics and distinctive eras of biblical and theological scholarship
- Histories of Israel and the Church
- Ancient Languages

The Biblical and Theological Studies major reflects NCU's continuing commitment to excellence in biblical interpretation and the theology of the historic Christian faith as expressed in the Pentecostal tradition.

College of Arts & Sciences

School of Communications

Desiree Libengood, Dean

The Communication Arts: Journalism major is designed to teach students skills in written, verbal and mediated communication that will provide a foundation on which to build a career in professional writing, journalism and communications. This program prepares journalists with a Christian worldview who dynamically engage culture and skillfully create digital and print media that enhance scholarly and public discourse.

Students will gain an understanding of communication theory and practice, technical skills in journalistic media and a critically autonomous and ethical worldview framework for creating content in their vocational endeavors as journalists. Graduates of the Journalism major:

Demonstrate a theoretical understanding of mediated communication that includes a broad knowledge of communication theory across all contexts;

Articulate the ongoing and expansive relationship between emerging communication technology and society and can engage in meaningful discourse and research;

Apply an analysis of mediated and unmediated communication in terms of audience, voice, rhetorical strategy and criticism;

Articulate an understanding of how mediated communication operates both inside of their primary culture and cross-culturally in the broader global context;

Demonstrate technical skills in journalism, including,

- Researching, gathering and verifying information from a variety of sources through personal and mediated communication,
- Producing articles that provide clear, concise, fair and accurate information as a service to the community and that impact the community,
- Building storytelling abilities using text, photography, videography and visual communication theory for multiple platforms to reach a mass audience,
- Developing and managing an editorial presence to ultimately impact and build community membership,
- Understanding news media theories and the role of the press in a democratic society;

Practice of mediated communication articulates Christ-centered values and integrity with regard to content development and professional conduct;

Demonstrate a critical autonomy that is Christ-informed and mission-oriented leading to moral and ethical decision-making and leadership within any communication context;

Engage in life-long learning seeking ongoing opportunities to increase knowledge, grow their skills and deepen their Christ-centered values.

Gail Weinhold, Director

The School of Education at North Central University is committed to producing teachers who are academically prepared for excellent teaching and who utilize the best pedagogical practices, model Christ-like character, and devote themselves to lifelong learning. The School prepares students to be teachers in urban, international, public, and private schools in order to use teaching as a ministry to the church, to the city, and to the world.

The outcomes of the education program are based on the INTASC (Interstate New Teacher Assessment and Support Consortium) Standards and Minnesota's own Standards of Effective Practice. Upon successful completion of the elementary education licensure program, the student may be recommended for a Minnesota State Teaching License in grades K-6.

Upon successful completion of the NCU Teacher Licensure Program the beginning teacher will:

- Demonstrate, by life-style and teaching, education as a life-long process;
- Understand the central concepts, tools of inquiry, and structures of the disciplines(s) he or she teaches and create learning experiences that make these aspects of subject matter meaningful for students;
- Understand how children and adolescents learn and develop and provide learning opportunities that support their intellectual, social, and personal development;
- Understand how learners differ in their approaches to learning and create instructional opportunities that are adapted to learners from diverse cultural or economic backgrounds or children with exceptionalities;
- Understand and use a variety of instructional strategies to encourage the students' development of critical thinking, problem solving, and performance skills;
- Use an understanding of individual and group motivation and behavior to create a learning environment that encourages positive social interaction, active engagement, and self-motivation;
- Use knowledge of effective verbal, non-verbal, and media communication techniques to foster active inquiry, collaboration and supportive interaction in the classroom;
- Plan and manage instruction based upon knowledge of subject matter, students, the community and curriculum guides;

- Understand and use formal and informal assessment strategies to evaluate and ensure the continuous intellectual, social and physical development of his/her learners;
- Develop as a reflective practitioner who continually evaluates the effects of his/her choices and actions on the learning community and who actively seeks out opportunities to grow professionally;
- Understand the importance of communicating and interacting with parents/guardians, families, school colleagues, and the community to support the students' learning and well-being;
- Understand and apply the research base for, and the best practices of, kindergarten and elementary education;
- Understand and apply a general understanding of federal and state rules and statutes as they relate to general and special needs populations;
- Demonstrate the servant-leadership model of concern and service toward others;
- Create and be able to express a personal philosophy of education that is established upon a synthesis of one's Christian worldview, knowledge of the teaching/learning process, knowledge of the established traditional philosophies of education, research in the disciplines and practical experience.

NOTE: Student Teaching Experience: During student teaching, both employment and additional coursework are strongly discouraged and are subject to Education department approval. (See Education Department website for additional information.)

College of Arts & Sciences

School of Education

Gail Weinhold, Director

The School of Education at North Central University is committed to producing teachers who are academically prepared for excellent teaching and who utilize the best pedagogical practices, model Christ-like character, and devote themselves to lifelong learning. The School prepares students to be teachers in urban, international, public, and private schools in order to use teaching as a ministry to the church, to the city, and to the world.

The outcomes of the education program are based on the INTASC (Interstate New Teacher Assessment and Support Consortium) Standards and Minnesota's own Standards of Effective Practice. Upon successful completion of the social studies education licensure program, the student may be recommended for a Minnesota State Teaching License in social studies for grades 5-12.

Upon successful completion of the NCU Teacher Licensure Program the beginning teacher will:

- Demonstrate, by life-style and teaching, education as a life-long process;
- Understand the central concepts, tools of inquiry, and structures of the disciplines(s) he or she teaches and create learning experiences that make these aspects of subject matter meaningful for students;
- Understand how children and adolescents learn and develop and provide learning opportunities that support their intellectual, social, and personal development;

English

Bachelor of Arts Degree

DESCRIPTION

124 Credit Hours

College of Arts & Sciences

School of Communications

Desiree Libengood, Dean

The English department offers three tracks of study leading to a major in English: a literature track, a creative writing track, and a professional-technical writing track. As reading and writing are both self-reflexive acts, it is the department's intention that students completing any track for the degree in English will develop a Christian philosophy of the English language, its literature, and ministry at the same time that they complete the following outcomes:

- Articulate their worldview as it applies to the study of English.
- Demonstrate the ability to find, select, assess, and analyze information sources, both print and electronic, and to credit, integrate, and synthesize those sources in their own work.
- Demonstrate in written and oral communication integrative and independent thinking, originality imagination, experimentation, problem solving or risk taking in thought, expression, or intellectual engagement.
- Construct clear, grammatical sentences and produce well-organized texts that exhibit an attention to audience, genre, and purpose and that follow the conventions of logical argumentation.
- Pursue professional careers and/or graduate studies using their strong analytical, research, speaking, and writing skills.
- Demonstrate social awareness of diversity issues by interpreting, analyzing, and writing about various cultural perspectives in literature.

Students completing the creative writing track will complete the following outcomes:

- Read with interpretive and analytical proficiency one or more creative literary forms (poetry, fiction, non-fiction, script).
- Write with proficiency in one or more creative literary forms (poetry, fiction, creative non-fiction, script).
- Respond to peers' work in one or more creative literary forms (poetry, fiction, creative non-fiction, script).
- Practice the process-oriented approach to writing (i.e., discovering one's material; crafting that material into the most suitable form according to the intended emotional effect upon target audience; revising as often as necessary.)
- Incorporate useful critical responses to their work into subsequent revisions.
- Demonstrate practical awareness of classic, contemporary, and avant-garde models of one or more creative literary form (poetry, fiction, creative non-fiction, script).
- Embrace the constant creative challenge of working through failure.

Students completing the professional-technical writing track will meet the following outcomes:

- Read with interpretive and analytical proficiency one or more nonfiction and technical forms.
- Write with proficiency in one or more nonfiction and technical forms.
- Respond to peers' work in one or more nonfiction and technical forms.
- Practice the process-oriented approach to writing (i.e., discovering one's material; crafting that material into the most suitable form according to the intended emotional effect upon target audience; revising as often as necessary.)
- Incorporate useful critical responses to their work into subsequent revisions.
- Demonstrate practical awareness of models of nonfiction and technical forms.
- Embrace the constant creative challenge of working through failure.

Students completing the literature track will meet the following outcomes:

- Demonstrate knowledge of traditional and nontraditional canons of literature in their social, cultural and historical context
- Analyze literary forms closely in terms of style, figurative language, and convention
- Use source material in the interpretation of literary texts, as well as discover and/or explore directions for new scholarship
- Apply and explain concepts from literary theory and criticism in the analysis and interpretation of texts, filtering through a Christian worldview

Entrepreneurship

Bachelor of Science Degree

DESCRIPTION

124 Credit Hours

College of Business & Technology

School of Business

Bill Tibbetts, Dean

The Bachelor of Science in Entrepreneurship degree at NCU is designed to champion the development of students' business ideas by the time of graduation. Students will have the opportunity to pitch their business ideas before venture capitalists to obtain start-up capital. Part of the student's time is spent in a business incubator located in downtown Minneapolis where they will experience one-on-one mentorship from other entrepreneurs. Students will have the option to develop their business in the for-profit, non-profit, or social sector; we cater the student's education to their career goals. This program would also be beneficial for students wanting to focus on innovation within a large corporation.

According to the Global Entrepreneur Indicator now is the time to start a business, citing that 86 percent of current entrepreneurs are willing to develop a new business in the current

economic environment. 73 percent of those same entrepreneurs reported an increase in revenue over the last six months. According to the U.S. Bureau of Labor Statistics, entrepreneurial survival rates between 2000 and 2010 differed according to the industry.

Humanitarian Leadership

Bachelor of Science Degree

DESCRIPTION

120 Credit Hours

College of Church Leadership

Dr. Allen Tennison, Dean

The degree in Humanitarian Leadership prepares students to address human needs through governmental and faith-based compassion and humanitarian agencies. The heart of Humanitarian Leadership is God's compassion itself, and how it is expressed through the scriptures and throughout history via the Church. Upon this foundation students build an understanding of, and competencies in, the techniques and approaches that have proven effective in serving the impoverished, hungry, and hurting both domestically and internationally.

Through a partnership with Convoy of Hope's Hope Education Network, students apply their learning in real-life practicum and internship settings with Convoy of Hope itself, one of the Network's affiliate organizations, or one of North Central University's partners. Whether it is assessing needs, planning responses, raising funds, providing supplies, feed the hungry, or empowering the needy, students combine their hearts of compassion with practical training to ensure their humanitarian efforts are both efficient and effective. This degree is also offered in both a residential and online format.

Upon completion of this Humanitarian Leadership major, students will have achieved the following outcomes:

- Literacy in compassion-based work – Students will gain an understanding of the history and theology behind compassion-based work
- Relief and Development skills – Students will demonstrate the ability to lead compassion projects, specifically in the areas of supporting those in crisis, assisting in disaster relief efforts, strengthening communities through a disaster, and advocating to policy makers and agencies for the needy and suffering.
- Value of personal and professional healthiness – Students will develop the skills to maintain the physical and emotional health of caregivers, to protect the health of teams by resolving or minimizing conflicts within teams or across care agencies, and they develop healthy relationship across cultures through effective cross-culture communication.

Global Studies

Bachelor of Arts Degree

DESCRIPTION

124 Credit Hours

College of Church Leadership

School of Global Studies

Dr. Allen Tennison, Dean

The School of Global Studies presents students with curricular programs to prepare students to cross cultures through language and culture learning so that they may live, work, research, and communicate effectively in international settings. Global Studies students gain: self-understanding, global awareness, transformational strategy, effective research, communication, and teaching skills through an integration of theory and practice as they serve in ethnic settings at home and abroad.

GBS Students will grow in the following areas:

- Developing a greater understanding and love for God, others, and themselves;
- Discovering a broad understanding of the world, becoming successful language and culture learners;
- Gaining an historical, biblical, strategic, and practical understanding of cross cultural engagement;
- Becoming equipped to teach, mentor, and serve others cross culturally;
- Becoming skilled communicators in their own culture who can also live, work, research, and communicate well internationally.

GBS Alumni work in a wide range of careers nationally and internationally as: teachers, counselors, youth workers, lawyers, firemen, pastors, business owners, non-profit leaders, personnel in child-welfare and international development organizations.

Graduate study for GBS alumni has successfully included: Global Studies, TEFL, Education, Linguistics, Marriage & Family Counseling, Social Work, Organizational Leadership, Business Administration, and Theology.

Interdisciplinary Studies

Bachelor of Science Degree

DESCRIPTION

124 Credit Hours

An Interdisciplinary Studies major allows a student to meet his or her career goals, or plans for graduate school or seminary, by selecting two complementary "fields" of study. These two fields together provide a broad, unique, integrated background to learning. Students will be advised by a faculty member from the department sponsoring their Field 1 program.

When the Interdisciplinary Studies major has been completed, the student will:

- Present employers with a unique, integrated, interdisciplinary basis for career development;
- Have developed a sound basis for graduate seminary study, in courses tailored to their interests;
- Naturally develop a leadership style based in multiple disciplines;
- Have the opportunity to combine ministry, through a field of study such as Global or Pastoral Studies, with a "tent-making" career track such as Deaf Culture Studies or Communications;

Bill Tibbetts, Dean

The Bachelor of Science in Marketing degree at NCU is designed to prepare the student for a successful marketing career across a wide range of businesses. In this program, the student will work with real clients, developing real marketing initiatives, to solve real problems. Our program is designed to help the student gain relevant marketing skills and experience employers seek, including: building marketing campaigns, public relations and advertising, product management, and social media marketing. A marketing student at NCU will gain valuable hands-on experiential learning to further help them prepare for a successful career

According to the U.S. Bureau of Labor Statistics, employment of advertising, promotions, and marketing managers is projected to grow significantly in the next ten years, far above most other occupations. About a quarter of advertising and promotions managers worked for advertising agencies. About 16 percent of marketing managers worked in the management of companies and enterprises industry. Both of these statistics suggest studying marketing at NCU in the Twin Cities is a fantastic opportunity.

Psychology

Bachelor of Science Degree

DESCRIPTION

124 Credit Hours

College of Arts & Sciences
Desiree Libengood, Dean
School of Social & Behavioral Sciences
Mallory Knipe, Director

The School of Social & Behavioral Sciences has adopted the following goals and outcomes that are intended to result from participation in the Psychology program. These goals and outcomes represent the knowledge, skills and values consistent with the science and application of psychology in Christian higher education.

Goal 1: Knowledge Base in Psychology

Students should demonstrate fundamental knowledge and comprehension of the major concepts, theoretical perspectives, historical trends, and empirical findings to discuss how psychological principles apply to behavioral problems. Students should show depth in their knowledge and application of psychological concepts and frameworks to problems of greater complexity.

- Describe key concepts, principles, and overarching themes in psychology
- Develop a working knowledge of psychology's content domains
- Describe applications of psychology

Goal 2: Scientific Inquiry and Critical Thinking

The skills in this domain involve the development of scientific reasoning and problem solving, including effective research methods. Students should focus on theory use as well as designing and executing research plans.

- Use scientific reasoning to interpret psychological phenomena
- Demonstrate psychology information literacy
- Engage in innovative and integrative thinking and problem solving
- Interpret, design, and conduct basic psychological research

Goal 3: Ethical and Social Responsibility in a Diverse World

The skills in this domain involve the development of ethically and socially responsible behaviors for professional and personal settings in a landscape that involves increasing diversity. Students should have direct opportunities to demonstrate adherence to professional values that will help them optimize their contributions and work effectively, even with those who don't share their heritage and traditions. This domain also promotes the adoption of personal and professional values that can strengthen community relationships and contributions.

- Apply ethical standards to evaluate psychological science and practice
- Build and enhance interpersonal relationships
- Adopt values that build community at local, state, national, and global levels.

Goal 4: Communication

Students should demonstrate competence in writing, oral, and interpersonal communication skills. Students should produce a research study or other psychological project, explain scientific results, and present information to a professional audience. They should also develop flexible interpersonal approaches that optimize information exchange and relationship development.

- Demonstrate effective writing for different purposes

- Exhibit effective presentation skills for different purposes
- Interact effectively with others

Goal 5: Professional Development

The emphasis in this goal is on application of psychology-specific content and skills, effective self-reflection, project management skills, teamwork skills, and career preparation. The skills in this goal refer to abilities that sharpen student readiness for post-baccalaureate employment, graduate school, or professional school.

- Apply psychological content and skills to career goals
- Exhibit self-efficacy and self-regulation
- Refine project management skills
- Enhance teamwork capacity
- Develop meaningful professional direction for life after graduation

Goal 6: Integration of Psychology and Theology

The emphasis in this goal is to become psychologically-informed individuals who are Christ-followers, guided by Scripture, and empowered by the Holy Spirit. Students should show their knowledge, application, and personal views of the interaction between science and Christianity which can make a unique contribution to the field.

- Describe various approaches to the relationship between psychology (science) and Christianity (theology)
- Articulate a Christian worldview
- Critique issues in psychology from a theologically-informed perspective
- Demonstrate commitment to psychology as a form of ministry

Sports Management

Bachelor of Science Degree

DESCRIPTION

124 Credit Hours

College of Business & Technology

School of Business

Bill Tibbetts, Dean

The Sports Management major is designed to prepare graduates to become leaders in this exciting and varied field. Students will select from one of three exciting tracks: Sports Coaching, Sales and Marketing, or Entrepreneurship and Small Business Development. All students in this major field of study will also complete 18 credits of Bible & Theology training. We believe that this training is essential in the support of NCU's institutional mission of "preparing students to fulfill Biblical models of leadership & ministry throughout the world." The knowledge and insights from this field of study are meant to enhance the student's spiritual preparation for a life of serving God whether that be in a secular or Christian environment. Students will benefit from North Central's location as the Twins Cities has nine professional sport teams, numerous colleges, a strong park & recreation district and many private fitness clubs to enhance the classroom experience with practical experience and on the job training.

Theatre

Bachelor of Science Degree

DESCRIPTION

124 Credit Hours

College of Fine Arts

School of Music and Theatre

Larry Bach, Dean

The Theatre department of North Central University is dedicated to training and equipping theatre artists with the skills to analyze, think creatively, design, produce and perform at a high level in order to positively affect the culture through their art both in professional and church ministry settings.

Theatre majors will acquire the following skills:

- Articulate a Christian world view as it relates to the purpose and function of theatre both inside and outside the church.
- Demonstrate the ability to analyze, communicate and defend the artistic ideas of oneself and others, including a wide range of classical theatre genres and themes.
- Demonstrate personal discipline, character interpretation and growth in the application of acting principles and styles through performance.
- Communicate artistic, symbolic, thematic and underlying meaning through the practical application of theatrical design in set, costume, lighting and sound.
- Apply professional principles in directing a cast of actors to interpret and effectively communicate a playwright's work onto the stage.

- Demonstrate the ability to function and contribute as part of a creative, ministry and production team both in process and in performance as well as serving both in leadership and supporting roles.
- Engage in theatre as ministry through writing and performance in a variety of settings.

All students must complete the General Education Core and Christian Studies Core. Total credit hours to complete the Theatre major must equal at least 124 credit hours.

Pre-Law

DESCRIPTION

18 Credit Hours

School of Business

Bill Tibbetts, Dean

The Pre-Law minor is designed for students who are considering law school. This minor is focused on developing core skills necessary for success in the study of law such as critical thinking and analysis, writing and speaking, human behavior and social relations, and leadership/organization. Since the American Bar Association does not recommend any particular undergraduate majors or courses to be taken by those wishing to prepare for the legal profession, Pre-Law is designed to provide career direction rather than be a major itself. A student who has completed this minor should have developed the skills and values that law schools find appealing.

Social Services

DESCRIPTION

18 Credit Hours

School of Social & Behavioral Sciences

Mallory Knipe, Director

The Social Services Minor is designed for people who are interested in understanding the social services system in the U.S. and the role of professionals in that system. Students will be introduced to social work and social services through a macro lens, gain an understanding of the impacts of social systems and social policies in the United States, and gain tangible skills for assessing the macro social environment. Students in this minor learn basic approaches to social services and develop basic skills in implementing those approaches, while utilizing a culturally competent approach. It is an ideal minor for students in the College of Church Leadership, Psychology, Business, Pre-Law, and ASL, among others.

*Note: The minor does not prepare a student for professional practice as a social worker and does not make one eligible to be licensed as a social worker. Students who are planning to be a Social Work Major cannot also have a Social Services minor.

EXPLORATORY STUDIES

DESCRIPTION

*Student Success Center
Stacy Sikorski, Director*

Exploratory Studies is a starting point for students who have not yet decided what they will pursue as their Undergraduate degree. Your first year at North Central will be focused on accumulating general education and elective credits, while helping you explore the degree path that may be right for you. You will be ready to transition into any NCU major and, if interested, may complete an Associates of Arts (AA). Through this track, you will have the opportunity to explore many fields and have a variety of experiences that will add to your time at North Central. Students must declare a major once 30 credits have been earned.

What sets up apart

- Close partnership with Career Services that includes free assessments
- Exposure to other departments through scheduled college chapels
- Personal advising appointments with our Student Success Center staff

- A guided starting point for transitioning into the degree program that is right for you

“Skills you’ll gain”

- Working with professionals
- Self-awareness through self-assessment
- Time management
- Interpersonal communication

This course is a survey of the genre and role of psalms in ancient Israel and in the church. Representative psalms will be examined with an eye toward theological content and spiritual application.

LUKE-ACTS

BIBL 243

Credits: 3

Prerequisite(s): BIBL 127

Description:

This course focuses on the narrative framework of Luke-Acts along with the major historical and critical questions involved in the interpretation of Luke-Acts. Special attention is given to the theological themes of this two volume work and how they illustrate the author's theology and the narrative unity of the two works. Special emphasis will be given to a Pentecostal interpretation of Luke-Acts.

THE MINOR PROPHETS

BIBL 335

Credits: 3

Prerequisite(s): BIBL 126 and BIBL 220

Description:

The twelve Minor Prophets are put in their historical context and their literary forms and their connection to the rest of Scripture are explored. Attention is given to both the political and economic life of their original audience and the theological insights of their authors.

JEREMIAH

BIBL 337

Credits: 3

Prerequisite(s): BIBL 126 and BIBL 220

Description:

This study will include a chapter-by-chapter analysis of the prophet Jeremiah's oracles, detailing both his messages of doom and hope. The use of these prophecies by both Judaism and Christianity will be examined. The relation between Jeremiah and Baruch and the manner of the book's composition will also be considered.

ROMANS AND GALATIANS

BIBL 343

Credits: 3

Prerequisite(s): BIBL 126 and BIBL 220

Description:

This course will focus on two books by the Apostle Paul that are often studied together because of their thematic similarities. The setting of each within Paul's ministry will be examined, as will the social and historical contexts that occasioned the writing of these epistles. Special emphasis will be placed on identifying the key elements of Paul's distinctive "gospel" as it relates to both Jew and gentile.

PRISON EPISTLES

BIBL 345

Credits: 3

Prerequisite(s): BIBL 127 and BIBL 220

Description:

Ephesians, Philippians, Colossians and Philemon are often studied together since church tradition suggests Paul wrote each of them during his "first imprisonment" in Rome. All four epistles provide significant information about the identity and praxis of churches founded and influenced by Paul, with resulting application for today.

THE GOSPEL & EPISTLES OF JOHN

BIBL 347

Credits: 3

Prerequisite(s): BIBL 127 and BIBL 220

Description:

This study of the Gospel and Epistles of John is designed to assist the student in appreciating John's unique witness to Jesus, in exploring the situation in which this literature was written, and in becoming familiar with the character and spirit of John's theology.

TIMOTHY & TITUS

BIBL 348

Credits: 3

Prerequisite(s): BIBL 127 and BIBL 220

Description:

I & II Timothy and the Epistle of Titus are considered in depth with emphasis on the teachings of the Epistles as they relate to the Church and Christian ministry.

PENTATEUCH

BIBL 357

Credits: 3

Prerequisite(s): BIBL 126 and BIBL 220

Description:

The first five books of the Bible are studied with emphasis upon the historical events they report, the major biographies they present and prominent themes they unfold.

ISAIAH

BIBL 362

Credits: 3

Prerequisite(s): BIBL 126 and BIBL 220

Description:

The book of Isaiah is studied with attention to historical backgrounds, literary techniques, and theological emphases. Students can expect detailed engagement with the primary text, as well as discussion of the reception of Isaiah in Second Temple Judaism.

CORINTHIAN LETTERS

BIBL 364

Credits: 3

Prerequisite(s): BIBL 127 and BIBL 220

Description:

By exploring Paul's dealings with his most troublesome church through the lens of I and II Corinthians, valuable insight is gained into the dynamics of the Pauline mission. The major themes of these books and the geography, archaeology and history of Corinth will also be examined.

REVELATION

BIBL 370

Credits: 3

Prerequisite(s): BIBL 127 and BIBL 220

Description:

This course will begin with an overview and introduction to Jewish apocalyptic literature of the second temple period as necessary background to understanding and interpreting the Apocalypse of John. After laying this foundation, a detailed study will be undertaken of the introductory issues, theological themes and text of the Apocalypse of John.

WISDOM LITERATURE

BIBL 371

Credits: 3

Prerequisite(s): BIBL 126 and BIBL 220

Description:

This course will begin with an overview and introduction to Jewish apocalyptic literature of the second temple period as necessary background to understanding and interpreting the Apocalypse of John. After laying this foundation, a detailed study will be undertaken of the introductory issues, theological themes and text of the Apocalypse of John.

BIBLICAL GEOGRAPHY

BIBL 439

Credits: 3

Prerequisite(s): BIBL 126 and BIBL 127

Description:

The course will explore the physical and historical geography of Israel and Palestine. Emphasis is placed on the physical settings of the Bible, stressing the geographical characteristics of the land and their interaction

with the historical, archaeological, literary, and cultural features that shaped the world of the Bible. Topography and geopolitical aspects of the environment will be examined as well.

HEBREWS

BIBL 440

Credits: 3

Prerequisite(s): BIBL 127 and BIBL 220

Description:

This detailed study of the book of Hebrews emphasizes the supremacy of Jesus Christ as the perfect fulfillment of God's total plan revealed to mankind.

GENESIS

BIBL 451

Credits: 3

Prerequisite(s): BIBL 126 and BIBL 220

Description:

This course will be an in-depth study of the first book of the Torah. The central theological themes of creation, God, humanity, the fall, redemption, judgment and covenant will be investigated in detail. The patriarchal narratives will be examined with an eye towards understanding the historical context, investigating what those narratives are about, and discovering the significance of these Scriptures today. Some basic critical issues in the study of the text will also be introduced.

SYNOPTIC GOSPELS

BIBL 458

Credits: 3

Prerequisite(s): BIBL 127 and BIBL 220

Description:

The interdependence of the gospels of Matthew, Mark, and Luke (the Synoptic problem) will be examined, along with each gospel's particular emphases and themes. On a rotating basis one of the gospels will be the primary foundation around which the class will be structured.

BIBLICAL AND THEOLOGICAL STUDIES CHURCH INTERNSHIP

BIBL 490

Credits: 3

Prerequisite: Biblical & Theological Studies major, permission of IBATS dean

Description:

The Biblical and Theological Studies Church Internship is an off-campus, hands-on experience in church leadership. Students are trained under the care of mature and responsible church leaders in a local church setting, with additional oversight by NCU faculty and/or staff. This course is required for Biblical and Theological Studies majors pursuing the Ministerial Preparation Option.

BIBLICAL & THEOLOGICAL STUDIES SENIOR PROJECT

BIBL 495

Credits: 3

Prerequisite(s): Junior or Senior Status

Description:

The Biblical Studies Senior Project is limited to seniors in the Biblical and Theological Studies major. This course is a culminating, synthetic learning experience in which students demonstrate the skills and knowledge they have obtained throughout their undergraduate study. Each student will conduct research under a professor's supervision in some area of Biblical Studies or Theology and ultimately report his or her findings in a written paper. In addition, a public oral presentation of the research results will be expected. Specific requirements are listed in the course syllabus.

Biology

PRINCIPLES OF BIOLOGY I

BIOL 127

Credits: 3

Co-Requisite: BIOL-127L

Description:

First of a two-semester sequence. This course presents a foundation in fundamental biological and cellular concepts. Topics include nature of science, chemical and molecular basis of life, metabolism, cell reproduction, and principles of inheritance.

PRINCIPLES OF BIOLOGY I LAB

BIOL 127L

Credits: 1

Co-Requisite: BIOL-127

Description:

This course is designed to provide the laboratory fundamentals of biological science at the cellular level. Students will focus on the nature of science, cellular structure and function, cellular energetics, photosynthesis, cellular respiration, and principles of inheritance.

PRINCIPLES OF BIOLOGY II

BIOL 128

Credits: 3

Co-Requisite: BIOL-128L

Description:

This second semester course provides foundation to the study of natural history, plants, animals, and ecological principles.

PRINCIPLES OF BIOLOGY II LAB

BIOL 128L

Credits: 1

Co-Requisite: BIOL-128

Description:

This course is designed to provide laboratory explorations of scientific methodologies, biodiversity of plants and animals, and ecology.

MICROBIOLOGY

BIOL 321

Credits: 3

Prerequisite(s): BIOL-128

Co-Requisite: BIOL-321L

Description:

This course provides an introduction to the study of microorganisms. Environmental, industrial, and medical issues are discussed with particular attention to human pathogens.

MICROBIOLOGY LAB

BIOL 321L

Credits: 1

Pre-requisites(s): BIOL 128

Co-Requisite: BIOL-321L

Description:

This course introduces skills and concepts applicable to clinical laboratory that include but are not limited to: aseptic techniques, microbial culturing, microscopy and staining, selective media, differential tests, and antimicrobial resistance.

GENETICS

BIOL 326

Credits: 3

Prerequisite(s): BIOL-321 and MATH-280

Description:

This course presents an introduction to both classical and molecular genetics. Classic genetic concepts include: Mendelian and Non-Mendelian patterns of inheritance, linkage and chromosome mapping in eukaryotes and bacteria and bacteriophages. Molecular genetics topics include: DNA structure, replication, mutation, and DNA repair; regulation of gene expression in both prokaryotes and eukaryotes; recombination and transposition at the molecular level. Genetic technologies including functional genomics, proteomics, bioinformatics, recombinant DNA, and biotechnology will be introduced and reinforced.

CELL & MOLECULAR BIOLOGY

BIOL 354

Credits: 3

Prerequisite(s): BIOL-326

Co-Requisite: BIOL-354L

Description:

This course presents a detailed examination of cellular systems and cell to cell interactions. Course content will expand in depth upon the relationship between cellular structure and function: interactions between DNA, RNA, and protein biosynthesis and how these interactions are regulated; cellular growth and metabolism; and differences in cellular function amongst prokaryotic and eukaryotic organisms including bacterial, plant, and animal cells. Concepts regarding regulatory mechanisms of action and the interdependence of intracellular systems will be emphasized.

CELL & MOLECULAR BIOLOGY LAB

BIOL 354L

Credits: 2

Prerequisite(s): BIOL-326

Co-Requisite: BIOL-354

Description:

This laboratory course is designed to highlight the instrumentation, techniques, and project based applications of the following content fractionation, cell growth, enzyme kinetics, DNA restriction enzyme analysis, and recombinant DNA Technology.

ETHICS & RESEARCH METHODS

BIOL 365

Credits: 3

Prerequisite(s): BIOL-321 and CHEM-212

Description:

This course will examine ethical issues as they relate to scientific research being conducted and review in dignity of scientific (animal and human) investigations. Students will be introduced and review research methodologies. Emphasis will be on framing research questions, experimental design and data interpretation with reference to the published literature, and on the presentation and communication of scientific data.

UNDERGRADUATE RESEARCH

BIOL 405

Credits: 2

Grades: Pass/Fail Only

Description:

Students enrolling in this course will conduct laboratory or field research under the supervision of a faculty member. The project may be part of an ongoing research program of the supervising faculty member. A written thesis on the project will be required, as well as presentation of a poster or seminar to the department. Permission to enroll must be obtained from the department chair and the faculty member directing the project.

BIOLOGICAL INTERNSHIP

BIOL 480

Credits: 3

Prerequisite: BIOL-365

Description:

Contact your advisor at least two semester prior to enrolling. This course is for students participating in an internship that emphasizes professional application of the concepts and principles learned as part of a

Biology program. A student has responsibilities in a laboratory, office, private firm, not-for-profit organization, or government agency. The student works on a specific project under the direct supervision of an employer-supervisor and/or faculty internship coordinator. On-campus internships are to be completed under an appropriate NCU supervisor, while off-campus internships are to be completed under the supervision of the designated faculty internship coordinator. All students must maintain an internship journal and present an oral or written report summarizing the internship experience. For off-campus internships, students will also be evaluated by their employer-supervisor.

CAPSTONE SEMINAR

BIOL 495

Credits: 1

requisite: BIOL-365

Description:

Various vocational and research topics in biology and related disciplines are presented by visiting speakers, faculty, and students. Freshman and sophomore students are also encouraged to attend.

Business

INTRODUCTION TO BUSINESS

BUS 161

Credits: 3

Description:

This course is a prerequisite to most other Business courses. Course content builds a framework of business fundamentals in key areas including: ethics, international business, management, finance, marketing, and entrepreneurship, along with crucial professional skills, all foundationally necessary for further study in business and/or marketplace preparedness. Relevance and application is accomplished by introducing business from the perspective of real people making real business decisions at leading companies, in addition to building a real business plan. A Christian worldview is emphasized throughout, tackling challenging issues faced by Christians in the marketplace.

CAREER SEMINAR IN BUSINESS

BUS 180

Credits: 2

Description:

This course is designed for career orientation, discovery, and evaluation in business. A major component of the class includes a presentation of various careers in marketing, accounting, and finance, sports management, general business, and entrepreneurship. Additionally, students will focus on professional development including resume development and an online profile.

COMMUNICATIONS FOR BUSINESS

BUS 198

Communications for Business focuses on establishing professional communication skills and standards for use in the marketplace. Course content includes writing letters (informational, persuasive, external use, internal use, etc.), professional reports, resumes, executive summaries and electronic communication; delivering oral presentations; understanding business etiquette; adopting effective group process skills; and developing interpersonal skills. Students will improve their writing skills and gain greater mastery of grammar, mechanics, and style. The course will also focus on developing a biblical theology of business.

PRINCIPLES OF MANAGEMENT

BUS 250

Credits: 3

Description:

Principles of Management is an introductory course examining the role of the manager in modern business. This course will survey the history of management and management theory, in addition to applying contemporary management principles of planning, organizing and controlling in real-world business scenarios. There is an emphasis on understanding through application; therefore, much of the content is taught through mini-projects. This class would be of value for students who intend on being in any leadership position, regardless if in the secular marketplace, nonprofit sector or church.

PRINCIPLES OF MICROECONOMICS

ECON 251

Credits: 3

Description:

This course examines how individuals make consumption decisions (demand) and how firms make production decisions (supply). These decisions are affected by factors such as market structure, level of economic efficiency, market failures, and government policies.

ENTREPRENEURSHIP & SMALL BUSINESS MANAGEMENT

BUS 255

Credits: 3

Prerequisite Note(s): Requires Junior status or instructor approval.

Description:

This class addresses the unique experience of conceiving, evaluation, creating, managing and potentially selling a business, a process called entrepreneurship. The goal is to provide a solid background with practical application of important concepts applicable to the entrepreneurial environment. Entrepreneurial discussions will focus on the key business areas of finance, accounting, marketing and management and will include the creative aspects of entrepreneurship. The course relies on classroom discussion, participation, guest speakers, case analysis, the creation of a feasibility plan, and building a business plan to develop a comprehensive strategy for launching and managing a business. Students will need to draw upon their business education and experience, and apply it to the task of launching a new venture. Students are expected to interact with the business community and advisors, be able to work effectively in teams, and be active participants in classroom discussions and exercises.

PRINCIPLES OF MACROECONOMICS

ECON 256

Credits: 3

Description:

Current:

This course examines the U.S. economy from the big picture or “macro” perspective. Specifically, we learn how the economy grows and shrinks and we examine the interactive effects of economic phenomena such as inflation, unemployment, and interest rates on that growth and shrinkage. We also examine fiscal and monetary policies that are used to influence the economy and how those policies impact individuals.

STATISTICS & DECISION MAKING

BUS 261

Credits: 3

Description:

This statistics class includes a study in descriptive and inferential statistics, emphasizing statistical measures and accounting concepts which are essential for making informed business decisions. Elements of risk, decision models and capital management will be covered.

PRINCIPLES OF MARKETING

BUS 265

Credits: 3

Prerequisite(s): BUS 161 or MUS 231

Description:

This course introduces marketing from a practical, real-world perspective by fostering the development of decision-making skills through the presentation of the most important current trends in marketing. It introduces marketing from the perspective of real people making real marketing decisions at leading companies every day. Students will come to understand that marketing is about creating value—for customers, for companies, and for society as a whole—and they will see how that is accomplished by working with a real client throughout the semester to build a marketing plan.

PRINCIPLES OF ACCOUNTING I

BUS 267

Credits: 3

Description:

Knowledge of the fundamentals of financial accounting enable students to achieve a basic working insight into accounting and its uses. Emphasis is placed on the need to understand both the conceptual and procedural framework of accounting. The course will include preparing financial statements, measuring and reporting assets and current liabilities, special reports and analysis of accounting information, and accounting for partnerships and corporations.

PRINCIPLES OF ACCOUNTING II

Ethical principles are explored, and the utilization of case studies involving ethical dilemmas will challenge the use of these principles.

NOT-FOR-PROFIT ACCOUNTING

BUS 340

Credits: 3

Description:

This course focuses on teaching students how to use financial information to make decisions in public and not-for-profit organizations. The first half of the course focuses on developing, implementing and controlling agency financial plans. The course covers an introduction to financial management, the development of operating budgets, tools for short-term decision-making, capital-budgeting decisions, and the analysis of long-term financial options. The second half of the course focuses on summarizing, reporting on and analyzing an organization's financial position, and the results of its operations.

BRAND MANAGEMENT & CONSUMER BEHAVIOR

BUS 350

Credits: 3

Prerequisite(s): BUS 265

Description:

Advanced marketing builds on the principles and concepts taught in Marketing Principles. One of the most effective tools to hedge against market risk and distance similar products or services from competitors is an organization's underlying brand identity. The course provides insights into how to create profitable brand strategies by building, measuring, and managing brand equity through an understanding of consumer behavior. Throughout the course, a biblical and ethical perspective of branding will be addressed.

SOCIAL ENTREPRENEURSHIP & ECONOMIC DEVELOPMENT

BUS 355

Credits: 3

Prerequisite(s): BUS 161

Description:

Social entrepreneurship is a rapidly developing field of business in which entrepreneurs are using business methods to help solve social and environmental challenges otherwise ignored or missed by commerce and addressed predominately with often unsustainable donor-driven models by the nonprofit sector. This field includes “social entrepreneurship,” where employees in existing companies similarly are developing new income opportunities for their firms by addressing social and environmental challenges in a profitable, scalable manner. Using the social enterprise concept, it is now increasingly possible for major companies to move social responsibility from a cost center to a profit center. In this evolving landscape, social entrepreneurs are at the vanguard of creating new business models for neglected markets that corporations can emulate, partner with or acquire to take to scale. As the traditional lines blur among nonprofits, government and business, it is critical that business students understand the opportunities and challenges in this new landscape. Through guest speakers, case discussion, lecture and student presentations this course will explore this emerging field. Students will learn what a social enterprise is and how it is the same as well as different from other types of business. Students will be expected to develop a business plan summary and investment ‘pitch’ to scale a social enterprise.

CORPORATE FINANCIAL MANAGEMENT

BUS 361

Credits: 3

Prerequisite(s): BUS 161, BUS 267, and BUS 277

FINANCIAL STATEMENT ANALYSIS

BUS 415

Credits: 3

Prerequisite(s): BUS 267

Description:

This course will provide you with tools to analyze and exploit information in corporate financial statements. The course will teach you how to use financial statement information for firm valuation and other economic decisions. The course will also help you understand and analyze the issues that corporate managers face as they design and implement financial reporting strategies, increasing your ability to assess accounting quality, and detect and undo earnings management. The analytical framework and practical tools of this course will help you to improve your ability to read and analyze financial statements, which should be useful whether your career interests arise in finance, marketing, strategy, consulting, accounting, operations, or entrepreneurship.

SALES AND MARKETING

BUS 425

Credits: 3

Prerequisite(s): BUS 265

Description:

The course will examine the elements of an effective sales force as a key component of the organization's total marketing effort. The course will extend student's understanding of marketing's reach and potential impact in achieving its overarching goals. Course discussions include the sales process, the relationship between sales and marketing, sales force structure, customer relationship management, use of technology to improve sales force effectiveness, and issues in recruiting, selecting, training, motivating, compensating and retaining salespeople. The course also is focused on professional B2B sales issues and sales management. Students learn to apply the discussion topics through an interactive project worked on throughout the course. The course is primarily an interactive discussion including debates, cases, and multiple opportunities to apply the theories that are discussed. A critical element of the class is a group project simulating a typical, though complex, sales management situation.

INTERMEDIATE MANAGERIAL & COST ACCOUNTING

BUS 433

Prerequisite(s): BUS 267 and BUS 277

Credits: 3

Description:

This course extends, through a more technical exploration, the topics of managerial and cost accounting that were introduced in earlier managerial coursework. Management and cost accounting disciplines assist in the determination of manufacturing costs in service and manufacturing environments. The course will address cost determination in job order and process cost systems, including standard cost measurement and methods of cost control. An emphasis is placed on cost information for decision making to provide information for managerial planning, control, and evaluation of business activities. Additionally, the course will address cost relationships, cost systems design, variance analysis, and cost-volume-profit analysis.

ADVANCED NONPROFIT MANAGEMENT

BUS 440

Prerequisite(s): MLAN 240

Description:

This course emphasizes the language skills necessary to develop and render a quality interpretation. Attention will be given to the analysis of American Sign Language and the development of self-analysis skills. The students will learn the skill of discourse analysis to gain a better understanding of the component parts of a message (English to ASL). Students will learn consecutive sign language interpreting and role shifting.

TOPICS & TRENDS IN INTERPRETING

CDS 446

Credits: 3

Prerequisite(s): CDS 371

Description:

The focus of this course will address new and current topics/trends that impact American Sign Language interpreting. Topics will include, but not be limited to, analysis of deep linguistic structure, salient linguistics features (both lexical and prosodic), managing subject specific language, such as religious and educational, as well as, other areas that effect the field of Sign Language interpreting. Students will also address topics presented in the media, analyze the accuracy and equivalency of interpreted messages and consider changes, both locally and nationally, that may influence the profession.

INTERPRETING CLINICAL

CDS 451

Credits: 3

Description:

The Interpreting Clinical course is designed to introduce students to the profession of sign language interpreting through observation and dialogue with seasoned interpreters. This practicum course is often facilitated through interpreting agencies, video relay services and networking with the interpreting community; this course must be completed with certified interpreters. The interpreting clinical requires students to complete 100 hours.

BUSINESS PRACTICES AND CERTIFICATION PREPARATION

CDS 452

Credits: 3

Prerequisite(s): CDS 471

Description:

The primary focus of this course is on preparing students to be working interpreters. Students will learn how to make ethical decisions, prepare for certification exams and other assessments, and market themselves in a professional and judicious manner. They will develop a portfolio, secure references, obtain letters of recommendation and build partnerships. Various interpreting settings will be addressed: private practice, referral agent, staff, contract, video relay (VRI) and educational positions.

ETHICS & DECISION MAKING

CDS 470

Credits: 3

Prerequisite(s): MLAN 340

Description:

This course is an examination of personal and professional ethics and the role of decision making in the field of interpreting. Consideration will be given to ethical behavior based on contextual principles or goals (teleological) rather than adherence to a strict set of strategies, rules or laws (deontological). Personal integrity and behavior which often guides individual decisions in the interpreting profession will be discussed. The RID Code of Professional Conduct (CPC) will be studied.

INTERPRETING THEORY & PRACTICE I

CDS 471

Credits: 3

Prerequisite(s): CDS 446

Description:

This course will focus on building linguistic and interpreting awareness to achieve message equivalency. Emphasis will be on the ability to provide a professional presentation with a focus on individual expression, register, vocabulary, message delivery and demeanor. Additional consideration will be given to practice interpreting and coding (transliterating), expansion techniques, as well as team interpreting approaches.

NOTE: The class will utilize half of the weekly class hours to practice, develop, and hone interpreting skills.

INTERPRETING IN ADVANCED SETTINGS

CDS 475

Credits: 3

Prerequisite(s): CDS 471

Description:

This course covers the various advanced settings of interpreting. This includes specialties such as medical, dental, deaf-blind, extended voice interpreting and mental health interpreting. Students will examine their lexicons and linguistic fluency in both English and American Sign Language concerning each of these arenas. The students will practice sight translation and interpret linguistically dense material while learning their individual capacity to modulate, modify or control linguistic production for each setting.

INTERPRETING INTERNSHIP

CDS 488

Credits: 3

Prerequisite(s): CDS 471

Description:

Interpreting students must build partnerships with interpreter referral agencies, public schools, service providers and other entities that provide interpreting services. Based on internship goals it is expected that interns will work with experienced interpreters, professionals who work with the Deaf community, and members of the Deaf community to satisfy internship goals. The interpreting internship requires students to complete 200 hours.

ASL INTERNSHIP

CDS 489

Credits: 6

Prerequisite(s): Junior or Senior Status

Description:

Interpreting students must build partnerships with interpreter referral agencies, public schools, service providers and other entities that provide interpreting services. Based on internship goals it is expected that interns will work with experienced interpreters, professionals who work with the Deaf community, and members of the Deaf community to satisfy internship goals. The interpreting internship requires students to complete 400 hours.

SENIOR PROJECT

CDS 495

Credits: 3

Prerequisite(s): CDS 446

Description:

The Senior Project is a culmination of the student's learning experience. Students are expected to apply the learning gained in the General Education Core, the Christian Studies Core and their major into a project that is related to interpreting. The Senior Project is designed to encourage students to explore areas of interest in their major. The class project is flexible as long as the format is deemed appropriate. Students may conduct a research project, forum, group study, presentation or combination of the above.

Chemistry

GENERAL CHEMISTRY I

CHEM 211

Credits: 3

Prerequisite: MATH-125 or MATH-250

Co-Requisite: CHEM-211L

Description:

This course is the first semester of a two-semester course. This course introduces the student to the basic theories and concepts in chemistry. Topics that will be covered include: atomic structure, chemical bonding, stoichiometry, gas laws, thermochemistry, quantum theory, states of matter and solutions.

GENERAL CHEMISTRY I LAB

CHEM 211L

Credits: 1

Co-Requisite: CHEM-211

Description:

This laboratory course supplements the learning in CHEM-211. It is an introduction to fundamental principles and techniques of chemistry. Emphasis is placed on basic chemical theories, stoichiometry, properties of solutions, gas laws, and thermochemistry applications.

GENERAL CHEMISTRY II

CHEM 212

Credits: 3

Prerequisite: CHEM-211

Co-Requisite: CHEM-212L

Description:

This is the second semester of a two semester sequence. This course expands on previously gained knowledge and introduces the student to additional basic theories and concepts in chemistry. Topics that will be covered include: reaction rates, chemical equilibrium, acid-base equilibria, thermodynamics, electrochemistry, nuclear chemistry, chemistry of metals/ nonmetals.

GENERAL CHEMISTRY II LAB

CHEM 212L

Credits: 1

Co-Requisite: CHEM-212

Description:

This course expands on the topics explored in CHEM-211L. Emphasis is placed on basic chemical theories, acid-base properties, equilibrium, kinetics, electrochemistry and qualitative analysis.

ORGANIC CHEMISTRY

CHEM 305

Credits: 3

Prerequisite: CHEM-212

Co-Requisite: CHEM-305L

Description:

This course introduces students to the fundamental concepts necessary for understanding organic molecules and their significance in biological systems. Topics include classes of organic compounds, nomenclature, covalent bonding, stereochemistry, spectroscopy and reaction mechanisms.

ORGANIC CHEMISTRY LAB

CHEM 305L

Credits: 2

Co-Requisite: CHEM-305

Description:

his laboratory course highlights the concepts learned in lecture. Students will learn and employ techniques for the preparation, isolation, purification and characterization of organic molecules.

Communication

INTERPERSONAL COMMUNICATION

COMM 152

Credits: 3

Description:

Examines face-to-face interactions using cognitive learning, skills training, and experiential techniques to better understand and interact with others. Topics include verbal messages, nonverbal communication, listening, self-disclosure, conflict, gender roles and intercultural communication.

AUDIO ENGINEERING I

COMM 163

Credits: 3

Description:

This course is an introduction to microphones, microphone pre-amps, and the technology behind them. Students will learn practical application of microphone placement and choice of pre-amps for recording, including different recording formats and their use in today's recording industry. Basic audio for video recording techniques and proper use of several types of microphones used in video recording and production techniques for recording a CD are also studied.

INTRODUCTION TO COMMUNICATION AND THEORY

COMM 175

Credits: 3

Description:

Overview of the field of communication and the historical changes in the discipline. Provides a theoretical foundation for the Communication Arts majors by exploring significant communication concepts in the areas of human, mediated and rhetorical communication. Theoretical frameworks studied as related to interpersonal communication, family interaction, group process, public communication, and media/technological changes. Theology and ethics of communication developed in light of a Christian worldview.

INTRODUCTION TO DIGITAL MEDIA PRODUCTION

COMM 185

Credits: 3

Description:

This course is an introduction to the field of digital media, including the profession, career options, industry trends, technology tools, and production requirements. Explores the use of computer-based tools in the design and authoring of interactive digital media by creating and editing digital video and images. Integrates technical skills with Web 2.0 modes of publishing content, such as social networks, streaming technology, RSS, podcasting, etc. Emphasis is given to organizational and ministry contexts of digital media for students preparing to enter vocational ministry in today's digital culture. Introductory skills prepare students for the Video Production I & II courses.

PUBLIC SPEAKING

COMM 220

Credits: 2

Description:

Course familiarizes students with the basic principles of speechmaking, and the fundamental concepts of contemporary communication. Students learn theoretical concepts from the textbook, lectures and class discussions. Theories practically applied as speeches are written, delivered, and critiqued in the classroom.

PRINCIPLES OF LAYOUT & DESIGN

COMM 231

Credits: 3

Description:

An introduction to the principles of layout and design as relates to newspapers and other mass media applications, such as printed and electronic books. Students will develop skills in Adobe InDesign software, as well as gain familiarity with Adobe Illustrator and Adobe Photoshop. Students will learn what sets apart good design and how visual material affects comprehension.

MEDIA COMMUNICATION THEORY

COMM 246

Credits: 3

Prerequisite(s): ENG 124

Description:

Survey and analysis of mediated communication within mass society, including examination of history, culture, effects, audience and industry. An examination of theories and research about relationships between individuals, society and the media. Special attention paid to exploring how theory and research can be applied by media practitioners.

MEDIA AND POPULAR CULTURE

COMM 247

Credits: 3

Description:

Surveys contemporary mediated communication in American culture (Web 2.0, television, film, music, sports, art, gaming, etc.) and the impact on culture. Explores the interplay between media, media industries and various facets of modern society, including political, economic, religious and cultural. Examines media on a global scale and facilitates contrasts and comparisons of media systems, highlighting how media communication influences the quality of human life and culture. Encourages students to engage popular culture through the lens of the Christian faith as discerning and critically autonomous agents. Special emphasis placed on new media literacies as they relate to the rise of user generated content and participatory media culture.

WRITING FOR MEDIA

COMM 260

Credits: 3

Prerequisite(s): ENG 124

Description:

Basic concepts of writing for various media contexts including newspaper, web, radio and television are explored. Students introduced to fundamental methods of writing for media (specifically print and broadcast journalism, public relations and advertising). The course also will serve as the introduction for more advanced journalism classes, including Newspaper Writing and Reporting, Public Relations and Copyediting, while serving as a foundation for writing across media contexts for media communication majors.

NORTHERNER MEDIA PRACTICUM (STAFF)

COMM 268

Credit: 1

Prerequisite(s): ENG 124

Description:

Students enrolled in Northerner Media Practicum (Staff) are staff members of The Northerner student media organization. Writing, photography and media assignments are generated by the publication's editors. Assignments may include layout and design, news coverage of the university faculty and staff, its students or other items of interest. This course is repeatable up to 3 credits.

DIGITAL REPORTING AND STORYTELLING

COMM 291

Credits: 3

Prerequisite(s): ENG 124

Description:

Basic concepts of writing for newspaper are explored. Students are introduced to fundamental methods of news writing and news gathering. Writing, revision and utilizing news writing techniques are an integral part of the course. The course will serve as the foundation of more advanced writing and communication classes.

MEDIA LAW

COMM 325

Credits: 3

Prerequisite(s): ENG 124

Description:

Introduction to the major legal, ethical and policy issues related to media. Primary documents and cases studied, as well as methods of analysis. Provides a broad historical context for media regulation and explores existing media law and policy to enable students to critique and analyze future laws and policies, identify legal issues arising from media trends in today's culture, and articulate the ethical issues relevant to media conduct.

CREATIVE NONFICTION WRITING

COMM342

Credits: 3

Prerequisite(s): ENG 124

Description:

Creative Nonfiction is a new name for an old game—belles letters, literary nonfiction, New Journalism, and the 4th genre are all just alternate nomenclature for this growing body of writing which positions itself in the

grey world between fiction and nonfiction, refusing to accept the determined label of either. The beginning of all creative nonfiction is writers who have been given permission to allow their experiences in the world to creatively shape their writing, allowing personality and flavor to come back into the often dry world of nonfiction. As a result of the relatively recent emphasis on creative nonfiction (as its own genre), new angles of perception have arisen in the role of the voice, the use of research, the value of story, the need for point of view, and range of form and language possibilities. Naturally an emphasis in this course will be placed on memoir, personal essay, travel writing, literary journalism, nature writing, history writing, autobiography writing and more.

[Cross-listed as ENG 342]

ADVANCED PRESENTATIONS AND PERSUASION

COMM 344

Credits: 3

Note(s): Students may not DR this course.

Description:

Students become proficient in organizing, researching and delivering public speeches. Emphasis is given to the basic theories and techniques of influence, providing the student with a critical awareness of the nature, function and scope of persuasion. The class also covers such concepts as attitudes, credibility, and resistance to persuasion, ethics, logic, argumentation and propaganda.

FEATURE WRITING

COMM 348

Credits: 3

Prerequisite(s): ENG 124

Description:

This course will help students understand the art and craft of feature writing in Journalism. The student will gain extensive practice in the nuts and bolts of feature journalism. The student will also learn how to move from the idea stage to the writing stage. Feature stories are the main substance of newspapers and magazines. It is expected that the student will learn to query, gather ideas and write professionally.

NONFICTION / MAGAZINE WRITING

COMM 357

Credits: 3

Prerequisite(s): ENG 124

Description:

This course will take students through each step of the magazine writing process from reading as writers to publication. Students will gain the background, writing practice and tools they need to become freelance writers and begin submitting their work. Writing includes, but is not limited to query letters, profiles, travel articles, opinion pieces and one research paper on the nonfiction market of their choice. This class also

requires several writing critiques and will enforce the importance of making deadlines and impressing editors.

[Cross-listed as ENG 357]

VIDEO PRODUCTION I (W/LAB)

COMM 360

Credits: 4

Pre-requisite(s): COMM 185

Description:

This course provides a general introduction to the basic practices and terminology used in video production. Practical experiences in operating various equipment and in performing different production roles are cultivated. An emphasis will also be on learning how to use portable video equipment related to electronic field production and news gathering. Students will also learn basic fundamentals of videotape editing.

PUBLIC RELATIONS

COMM 365

Credits: 3

Prerequisite(s): ENG 124

Description:

Exploration of public relations as a professional practice of communication. Examination of how public relations is defined, the disciplines that make up the public relations profession and the tenets of ethical public relations practitioners. Introduction to how public relations is practiced in the U.S. and abroad; in the corporate setting and in an agency environment; and in the political and non-profit arenas. Survey of basic public relations processes: research, planning, communication and evaluation.

NORTHERNER LEADERSHIP PRACTICUM (EDITOR)

COMM 368

Credit: 1

Description:

Students enrolled in Northerner Leadership Practicum (Editor) are members of the Northerner student media organization. Students will serve as the editorial staff of the publication, providing work assignments to the Northerner staff. Assignments may include layout and design, media content development, news coverage of the University faculty and staff, its students or other items of interest. - This course is repeatable up to 3 credits.

PHOTOGRAPHY

COMM 375

Credits: 3

Description:

This course is a beginning-level course stressing technical and critical photographic skills. The class is designed to develop your capacity to produce well-wrought, effectively structured pictures that communicate compelling content. Additionally, the course will help you broaden your ability of looking at images critically in order to be able to evaluate and value the success of your work and the work of others. The course is designed to start with the basics and then develop a working knowledge of digital SLR's and the use of Photoshop as its companion. Course work will consist of lectures, hands-on demonstrations, and individual and group assignments.

EDITING FOR PUBLICATION

COMM 387

Credits: 3

Prerequisite(s): ENG 124

Description:

This course will explore basic skills in editing with emphasis on print media. Emphasis will be on style and grammar, word precision, efficiency, clarity, emphasis and news judgment, completeness and accuracy, headline writing, photo captions and use of AP style.

[Cross-listed as ENG 387]

TECHNICAL WRITING

COMM 389

Credits: 3

Prerequisite(s): ENG 124

Description:

Introduction to learning the written and oral communication of technical information. Assignments include writing and presenting proposals, training materials, reports, grants and documentation. Emphasis on use of rhetorical analysis, computer applications, collaborative writing, and usability testing to complete technical communication tasks in the workplace.

[Cross-listed as ENG 389]

WEB DESIGN

COMM 396

Credits: 3

Description:

Introduction to web design including the basics of XHTML, CSS, and content management systems. This class will include all of the knowledge you need to design and get your first content management-based website up and running.

PRINCIPLES OF ADVERTISING

COMM 425

Credits: 3

Prerequisite(s): ENG 124

Description:

Exploration of advertising as a professional practice of communication with insight into the history, methods, policies, problems and opportunities in the field. Examination of principles related to the development of advertising campaigns, such as market analysis, positioning, creative/media strategies and evaluation, as well as the structure of the advertising industry. Economic, social and regulatory context influencing advertising will be considered.

FREELANCE WRITING

COMM 433

Credits: 3

Prerequisite(s): ENG 124

Description:

This course involves the art of freelancing for different writing markets. It deals with writing craft for various genres of writing such as news, features, commentaries, profiles, and interviews. Students will get a basic understanding of sourcing ideas, writing techniques, business aspects of writing, exploring the writers' market for religious periodicals, newspapers and magazines. Writing assignments with merit are eventually submitted to the university publications, publishers and periodical markets. This is more than a theory class; it is hands-on and combines class exercises and critiquing sessions on assignments.

[Cross-listed as ENG 433]

MEDIA & A CHRISTIAN WORLDVIEW

COMM 454

Credits: 3

Description:

This course in ethics, philosophy, worldviews and media helps students understand dilemmas faced by communicators in a variety of situations. Through the examination of different worldviews, media practices, and ethical situations, students can come to understand the powerful ways in which communication defines, creates, maintains, and affects social and moral realities. Students will get to understand how to look at media and its power and influence from a Christian viewpoint.

VIDEO PRODUCTION II (W/LAB)

COMM 462

Credits: 4

Pre-requisite(s): COMM 360

Description:

Students study advanced video production techniques. Further attention is given to editing, primarily to non-linear editing and audio. Students are encouraged to utilize creativity as well as develop technical skills for video production.

ADVANCED VIDEO POST-PRODUCTION

COMM 470

Credits: 3

Prerequisite(s): COMM 360 and COMM 462

Description:

This course provides an intensive seminar with hands-on training in a specific discipline of video post-production technology. Students are exposed to specific skills in the concepts and techniques of a chosen technical application(s), such as Apple Motion and Adobe After Effects, for use in the overall video post-production editing process. These advanced skills intended to benefit students preparing for video-related Senior Projects.

SENIOR SEMINAR IN COMMUNICATION STUDIES

COMM 492

Credits: 3

Prerequisite(s): ENG 124

Description:

This course is the capstone course for Communications majors. Students will engage in the critical understanding of mediated communication, integrating theory and emerging forms of media and media

delivery channels. It will evaluate student's progress towards a career in communications, emphasizing building a good portfolio and resume. Seminar discussion and assignments focus on the integration of critical thought and faith into the study and praxis of mediated communication.

SENIOR PROJECT - COMMUNICATION ARTS

COMM 495

Credits: 3

Prerequisite(s): Junior or Senior Status

Description:

The senior project is an apex endeavor, reflecting four years of academic and practical training. At the discretion of the professor, students prepare a final paper and/or complete a project. Student consultation with the NCU advisor is essential during the project's formative and developmental stages. All coursework must arrive at the Communication Arts Department office two weeks prior to graduation.

INTERNSHIP- COMMUNICATION ARTS

COMM 496

Credits: 3

Prerequisite(s): Junior or Senior Status

Description:

Students are assigned to a professional setting where they are given opportunities to work in a communications environment. Students are expected to spend a minimum of 20 hours a week "on-the-job." Course descriptions are tailored to the student's interests and the institution's specifications.

Computer Science

INTRODUCTION TO PROGRAMMING WITH MOBILE DEVELOPMENT

CSCI 160

Credits: 3

Description:

This course introduces basic computer programming skills, problem solving, and algorithms in an applied fashion by working with various media file types and automating repetitive computing tasks that are often done by hand. Python, HTML, CSS and Javascript as applied to programming are introduced in the context of mobile programming.

OBJECT ORIENTED PROGRAMMING

CSCI 210

Credits: 4

Description:

This course is an introduction to the JAVA project oriented language. Students will be introduced to the basic principles of software engineering. Students develop problem-solving skills and gain experience detecting and correcting software errors. Procedures, recursion, and iteration will be presented in the development of algorithms. Inheritance and polymorphism are studied. The use of abstraction is emphasized in this course. No prior programming knowledge is needed.

COMPUTER SECURITY BASICS

CSCI 230

Credits: 3

Description:

In this class we will examine the issues surrounding computer security in today's highly technological world. The course is designed to provide an overview of security problems, technical issues and the principles associated with databases, networks, administrative controls, privacy, operating systems and programming. Employees and managers are faced with critical decisions regarding information security on a daily basis and this course will provide basic knowledge of network security for students without a technical background. Information security is relatively new and the knowledge gained from this course can be used in a variety of disciplines, such as computer science, computer information systems, business, and other areas of theological and management leadership.

COMPUTER ARCHITECTURE

CSCI 250

Credits: 3

Description:

Computer technology requires an understanding of both hardware and software fundamental architectural techniques used to build today's high-performance processors and systems. In this course, you will study the history of computing technology before learning about modern computer architecture and a number of its important features, including instruction sets, processor arithmetic and control, the Von Neumann architecture, pipelining, memory management, storage, and other input/output topics.

MANAGEMENT INFORMATION SYSTEMS

CSCI 305

Credits: 3

Description:

Management Information Systems is an applications-oriented course that provides an overview of the role of information systems in business process design, the current technologies used for obtaining, sharing, and storing information to support decision making process within an organization. The concepts and principles for programming, developing, and using popular spreadsheet and database tools are explored in an active learning environment. A focus on important problems and issues found in business disciplines, such as accounting, finance, marketing, operations, and general management are explored.

DATABASE THEORY & PROGRAMMING

CSCI 310

Credits: 3

Description:

This course emphasizes the use of the computer as a tool to collect, organize and analyze data. Students will learn how to identify, model and manipulate data in order to extract the maximum amount of information. The course will focus on the Microsoft SQL Server as an introductory language. Students will leave with a coding in SQL foundation.

ALGORITHMS & DATA STRUCTURE

CSCI 320

Credits: 3

Prerequisite(s): CSCI 210 and CSCI 310

Description:

This course presents a core suite of data structures and the algorithms used to implement them. Students will gain an understanding in how to solve various data problems by analyzing and selecting the proper structures and the most efficient algorithms. Programming in C++ is introduced.

NETWORK & SECURITY

CSCI 350

Credits: 3

Description:

This course includes concepts, principles, protocols, and applications of computer networks. Layered network architectures, data link protocols, local area networks, routing, transport, network programming interfaces, and networked applications. Examples from Ethernet, Token Ring, TCP/IP, HTTP, WWW. Network vulnerabilities and detection/collection of network intrusions will be discovered.

OPERATING SYSTEMS

CSCI 360

Credits: 3

Prerequisite(s): CSCI 250

Description:

This course presents computer organization, structure of operating systems, memory management, process management, resource allocation, and operating system monitors. Alternative approaches to operating system design.

SOFTWARE ENGINEERING

CSCI 370

Credits: 3

Prerequisite(s): CSCI 210 and BUS 445

Description:

This is a survey course covering software engineering concepts, techniques, and methodologies. Topics covered include software engineering; software process and its difficulties; software life-cycle models; project planning including cost estimation; design methodologies including structured design, data-structure oriented design, object- oriented design; and software testing.

DATABASE ADMINISTRATION

CSCI 420

Credits: 3

Prerequisite(s): CSCI 310

Description:

This course presents techniques in commercial/research-oriented database systems. Catalogs. Physical storage techniques. Query processing/optimization. Transaction management. Mechanisms for concurrency control, disaster recovery, distribution, security and data integrity.

SYSTEMS ANALYSIS & DESIGN

CSCI 430

Credits: 3

Description:

This course presents requirements management, analysis, and design of computer system solutions targeting business objectives. System development life cycle. Development methodologies.

NETWORK & SYSTEMS ADMINISTRATION

CSCI 450

Credits: 3

Prerequisite(s): CSCI 210 and CSCI 350

Description:

This course is an advanced course in computer networking. Examines identity management systems, such as directory services, to provide authentication, authorization and auditing for sound security management. Includes basic remote access configuration. Topics include testing networks for vulnerability to attacks and attack analysis, intrusion detection and analysis, and advanced defense countermeasure configuration using firewalls, routers and intrusion detection systems. Lecture, expert guest speakers, labs.

ADVANCED MOBILE & WEB DEVELOPMENT

CSCI 480

Credits: 3

Prerequisite(s): CSCI 310 and CSCI 360

Description:

This course focuses on the development of applications on mobile platforms. Emphasis is placed on the development of applications for current and emerging mobile computing devices. Students include the following factors into their development projects: platform capabilities, user characteristics, and networking infrastructure. Javascript, python, Java, HTML, MongoDB or other Database, and Node.js are introduced and used to create applications.

INTERNSHIP

CSCI 490

Credits: 3

Prerequisite(s): Instructor Permission

Description:

This course involves a field experience in computer science. The emphasis is tailored to the needs and interests of the student.

SENIOR PROJECT

CSCI 495

Credits: 3

Prerequisite(s): Instructor Permission

Description:

A capstone experience for computer science majors in their senior year. Each student works on an in-depth, guided project, culminating in both a written report and an oral presentation.

Critical Thought

HISTORY OF WESTERN PHILOSOPHY

CT 210

Credits: 3

Description:

This course surveys the major philosophers and philosophies in the history of Western thought that have had a significant formative effect on the development of theories of law and state, epistemology, religion, theology and ethics. Having studied these theories and systems of thought, students should be prepared to deal with the wide range of issues encountered in other disciplines where this basic knowledge of philosophy is foundational.

ANCIENT & MEDIEVAL PHILOSOPHY

CT 211

Credits: 3

Description:

This course examines important ancient and medieval philosophers and their ideas in the great tradition of Western philosophy. The course spans from the pre-Socratics up to, but not including, Descartes. In addition, reading of primary materials allows the student to encounter philosophical thought firsthand.

MODERN PHILOSOPHY

CT 212

Credits: 3

Description:

The major topics of philosophical thought are studied to give an understanding of both the nature of the problems involved in each topic and the particular theories developed by significant modern philosophers beginning with Descartes. In addition, reading of primary materials along with general studies allows the student to encounter philosophical thought firsthand.

VISIONS OF THE GOOD: ETHICS AND WORLDVIEW

CT 213

Credits: 3

Description:

Designed to develop an ability to identify and critique the basic criteria of various ethical systems, the course surveys the major schools of ethical theory, examines the writings of significant theorists and applies this knowledge to current ethical problems.

CURRENT PHILOSOPHICAL ISSUES

CT 215

Credits: 3

Description:

This course examines current issues in society to discover both the philosophical underpinnings on which they are based, as well as the effects they have in the course of daily life. All positions on practical issues are based on philosophical theories. To uncover these traditional theories, the writings of various current thinkers are analyzed. With the philosophical system exposed, an evaluation of the reasons for holding the position is made.

EXPLORING FAITH AND REASON

CT 220

Credits: 3

Description:

This course examines the role reason should play in the Christian life by focusing on the major historical and contemporary writings that address the tension between faith and rationality and related issues. Special attention will also be given to the relationship between Christian faith and public life by discussing the sacred-secular dichotomy and reflecting on how it prevents Christians from loving God with all their minds.

CHRISTIAN APOLOGETICS

CT 246

Credits: 3

Prerequisite(s): Either THEO 114 or THEO 210

Description:

Christian Apologetics resembles the philosophy of religion, except that it is always conducted from a stance of faith. While traditionally the term apologetics signifies "a defense of the faith," it has a positive as well as a defensive side. Proofs for the existence of God, explanations of the human condition, and the problem(s) of evil fall under the purview of apologetics, as do the defense of miracles and belief in an afterlife.

[Cross-listed as THEO 246]

Economics

PRINCIPLES OF MICROECONOMICS

ECON 251

Credits: 3

Description:

This course examines how individuals make consumption decisions (demand) and how firms make production decisions (supply). These decisions are affected by factors such as market structure, level of economic efficiency, market failures, and government policies.

PRINCIPLES OF MACROECONOMICS

ECON 256

Credits: 3

Description:

This course examines the U.S. economy from the big picture or “macro” perspective. Specifically, we learn how the economy grows and shrinks and we examine the interactive effects of economic phenomena such as inflation, unemployment, and interest rates on that growth and shrinkage. We also examine fiscal and monetary policies that are used to influence the economy and how those policies impact individuals.

Education

FOUNDATIONS OF TEACHER EDUCATION

EDUC 150

Credits: 3

Description:

Education majors must take this course with EDUC 151 Foundations Field Experience. This course is an introduction to the historical, philosophical and sociological foundations of education. The progression of education from the past to contemporary crucial issues in education will be examined.

FOUNDATIONS FIELD EXPERIENCE

EDUC 151

Credit: 0.5

Description:

In this course the student will be assigned to a classroom teacher in order to perform various classroom duties. The student will be given an opportunity to observe and interact with children in a classroom setting. This course is taken in conjunction with EDUC 150 Foundations of Teacher Education.

HUMAN RELATIONS

EDUC 222

Credits: 3

Description:

This is a course designed to give students a greater understanding of the contributions and lifestyles of various racial, cultural and economic groups in society; to recognize and personally assess biases, prejudices or discriminatory behavior toward diverse groups of people; and to assist students in building intrapersonal and interpersonal skills that will enable them to effectively communicate with people of diverse background and values.

CLINICAL EXPERIENCE I

EDUC 350

Program: Education

Credit: 0.5

Prerequisite(s): EDUC 354

Description:

This course is taken in the first block of the Education program. The student is assigned to a classroom and given the opportunity to work with children, perform various classroom duties, and teach assigned classes.

CLINICAL EXPERIENCE II

EDUC 351

Credit: 0.5

Prerequisite(s): EDUC 354

Description:

FICTION WRITING

ENG 340

Credits: 3

Prerequisite(s): ENG 124

Description:

In this workshop, students will submit several works of short fiction in progress for discussion as the main focus of the course, though the student might also study the work of published fiction writers or examine existing short story markets. English majors may repeat the course for credit.

POETRY WRITING

ENG 341

Credits: 3

Prerequisite(s): ENG 124

Description:

This course will be primarily organized as a writing workshop. Students will submit poems for analysis and critique. We'll spend a majority of our time improving individual writing through assignments, exercises, analysis, and through the study of poetic elements and techniques. You will have the opportunity to experiment in both formal and free verse. A variety of poets will be studied. You will familiarize yourself with the language and tools of a poet, enhancing your understanding of structure, sound, form, imagery, tone, metaphor, voice, style, and revision. Best of all, you'll have a number of poems explode inside you, and I'm sorry to tell you, you'll never recover.

CREATIVE NONFICTION WRITING

ENG 342

Credits: 3

Prerequisite(s): ENG 124

Description:

Creative Nonfiction is a new name for an old game—belles lettres, literary nonfiction, New Journalism, and the 4th genre are all just alternate nomenclature for this growing body of writing which positions itself in the grey world between fiction and nonfiction, refusing to accept the determined label of either. The beginning of all creative nonfiction is writers who have been given permission to allow their experiences in the world to creatively shape their writing, allowing personality and flavor to come back into the often dry world of nonfiction. As a result of the relatively recent emphasis on creative nonfiction (as its own genre), new angles of perception have arisen in the role of the voice, the use of research, the value of story, the need for point of view, and range of form and language possibilities. Naturally an emphasis in this course will be placed on memoir, personal essay, travel writing, literary journalism, nature writing, history writing, autobiography writing and more.

[Cross-listed as COMM 342]

Geography

GEOGRAPHY

GEOG 262

Credits: 3

Description:

This course, while designed to meet the 5-8 social studies endorsement for elementary education students and the 5-12 social studies licensure for secondary education students, may be taken as a general elective. This course examines geography as the intersection of all physical and human phenomena at individual places and of how interactions among places form patterns and organize space. The student will not only study the basic land forms, map interpretation, water systems, weather, climate, water systems and ecology, but will also study elements of cultural geography and political geography as well.

Government

INTRO TO GOVERNMENT

GOVT 224

Credits: 3

Description:

This is an introductory course focusing on the basics of American state and national Government, with occasional reference to other government systems. Topics covered include the constitution; the federal system; political participation; the role of media, interest groups, and political parties; federal government structure; and policymaking.

INTRODUCTION TO POLITICAL SCIENCE

GOVT 370

Credits: 3

Description:

In the course of our secondary educations, most of us are taught something about the political history of the Western world. However, much less time is spent on the ideas that inform major political movements or how contemporary societies organize for government. This course will attempt to address that lack by examining political philosophy in its historical and contemporary contexts. Although this course will examine the differing types of governments around the world, a special emphasis will be placed on American government and political philosophy and how this nation contributes to both conflict and cooperation with other nations. This course, while designed to meet the social studies endorsement for elementary education students and the 5-12 social studies licensure for secondary education students, may also be taken as a general elective.

ACADEMIC MENTORING

GS 165

Credits: 1

Prerequisite: GS-155 or GS-160

Description:

This course offers individualized support for students working toward achieving good academic standing. This class occurs in individual weekly meetings with the Academic Specialist to address the unique wants and needs that you have. An Academic Improvement Plan will be co-created with you and the semester will be spent implementing that plan for your academic success.

FERPA TRAINING

GS 220

Credits: 0

Grading: Pass/Fail

Description:

All NCU employees, including Student Faculty Assistants and Student Workers, are required by law to receive training regarding the Family Educational Rights and Privacy Act (FERPA) rules and regulations. A short Moodle course has been set up to facilitate this training, and will not take more than 30 minutes to complete. A passing score of 75% is required in order to pass this course.

TUTORING I

GS 360

Credits: 0

Grading: Pass/Fail

Prerequisite: Faculty Consent through SSC

Description:

Volunteering in the Student Success Center provides you an opportunity to put your education and training to use. This experience will prove to be invaluable as you enter the workforce whether you plan on going into business, social work, ministry, education, etc.

TUTORING II

GS 361

Credits: 1

Grading: Pass/Fail

Prerequisite: Faculty Consent through SSC

Description:

Volunteering in the Student Success Center provides you an opportunity to put your education and training to use. This experience will prove to be invaluable as you enter the workforce whether you plan on going into business, social work, ministry, education, etc.

FACULTY ASSISTANT I

GS 460

Credits: 0

Grading: Pass/Fail

Prerequisite: GS-220 FERPA Training

Description:

Students may request to be a faculty assistant for a course that they have previously taken at North Central University. Please see TA Form for further information.

FACULTY ASSISTANT II

GS 461

Credits: 1-2

Grading: Letter Grade

Prerequisite(s): GS-220 FERPA Training

Description:

Students may petition to be a faculty assistant for credit once during their enrollment at NCU. Please see TA Form for further information.

Global Studies

CULTURAL ANTHROPOLOGY

GBS 112

Credits: 3

Description:

Basic concepts of cultural anthropology, appreciating the diversity of human culture and application of anthropological insights and research to cross cultural work are discussed. An introduction to the immigrants of Minnesota completes this introductory course on cultural anthropology.

CROSS CULTURAL THEORY & EXPERIENCE

GBS 210

Credits: 3

Description:

This course seeks to introduce the student to missiological theory and practice. Missiology synthesizes theology, world and church history, cultural anthropology, and practical strategies based on the unchanging mandate of the Great Commission in a rapidly changing world. This course examines paradigm shifts and trends occurring in the modern missions movement, and addresses issues such as religious pluralism, changing missionary motivation, third world missions, missionary funding, contextualization, and other relevant issues.

GLOBAL STUDIES SEMINAR

This course is an introductory survey of the elements of human language gleaned from phonetics, syntax, pragmatics, applied linguistics, sociolinguistics, etc. Students will understand basic concepts of linguistics such as morphology, syntax, phonology, and semantics, as well as a brief history and development of the English language, including the importance of dialect.

UNDERSTANDING THE SPIRIT WORLD

GBS 320

Credits: 3

Description:

This course is an anthropological and biblical study of the belief system and practices of those who understand the world to be completely controlled by spiritual forces, or who knowingly or unknowingly, seek to manipulate spiritual power to cope with a complex and changing world.

WORLD RELIGIONS

GBS 340

Credits: 3

Prerequisite(s): GBS 112 or SWK-126

Description:

This course seeks to help the student to discover and appreciate the major religions in our world today, and be able to understand and assess these faiths from a historical, contextual, theological, anthropological, and ethical perspective. The course focuses particularly on Christianity and Islam and their indebtedness to Judaism as monotheistic faiths, and Hinduism and Buddhism with their exotic rituals becoming increasingly popular in the West. Within these traditions, both core beliefs and practices will be compared and contrasted. It will also briefly discuss smaller religions with fewer adherents, and look at the evolution of religion from the beginning of time until today, focusing on contemporary issues facing the world religions.

INTERPERSONAL RELATIONS

GBS 352

Credits: 3

Description:

Effective leaders are emotionally healthy individuals with strong interpersonal skills. This is a theoretical and skills building course in interpersonal relations, focusing on communication with family, friends, and colleagues. Emphasis is on self-understanding, self-care, caring for others, constructive conflict resolution, understanding family systems and extending grace to self and others.

CROSS CULTURAL EDUCATION

GBS 354

Credits: 3

Description:

This is a survey course introducing the topic of teaching and learning in a cross cultural setting. Topics include: a theology of education, adult education, learning styles, and lesson planning, mentoring, and leading inductive Bible studies, teaching cross culturally, and orality. Students gain valuable skills planning, facilitating, & evaluating in both large and small group settings.

CROSS CULTURAL COMMUNITY BUILDING

GBS 355

Credits: 3

Description:

This course introduces the student to the needs, methods, and priority of planting new churches in the 21st century. The study focuses on universal principles and values that apply to church planting in all ethnic contexts. It also seeks to develop within each student a framework for vision, foundational parameters and practical strategies for church planting that intentionally work through geographic, linguistic, cultural, and missionary barriers among unreached people groups. Emphasis is also given to the development of practical skills for church planters.

INTERNATIONAL LOGISTICS

GBS 357

Credit: 1

Description:

This course provides active preparation for GBS- 358 International Fieldwork Prep. Students will meet weekly for prayer, team-building, ministry preparation, and completion of travel logistics prior to overseas travel.

INTERNATIONAL FIELDWORK PREP

GBS 358

Credits: 3

Description:

This course is a field experience designed to give the intermediate GBS student an optimal language and culture learning immersion experience in an international setting. Students are introduced to evangelism, discipleship, church ministry, community development, child welfare programs and other specializations depending on trip location.

INTERNATIONAL FIELDWORK

GBS 359

Credits: 0

Grading: Pass/Fail

Description:

This course is a field experience designed to give the intermediate GBS student an optimal language and culture learning immersion experience in an international setting. Students are introduced to evangelism, discipleship, church ministry, community development, child welfare programs and other specializations depending on trip location.

HISTORY OF CHRISTIAN-MUSLIM RELATIONS

GBS 360

Credits: 3

Crosslisting: HIST-360

Description:

Over the course of the last 1,400 years, the two largest monotheistic faiths, Christianity and Islam, have been in conflict against each other far more than they have cooperated with each other. This course examines the history of Christian-Muslim relations, beginning with the state of the church before the advent of Islam and extending to our own day in the post 9/11 world.

CHILDREN & YOUTH IN CRISIS

GBS 385

Credits: 3

Description:

This course introduces the global context of children and youth in crisis, exploring the complex worlds in which they live. Students discover the dynamic role that poverty, family dysfunction, armed conflict, disease,

and lack of education have upon children & youth worldwide. Special topics include: street children, HIV/AIDS, orphans, sexual trafficking, child soldiers, child labor, and the disabled. Students learn how God views these children and their families, as well as best practices for child welfare organizations, while engaging in mobilizing the church in holistic ministry to these vulnerable children and youth at home and abroad.

CROSS CULTURAL COMMUNICATION II

GBS 450

Credits: 3

Description:

A study of the concept and practice of contextualizing the gospel into cross cultural situations such as Bible translation, education, evangelism and church planting. The course focuses on preaching in cross cultural contexts by better understanding the belief systems, communication styles, and worldviews of the target audience.

CROSS CULTURAL INTERNSHIP

GBS 485

Prerequisite(s): GBS 252, GBS 352 and GBS 357

Credits: 0*

*Students are responsible for all travel and living costs for the internship duration.

Description:

This supervised internship is a cross cultural field experience that can be based either internationally or in the US, lasting 8-10 weeks. It offers the advanced global studies student an opportunity to balance language and culture skills as they actively engage in ministry while negotiating the demands of living cross culturally. This internship experience will also challenge students to grow spiritually, discern their calling and spiritual gift mix, observe exemplary missional models and leaders, and apply previous classroom theory while living in a daily cross cultural context. Students are encouraged to begin research for their Senior Synthesis while on their cross cultural internship.

COMMUNITY DEVELOPMENT

GBS 492

Credits: 2

Prerequisite(s): GBS 261

Description:

An introduction to the theories and strategies of community development with an emphasis on empowerment and transformation at the local level. Drawing on experience from ministry sites, students will explore the causes of poverty and discuss their implications for community development work. Special attention will be given to holistic, contextualized approaches that incorporate biblical transformation into community development.

INTERNATIONAL SEMINAR

GBS 496

Credits: 2

Prerequisite(s): GBS 359 or GBS 454 or GBS 485

Description:

Through the lens of the International Internship experience, students will reflect on various personal issues such as emotional, spiritual, academic, relational, and physical aspects of the internship. Wider important issues reflected on and discussed are: culture entry, language and culture learning, effective ministry models and strategies, interpersonal communication and conflict resolution, spiritual leadership development, leadership dysfunction, personal giftings and call to ministry.

SENIOR SYNTHESIS

GBS 497

Credits: 3

Description:

This course is a culminating learning experience for the advanced Global Studies student, which concludes their GBS degree with a synthesis project that applies anthropological, Biblical, qualitative, and library research to their desired area. Original research from their cross cultural internship may be supplemented by a literature review focusing on: history, politics, religion, worldview, economics, social needs, and current ministry approaches and strategies among their chosen ethnic group. This class takes the form of individualized, directed research projects that are professionally and publically presented to prepare the student both for ongoing educational endeavors as well as life within a specific field or type of cross cultural ministry.

Graduate Studies

PERSONAL LEADERSHIP DEVELOPMENT

GLE 500

Credits: 3

Description:

There are many different concepts concerning leadership. This introductory course explores the principles of spiritual leadership that are revealed in the Bible and exemplified in the lives of Jesus Christ and subsequent spiritual leaders. The course materials review selected writings from both sacred and secular authors to give the student a broad perspective of leadership, with primary emphasis placed on spiritual models.

*For Undergrads, this course can be taken with permission of the Dean of Graduate Studies as a general elective to meet degree requirements.

LEADERSHIP STRATEGIES & CHANGE

GLE 550

Credits: 3

Description:

This course investigates the analytical process that enables leaders to make effective and efficient (strategic) organizational decisions for sustainable impact, with emphasis on the manner in which leaders can persuade members to bring about successful organizational change. It is a study of the methods and nature of strategic planning, including the internal and external environments and opportunities leaders face in strategic planning, the leader's task in responding to the variables within these environments, and the impact of these variables on strategic choices. Topics include how to assess critical variables impacting organizations, key factors in the change process, and communicating essential observations and recommendations.

*For Undergrads, this course is cross-listed with BUS465 and can be taken with permission of the Dean of Graduate Studies in place of that course to meet degree requirements.

PROJECT MANAGEMENT

GLE 525

Credits: 3

Description:

Effective project management knowledge, skills, and values are critical to leading successfully in corporate project environments and to accomplish organizational objectives. This course will equip learners with knowledge, skills and values— by explaining core project management concepts and techniques. During the course, project management knowledge is enhanced through project management skill development that uses case study examples to demonstrate how project management best practices are applied within the context of the real world.

The course is intended for students as well as for working professionals. The course is designed to present the essential skills students need to make effective contributions and to have an immediate impact on the accomplishment of projects in which they are involved. It prepares students with marketable and transferable proficiencies and sends them into the workforce ready to apply project management knowledge and skills.

While professional certification is optional for participants in the course, the course is intentionally structured to encourage certification through the Project Management Institute. For students, the course will prepare them to take the Certified Associate in Project Management (CAPM) examination. For working professionals with requisite project management experience, the course will prepare them to apply for and take the Project Management Professional (PMP) examination.

*For Undergrads, this course can be taken with permission of the Dean of Graduate Studies in place of that course to meet degree requirements.

History

HISTORY OF GLOBAL CHRISTIANITY

HIST 212

Credits: 3

Description:

This course provides a study of the major developments in the history of Christianity from the apostolic period to the present. Emphasis is placed on the spread of Christianity in the West as well as the growth of the church outside the West.

AMERICAN HISTORY I: COLONIAL PERIOD– CIVIL WAR

HIST 225

Credits: 3

Description:

This survey course provides a general introduction to the history of the United States from the period of European exploration in the 16th century through the Civil War. While political history is emphasized, all sub-disciplines of history (e.g. diplomatic, religious, cultural, economic, and social history) will be noted.

AMERICAN HISTORY II: RECONSTRUCTION– PRESENT

HIST 226

Credits: 3

Description:

This survey course provides a general introduction to the history of the United States from the period immediately after the Civil War to the present day. While political history is emphasized, all sub-disciplines of history (e.g. diplomatic, religious, cultural, economic, and social history) will be noted.

WORLD HISTORY

HIST 240

Credits: 3

Description:

This class consists of a historical survey of African, Asian, Latin American, Mideastern, and Oceanic cultures and nation-states from the initial period of systematic European exploration to the very early stages of the postcolonial era. Political, economic, diplomatic, social, religious, and cultural history all will be noted to some degree. The elements required for Minnesota Teacher Certification in the Social Sciences will be given particular emphasis.

HISTORY OF CHRISTIAN-MUSLIM RELATIONS

HIST 360

Credits: 3

Crosslisting: GBS-360

Description:

Over the course of the last 1,400 years, the two largest monotheistic faiths, Christianity and Islam, have been in conflict against each other far more than they have cooperated with each other. HULE 252

Credits: 3

Description:

This is a study of cross-cultural communication and research methods. In this course you will discover the worldview of others and unmask your own cultural values as you learn to do ethnographic field research. Topics covered in class will include: culture, cultural values and tensions, different worldviews, verbal and non-verbal communication, ethnocentrism, cross-cultural servant-hood, and ethnographic field methods.

*Cross-listed with GBS-252

THEOLOGY OF COMPASSION

HULE 310

Credits: 3

Description:

This course reviews the biblical foundation for compassion and traces the Church's theological interpretation and practical application of compassion throughout history.

DOMESTIC DISASTER SERVICES

HULE 320

Credits: 3

Description:

Domestic Disaster Services present the foundation principles and skills necessary to plan and conduct services for the four phases of disasters: Preparation, Mitigation, Response, and Recovery. Emphasis is upon coordination of services between governmental, non-governmental, and religious-based organizations.

INTERNATIONAL DISASTER SERVICES

HULE 325

Credits: 3

Description:

International Disaster Services present the foundation principles and skills necessary to plan and conduct services for the four phases of disasters: Preparation, Mitigation, Response, and Recovery. Emphasis is upon coordination of services between governmental, non-governmental, and religious-based organizations.

CHILDREN & YOUTH IN CRISIS

HULE 385

Credits: 3

Description:

This course introduces the global context of children and youth in crisis, exploring the complex worlds in which they live. Students discover the dynamic role that poverty, family dysfunction, armed conflict, disease, and lack of education have upon children & youth worldwide. Special topics include: street children, HIV/AIDS, orphans, sexual trafficking, child soldiers, child labor, and the disabled. Students learn how God views these children and their families, as well as best practices for child welfare organizations, while engaging in mobilizing the church in holistic ministry to these vulnerable children and youth at home and abroad.

APPLIED SUSTAINABILITY

HULE 430

Credits: 3

Description:

Applied sustainability prepares students to meet the challenges of the destitute of this world through compassion, cutting edge technology, sustainable processes, and financially viable methods. Students investigate approaches to the provision of clean water and adequate food resources to the Least Developed Countries and to people most impacted by physical and economic disaster. Students will specifically be prepared to pass the Certified Crop Advisor Exam.

LEADING COMPASSION PROJECTS

HULE 440

Credits: 3

Description:

Providing disaster and humanitarian relief is a complex process involving individuals from diverse backgrounds, locations, languages, preparation, involvement, and commitment. Leadership in these settings requires both skills in leading multifaceted projects, delegating responsibilities, inspiring volunteers, and managing funds. This course prepares students for leadership within the field of community relief and development.

HEALTH MANAGEMENT IN GLOBAL SETTINGS

HULE 450

Credits: 3

Description:

Students will be able to analyze the physical, emotional, and spiritual impact providing disaster relief services takes upon relief providers; evaluate the effectiveness of self-identification techniques to counter vicarious trauma and attachment tendencies for relief staff; and interpret various relief providers' reactions to sustained relief activities.

PUBLIC POLICY ADVOCACY

HULE 460

Credits: 3

Description:

Governments use public policy to address social problems such as housing and welfare, to counter threats such as crime and illegal drugs, and to pursue other objectives, including revenue generation. A nation's regulatory, distributive, and redistributive policies have direct impact to prevent, mitigate the impact and to recover from natural and created disasters. This course prepares students to interact with and influence decision makers at all governmental levels. Special focus is on the advocacy for those people who often have a weaker voice to the decision process.

HUMANITARIAN LEADERSHIP INTERNSHIP

HULE 491

Credits: 3

Prerequisite(s): Junior or Senior Status

Description:

An internship is an experiential learning opportunity. The Humanitarian Leadership student is required to complete a total of 3 credits of internship experience. The student will commit to participate with an experienced professional or organization in their chosen field of non-profit, service, or community leadership.

SENIOR PROJECT

INDS 495

Credits: 3

Description:

This course is required of Interdisciplinary majors in the following fields: History and Social Sciences. All other Interdisciplinary programs require the Senior Project specific to their Field 1 of study. This course constitutes the capstone course for the interdisciplinary major. The course methodology and content will vary depending on the student's needs. Successful senior projects in the past have included both major scholarly papers and supervised experiential learning projects with a follow-up paper.

Mathematics

APPLIED MATH & PERSONAL FINANCE

MATH 110

Credits: 3

Description:

This course is designed to help students learn and retain the fundamentals of arithmetic and introduce them to algebra concepts. The mathematic principles and quantitative skills will be taught in the context of individual financial decision-making and its connection to societal well-being. This course seeks to address the "how" and "why" in personal financial decisions. Many of the more practical aspects of personal finance will change over time as practices, technologies, intermediaries, customs, and laws change, but a fundamental awareness of ways to think well about solving financial questions and its relationship to God's Word can always be useful. Topics covered include credit/debt, budgeting, saving, and investing.

LIBERAL ARTS MATH

MATH 115

Credits: 3

Prerequisite Note(s): Students scoring under 18 on the Math portion of the ACT or under 420 on the SAT must take MATH 115

Description:

This course emphasizes modern, accessible, and applied mathematics. Topics include critical thinking, growth, shape and form, probability and statistics, personal finance, and social choice. The course is intended for students in programs that do not require College Algebra.

COLLEGE ALGEBRA I

MATH 125

Credits: 3

Description:

This course studies basic ideas and concepts in algebra and geometry necessary to understand statement problems, statistics and the basic laws of science. Topics include the real number system, exponents and polynomials, linear equations, inequalities, factoring, rational expressions, radical expressions and quadratic equations.

PRE-CALCULUS

MATH 250

Credits: 3

Prerequisite(s): MATH 125

Prerequisite Note(s): Students scoring over 24 on the Math portion of the ACT or over 550 on the SAT may take MATH 250

Description:

This course studies more advanced ideas and concepts in algebra and trigonometry. Topics include functions, graphing linear and polynomial functions, mathematical modeling, trigonometric functions, matrices, determinants, sequences and series.

APPLIED STATISTICS

MATH 260

Credits: 3

Description:

This course studies basic ideas and concepts in statistics necessary to understand and question research findings and statistical data. Topics include the collecting of data, displaying data, probability, distributions, estimating population statistics, comparing two statistics, hypothesis testing and regressions. This class will provide an introduction to experimental research design concepts.

CALCULUS I

MATH 280

Credits: 4

Prerequisite(s): MATH 250

Prerequisite(s) Note: or instructor's permission.

Description:

This course studies basic ideas of differential calculus and its applications and an introduction to integral calculus. Topics to be covered include limits and continuity, derivatives of various functions, definite integrals fundamental theorem of calculus, indefinite integrals, and applications.

CALCULUS II

MATH 290

Credits: 4

Prerequisite(s): MATH 280

Description:

This course will help students develop an understanding of the concepts of integral calculus. Students will also learn how to model situations with integrals. Topics to be covered include techniques of integration, area, volume, and polar coordinates. Minimum Prerequisite: MATH 280.

LINEAR ALGEBRA

MATH 300

Credits: 3

Prerequisite(s): MATH 280

Description:

This is an introductory course in linear algebra. Topics covered in the course will include: matrix algebra, determinants, vectors and vector spaces, transformations, orthogonality, eigenvalues and eigenvectors and applications.

GEOMETRY

MATH 320

Credits: 3

Prerequisite(s): MATH 280

Description:

This is a comprehensive geometry course that covers geometric terms and processes, geometric proofs, problem solving, and the use of geometric learning tools and models. The course will enable the student to understand geometry from both abstract and concrete perspectives.

PROBABILITY AND STATISTICS

MATH 330

Credits: 4

Prerequisite(s): MATH 290

Prerequisite Note(s): or Instructor's permission

Description:

This is a basic probability and statistics course that covers empirical and theoretical probabilities and a study of descriptive and inferential statistics. The course will present students with the fundamental ideas in probability and statistics and will show them the extensive everyday applications of both disciplines. Students will use the computer as a mathematical tool to simulate and analyze problems. Minimum Prerequisite: MATH 290 Calculus II or consent of instructor.

DISCRETE MATHEMATICS

MATH 340

Credits: 3

Prerequisite(s): MATH 280

Description:

This is an introductory course in discrete mathematics. The course will survey discrete mathematical concepts such as: logic, set theory, proof writing, basic number theory, relations and functions, fundamentals of counting, basic graph theory, trees and algorithms.

MULTIVARIABLE CALCULUS

MATH 360

Credits: 4

Prerequisite(s): MATH 290 and MATH 340

Description:

This course is primarily concerned with the calculus of real and vector-valued functions of several variables. Topics include lines and planes, differentiation and integration of functions of several variables, optimization, line integrals and Green's theorem.

ABSTRACT ALGEBRA

MATH 410

Credits: 3

Prerequisite(s): MATH 360

Description:

Algebraic structures will be studied in this course. Topics will include groups, rings, fields, modules, vector spaces, and algebras.

REAL ANALYSIS

MATH 420

Credits: 3

Prerequisite(s): MATH 360

Description:

This course will include topics such as elementary set theory, real sequences and their limits, series, functions of real variables, continuity, differentiability, integrability, topology, and power series.

HISTORY OF MATHEMATICS

MATH 430

Credits: 3

Prerequisite(s): MATH 320

Description:

This course is designed to provide an overview of the history of mathematics. The evolution of some fundamental mathematical concepts will also be discussed.

Modern Languages

SPANISH IA

MLAN 141

Credits: 4

Description:

This course will cover beginning speaking, listening, reading and writing to develop elementary communication skills in the Spanish language. The focus will be on using Spanish for communication in real, meaningful situations, while at the same time developing an understanding of basic grammatical concepts along with an appreciation to the variety of cultures and the basic geography of the Spanish-speaking world.

SPANISH IB

MLAN 142

Credits: 4

Prerequisite(s): MLAN 141

Prerequisite Note(s): Instructor's permission or Spanish CLEP Exam result

Description:

This course will cover beginning speaking, listening, reading and writing to develop communication skills in elementary Spanish language. The focus will be on using Spanish for communication in real, meaningful situations, while at the same time developing an understanding of basic grammatical concepts along with an appreciation to the variety of cultures and the basic geography of the Spanish-speaking world. It is a continuation of Spanish 1A.

AMERICAN SIGN LANGUAGE I

MLAN 140

PENTECOSTAL DISTINCTIVES

THEO 240

Credits: 3

Prerequisite(s): THEO 210

Description:

This course explores what it means to be Pentecostal. This is explored historically through an examination of the Azusa Street Revival, its antecedents, and the subsequent development of fellowships such as the Assemblies of God. It is explored biblically through an examination of key pneumatological texts in Acts and 1 Corinthians and the hermeneutical debate they have provoked. It is explored morally and sympathetically through an examination of the values, goals, and spirituality of Pentecostals past and present.

CHRISTIAN APOLOGETICS

THEO 246

Credits: 3

Prerequisite(s): THEO 210

Cross-listed: CT-246

Description:

Christian Apologetics resembles the philosophy of religion, except that it is always conducted from a stance of faith. While traditionally the term apologetics signifies "a defense of the faith," it has a positive as well as a defensive side. Proofs for the existence of God, explanations of the human condition, and the problem(s) of evil fall under the purview of apologetics, as do the defense of miracles and belief in an afterlife.

THEOLOGY OF COMPASSION

THEO 310

Credits: 3

Cross-Listing: HULE-310

Description:

This course reviews the biblical foundation for comparison and traces the Church's theological interpretation and practical application of compassion throughout history.

GOD & THE WORLD

THEO 315

Credits: 3

Description:

This course will introduce students to the work of God in the world, the place of the church in God's work and the role of the Holy Spirit in the church. This will include a special emphasis on church involvement in the world and the role of the Pentecostal movement in general.

UNDERSTANDING THE SPIRIT WORLD

THEO 320

Credits: 3

Prerequisite(s): GBS- 252

Cross-listed: GBS-320

Description:

This course is an anthropological and biblical study of the belief system and practices of those who understand the world to be completely controlled by spiritual forces, or who knowingly or unknowingly, seek to manipulate spiritual power to cope with a complex and changing world.

THEO 339

Credits: 3

Prerequisite(s): THEO 210

Description:

Beginning with a biblical and historical examination of Christian worship, this course helps students formulate a solid Pentecostal theology of worship.

CONTEMPORARY THEOLOGY

THEO 341

Credits: 3

Prerequisite(s): THEO 210

Description:

Contemporary theological schools, trends, and figures from the nineteenth century to the present will be discussed. Each time the course is offered it may have a distinctive focus.

PRAYER & WORSHIP IN THE POSTMODERN CHURCH

THEO 342

Credits: 3

Prerequisite(s): PMIN 250

Description:

The Pentecostal/Charismatic tradition has a strong emphasis in Prayer and Worship. An openness to the gifting and leading of the Holy Spirit in prayer and worship provides a powerful and persuasive witness of the presence of God, which is particularly effective in reaching postmodern individuals. The class will focus on the practical strategic elements integral to prayer and worship within the local church context, including spiritual warfare and spiritual gifts. The course contents will be valuable for any pastoral or lay ministry. Homiletics I

Prerequisite(s): THEO 210 and BIBL 127

Description:

This course considers the great themes of the New Testament and the distinctive theological contributions of its various authors. Key biblical terms (e.g., the kingdom of God, the son of man, regeneration) will be examined, and special attention will be paid to identifying which issues and concepts animated the thinking of the New Testament authors.

REVIVALS

THEO 345

Credits: 3

Prerequisite(s): THEO 210

Description:

Evangelical revivals and spiritual awakenings within Christianity from the first century to the present are surveyed, especially noting their distinctive character, causes and effects, theological concepts and the unique role of the Holy Spirit in promoting revival.

THE SPIRIT & THE CHURCH

THEO 360

Credits: 3

Prerequisite(s): THEO 210

Description:

Theologians have often noted that the doctrine of the Spirit is closely linked to the doctrine of the church. Consequently, this course will examine church structure and practice along with theological reflection on the work of the Holy Spirit. The distinctive theology and practices of Pentecostalism will be explored, compared and contrasted with the theologies and practices of other branches of Christianity.

TOPICS IN BIBLICAL JUSTICE

THEO 370

Credits: 3

Description:

The notion of biblical justice is examined through a series of readings from Scripture and secondary sources. Specific topics are investigated by the student, who will engage in a participant/observer model of research and learning experience germane to justice issues. This course emphasizes the importance of application, not just understanding, biblical principles. Students explore biblical teaching on evil, sin and injustice. Topics vary from year to year with attention given to such justice issues as poverty, human trafficking, homelessness, HIV/ AIDS, and child labor.

OLD TESTAMENT THEOLOGY

THEO 447

Credits: 3

Prerequisite(s): THEO 210 and BIBL 126

Urban Studies

URBAN STUDIES

URBN 233

Credits: 3

Description:

This course will provide an overview and orientation to the elements that form the complex background of the urban context: people and their relationships, city systems, unique challenges for life, and some successful solutions that have been implemented locally. The course will take an 'on the ground' approach, touring diverse areas of the city in order to develop understanding of the unique development and challenges of that area while appreciating that area's connection to the city system as a whole.

URBAN STUDIES SEMINAR

URBN 275

Credit: 1

Description:

This course is conducted at the Christian Community Development Association (CCDA) Conference. During the five-day experience students will meet urban practitioners from various disciplines who are impacting the city both nationally and internationally. The students will attend Bible studies, seminars, and ministry tours conducted by urban leaders. The focus of this experience is to broaden perspective, deepen passion, and develop ministry networks of like-minded individuals.

CRITICAL ISSUES IN URBAN STUDIES

URBN 380

Credits: 3

Prerequisite(s): URBN 233 and URBN 386

Description:

This course will provide an orientation to the critical issues that confront those who work or live in an urban context. Many of these issues arise from "sick systems," that is, improperly operating human interactive networks through which the life of the city is carried out: political, justice (including crime and judicial reform), housing, education, health care (including topics in mental illness and chemical dependency), economic, and immigration. Specific challenges such as individual and corporate racism, family fragmentation, gangs, HIV/AIDS and others will be addressed as they relate to each of these systems. Particular attention will be paid to research methodology, global trends, and the application of holistic theology.

[Cross-listed with SWK 380]

URBAN SOCIOLOGY

URBN 386

Credits: 3

Description:

Students will study the sociological dimensions of the urban setting including problems in family structure, neighborhood and community, gangs, political and economic structures, racial and cultural inter-relationships and the impact of the church and community services within this multidimensional and complex need.

TRANSFORMING URBAN SYSTEMS

URBN 405

Credits: 3

Prerequisite(s): URBN 233

Description:

To build effective ministry organizations, urban practitioners need to develop skill in negotiating urban systems as well as a range of practical, professional, leadership, and managerial skills. The foundation of any successful work in the city is the ability to build and maintain relationships and partnerships. This course will explore how to correctly interpret the life of contemporary world class cities in order to make your service more effective. It will also identify some of the most important skills in three professional areas: Organizational Development, Organizational Leadership, and Relational Development.

URBAN STUDIES PRACTICUM

URBN 475

Credits: 3

Description:

Students will be involved on-site in a local, regional, or national urban community organization, parachurch ministry, or church. Experienced practitioners in the urban context will model, train, and supervise ministry experience over the course of several days. Student will meet with urban leaders and hear their personal philosophy of ministry, their leadership styles, and insights into the urban landscape. Classroom lectures will be enhanced by practical application in these urban contexts. The Urban Studies Practicum will take advantage of an extended immersion into an urban area.

Worldview Theology

GOD & RELIGION

WTHE 325

Credits: 3

Prerequisite(s): THEO 210

Description:

This course is designed to help students faithfully represent Christian beliefs and values in a religiously diverse world. Varying belief systems, including major world religions as well as secular and scientific worldviews will be respectfully explored in dialogue with Christianity. A discussion of the Christian's role and responsibility in a democratic society will conclude the course.

GOD & HUMANITY

WTHE 330

Credits: 3

Prerequisite(s): THEO 210

Description:

This course explores what it means to be human from a theological perspective. Topics shaping the course will include the debate over human origins, the nature of the soul, human sexuality, physical disability, human rights, free will and sinfulness.

GOD & CULTURE

WTHE 335

Credits: 3

Prerequisite(s): THEO 210

Description:

This course considers the Christian's role and responsibility as both a contributor and a consumer within culture. A theology of creation and sanctification will guide this consideration as we explore the nature of human community, the role of the church, and the power of the arts and entertainment within culture.

GOD & VOCATION

WTHE 340

Credits: 3

Prerequisite(s): THEO 210

Description:

This course explores the meaning of a theology of vocation. It will give students an appreciation of their Christian calling in light of the common good and the kingdom of God, with a special emphasis on the workplace extending beyond ministry in the church, and how the plan of God shapes the end to which all Christians work within and beyond their chosen profession.

GOD & SCIENCE

WTHE 350

Credits: 3

Prerequisite(s): THEO 210

Description:

This course examines the nature of scientific enterprise from a Christian perspective. Students will learn about the major developments in this history of science and significant debates within the philosophy of science. The course will conclude by examining specific intersections between the Christian faith and major scientific disciplines.

**Course coming for Fall 2020*

Youth Development

SOCIOLOGY OF AMERICAN YOUTH

YDEV 337

Credits: 3

Description:
